

The Blessed Hope!

“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)

Diamond & Nugget #70

The above screen shot is from an NBC news site and should cause you real concern for you and your family. Anyone who holds to any of the three headlines above is now a “Domestic Terrorist!” It is a sign of a desperate empire in the final stages of collapse. Most of us find that hard to believe, but it was authorized by a bumbling fraud of a president who can’t find his way around the White House lawn without a secret service agent pointing the direction he should walk.

On Monday, August 16th, 2021, another web site posted Daymond Duck’s article titled “It’s Over” - By Daymond Duck - <https://www.raptureready.com/2021/08/15/its-over-by-daymond-duck/> I share it with you for several reasons. Daymond Duck has presented abundant evidence to wake people up over the recent years. Daymond is a published author on the Bible, and has written many books as far back as the early 1990s. The

brutal fact is the world is being taken into a state of tyranny unlike the world has known in all of world history. Daymond Duck provides you the reader significant reasons to recognize that “this world as we know it, Is Over!”

“This know also, that in the last days perilous times shall come” -(II Tim. 3:1).

Be aware that ***“evil men and seducers shall wax worse and worse, deceiving, and being deceived”*** -(II Tim. 3:13).

The right of U.S. citizens to freedom of religion, freedom of speech, freedom to buy and sell, etc., is being challenged by the shadow government’s desire to restrict and/or control American’s freedom of religion, speech, right to buy and sell, etc.

Covid is a global medical crisis that the godless shadow government created to justify the establishment of a world government, world religion, and worldwide tracking system to enslave everyone on earth.

The public is being told that proof of vaccination (passports, I.D. cards, or whatever) is needed to bring Covid-19 under control when the truth of the matter is that Covid-19 and the variants are a tool that the rich and powerful are using to bring all people under their control.

It is possible and perhaps likely that this proof of vaccination will eventually be followed by the lockdown and persecution of Christian groups and institutions based on their support for Bible teaching and lack of support for the globalist agenda (the godless world government, godless world religion, abortion, gay rights, etc.).

Before the persecution reaches its peak, Christians will be removed (Raptured) from this earth, and the door will be thrown wide open for the godless shadow government to select a leader to take dictatorial power on earth.

Following his appearance, their so-called proof of vaccination will probably evolve into a data system that will be used to determine who can buy and sell, who can live or die, etc. (Don’t overlook the fact that some of the leaders that want to force everyone to be vaccinated are the same people that want to reduce the population of the earth from almost 8 billion to about half a billion; many support abortion, gay marriage, euthanasia, etc.).

God will allow these godless globalists to select a leader to rule for seven years, but God will ultimately cause them to regret what they have done for all eternity.

A reader recently sent an e-mail to this writer containing part of a message that Dr. Franklin Graham delivered at a Baptist Church in Florida.

Dr. Graham said, *“The American Dream has ended.”*

Readers need to understand that the one who said *“The American Dream has ended”* is one of the most highly respected preachers in the world, not a fanatic and not a prophecy teacher, but America must decline if the globalists are going to meet their goal of a world government and a world religion by 2030 or before.

Here is a repeat from the article I wrote last week: On July 27, 2021, former Sec. of State Mike Pompeo said, *“Collapse from within is possible... Immigration without assimilation, illicit drugs, human trafficking, disputed elections, inflationary risks have become the tools to disassemble our republic in what must surely be an attempt at national suicide.”*

I want to close my opening remarks this way: We are not seeing the Mark of the Beast yet (people are not being jabbed in their right hand or forehead; people are not taking the name, number, or Mark of the Beast; unvaccinated people can still buy and sell in most places; etc.).

This is where I disagree with Daymond Duck. He obviously has not been following William (Microsoft) Gates and his QuantumDot:Hydrogel ID2020 and its bioluminescence “Luciferace”. I have been watching ‘Deep Pockets’ Bill Gates for two decades. To say the Mark is not here is to assume something does not exist in the shadows of the many companies funded by Bill Gates to produce the Mark. It is here and being fine-tuned, tweaked, and de-bugged for roll out. The Covid Vaxx is part and parcel of the “Mark” of the Beast. All you need to do is read the scientific papers, abstracts, analysis and medical data assembled by Anthony Patch and published in his magazine, *‘Entangled’*. No one has done a greater job in proving the Vaxxes are being used to upload viral payloads, necessary for the Mark of the Beast to operate, than Anthony Patch. If you don’t die first from the so-called Vaxxes you will be bioengineered into a Cyborg of the kind Elon Musk is predicting.

On the other hand, we are seeing the global development and advancement of technology and policies that many excellent Bible prophecy teachers believe will lead to the Mark of the Beast (forced compliance, loss of one’s job, development of passports or passes, a demand for government databases to track people, a demand to prevent the unvaccinated from entering stores to buy or sell, the spread of anti-Christian rhetoric, etc.).

Also, keep in mind the fact that the Church will be Raptured a minimum of 3 ½ years (and perhaps more) before the global development and advancement of the technology and policies goes into effect as the Mark of the Beast (the Gates of Hell will not prevail against the Church).

Here are other reasons to believe that history is approaching end of the age Bible predictions and the American Dream is over.

One, when Jesus was asked about the signs of His coming, He listed famines, pestilences, earthquakes, etc. (notice that the words are plural as in more than one famine, more than one pestilence, etc.; Matt. 24:7).

Today, the world is trying to deal with Covid-19, the Delta (India variant), Lambda (Peru variant), and Epsilon variant (pestilences plural).

Two, on Aug. 6, 2021, California announced that a low water level caused by drought has forced the shutdown of the state's second largest hydroelectric plant for the first time since the dam was completed in 1977.

The state will be able to get electricity from other systems.

More: On Aug. 4, 2021, the Dixie wildfire destroyed Greenville, Cal., a gold rush town of about 1,200 people (5 days later, Fox News reported that about 600 buildings have burned and about 13,000 are in danger).

More: On Aug. 6, 2021, it was reported that Lake Powell on the Utah-Arizona border, the Great Salt Lake in Utah, and Lake Mead in Nevada have hit record lows this summer.

FYI: Drought is having a devastating impact on crops, cattle, hog, and sheep production in the U.S. (a very large part of America's food supply).

FYI: Unprecedented wildfires are also taking place in Greece, Italy, Turkey, Lebanon, and Russia.

Three, during the Tribulation Period, the world will be divided into two groups: those that take the Mark of the Beast and those that refuse to take the Mark of the Beast.

Today, the world is being divided into two groups: those that have been vaccinated and those that have not been vaccinated.

Four, on Aug. 9, 2021, World Net Daily posted an article by Wayne Allen Root that said:
•Republicans asked for "papers" from migrants who had broken into our country. Criminals. Democrats said, "No, that's racism."

•Republicans asked for "papers" once every two years for federal elections to prove you have a right to vote. Democrats said, "No, that's racism."

•Now Democrats want American citizens, not illegal aliens, not criminals, but patriots born in this country to produce papers 24/7. We'll need papers to enter restaurants, bars, nightclubs, concerts, casinos, conventions, and hotels and to board a train, plane, or bus. We'll need papers to enter a supermarket, or we'll starve to death—all for the crime of being unvaccinated.

Note: U.S. Sen. Rand Paul said the U.S. is at a crossroads, and he is urging U.S. citizens to “*resist the mandates, lockdowns, and the harmful policies of the petty tyrants and bureaucrats.*”

Five, on Aug. 6, 2021, ‘*Natural News*’ reported that the U.K. has admitted that it is building storage areas for bodies in the 32 boroughs of London and the city itself.

These storage areas are being built because the government expects an increase in deaths over the next five years due to their attempts to force people to be vaccinated (some people that are not allowed to buy and sell will go hungry, get sick, etc.).

Writer’s Comment: It is common for some people to ask how bad will God let it get before He Raptures His Church. No one knows the answer to this, but the situation is worsening, and Christians everywhere need to pray about it.

Six, on July 31, 2021, the Carnival Cruise Ship Vista left Galveston, TX with everyone or board vaccinated (every guest, every crew member, every staff member, everyone vaccinated; no unvaccinated people on board).

On Aug. 8, 2021, it was reported that a small number of people on the ship have tested positive for Covid.

Seven, God promised to bless those that bless Israel and to curse those that curse Israel (Gen. 12:3).

- On Aug. 4, 2021, the Iranian-backed terrorist group that controls Lebanon, Hezbollah, fired three rockets into Israel.

- On Aug. 5, 2021, Israeli jets struck terrorist targets in Lebanon for the first time in 15 years, and Pres. Biden announced that he will give the terrorist government \$100 million dollars in economic aid (borrowed money that will add to inflation in the U.S.).

- On Aug. 6, 2021, Hezbollah forces fired 19 rockets from Lebanon into Israel, and Israel responded with artillery fire.

- On Aug. 8, 2021, new hardline Iranian Pres. Raisi met with leaders of the terrorist groups Hamas, Hezbollah, the Palestinian Islamic Jihad (PIJ), and the Houthis, and promised to support their terrorist activities until Israel is defeated.

Writer’s Comment: This could easily get out of hand and lead to the fulfillment of several prophecies (Psa. 83 if that is a war; the Destruction of Damascus as prophesied in Isa. 17; the Battle of Gog and Magog as prophesied in Ezek. 38-39; time will tell.).

Eight, violence is on the increase, and some politicians want to defund the police and take the guns away from law-abiding citizens, but the globalist goal is only partly to prevent citizens from defending themselves against criminals.

The globalist goal is primarily to prevent citizens from defending the U.S. against the shadow government's takeover of the U.S.

For whatever it is worth, thousands of people have marched in Paris and other French cities four weeks in a row to protest the loss of their freedoms.

On Aug. 6, protests erupted in Turin, Italy.

Nine, on Aug. 6, 2021, a guest on Fox & Friends said the strongest outbreak of the Covid Delta Variant is in Texas and Florida, and those two states are where the Biden administration has taken the largest number of Covid-infected migrants.

Ten, concerning global pandemics and the Mark of the Beast, on July 25, 2021, The Times of Israel reported on a study that found that people vaccinated before Feb. 2021 are twice as likely to get Covid as those vaccinated in June 2021 for two reasons: 1) Their vaccine effectiveness decreases over time and is becoming less effective every day; and 2) The Delta Variant is more contagious than the original Covid-19, and therefore more able to overcome the resistance of their declining vaccination.

The doctor that headed up the study said, *"We definitely need to think about a third vaccine."*

It is the opinion of this writer that the globalists will want people to take a 1st, 2nd, 3rd, 4th, 5th, etc. vaccination until they bring in the Mark of the Beast.

Update: On Aug. 5, 2021, Moderna said data shows a noticeable drop in antibody levels 6-8 months after a vaccinated person's second jab, so vaccinated people will need to get a booster shot this fall.

Writer's Comment: Just a reminder to U.S. citizens that Pres. Biden said, *"You're not going to get Covid if you have these vaccines."*

Eleven, concerning world government: it is widely known that the World Economic Forum (WEF) wants to establish a world government and eliminate private property ownership by 2030 or before.

The WEF even produced a video saying, *"You will own nothing, and you will be happy."*

My article "Developing Now," posted two weeks ago, quoted Tony Koretz who said, *"A global medical dictatorship is rising."*

I added that *"It is hard to deny that the shadow government is using unelected individuals to dictate policies to nations all over the world."*

On Aug. 3, 2021, the Centers for Disease Control and Prevention (CDC) extended the U.S. government's eviction moratorium, a document that allows renters in areas that have a high level of Covid to not pay their rent.

Put another way, property owners that have rented their house, apartment, etc., to someone else must make the mortgage payments (if the property owner has a mortgage payment), pay to keep the house, apartment, etc., repaired, and the property owner cannot evict the renter for not paying their rent (the renter can live in the house free, and the property owner must pay the bills).

The fact that the CDC (a medical group) can force private property owners to make the property payments and let renters live in the property free sure looks like a global medical dictatorship has taken over.

The real owners of the property are not happy with making the payments and receiving no rent.

Twelve, on Aug. 4, 2021, concerning a Mark on the forehead to buy and sell, it was reported that Amazon is now using palm scanners at 53 Amazon-owned stores, and it plans to expand the program to other stores in the U.S.

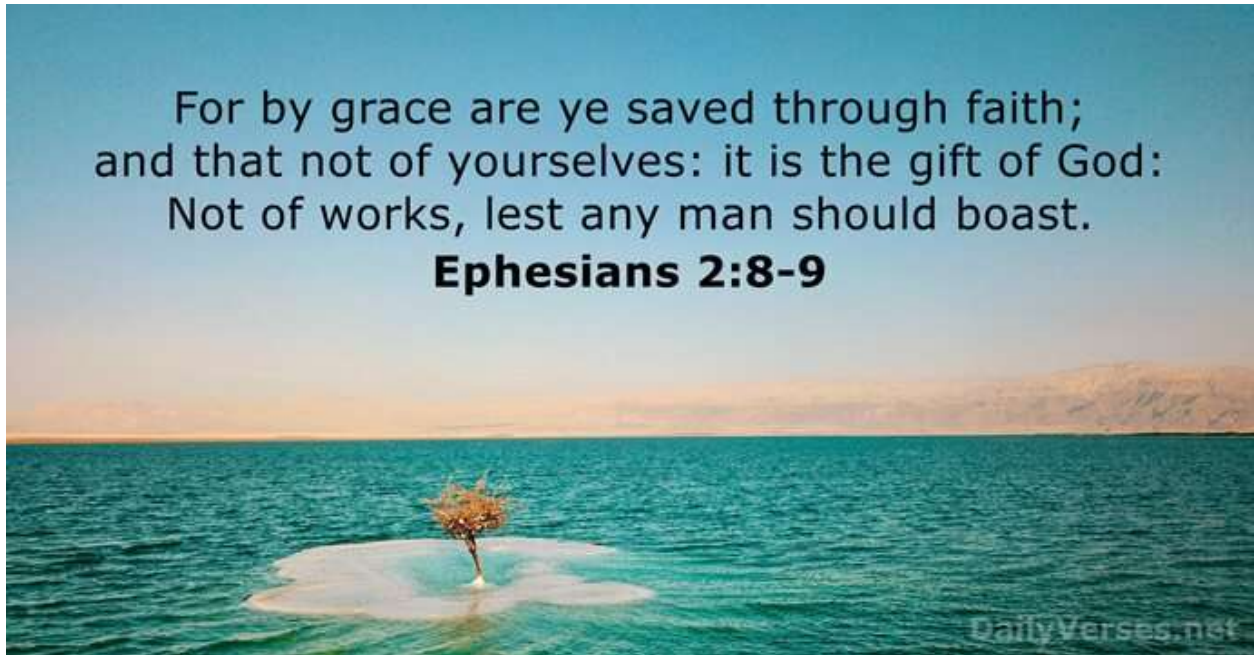

Customers can use a simple hand scan to pay, enter or I.D. themselves, and Amazon will give them a \$10 promotional credit to sign up.

Before my final word, pastor Keith Watts asked me to include this paragraph in my article (something I can't start doing for ministries all over the world): *"I am asking all prayer warriors from around the world to join with us for a day of prayer, fasting, and repentance on August 16, 2021, for the sake of the Philippines and on behalf of over 110,950,213 precious souls. We will be fasting from the time we wake up until we go to bed, interceding on behalf of the lost souls in the Philippines."*

Finally, are you Rapture Ready?

If you want to be rapture ready and go to heaven, you must be born again (John 3:3). God loves you, and if you have not done so, sincerely admit that you are a sinner; believe that Jesus is the virgin-born, sinless Son of God who died for the sins of the world, was buried, and raised from the dead; ask Him to forgive your sins, cleanse you, come into your heart and be your Saviour; then tell someone that you have done this.

For by grace are ye saved through faith;
and that not of yourselves: it is the gift of God:
Not of works, lest any man should boast.
Ephesians 2:8-9

I would hope that Daymond Duck's article will awaken many who seem to be living in a world of self-hypnosis. Note the aircraft number on the nose of the picture below. It is a spectacular sign of the debacles of America's Empire Building. The C-17 aircraft number below is 1109. Transpose those numbers and you have 9/11.

The 'Stars and Stripes' headline is "It's Over". Is that not prophetic if not coincidental? But one thing for sure it is not over by any means. There is Taiwan, South Korea,

Guam, and let's not forget Israel. Joe Biden should be removed from office under the 25th Amendment!

"We must confront a serious question: Is Joe Biden capable of discharging the duties of his office or has time come to exercise the provisions of the 25th Amendment?" Senator Rick Scott (R-FL) has asked.

As the Taliban seized control of Afghanistan, the president of the United States went into hiding. Biden's most recent disappearing act in a moment of crisis proved once again that he's not leading the nation and that America is without a commander-in-chief. But his belated and disgraceful address to the Nation served to highlight the 3 D's that define the modern Democratic Party — dishonesty, delusion, and danger.

It was an embarrassing and feeble display from the start. Biden, an allegedly fully vaccinated man, removed his face diaper for the cameras as he made the ten-foot walk from offstage to the podium. How will he extract 40,000 Americans left behind?

But right out of the gate Joe Biden lied to the American people. He announced, *"My national security team and I have been closely monitoring the situation on the ground in Afghanistan and moving quickly to execute the plans we had put in place to respond to every constituency including and — contingency — including the rapid collapse we are seeing now."*

The truth is Joe Biden had no plan — no contingency; certainly not for the rapid collapse. Afghanis clung to a U.S. military plane as it took off from an airport in Kabul. It was a frenzied exodus — Ashraf Ghani, the former Afghan president fled, and U.S. embassy personnel were rushed out of the now-abandoned embassy.

Some 40,000 of U.S. citizens currently remain trapped in Afghanistan as the Taliban hunts them down. Yet Joe Biden lied and claimed a contingency plan was in place for *"the rapid collapse we're seeing now."* It's dishonest. Joe Biden is a liar.

As a matter of fact, per CNN, Biden ignored military leaders' warnings that his hasty withdrawal would likely result in the collapse of the Afghan government and a Taliban insurrection in the capital. He didn't plan for every contingency. He dismissed this one — the one that happened.

It is Biden who publicly announced in July that the military mission would end by August 31. It is Biden, who ignored the counsel of his military advisors, and ended the mission even ahead of schedule. It is Biden who abandoned the Afghani people in the dead of night without having the decency to notify the Afghani commander at Bagram Airforce base of America's sudden departure back in July.

Per the AP, *"The U.S. left Afghanistan's Bagram Airfield after nearly 20 years by shutting off the electricity and slipping away in the night without notifying the base's new*

Afghan commander, who discovered the Americans' departure more than two hours after they left, Afghan military officials said."

Despite this betrayal, Biden had the audacity to claim in his teleprompter address that, *"when I hosted President Ghani and Chairman Abdullah at the White House in June, and again when I spoke by phone to Ghani in July, we had very frank conversations. We talked about how Afghanistan should prepare to fight their civil wars after the U.S. military departed."* Apparently, Biden wasn't very frank, because the Afghani commander of Bagram Air Force Base didn't learn of our departure until after we'd left.

But lies and delusion coincided when Biden made the claim that, *"We'll continue to speak out for the basic rights of the Afghan people, of women and girls, just as we speak out all over the world."* The Taliban routinely executes gays and stones women. Biden cozies up to the Chinese while they torture and kill Muslims in their internment camps. Biden and the Democrat party don't speak up for anyone's basic human rights all over the world. They only invent non-existent violations in the United States.

Biden's irresponsible abandonment of Afghanistan is also dangerous. Not only are 40,000 Americans in Afghanistan presently in danger of losing their lives because of his recklessness and incompetence, but future Americans will also be in danger of losing their lives at the hands of the Taliban.

Our mission in Afghanistan was to neutralize the threat of the Taliban and al-Qaida; to prevent a future terrorist attack. Biden claimed that *"I'm adamant we focus on the threats we face today, in 2021, not yesterday's threats."*

But yesterday's threats are now today's threats. We spent 20 years fighting against the Taliban, who sheltered Osama Bin Laden as he plotted the 9/11 attacks. 20 years later the Taliban has overtaken Afghanistan in a matter of days. What was the point?

Biden doesn't care. He's already resumed his vacation. Then again, per CNN, the Taliban is *"just chanting 'Death to America' but they seem friendly at the same time."* Meanwhile, the DHS has issued new terror threats for Americans opposing COVID measures.

Biden and the Democrats are dishonest, delusional, and dangerous. The emperor has no cloths! With an open southern border we are all in danger now!

But so too is Biden delusional. He claimed that *"I am president of the United States of America, and the buck stops with me."* And yet at no point in his teleprompter address did he accept responsibility for this disaster. Instead, he blamed Trump and the Afghani people. Trump isn't president and the Afghani people aren't responsible for the evacuation of American personnel in Afghanistan. Biden is. But he cares more about ice cream than he does about the American citizen. He spends more time choosing his flavor of ice cream than he does planning a responsible evacuation of Afghanistan.

The gutless Biden administration has reached the level of the snake and chosen to order nursing homes to require that their staff members get vaccinated against COVID-19 or face the threat of losing federal funds, CNN and The Associated Press reported Wednesday. His weakness in world affairs shows he is unfit for office. He is following his pope's instruction that all Roman Catholics to be vaxxed as an "act of love!"

If potential plans by fake "president" Joe Biden to restrict all interstate travel to "vaccinated" only come to fruition, grocery store shelves all across the country could turn bare. The forces of the Antichrist are at work and soon he will show his pathetic face.

'All News Pipeline' says it received photos from someone in New Jersey depicting mostly empty aisles at a local Shoprite store, this the consequence of shipping problems that are already occurring due to existing Wuhan coronavirus (Covid-19) lockdowns.

In the event that Pedophile Joe Biden adds to this with an interstate travel ban on the "unvaccinated," truckers who refuse Donald "father of the vaccine" Trump's "Operation Warp Speed" injections would end up being prohibited from delivering goods, making an already precarious situation even worse.

While the Biden regime says it has shelved the idea for now as it would be too polarizing, the sentiment from his people seems to be that it could be an option later, and that nothing is ultimately off the table when it comes to coercing unvaccinated Americans into getting jabbed. We see the Satanic agenda being exposed daily!

As you might expect, many truckers, if not most of them, are staunch conservatives who have no intention of ever getting injected for the Fauci Flu. Should China Joe try to force them to, we expect that many would simply quit, leaving the supply chain exposed to major vulnerabilities worse than the ones that already exist.

“... can you imagine an America where food is no longer brought across state lines because of Nazi-style ‘papers please demands’ being made on interstate highways at US state borders?” asks Stefan Stanford, writing for ‘All News Pipeline’.

Think Biden-imposed mass starvation could never happen? Think again!

Stanford warns that any such “laws” would almost certainly starve out the largest cities first, followed by the mid-range and smaller cities and eventually the rural areas. Americans would be *“fighting against each other for what little morsels of food are remaining,”* he says. This would appear to be the goal of Beijing Biden who, carrying on the legacy of Barack Hussein Obama, seems to want Americans to starve and fall to Islam.

Starvation has been used time and time again throughout history as a tactic of oppression by rogue governments against the people they are trying to rule. In this case, the goal is to make unvaccinated Americans so hungry that they are willing to roll up their sleeves to have their DNA permanently modified with experimental gene therapy.

What would actually happen, though, is that all Americans regardless of their vaccination status would end up suffering. With no food on the store shelves anywhere, it would be a true *“Hunger Games”* scenario where only the strongest survive.

It might sound a little far-fetched, especially to younger Americans who have never lived through this type of thing, but it is not out of the question. We are in uncharted territory as a society, if you can even call it that anymore.

“... at the end of World War II, Eastern Europe had front row tickets to a famine of biblical proportions,” Stanford writes. *“Starting in 1941, up to 1,000 citizens starved to death every day for three years.”*

“Bodies were discovered in the street and reports of cannibalism became a problem less than 12 months into the ordeal. Survivors ate anything they could get their hands on, such as birds, rats, and family pets. However, all those animals soon became hard to find.”

From there, the situation spiraled out of control as roving gangs quickly formed that attacked people in order to eat them. This is what happens when people get so hungry and desperate that they are willing to do anything for a meal.

The Taliban's declaration that it had taken control of Afghanistan on Monday put central bank watchers around the world on alert.

The nation's central bank, Da Afghanistan Bank, held \$9.4 billion in international reserves as of April, according to the International Monetary Fund.

International observers are concerned about what the Taliban would do with the funds if it got its hands on the central bank's assets.

"The vast majority of the Afghan Central Bank assets are not currently held in Afghanistan," a person familiar with the matter tells Axios.

"Any Central Bank assets the Afghan government have in the United States will not be made available to the Taliban," an administration official tells Axios.

Central banks usually hold reserves in gold or a widely held currency like the U.S. dollar. These reserves are used for transactions among central banks.

With NATO forces out of Afghanistan, the Russians will largely provide security in the region and China will be exploring the possibility of restructuring Afghanistan's supply and trade chains after twenty years of war.

Just ONE DAY after the United States collapse in Afghanistan, China's Eastern Theater Army Command dispatched warships, anti-submarine warfare aircraft, and fighter jets to surrounding maritime and aerial areas near the island of Taiwan. The publicly stated reason is for military "exercises" including joint live-fire assaults and testing the command troops' integrated joint operation capabilities, Senior Colonel Shi Yi, spokesperson of the command, announced.

FEARS of World War Three have been reignited after China warned Taiwan it should be "trembling" as the U.S. "won't protect" the island from invasion.

With chaotic scenes erupting across Afghanistan amid a Taliban takeover after President Joe Biden decided to withdraw U.S. troops after 20 years, Beijing has warned Taiwan "can't rely" on America in a crisis. China will exploit the Biden debacle with a move on Taiwan in short order as the U.S. government is on vacation and the Pentagon is in disarray as to the leadership vacuum caused by General Milley and Lloyd Austin.

Senior Colonel Shi Yi of the People's Liberation Army Eastern Theater Command said *"Recently, the U.S. and Taiwan authorities have been frequently colluding and making provocations, sending wrong signals that severely violates China's sovereignty and seriously damage peace and stability in the Taiwan Straits. They have become the biggest source of security risk in the region."*

The exercises are a necessary action taken based on the current security situation in the Taiwan Straits and the need to safeguard national sovereignty, and are a solemn response to the foreign interferences and the provocations by "Taiwan independence" forces, Col. Shi Yi continued.

He went on to say the PLA Eastern Theater Command will continue to boost its war preparedness and related training, and is determined and capable of crushing any "*Taiwan independence*" secessionist activities and resolutely safeguard national sovereignty and territorial integrity.

Li Haidong, a professor at the Institute of International Relations of the China Foreign Affairs University, said he believes the U.S. is set to "*cast aside*" Taiwan should Taipei push for independence. "*The U.S.' fleeing action is a warning to the Taiwan secessionists, or rather, a forecast,*" he told the Global Times.

Meanwhile, Jin Canrong - associate dean of the School of International Studies at the Renmin University of China - accused the US of holding "empty promises". He told the outlet: "*Those who have a clear mind should understand that Taiwan residents can't rely on the U.S.*"

"However, given the ideology-driven influence, some observers may see the situation in the island as being different from that in Afghanistan, but there's one thing in common - America's empty promise." It has been designed to fail ever since the Korean War of 1950-1953. Presidents since Truman have always prevented the U.S. military from winning wars. The purpose was always to bankrupt the U.S. Treasury!

China regards Taiwan as part of its territory and has long threatened to use force to bring it under its control.

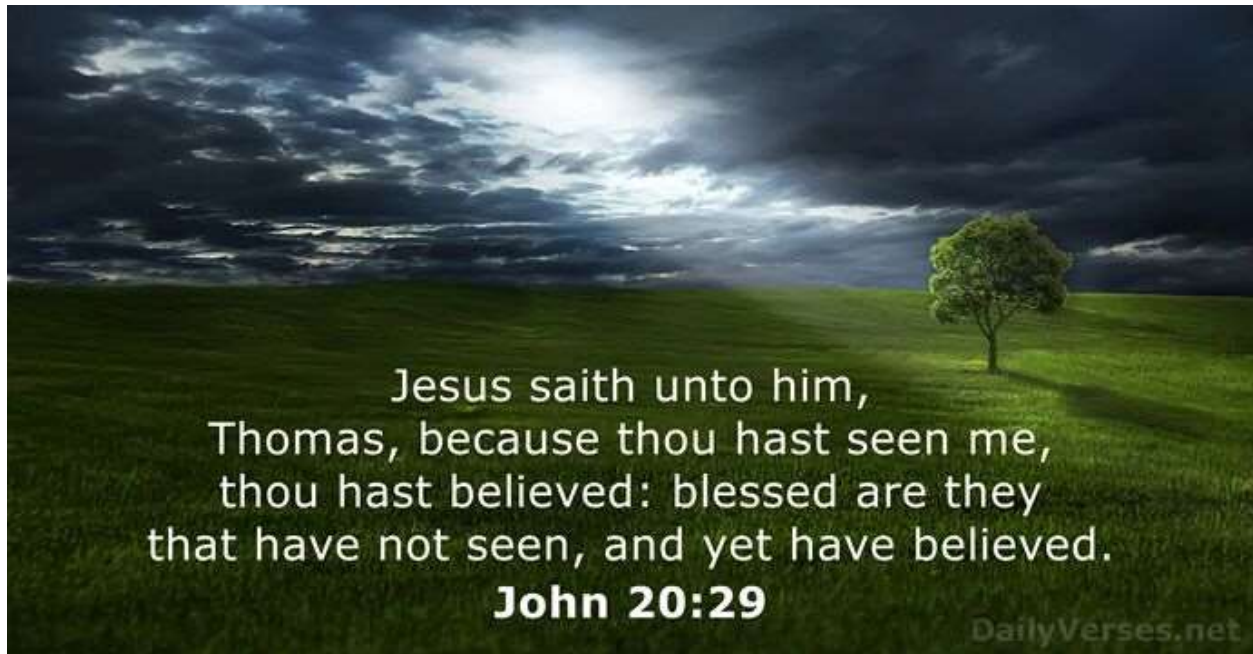

Relations between the pair have been strained after the Taiwanese President Tsai Ing-wen hit back at the "One China" policy pursued by Beijing, which does not recognize Taiwanese independence. Under the policy, Taiwan is viewed as a breakaway province of the country rather than a separate country with its own government.

The One China policy is a key cornerstone of Sino-U.S. diplomatic relations and was recognized by former president Donald Trump. President Trump was prepared to sell out the U.S. to China long before the election was stolen.

Washington, however, has always maintained a "robust unofficial" relationship with Taiwan and has continued to sell arms to the island.

Hal Turner offered an Editorial Opinion to what has happened with the Chinese CCP over the past few days, and it sums up the damages done in a way that the revives the Globalist plan to pit China and the U.S. on a collision course. Pay close attention to it as we can see how this will affect the Rapture of 325-million Chinese Christians, and

about 150-million American Christians. God's plan is remove ALL Christian believers, not selected countries.

“Yesterday's collapse of United States operations inside Afghanistan seems to have spawned China's military deployment today. After seeing the U.S. completely botch the removal of troops from Afghanistan, missing a May 1 Deadline agreed to by former President Trump, and then watching helplessly as the Taliban took over vast swaths of the country, and force-out the Afghan President, the United States looks weak to the rest of the world. Our competitors and adversaries see this weakness and are moving to exploit it.”

“This is what Americans caused when they failed to confront the election fraud that allowed Joe Biden to steal the US Presidency in November 2020. The world sees and knows that Biden is an illegitimate President, and now also sees the heretofore vaunted American people are little more than docile sheep, that won't even stand up and fight when their right to vote is erased by brazen, visible, fraud.”

“Things are likely to get much, much, worse for the United States as this charade of a Constitutional Republic is laid bare by an inept and illegitimate President, and a people who turned out to be political weaklings...”

“The United States has shown weakness in the disastrous action in Afghanistan, and for people with the communist mindset, when you show weakness you attract their violence.”

The rainbow Pope Francis joined six other prelates — including Archbishop Jose Gomez of Los Angeles and cardinals from Mexico, Brazil and El Salvador — in a public service ad in which he called vaccination against COVID-19 “*an act of love.*”

Pope Francis is now appearing in a new commercial aimed at Spanish-speaking countries, urging Roman Catholics everywhere to submit to the ‘respective authorities’ in an act of ‘universal love’ and agree to receive the COVID-19 vaccine.

How much more will the American people take lying down and get off their back side and take to the streets like the Freedom Loving French? Joe Biden does the bidding of his Vatican pedophile pope. If you think I am exaggerating, you know nothing of Jorge Mario Bergoglio’s history as a Jesuit Cardinal in South America!

Pope Francis is your False Prophet and even to many devout Roman Catholics he is called the Antichrist. But that role is reserved for the House of Rothschild to bestow

upon Prince Charles of Wales. It was the focus of my series ***“The Satanic Talmud & The Synagogue of Satan Part 6”*** that identifies the Antichrist’s identity. There is a problem with the archived link and I will need to replace it. It appears to have been tampered with since it does not open properly. Francis has frequently called for a New World Order with the Vatican as its head. He has stated that the UN is unable to assert global leadership and that the Jesuit-Vatican should be in the driver’s seat!

“And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.” –(Revelation 13:16-18) Read the link by Anthony Patch concerning the “Mark” of the Beast!

A better description of what the world faces at this juncture in time would be hard to find. Get ready to go home shortly. We have 19 days until Rosh HaShanah.

[BREAKING: US Says it Has No Plans to Rescue Americans Stranded Behind Taliban Lines](#)

Secretary of Defense Austin stated they don't have the capability. 40,000 Americans are now at the mercy of the Afghanistan Taliban! Pray for their well-being and deliverance.

“We’re hearing from reliable sources that the Taliban demand people’s phones, and if they find a downloaded Bible on your device, they will kill you immediately.”

“It’s incredibly dangerous right now for Afghans to have anything Christian on their phones. The Taliban have spies and informants everywhere.”

“Our brothers and sisters in Christ are telling us how afraid they are,” [said](#) Micah, a name assigned to him to protect his identity.

“In the areas that the Taliban now control, girls are not allowed to go to school, and women are not allowed to leave their homes without a male companion.”

Afghanistan is the second most dangerous place for Christians behind North Korea, according to the 2021 version of Open Doors' World Watch List.

Ben Garrison is an incredible creative cartoonist and this one indicates the world leaders are nothing but a bunch of clowns. It is precisely this characterization of the current state of world leadership that cries out for a leader the world will embrace as their future messiah, the Antichrist nonetheless. Each day brings one crisis after another for which man offers no solution or hope of resolution.

Christians who were already being forced to conceal their beliefs are now under a much bigger threat after the Taliban seized control.

“Secret believers in Afghanistan are especially vulnerable. Prior to Taliban rule, they already had a very difficult time living out their faith, as they had to keep it secret from their families for fear of being shunned, or worse, killed,” said Brother Samuel, Open Doors Field Director for Asia.

“Now that the Taliban is in power, their vulnerability increases tenfold. It would be almost impossible to be a follower of Jesus in this country,” Brother Samuel continued.

"We are monitoring the situation, but this is the time for us to ask God to have mercy not only on His people but on this country as a whole."

Pray like you have never prayed before, for those Joe Biden has sacrificed on the altar of Moloch as he eats ice cream at Camp David!

Remember, Jesus words to those at the end were defined by the Parable of the Talents. Already people are faced with uncertainty. How do we navigate our world with variables that seem to be changing by the minute? As for Christians, the Bible makes our directive explicitly clear. No matter what situation we are facing, we are to **"Occupy Until I Come"**.

Luke 19:12-27 is called "The Parable of the Talents" and is is our battle command. Jesus told this story because the people thought He was on earth to set up His kingdom right then. Jesus wanted them to understand that He would leave and come back a second time. In this story, a nobleman was going away to a far country to receive his kingdom but would one day come again. Then the nobleman says the line: **"And he called his ten servants, and delivered them ten pounds, and said unto them, 'Occupy till I come.'"** This is not an instruction of capitulation and retreat; it is a battle call to hold the high ground. We are not to surrender, submit to insane jabs, by signing our own death certificate. We are to push-back against the powers of Satan and his minions.

The lesson of this parable was that the Kingdom was not going to be set up at this time. The parable depicts a postponement, a period of waiting for the return of the nobleman to set up his kingdom. After the Resurrection, the disciples asked Jesus, **"Lord, wilt thou at this time restore again the kingdom to Israel?"** -(Acts 1:6). The Lord replied that it was not for them to **"know the times or the seasons, which the Father hath put in his own power"** (Acts 1:7).

The background of this parable may have been the experience of Archelaus, who had his royal palace at Jericho. He went to Rome to get the title of king and left Philippus in charge. The Jews sent 50 of their people to Rome to pressure Caesar not to give him the kingdom. They were received by 8,000 Jews in Rome and Archelaus never did get the title of king. Caesar Augustus made him ethnarch ("one ruling half his father's kingdom") instead.

The man in Jesus' parable is described as a nobleman. The Greek text literally refers to him as a "well-born man." The word for *well* or *noble* (Greek, **eugenēs**) is used only in two places in the New Testament. The Septuagint (i.e., a Greek translation of the Old Testament) used this same word to refer to Job in Job 1:3. The man in the parable was a noble or well-born man, expecting to go and receive a kingdom.

The **"far country"** to which Jesus referred was not Rome, but heaven. Within the parable, the allegorical significance of **"far country"** is that it simply indicates a delay.

The return of the nobleman—Jesus—would not take place soon. It would be after His Resurrection and Ascension, i.e., after he received for Himself a kingdom. The purpose for explaining the delay is that the Jews of Christ's day anticipated an immediate establishment of the kingdom of God upon the earth. The parable clarified that such was not the case, and that patience and perseverance must prevail among the faithful.

The “big picture” veiled by obscurity suggests to me our patience and perseverance is needed but for a short time. Keep Revelation 3:10 fresh in your mind: ***“Because thou hast kept the word of my patience, I also will keep thee from the hour of temptation, which shall come upon ALL the world, to try them that dwell upon the earth.”***

Blessings and Maranatha!
