

The Blessed Hope!

“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)

Diamond & Nugget #69

What If Pastor Bob is Wrong? But What If Pastor Bob is Right!

The other day I was trying to reassure my wife that our days here are short as I have been saying for so long. She responded with the words, “*What if you are wrong?*” As I am beginning this Blessed Hope, we are down to 21 days until September 6th. What I am about to share with you will enable you to understand what my answer is on this question my wife which is not easily answered as simplistically as she likes to hear.

On Saturday evening, August 14th, I watched an interview on Del Bigtree’s ‘*High Wire*’ web site. His guest was Catherine Austin Fitts and Catherine hit the ball out of the ball park, question after question. I would recommend you to watch it if you can find a link. Del asked Catherine the question about the Covid-19 virus. She laid it all out, it was a cover story to solve the problem of the government and how it would solve the problems of the government when it came to pensions, social security benefits and health care, to name just a few. Catherine always refers to Mr. Global, and Del asked her about who Mr. Global is. Her answer was shrouded in terms those of who are familiar with global central banking would clearly understand. I knew she was referring to Jesus’ comments in Revelation 2:9 and 3:9. Suffice to say here, Mr. Global heads up the International Banking cartel that controls all the central banks of the world except for a handful, like Cuba, Iran, North Korea, and Syria. Actually, Russia should be on this list since Vladimir Putin paid off the Russian National debt and threw out the Rothschild Central Bank. Oops, I named Mr. Global!

Catherine went on to mention that the powers of government have stolen \$21-trillion dollars from the American treasury. She mentioned Dr. Mark Skidmore, professor of economics at Michigan State University. Dr. Skidmore and his graduate students began to investigate the claim a couple years ago. He discovered \$21 trillion unaccounted for in the federal budget starting in 1998 until the end of fiscal year 2015. Professor Mark Skidmore enlisted the help of his graduate students to examine government documents from the Department of Defense and Housing and Urban Development to uncover an unfathomable amount of unauthorized spending.

According to the Constitution, all federal spending must be voted on and authorized by Congress each fiscal year. Any discrepancies found in the way of unauthorized spending would normally elicit a congressional hearing and investigation.

Skidmore and his students' analysis used publicly available government documents from the two agencies' websites to expose this inconsistency. Shortly after Skidmore published his findings, both agencies removed those documents from public access.

While no congressional committee tied to the budget had signaled the would open an inquiry prior to Skidmore's findings, the Department of Defense allowed a first ever department-wide audit by independent firm Ernst & Young.

Skidmore says that sometimes there can be discrepancies meant to account for inadequate transactions, but those adjustments are usually no more than 1 percent of the total budget, and not trillions of dollars.

Skidmore said he reached out to the Office of Inspector General, the Government Accountability Office, and Congressional Budget Office, asking if maybe the \$6.5 trillion figure was a mistake and was instead supposed to be \$6.5 billion. It was confirmed that \$6.5 trillion was the correct adjustment. Though, when he asked if any of these agencies were alarmed or considering this a red flag, his questions were met with slight confusion and little concern.

Though Skidmore has reserved his speculation as to what he thinks the money might be going toward, it's clear that either someone knows that a large amount of taxpayer dollars is being spent without authorized permission, or the accounting practices of those in charge of massive amounts of public money are that flawed.

Skidmore's research reveals the U.S. Treasury market is rolling over \$90 trillion to support the official debt of \$22 trillion (2019.)

That's on top of the \$21 trillion Skidmore revealed in so-called "Missing Money" in late 2017.

Why do you need to churn \$90 trillion in debt? Is the U.S. debt really \$90 trillion?

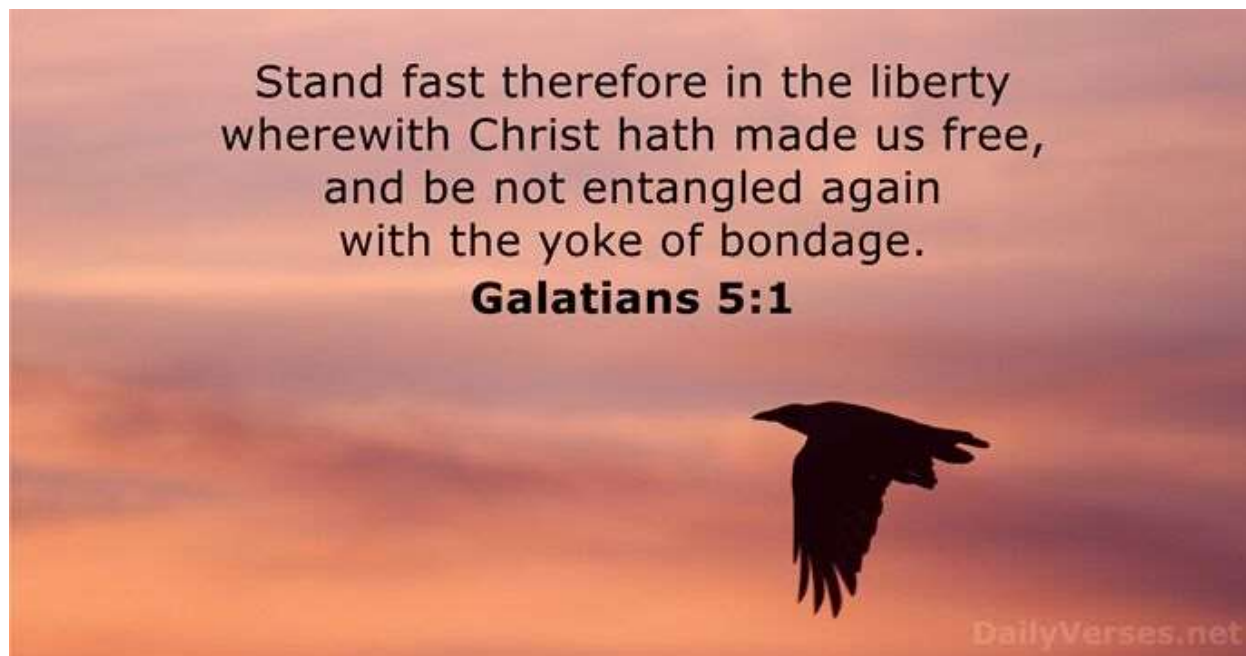

What could go wrong with this much hidden debt?

Skidmore says, *"Yes it is concerning to me because this could blow up.*

We don't know when or how, but if people lose confidence in our government, they could lose confidence in the currency. That could have severe impacts on lots of people in the whole global economy above and beyond what we are experiencing now. . . . Is there some reset in play?

Is there some bigger issue at stake? Is this pulling away with other goals in mind? Yes, I think so.

I don't know how this all fits together but I do know there is something else going on that we all need to pay attention to. . . . I have documents that say something is really, really wrong, and it's not just bad accounting."

Catherine Austin Fitts is a top notch financial mind! She also is a believing Christian, and her favorite Bible story is that of Gideon. She told Del Bigtree of the *'High Wire'*, the globalists planned to pull the rug from underneath the country and allow it to collapse! The globalists were using the Covid-19 scamdemic to trick people into taking poisoned vaxxes. Hundreds of millions of dead Americans, and as many as 1.25 billion around the world will die because they submitted to the fear and got the jab. Imagine a situation where the U.S. government no longer has to pay pensions, Social Security, Medicare, or Medicaid when 230 million Americans are dead or dying from Graphene Oxide, the spike Protein PEG, and who knows what else are in the nano-particles of those so-called Vaxxes?

The global elite were willing to sacrifice humanity on the altar of Moloch to cover their crime trail of almost 120 years of the Federal Reserve, which by the way is neither Federal or a Reserve. Saturday night was an incredible enlightening for anyone who wants to know the Truth, but some people can't handle the Truth! Shortly after watching the inter-view between Catherine Austin Fitts and Del Bigtree, my favorite trends forecaster did a fifty-minute unload about the "woo d'état".

Clif High explains that a typical coup d'état is an overthrow of the head of state but what we are about to experience is a "woo d'état", where the head of state will be subsumed

by the woo, a tidal wave of suppressed information and the collective consciousness of millions of people who know that they're being lied to about everything.

Clif says we're at the beginning of a crescendo of this information that will last about 6 weeks, with peak occurring about midway. That fits our Rapture scenario by the way!

He's saying that there's a quickening of events that will culminate in the complete collapse of the Biden administration's credibility, with the proof of the election fraud, the implosion of the COVID narrative, compounded by the fall of Afghanistan, where the Military Industrial Complex just got caught with their pants down for the entire world to see.

U.S. intelligence agencies, who just 4 days ago said that Kabul could fall in 90 days had revised the figure to 72 hours as of yesterday but they didn't revise it far enough.

Just before 6AM Sunday morning, the [Disclose.tv](#) Twitter account tweeted, "JUST IN - Kabul on the verge of fall. Taliban on their way to the presidential palace for the 'transfer of power' (AP). Taliban commander Mullah Abdul Ghani Baradar to become president of Afghanistan. Afghanistan's president [Ashraf] Ghani is relinquishing power. Interim 'government' led by the Taliban to be formed."

Incompetence to this degree has never been witnessed and many on the ground in Kabul and everywhere else believe this is deliberate. They can't believe the Americans could be so incompetent.

The Taliban are now in possession of more Blackhawk helicopters than 166 other nations on the planet. The Taliban could use the U.S. helicopters, tanks and artillery left behind by General Milley and Joe Biden to surround and destroy the 4-battalion rescue force that's being sent there now.

Was the materiel left behind on purpose? Are we back to the Hillary-Obama policy of arming terrorists? The [AP reported in early July](#), "*The US left Afghanistan's Bagram Airfield after nearly 20 years by shutting off the electricity and slipping away in the night without notifying the base's new Afghan commander, who discovered the Americans' departure more than two hours after they left, Afghan military officials said.*"

Now consider that the U.S. still has bases in Germany, Japan and South Korea.

[There are rumors](#) the US Government offered the Taliban \$500 million to not attack the U.S. Embassy in Kabul but that the Taliban told them to shove it. They intend to execute senior Afghan officials on 09/11 in the courtyard of the Embassy before they burn it down.

Not only have the military brass and Military Industrial Complex suits lost all credibility with American citizens, they're sure to have lost all credibility with U.S. troops. After

witnessing the sham of Afghanistan, how can US troops consider their commanders legitimate?

As horrible as these developments may be for Afghanistan in the short term, they may be very good for the whole world in the end, as far as collapsing the credibility of officialdom, with its Big Pharma holocaust and exposing the Deep State after they spent \$2 trillion of U.S. Taxpayer money – for this!

It's a pattern-interrupt that will hopefully knock us out of our psychotronic trance.

Where's Gen Milley? Where's Secretary of Defense Lloyd Austin? Where's Secretary of State Anthony Blinken? If you thought the President of the United States would address the nation regarding the jaw-dropping events in Afghanistan, you would be wrong. Joe Biden is on "vacation" for the next two weeks! He finally issued [this statement](#) after 5PM Saturday.

They've been so busy trying to force inject their own people with a genocidal bioweapon that they forgot about their "real" jobs.

The collapse of the U.S. both internally and in terms of standing abroad was planned long ago by a ruling class hellbent on running her into the ground. More people are waking up to this fact by the day.

As Clif tweeted, "We are ruled by pedophiles, sociopaths, & psychopaths. None of these personalities are strong. They are simply clever at gaming the system & using others to do their bidding through deception. The Tyranny of Deception dies through Discovery."

The CCP is all too happy to recognize the Taliban as the legitimate rulers of Afghanistan. They [hosted a delegation](#) of the Taliban in Tianjin City last July.

The regime's Foreign Minister Wang Yi on July 28 met with senior Taliban leader Mullah Abdul Ghani Baradar and eight other Taliban representatives, signaling Beijing's recognition of the group as a legitimate political force in the country.

During the meeting, Wang sought assurances that the Taliban would not harbor Islamic extremists who may launch attacks in China's far west Xinjiang region, according to a Beijing foreign ministry statement. Baradar agreed, saying that the Taliban "*never allow any force to use the Afghan territory to engage in acts detrimental to China,*" the statement said.

China shares a 47-mile border with Afghanistan and has long been concerned about a possible Islamic insurgency in Xinjiang, a region housing 13 million Turkic Muslims.

While Beijing has publicly pushed for the Taliban to pursue a peace agreement with the US-backed central government, experts believe the regime is bracing for a Taliban-led Afghanistan to push forward the Chinese Communist Party's (CCP) development plans in Central Asia.

And that's a big part of what this is all about; [China's Belt and Road Initiative](#), the Sinocentric international trade network being capitalized by China's foreign exchange reserves, along with the 70-member Asian Infrastructure Investment Bank (AIIB) and the 5-member Shanghai-based New Development Bank (i.e., the BRICS bank).

Does the House always win? I am speaking in casino terms.

Afghanistan is sitting on \$3 trillion worth of mineral wealth. Who do you think is getting those contracts now?

As for the CCP's war against the U.S. and the rest of the world, Clif says there's still stuff they can do but it can't be too long-lasting because they're getting weaker by the day.

Clif says the only thing they have is their divide-and-conquer strategy; exploiting division, pitting different social groups against each other, pitting law enforcement and the military against the people.

He predicts that the Deep State will begin to fall in a country like France or Australia before it happens in the U.S. but that there will be a rapid domino effect worldwide, once this process starts.

Clif recorded this early on Saturday morning and his algorithms might not have picked up the fall of Afghanistan happening with such lightning speed. Might that have been the first domino?

In the meantime, things are likely to get crazy and you would do well to stock up on food, water, fuel and cash and to be prepared to lose communications and electricity, although doesn't anticipate these disruptions lasting for too long.

On the other side of the Overwoo, he sees victory and a sound money system that will make life a lot happier for millions of people. In my way of thinking, Clif High is correct, but not for the reasons he forecasts. Last night, Saturday, August 14th, the Washington Monument was hit with a bolt of lightning, captured by a tourist below.

The Washington Monument was struck by lightning on Saturday evening, August 14th. It was last struck in June of this year and in June of 2020. Many people see a spiritual message in that Washington, D.C. is deeply connected with its links to the Vatican. Many associate such lightning strikes as a sign of judgment!

The lightning strike on Washington Monument is a reminder of when a similar lightning strike hit the Vatican hours after Pope Benedict XVI announced his resignation and retirement, on February 11th, 2013. Actually, the Vatican was hit twice in a short span of time. Four cities make up the term we know from Scripture as MYSTERY, Babylon the Great, of Revelation: 17:5 - Rome, Jerusalem, London, and Washington, DC.

With the fall of Kabul, Joe Biden becomes another hopeless case as was with President Lyndon B. Johnson in the fall of Saigon in 1975, decades ago. His Secretary of Defense and Joints Chief of Staff have failed the troops left behind to enable the U.S. Embassy staff to be removed adds further failure and embarrassment of the U.S. Empire. As the shame and disgraced abandonment that has come with Joe Biden, he is not going to be able to issue any mandate for poison jabs, and anyone coerced at this point is doomed to a cruel death by jab. The defeat of the Marxist Democrats bring nothing but shame upon the American people for having been so apathetic about allowing this war in Afghanistan to have gone on for 21 years.

That said, the judgment upon America has been signaled by the timing of the lightning strike on the Washington Monument. As Catherine Austin Fitts has noted, Mr. Global has stolen probably more trillions of dollars from this country than the books will likely ever reveal.

I continue to believe in the Promises of Scripture, notably Revelation 3:10 – ***“Because thou hast kept the word of my patience, I also will keep thee from the hour of temptation, which shall come upon the entire world, to try them that dwell upon the earth.”***

As confident as I am about this Promise from the Lord Jesus Christ Himself, that does not mean things will get any better than have so far. In fact, I believe the American public will be pushed to their limits. This is our “Exodus” event and so it is not going to be a Sunday church picnic.

Dr. Richard Fleming warns that Jesuit Dr. Fauci, and the NIH have already developed the NEXT bioweapon to be released with HIV-like capabilities that suppress human

immunity. That is no surprise since we knew as early as March, 2020, the Covid-19 was engineered into a “bioweapon” by the insertion of 18 fragments of the HIV genome, along with 4 insertions of SARS-CoV2.

In a new *Brighteon Conversation*, Mike Adams, the Health Ranger, got the chance to sit down and talk with Dr. Richard Fleming about the Wuhan coronavirus (Covid-19). And what Fleming had to say about this whole thing is truly eye-opening, including what may be coming next in the *plandemic* saga. Fleming has a book coming out this fall, by the way, called *‘Is COVID-19 a bioweapon? A scientific and forensic investigation’*. It dives deep into many of the topics discussed throughout the interview, which was blocked when I tried to view it. I’m not old enough to make my own decision so they censor it to keep me from making my own informed decision.

As an esteemed research scientist, Fleming has been closely tracking all available Chinese Virus data ever since the beginning of the *plandemic*. He has also been looking into where the virus came from, uncovering ugly truths about how the American government funded it at all with taxpayer dollars. Fleming is also concerned about how the virus continues to mutate due to mass vaccination. The very thing that the media says will end the pandemic is just fueling it even more, he warns. *“These viruses have a lot of variants,”* Fleming stated, emphasizing that the Chinese Virus was not a random occurrence in nature. *“I’m actually watching the data that’s being done on the changes in these viruses to watch what’s going on, to watch what changes are occurring, what changes are happening naturally, evolutionary-wise to this virus ... it’s making changes like living organisms do.”*

“Pressure selection works,” Fleming explained during the interview about what we are now seeing happen to the Chinese Virus because of the vaccines. *“We know that if you put pressure on a species like this virus, it will select out for the ones that are most viable to live and cause a problem.”* To make matters worse, Fleming says that Fauci and friends are already working on the next bioweapon that will contain stronger HIV-like properties designed to suppress human immunity. While the Wuhan coronavirus (Covid-19) can be fought off by the immune system, its next iteration will be designed to outsmart the body's natural defenses. He says the SARS virus that was released back in 2002 was the first iteration of this bioweapon, and the Wuhan coronavirus (Covid-19) is the second. That makes the new, already-in-development, HIV-like virus that is soon to come the third. In the meantime, he warns, those who have been injected with spike proteins and mRNA chemicals via the vaccines will continue to develop serious illnesses from the shots, as well as spread those illnesses to others.

In Blessed Hope #68, I quoted from the Apostle Paul as a reminder we have an advocate working on our behalf. We all need an advocate, whether it be for a job reference, an admission to an academic institution, etc.

Paul warned of a time coming when the forces restraining evil would be gone. ***“He who now letteth (hinders) will let, until he be taken out of the way”*** -(2nd Thessalonians

2:7). Whether one considers the one who "**now letteth**" to be the Holy Spirit or the Church, the prophecy tells of a time coming when that which restrains the full manifestation of evil will be gone. Peace will be displaced by strife, and love will be displaced by hate. Violence will become rampant throughout the earth. Yes evil and violence grows in both intensity and frequency. Recently, in Minneapolis, MN, a man beheaded a woman in broad daylight on a busy sidewalk.

The Scriptures indicate that the Antichrist will be a master at maneuvering people and will achieve power by flattery and deceit. He will promise peace, but he will not be able to bring it. The longing for peace will be superseded by a warring mood. Crime and violence will run rampant throughout the earth. Thus, conquest and war will bring part of the judgment of God on the earth. With peace taken from the earth, it will not be given back until the Prince of Peace returns, brings an end to the Antichrist's dominion, and establishes God's kingdom on earth. All of this speaks to convergence just before the Lord Jesus Christ calls his Church home!

**“...for by thy sorceries (*pharmakela*) were all nations deceived.
Revelation 18:23”**

The above three demons are the spear-head of Satan's genocidal agenda of manipulating people to receive the "Mark" of the Beast through flattery and deceit. Folks, there is no doubt in my mind that the so-called Vaxxes are what Jesus told the Apostle John to write about in **Revelation 13:17; 14:11; 15:2; 16:2; 19:20; and 20:4.**

Since Bible prophecy is really history told in advance, it is my observation that God is really allowing people to decide for themselves who they will serve. ***“And if it seem evil unto you to serve the LORD, choose you this day that ye will serve; whether the gods which your fathers served that were on the other side of the flood, or the gods of the Amorites, in whose land ye dwell: but as for me and my house, we will serve the LORD.”*** -(Joshua 24:15). You might consider it as a test of our faith.

The U.S. Department of Homeland Security has issued a new terror alert [bulletin](#) that describes Americans who question the 2020 election, oppose COVID response measures, and celebrate ‘religious holidays’ as potential terrorists.

“The Secretary of Homeland Security has issued a new National Terrorism Advisory System (NTAS) Bulletin regarding the current heightened threat environment across the United States,” DHS said in the bulletin. ***“The Homeland continues to face a diverse and challenging threat environment leading up to and following the 20th Anniversary of the September 11, 2001 attacks as well religious holidays we assess could serve as a catalyst for acts of targeted violence.”***

It is possible that DHS here is referring to Islamic extremists, but is simply too politically correct to state the ideological motivation of such terrorists in plain English. Thus, it makes it appear as though Jewish Americans and Christian Americans are at equal risk of carrying out deadly terror attacks, which is simply not the case.

“Through the remainder of 2021, racially- or ethnically-motivated violent extremists (RMVEs) and anti-government/anti-authority violent extremists will remain a national threat priority for the United States,” DHS continued. ***“These extremists may seek to exploit the emergence of COVID-19 variants by viewing the potential re-establishment***

of public health restrictions across the United States as a rationale to conduct attacks. Pandemic-related stressors have contributed to increased societal strains and tensions, driving several plots by domestic violent extremists, and they may contribute to more violence this year.”

DHS elaborated further on what the government agency characterizes as the ideological motivation of potential domestic terrorists.

“There are also continued, non-specific calls for violence on multiple online platforms associated with DVE ideologies or conspiracy theories on perceived election fraud and alleged reinstatement, and responses to anticipated restrictions relating to the increasing COVID cases,” the agency added.

There is absolutely no linkage provided on how lifting Covid restrictions will lead to an increased domestic terrorism threat. Indeed, one would think that escalating Covid restrictions will anger domestic extremist groups and potentially drive them to violent acts. But such are the nonsensical conclusions one gets when state propagandists ignore basic terrorism principles.

The Biden administration has made it clear that the Department of Justice and Department of Homeland Security are being guided more by political propaganda than by the rule of law and valid security concerns. The DOJ has characterized January 6 as an *“insurrection,”* despite failing to charge any of the over 550 criminally charged suspects for *“insurrection.”* It has withheld more than 14,000 hours of footage on the event because it appears to contain exculpatory evidence.

Furthermore, the Justice Department and DHS have ignored the threat to the United States from Black Lives Matter and Antifa, despite the billions in damage these groups caused and the dozens of people killed during left-wing rioting.

In May, both Attorney General Merrick Garland and DHS Secretary Alejandro Mayorkas asserted that ‘white supremacists’ constitute the greatest national security threat.

“Attorney General Merrick Garland and Homeland Security Secretary Alejandro Mayorkas appeared before the Senate Appropriations Committee for a hearing on domestic extremism as Congress ramped up its scrutiny this week of the circumstances around the attack on the Capitol,” the Hill reported.

“Both Garland and Mayorkas testified that white supremacist groups pose the most serious domestic national security threat in the U.S., reinforcing what analysts have long concluded about far-right organizations,” the Hill continued.

Such an assessment quite flatly contradicts political reality, but the Democratic Party and its bureaucratic minions are showing no qualms about using their agencies to

smear peace-loving Americans whom they politically disagree with. A number of Twitter users blasted the new DHS terror threat advisery.

I imagine that none of you ever thought the day would come when the world would see Christians as a threat to their government. But we were forewarned by the Saviour Himself. How does it feel knowing that you as a Christian are now designated as being a potential “Domestic Terrorist?” ***“If the world hate you, ye know that it hated me before it hated you.”*** -(John 15:18). The tragedy of all this is that as Americans we have grown up in a world of duality. We have lived in what would be best described as a bubble insulated from the ever encroaching shadow of evil.

Paul Craig Roberts, a former Reagan administration cabinet member has stated: ***“Medical Information Is Being Suppressed To Cover Up For The False Covid Narrative”*** This is for the skeptics who believe Covid was a novel rogue virus from bats and pangolin in China.

By: Paul Craig Roberts

Dear Readers: There is no longer any doubt that scientific information provided by renowned experts is being suppressed in order to protect the false Covid and vaccine narratives.

The medical bureaucrats, politicians, and presstitutes tell us that the Covid vaccine provides a high level of protection and that the new cases or “delta variant” are among the unvaccinated. This is a blatant lie contradicted by official reports from all over the world. We know for an absolute indisputable fact that 75% of what are labeled “new cases,” “breakthrough cases,” “delta variant,” are among the fully vaccinated. We also have from the vaccine adverse reactions databases that deaths and illnesses associated with the vaccines are rapidly rising. A number of highly credible experts say that the alleged delta variant is actually the illnesses caused by the vaccine.

Another disturbing piece of information is that it is the vaccinated that are the public health threat, not the unvaccinated. The vaccinated shed the pathogens in the vaccine just as Covid patients shed pathogens from the virus. With half of the U.S. population now vaccinated, the vaccinated people are giving Covid illnesses to the healthy population.

The evidence is clear that the Covid vaccine is a lose-lose game and has made tens of millions of vaccinated Americans threats to everyone, included others who are vaccinated.

Never before in world history has such an irresponsibly dangerous experiment been conducted on entire populations. According to the official EudraVigilance, MHRA, and VAERS databases, as of August 1, 2021, there are 34,052 deaths and 5,460,000 health injuries associated with the Covid vaccine Injections. As it is universally agreed that only a small percentage of vaccine adverse reactions are reported, the actual figures are much higher. If the concerns of some experts are on the mark, the vaccines will kill more people than Covid.

But as the Globalists want to “double-down” on their lies and genocide agenda to cover up their crimes, where we stand could be summed up in a book review that I did for Amazon back in 2016. It was written by a guy many Internet news sources have seen his articles and bylines. It’s not likely that any of you would have read it so it reiterates my point that we are out of here very soon. The title of the book by Mike Snyder was called ‘*The Rapture Verdict*’. Mike Snyder is a lawyer and so when I titled my review I used the title just below: **‘The Rapture Verdict’ - Case Dismissed!**. I gave the book a 1★review and that was being generous. After a year Amazon moved my review from the top negative review to a location four pages deep into the review pages. When you read my review below you can guess why Amazon moved my review. So I can state from personal experience Amazon reviews are manipulated for their own agenda. I still review my purchases from Amazon and its sellers, but those they do not like are thrown into the trash can!

A friend of mine sent me a copy of my review and I thought it would be worth sharing in my Blessed Hope series of why we have absolute confidence in the Words of Jesus and the Apostle Paul. Many people want to argue with me that Jesus never said anything about the Rapture. If that was true, then tell me who was speaking in my favorite Revelation passage, Revelation 3:10: **“Because thou hast kept the word of my patience, I also will keep thee from the hour of temptation, which shall come upon all the world, to try them that dwell upon the earth.”**

‘The Rapture Verdict’ - Case Dismissed, May 15, 2016

This review is from: The Rapture Verdict (Paperback)

The "Rapture Verdict" is not only biased, it does not speak accurately about the Word of God. It misrepresents a basic concept the Bible teaches and that so many writing books on prophecy, a subject they have little understanding of - that being God’s love and grace. Few seem to understand that Israel and the Church are distinctly different subjects of the Biblical message. Misunderstanding that critical distinction you can count

on falling into the trap that the author of the "Rapture Verdict" has and where the blind end up leading the blind. The author has much to learn about God's Word. For example, God uses many different grammatical devices to communicate His Word such as parables, metaphors, analogies, similitudes, types, and shadows. There are roughly 200 linguistic and grammatical devices used in the Bible. Proverbs 25:2 states that God has hidden truths for our discovery. That should serve as a hint to the reader there is more here than you think.

While the author does not recognize Bible Dispensations, his lack of understanding of Bible basics "101" fails to take into consideration that the Bible is also structured on God's Covenants with man. He violates the common over-simplification of most churches by treating the Bible as a two-covenant book, i.e., Old and New Covenants (Testaments). The Bible identifies eight covenants in his dealing with man. His lack of understanding results in his failure to distinguish between Israel and the Church and misleads his readers.

The topic of "Typology" was all but lost a century ago and it serves as a guide to know that God does not always declare doctrine in the simplistic of ways. If you believe the Bible is the Word of God, and it is, it can be proven by at least a dozen ways that God is the Author and used humans as instruments to record His message. There are many ways to study and discern the Bible, two of my favorites are "thematically" and "typologically". The theme of "Deliverance before Judgment" is directed to the born-again believer in Jesus Christ. This theme is imparted throughout the Bible. The first example that I can think of is found in Genesis 19:12-22. Read that and you will never read the Bible or the book of Revelation the same way again. The author states that after you read his book you will never read Revelation the same way again. The author has so much to learn about God's Word.

The theme of "Grace" is found 170X times; the theme of "Mercy" is found 276X times; and the theme of "Deliverance" is found over 600X times. Those who read this can be assured that if you are a believer, you will not go through "THE TRIBULATION" of Daniel 9:24-27. The author is certainly not a Greek scholar since the Biblical word for "rapture" is "HARPAZO" and it means "to carry off, take by force, snatched away, catch up, caught up, seize by force". In all of its New Testament grammatical forms, a total of 13X times, the message is amply clear that the person, object, etc., is being "removed" with great force, like grabbing a child on the railroad tracks from an oncoming train.

While the Apostle Paul the first to teach the Rapture "Harpazo" in the New Testament, the reader might want to know that the Rapture theme can be found in the Old Testament as well, meaning "to be saved, to extricate, to rescue, and to deliver". The Hebrew word is "NATSAL" and it appears 213X times throughout the Old Testament. The central point to consider here is that God offers "Deliverance before Judgment". It is a foundational tenet of the Bible so many seem to overlook.

What perturbed me about this book is the author cherry-picked church history, and

names 3 early church fathers to support his position against the Pre-Tribulation Rapture. I can name a dozen early church fathers who held the opposite position in support of the Pre-Tribulation Rapture. Then the author predictably assigns the Pre-Trib. Rapture doctrine to a young Scottish girl by the name of Margaret MacDonald, and then by Charles Darby as originator of the teaching.

Critics of the Pre-Millennial Pre-Tribulation argue it was a new doctrine but they do not understand that beginning with Constantine and Augustine, in the early 4th century, the church snuffed out dissident thinking and teaching. Scholars either towed the Catholic doctrine or were eliminated from the scene. So there was little in print about the Pre-Tribulation doctrine until after the Reformation.

When I stated "predictably", he follows the pattern of all the rest following this scripted attacks on the Pre-Trib. doctrine it comes from ignorance [lack of knowledge] or lack of a theological education. Anti-Pre-Tribbers don't know their Bible and they don't know church history and they don't know theology! You can verify this is not the case by searching the topic "Pre-Tribulation Truth", a multiple-part series on the Pre-Tribulation teaching on the internet that offers the Bible reader incontrovertible proof for the Pre-Tribulation teaching. Just google the "Pre-Tribulation Truth". Paul was the first to teach the Pre-Tribulation Rapture and the Bible teaches that truth.

The author like most of those that attack the Pre-Tribulation position mislead their readers on the facts, and leave out facts which reveals their lack of understanding on theology in general, and lack of any scholarship when it comes to the Bible. This comes from a pre-disposition against the modern-day State of Israel. Their sell-out to "Replacement Theology" and failure to see the larger picture of the Bible makes a clear delineation between Israel and the Church and thus blinding them from seeing the truth in the Bible. The Bible makes it clear the believer in Jesus Christ will be kept from the day of God's wrath! God's wrath was on the cross for believers!

The Bible mentions the Lord's Second Coming 325X times in the New Testament. It also notes at least 15X times specific contrasts or differences that define the Rapture as being entirely different than the Second Coming. There are at least 23X times that identify the Rapture phase, and another 35X times that identify the Second Coming phase. One does not have to twist or manipulate the text as the author so states to conclude the validity of the Pre-Tribulation Rapture. The core of the teaching is found in five passages: John 14:1-3; 1st Thessalonians 4:13-18; 1st Corinthians 15:50-56; 2nd Thessalonians 2:1-12; and Revelation 4:1-2.

The Tribulation, Daniel's 70th Week, Daniel 9:24-27 is reserved for Israel and a disobedient and disbelieving world. **IT IS NOT FOR THE BORN-AGAIN BIBLE BELIEVING CHRISTIAN!** The subject of "The Tribulation" is well defined 49X times in the Prophets, and 15X times in the New Testament.

Jesus Christ as the Bridegroom is not going to take His bride and commit spousal

abuse and then turn around and say, "Me and this girl want to get married". The reading of the Greek text for the five noted passages does not support spouse abuse. To do so would violate God's love, grace, and mercy. The author and others like him usually get their doctrine "proof text" from Matthew 24:29-31, but they do not get the point that the flow of the dialogue between Jesus and His disciples is less formal; it's not laid out neatly like in a schedule program where each detail follows neatly one after the other, as if it was a program guide for a World Series baseball game.

As 2nd Peter 2:1 points out, many false teachers will come in the last days. They will not only eat your lunch, they will devour your Joy! Their heresies are damnable, even denying the Lord that bought them, and bring upon themselves swift destruction. I have been a "born-again" Christian for 51 years, a student of prophecy for 49 years. I was a computer programmer on the team that first computerized the KJV Bible in 1963/64, and later went to Bible college and seminary and became a pastor as of that privileged experience. There is much more in the Bible that the author could learn, not the least of about judging his brothers and sisters in Christ. But when it comes to the "Rapture Verdict", the judge should dismiss this case for lack of evidence beyond a shadow of doubt! Do your homework by checking out the "Pre-Tribulation Truth" series on the net, millions have had their hope restored. It will not cost you a dime either.

Brothers and sisters in Christ, do not be shaken by this shallow attack on the Pre-Tribulation Rapture. The late Hilton Sutton once said, "when the bombs are descending, the saints will be ascending". The author is no authority on the Bible, and he is a good voice for the "woe is me" as we close in on the End of Days. The Pre-Tribulation Rapture is closer than most realize and his posts on the economic collapse merely serve to support my contention we are going home very soon. He is correct when it comes to the economic collapse and it really is a reminder that as believers we are to be alert, awake, and at work to reach anyone that we can identify as unsaved!

For the bystander not knowing what to believe about the subject of the Rapture, I'm not selling a book, I am giving you the truth of the Bible freely and want you to go with us in the Pre-Tribulation Rapture. There is nothing to be gained to stay behind in the hell that will follow in the period we refer to as Daniel's 70th Week. There is so much you don't know, and you have been misled by the false teachers that work on behalf of Lucifer. God will speak to your heart and mind and tell you who is right.

I want to also include with this Blessed Hope a portion of my comments in the Mass Murder series for this coming week as it has direct relevance to the Rapture of the Church. I have discussed this before and so you will understand where I am focusing my attention. As God's clock winds down, we are seeing the American empire collapsing beneath our feet.

The level of evil behind this grotesque Genocide plan operates from behind the curtains of secrecy, allowing the globalists and Satan's minions and sick colleagues to operate in the open by imposing their Global Reset to enslave humanity. The Biblical Tribulation has not begun as of yet although it may seem like it has. It does not begin until the Antichrist signs the "covenant of many" of Daniel 9:27. ***"And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate."***

Daniel 9:24-27 is the most important passage of the Bible for the period of time we live in presently. The "one week" refers to "*sābūa*" "seven". *It is found four times in the Daniel 9:24-27.* The "Seventy" weeks of Daniel 9:24-27 are not literal weeks, but are in fact weeks of years. The term "week" means a "*Heptad*" of weeks or "Seven" Years. The false messiah or the Antichrist will "confirm" the Oslo Accords that have been sitting on a shelf since the Clinton Administration failed to close the deal of 1994. What many of you will not know is that the Oslo Accords were done through "back channel" communications and negotiations in Oslo, Sweden between Yasser Arafat, and Prince Charles of Wales.

Did Naftali Bennett just threaten to cancel the Messiah? Israel's Prime Minister called for all Israelis to get vaccinated but implicit in his words sent a message that non-vaccination would postpone the Messiah.

Two weeks ago Israeli Prime Minister Naftali Bennett told old people in Israel to get their "booster" shot of the Pfizer vaxx, or they would not get to see the Messiah! He said that he would cancel Rosh HaShanah. I believe he was jokingly but subtly making a threat but none the less coercing the Sephardic elderly to get the third shot, which is the "kill" shot. Most people will miss the hidden Satanic innuendos in Bennett's words! Naftali Bennett is an ethnic Ashkenazi Jew. This means he is not a descendant of Abraham, Isaac, and Jacob. He is of the Synagogue of Satan. As of August 15th almost a million Jews have taken their third Pfizer shot, and most certainly it was a death shot! This in my analysis is a Satanic attack directly on the Sephardic Jews, descendants of Abraham, Isaac, and Jacob.

Bennett's intention was clearly a warning that if there was not an increase in vaccinations, there would be a shutdown during the upcoming Jewish holidays. This threat is proving contentious as political and social pressure led the government to issue an exemption to synagogues under the newly instated Green Pass restrictions. The new restrictions that kicked in on Sunday limited gatherings of any size, indoors and out, to those who have been vaccinated, recovered from the virus, or who present a negative COVID test. While the plan originally included synagogues and other houses of worship, these were eventually exempted in prayer services with fewer than 50 participants. Many politicians were angered by the exemption.

Though Bennett's prophetic implications in mind, coming together to hear the shofar is not only the symbol of the Jewish New Year. The shofar also is an essential element of the final redemption of Israel, as stated explicitly by Isaiah as signaling the pre-Messiah ingathering of the exiles:

“And in that day, a great shofar shall be sounded; and the strayed who are in the land of Assyria and the expelled who are in the land of Egypt shall come and worship Hashem on the holy mount, in Yerushalayim.” -(Isaiah 27:13)

This is one of the bases for blowing the shofar on Rosh Hashanah as it symbolizes the coronation of God as king. Biblical kings were coronated to the sound of shofar blasts and the final shofar of redemption will be the ultimate coronation of God as King when He will be one and His name will be one.

In the context of Isaiah's prophecy, Bennett's threat takes on dire implications, suggesting that the key to the arrival of the Messiah is acquiescing to the government's vaccination program. Few (if any) Israelis believe that being declared prime minister bestows upon Bennett the power to permit or forbid the arrival of the Messiah.

And as the prophetically minded surely know, the arrival of the Messiah will cure all disease, making vaccines irrelevant. And the Messiah will also make Bennett's function at the head of the government irrelevant, or at least ancillary.

This is a huge factor that most Bible prophecy scholars ignore or disregard. Jesus saw it as a most important issue when he noted in Revelation 2:9, and 3:9, these words:

“I know thy works, and tribulation, and poverty, (but thou art rich) and I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan.” -(Revelation 2:9)

“Behold, I will make them of the synagogue of Satan, which say they are Jews, and are not, but do lie; behold, I will make them to come and worship before thy feet, and to know that I have loved thee.” -(Revelation 3:9)

The true descendants of Abraham, Isaac, and Jacob are ethnic Sephardic, and those who converted to Judaism as early as the 7th century were in fact ethnic Ashkenazi converts from the Khazarians of the region of south-central Russia. As many as 90% of modern day Jews are not ethnic Jews at all. Although Bible prophecy teachers today make no distinction or focus on this distinction, they make a grave mistake, and certainly, for Jesus to mention this issue twice in the book of Revelation, He thought it was important enough to bring up in His last words of the Bible. The **“Synagogue of Satan”** today is headed up by the House of Rothschild and some 300 families that rule the world today. To point this out succinctly, they give a bad name to Jesus Christ, through their fronting their evil acts under their guise of being Jewish.

When the world turns against the Jews, the Ashkenazi group are hiding behind the true Biblical Jews. I stopped supporting television and radio ministries several years ago who failed to make this distinction. I know their rational and reasoning for doing so but they are supporting those who really represent the agenda of Satan.

The entire Vax program is being orchestrated by Ashkenazi Jews Jesus called the Synagogue of Satan. Take a look at this list below:

The CDC and vaccine companies:

- 1. CDC Director, Rochelle P. Walensky, is Jewish**
- 2. CDC Deputy Director, Anne Schuchat, is Jewish**
- 3. CDC Chief of Staff, Sherri A. Berger, is Jewish**
- 4. CDC Chief Medical Officer, Mitchell Wolfe, is Jewish**
- 5. CDC Director, Washington Office, Jeff Reczek, is Jewish**
- 6. Covid Czar, Jeff Zients, is Jewish**
- 7. Covid Senior Advisor, Andy Slavitt, is Jewish**
- 8. HHS Secretary, Xavier Becerra, is Jewish**
- 9. HHS Asst. Secretary, Rachel Levine, (a transgender) is Jewish**
- 10. Pfizer's CEO Albert Bouria is Jewish**
- 11. Moderna's Vax created by a Jewish scientist**
- 12. Johnson & Johnson's CEO is Jewish**
- 13. Teva is an Israeli pharmaceutical company with a Jewish CEO**
- 14. Regeneron Pharm CEO is Jewish**
- 15. AstraZeneca's CEO is Jewish**
- 16. William (Microsoft) Gates is Jewish [chief financial backer of vaccines]**

Ethnically speaking, none are descendants of Abraham, Isaac, and Jacob. All are of Khazarian origin as ethnic Ashkenazi. Folks, this is the Satanic Synagogue of Satan Jesus was focusing readers of Revelation 2:9 and 3:9. Are you beginning to see who it really is they are trying to kill. The rest of the world is mere collateral damage in order to exterminate the Biblical Sephardic Jews. However, these 16 names are just the tip of the iceberg!

Never has every nation in the world been under lockdown to an artificial crisis that we have been in since March, 2020. If you doubt the Rapture is on the horizon you do not know the Bible. We are in the final countdown until Rosh HaShanah, beginning in Jerusalem at sundown, September 6th through sundown, the 8th. The Mass Murder has been part of the prelude before Daniel's 70th Week commences. It may even be a possibility the Rapture could occur sooner than between now and the Sept. 6-8th date.

Blessings and Maranatha!
