

# *The Blessed Hope!*

***“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)***

*Diamond & Nugget #81*

***Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.***

*-(Luke 21:36)*

Events are churning so fast that it was only a few hours after I posted Blessed Hope #80, that several points of my suggested list of events that could bring on the Rapture were actively in play on the world scene. Lurking in the wings on the world stage the False Prophet is doing his part, whether it is mandating the vaxx, or greasing the path for immigrant invasion of the U.S. and Europe. They are all inter-connected, designed to destroy the EU and North America. The pope and the American Council of Bishops have been encouraging the illegal invasion from the southern border for decades but are working overtime with George Soros (Schwartz) to flood and overload the U.S. with immigrants.

But before I note what is happening, I really should mention the recent activities of the False Prophet. He has not been sleeping on the job, and in fact, given his age he is fulfilling his role better than most popes. Evangelist Mike Gendron, a former Roman Catholic has been hot on the pope's agenda within Klaus Schwab's Fourth Industrial Turning, or coming Global Reset, i.e., Tribulation!

Mike Gendron has been warning: **“Beware of the Most Dangerous False Prophet!”** As a former Roman Catholic, **Mike's observations become relevant to where we are on the calendar relative to the forthcoming seven-year Tribulation.**

In His sermon on the mount, our Lord Jesus Christ warned us to ***“Beware of the false prophets, who come to you in sheep's clothing, but inwardly are ravenous wolves”*** -(Matthew 7:15). ***They will direct people away from the narrow gate that leads to eternal life with Jesus and point them to the wide gate that leads to destruction in hell*** -(Matthew 7:13-14).” This is the most wicked and treacherous evil that false prophets ever commit. Many precious souls are dying every day, believing they were heaven bound, only to find themselves in the inescapable fires of hell.

## **The Nature of Deception**

This article was not written to be unkind to Catholics but to present the truth in love with the hope they will be challenged to examine their faith through the lens of Scripture (2 Cor. 13:5). **The nature of deception is such that no one knows they are deceived until they are confronted with the truth.** Tragically, many will perish having never been confronted with the truth of God's infallible Word and His Gospel.

## **Blinded From the Light of the Gospel**

The most influential and wicked false prophet in the world today is Pope Francis, who is leading 1.3 billion Catholics down the wide road to destruction. **Like his father the devil, he blinds people from "the light of the Gospel of the glory of Christ" (2 Cor. 4:4).** Like the devil, he holds his followers captive with a false gospel of works that is under divine condemnation (Gal. 1:6-9; 2 Tim. 2:26). The pope blinds them from the glory of Christ with a counterfeit Christ who returns daily, beckoned by the call of Catholic priests. This false Christ is worshipped in the Eucharist and sacrificed as a sin offering, an ungodly continuation of the work of redemption that the true Christ finished on the cross (John 19:30).

## **Blinded From the Glory of Christ**

You might be wondering how "infallible" popes came up with such nonsense. It is based on the following preposterous hoax that blasphemes the Lord Jesus Christ. **"When the priest announces the words of consecration, he reaches up into the heavens, brings Christ down from His throne, and places Him upon our altar to be offered up again as the Victim for the sins of man. It is a power greater than that of saints and angels. The priest speaks and lo! Christ, the eternal and omnipotent God, bows his head in humble obedience to the priest's command."** This scandalous quote is from the Faith of Millions, a book that carries the imprimatur and Nihil Obstat of the Vatican.

## **Deceitfully Disguised as an Apostle of Christ**

Pope Francis, and all his predecessors, are not only false prophets, they are false apostles, deceitful workmen, who disguise themselves as apostles of Christ (2 Cor. 11:3). Francis claims to be the Holy Father with supreme and unhindered authority over all people (CCC, para. 882). He also usurps the honor and authority of the Lord Jesus and steals His title "Head of the Church," the church He purchased with His own blood (Acts 20:28). **The pope not only has the spirit of antichrist as evidenced by his lies and heresies concerning our Lord Jesus Christ, he has also made many pronouncements that oppose historic Roman Catholicism.**

## **Lies, Heresies and False Teachings of Pope Francis**

Following are several of the pronouncements made by Pope Francis, which prove beyond a doubt that he is a false prophet with the spirit of antichrist.

- Jesus *"made himself sin and made himself the devil, the serpent, for us; he debased himself to the point of totally annihilating himself."* (L'Osservatore Romano, 4/4/17)

- *"There is no Hell" and "there is no punishment [for the lost soul], but the annihilation of that soul... with the death of the body their journey is finished."* (Veritas Vincit, 3/29/2018)
- *"I would be willing to baptize aliens if they came to the Vatican. Who are we to close doors to anyone — even Martians?"* (The Atlantic, 5/12/14)
- *"The Lord has redeemed all of us, all of us, with the Blood of Christ, all of us, not just Catholics. Everyone! Even the atheists."* (Millennial, 5/22/13)
- *"Many think differently or seek God in different ways, but there is only one certainty: we are all children of God."* (National Catholic Register, 1/7/16)
- *"God is not a divine being or a magician, but the Creator who brought everything to life. Evolution in nature is not inconsistent with creation, because evolution requires the creation of beings that evolve."* (USA Today, 10/14)
- *"The issue for those who do not believe in God is to obey their conscience."* (Independent, 10/5/15)
- *"The death penalty is inadmissible."* This heresy opposes God's Word (Genesis 9:6) and the Catechism of the Catholic Church. (Vatican News, 10/13/17)

### **Only the Truth Can Set Catholics Free**

Tragically, Catholics who are not abiding in God's Word, cannot discern truth from error and are easily deceived. They cannot discern between the all-sufficient Savior who offered Himself once for all sin, from an imposter who is offered every day by a sinful priest. Catholics cannot discern the true Gospel, that offers eternal life, from a false gospel, that offers only conditional life and a false hope. The only way Catholics can be set free from religious deception is to abide in God's Word to learn the truth that will set them free -(John 8:31-32).

### **The False Jesus of Catholicism**

God's Word tells us that Jesus offered Himself once for all sin for all time and there are no more offerings for sin -(Hebrews 10:12,14,18). The counterfeit Christ of Roman Catholicism is offered 200,000 times each day on altars throughout the world as a sacrificial "victim" for past sins (CCC, 1367). God's Word tells us Jesus will return a second time the same way He left, after the tribulation, in wondrous glory (Acts 1:11; Mat. 24:27,30; Heb. 9:28). The Catholic Jesus returns from heaven every day at the command of a priest (CCC, 1374).

When Catholics worship and trust the false Christ of the Eucharist, they are committing the most serious sin of idolatry and must be warned. Furthermore, another Jesus always leads to another gospel, which has no power to save (Rom. 1:16; Gal. 1:6-9). It is because of our love for Catholics that we have published this Gospel tract contrasting the true Christ from their false Christ.

Brother Mike Gendron is not representative of the Ecumenical Movement that began with Vatican II in 1965. When I entered pastoral ministry in 1965 as a young Methodist pastor, it was at a pivotal time for the church in the world. Prior to Vatican II, Rome called Protestants “heretics”, and following the Jesuit “kiss and hug” celebrations, Rome called Protestants “lost brethren”. Many of my fellow senior pastors left the Methodist Church, choosing to retire than to participate in this charade known as ecumenism. My district superintendent at our monthly Saturday morning breakfast meeting would offer words of caution to us newer student-pastors in the district about what we could and should not say. Vatican II was a Jesuit plan and orchestrated for a single purpose!

For the past half-century, the Jesuits achieved exactly what they set out to do in Vatican II, mute the voice of Biblical Christianity that traditional Protestant denominations once believed and taught.

Pope Francis released a video message advocating more left-wing politics on Saturday, in the latest attempt by the Vatican to reassure the world that Catholicism is on the side of social justice. The pope praised deceased felon George Floyd as a “Good Samaritan,” and provided a moral endorsement of violent BLM rioters.

*“Do you know what comes to mind now when, together with popular movements, I think of the Good Samaritan?” the Pope declared. “Do you know what comes to mind? The protests over the death of George Floyd. It is clear that this type of reaction against social, racial or macho injustice can be manipulated or exploited by political machinations or whatever, but the main thing is that, in that protest against this death, there was the Collective Samaritan who is no fool!”*

*“This movement did not pass by on the other side of the road when it saw the injury to human dignity caused by an abuse of power,” the Catholic figurehead continued. “The popular movements are not only social poets but also collective Samaritans.”*

The pope went on to repeatedly invoke the term “social justice,” and proclaimed that *“In my experience, when people, men and women, have suffered injustice, inequality, abuse of power, deprivations, and xenophobia in their own flesh – in my experience, I can see that they understand much better what others are experiencing and are able to help them realistically to open up paths of hope. How important it is that your voice be heard, represented in all the places where decisions are made. Offer your voice in a collaborative spirit; speak with moral certainty of what must be done.”*

There has never been any doubt that Pope Francis was a champion of Marxist and communist rhetoric, his reputation extends decades back to his roots in Argentina. He aligned himself with dictators and used his office as an instrument of control and subjugating the masses living in poverty. But now, Francis is using his track record as a socialist and Marxist on the world stage through Prince Charles, Klaus Schwab, and Bill Gates “Great Reset” and “Sustainable Development.”

This past weekend the pope also met with fellow Catholic Joe Biden's "double" to discuss the "climate crisis" as well as the abortion-tainted COVID-19 shots. Abortion was not mentioned according to official press releases. Biden lauded Pope Francis' leadership in fighting the climate crisis, as well as his advocacy to ensure the pandemic ends for everyone through vaccine sharing and an equitable global economic recovery.

I mention Joe Biden's "double" since the real Joe Biden is "brain-dead" on life support at Walter Reed Hospital. Here is the real Joe Biden as a senator from Delaware. The proof is in his ear lobes.

## FLASHPOINT

On the next page are photos of the real Joe Biden and that of his "stand-in" Arthur Roberts, with the Attorney-General Merrick Garlen taken on October 18<sup>th</sup>, 2021. In the side by side photos, you can see they are not the same person. The real Joe Biden is

the person on the right side of this side-by-side photo before his death in February. Arthur Roberts, a movie actor playing make-believe president J.B. is on the left side. Again, note the difference in their ear lobe. This scam has been going on for nine months and no one seems to be interested in exposing this fraud! Why not folks? This Blessed Hope will attempt to unravel this puzzle, the global implications and the many threads of this fraud. I will cover many of the more important threads and what they mean.

The Vatican came out early on to require employees of the Vatican be vaxxed. Francis got the placebo given to high ranking politicians in the Scamdemic to trick people into being vaxxed through fear-mongering. It has come out in the past week that Vaxx deaths are clustering in certain states and suggest the poisoned shipments of the vaxxes were concentrated in a dozen or so states, the story is unfolding as I type.

Justices Barrett and Kavanaugh voted against religious liberty and for COVID tyranny this past week.

Justices Amy Coney Barrett and Brett Kavanaugh voted *against* religious liberty and *for* COVID tyranny when they joined Chief Justice John Roberts and the far-left wing of the Supreme Court to deny a preliminary injunction to a group of medical professionals seeking an exemption from Maine's vaccine mandate.

If that decision has you scratching your head, this Blessed Hope will explain the religious switch. Pied Piper traitor Donald Trump nominated these two Jesuit-trained Georgetown University lawyers.

Back on February 22, 2016, James O'Shea writing for the Irish Central, raised this question: *"Is Donald Trump secretly part of a Jesuit plot to take over America? Conspiracy theorists have a field day as Jesuits respond to latest Donald Trump 'plot.'"*

Presidential hopeful GOPs Donald Trump: When the age that we live in becomes chaotic, cruel or unjust, we often turn to art to try and understand it.

*"If you thought the Donald Trump presidential race was strange to begin with, did you ever think he's just part of a worldwide Jesuit conspiracy and a secret agent for the St. Ignatius battalions?"*

That's the phony baloney claim made recently which has since gone to top of the Google search charts and drawn a response from a prominent Jesuit in the magazine 'America'.

As a conspiracy theory this knocks Obama born in Kenya into a cocked hat.

But as Father Jim McDermott of Jesuit 'America' magazine writes, it is one that has clearly gained followers.

He writes *"I know, it's just one crazy link. Except it's the one ranked highest by Google."*

*"It is also not the only post in the top 10 with a similar message. In fact only two of the top ten links about Donald Trump and Jesuit don't have something to do with the apparent Jesuit-Trump conspiracy that no one has had the courtesy to let me know we are in on. (If you only have time to sample one piece from this magical universe, may I suggest the first few minutes of this YouTube post about why, during the "Jesuit Paris Attacks," a woman believes Donald Trump got switched out by his clone. It begins "I was watching Fox News this morning."*

It seems where the Donald is concerned no theory is outlandish enough.

The author of the viral reddit post states Donald Trump is a *"false flag"* candidate, or not what he appears to be and writes:

*“Donald Trump has been the subject of media frenzy as of late. It seems that a considerable amount of those who subscribe to alternative sources of information are Trump supporters. They see him as some kind of rebel, going against both the Republican and Democratic parties.”*

*“Could it be though, that Donald Trump is a “false flag candidate” being used to secure the vote of the ever-increasing independent constituency in order to inevitably lull the US into a false sense of positive political novelty and thus to subsequently impose Jesuitical right-wing fascism leading to a nationwide race war as devised by the masters of class adversarialism, the Sons of Loyola?”*

The article goes on: “It very well could be. Here is why:

*“Trump claims to be Presbyterian, yet he attended Jesuit Fordham University for two years and then transferred to the covertly Jesuit-controlled University of Pennsylvania. Ah that’s it Donald attending Fordham University made it clear he was a Jesuit stooge. There’s also an anti-semitic passage saying the Jews and Jesuits are all in this together--SURPRISE.*

He even investigates Trump’s children. At the end the writer concludes: *“There you have it; Trump, in addition to being affiliated with both Jesuit Fordham and covertly Jesuit U. Penn, has at least three children who are all alumni of Penn and notorious Jesuit Georgetown University!”*

*“Whether it be Trump, Jeb Bush, Hillary Clinton or even Bernie Sanders that ends up winning the 2016 election, all of these candidates are connected to Rome and all will only serve to implement the tyrannical, neo-Romanist policies of the Papacy and its professed soldiers of the Jesuits.”*

I always thought Sanders, who is Jewish was really a secret Jesuit archbishop didn’t you? Bishop Bernie.

Lord what is the word coming to Donald Trump a secret Jesuit agent, the pope trying to take over America (he’s a Jesuit too, though he did just accuse Trump of not being Christian, which puts something of a spanner in the works for this plot).

Maybe we can start a new rally cry Vote for Donald Trump’s clone (let’s call him Dolly after the first cloned sheep. Our slogan? Hello President Dolly, goodbye impostor Donald.

*The above was a debunking effort by the Jesuit magazine ‘America’ to hit head-on the rumors circulating that Donald Trump was a Jesuit troll candidate!*

**Now, all that was in June, 2016. It is interesting confirmation of how hind sight is 20/20 in late 2021. In hind sight we have quite a revelation from the events since 2016. The Internet was full of “predictive programming” of the Donald becoming the president more than decade prior to 2016! Then what about 2024?**

The 6-3 ruling against religious liberty means that the group of Maine healthcare providers now face being mandatorily vaccinated for COVID against their religious beliefs or lose their jobs. *“With Maine’s new rule coming into effect, one of the applicants has already lost her job for refusing to betray her faith; another risks the imminent loss of his medical practice,”* Neil Gorsuch noted in his dissent.

Barrett and Kavanaugh provided the following explanation for voting the way they did (via [Business Insider](#)):

Barrett, joined by Kavanaugh in a concurring opinion, briefly remarked on their decision to block the request, citing the fact that the case was brought on the shadow docket, or as an emergency appeal. **Shadow docket cases do not involve oral arguments or full rulings that are part of normal cases.**

Barrett said the shadow docket should not be used for such a case, and that **the court should not make this decision “on a short fuse without benefit of full briefing and oral argument,”** implying she and Kavanaugh could vote differently if the case came before the court in a different way.

This vote by Brett Kavanaugh and Amy Coney Barrett against religious liberty and in support of COVID tyranny shouldn’t come as a surprise — their failure to protect and defend the Constitution is something conservative brethren warned about when Trump and McConnell pushed their nominations through the system.

Before her appointment to the Supreme Court, Amy Coney Barrett’s judicial track record revealed that she was a conservative fraud, not a strict constructionist of the Constitution. Instead, Barrett’s past showed that she was a big government, police state advocate who would continue the assault against our constitutionally protected liberties.

Constitutional attorney Robert Barnes reviewed over 40 cases involving Barrett and concluded that she would be a disaster as a Supreme Court justice when it comes to protecting liberty — particularly, religious liberty in the age of COVID tyranny:

*“Coney Barrett has sided with the government on the lockdowns, on uncompensated takings, on excusing First Amendment infringements & Fourth Amendment violations... [and] exclaimed the benefits of Jacobson, the decision that green-lit forced vaccines & carved out an emergency exception to Constitutional protection in ‘public health’ or ‘emergency’ cases used to justify forced sterilizations & detention camps.”*

Barrett concurred with the majority in Illinois Republican Party et al. v. J.B. Pritzker, Governor of Illinois to keep an illegal lockdown in place — effectively shredding the Constitution in the name of so-called safety — and she tried to hide her concurring vote behind the precedent established in 1905 in Jacobsen v. Massachusetts in order to avoid taking responsibility for her decision.

The Jacobson decision gave the green light to forced vaccines, and it carved out the emergency exception to Constitutional protection in “public health” or “emergency” cases used to justify state-mandated vaccinations. It was also the legal basis used in *Korematsu v United States* where the court ruled in 1942 that the internment of Japanese Americans was acceptable.

Back in August, 2021, Barrett rejected a request to block Indiana University’s vaccine requirement for students without providing any reason for doing so. She made the decision without consulting other justices as she could have done and suggested that there was no legal justification for the request.

When Anthony Kennedy resigned, Donald Trump and Mitch McConnell picked Brett Kavanaugh to replace him, and they promised that he was also a “strict constructionist.” But as we knew then and still know today, that was a lie.

Kavanaugh’s appointment to replace Kennedy was a bad deal for conservatives and the Constitution from the very beginning, and David Leach opposed his confirmation for several reasons:

- His appointment was part of a secret deal between Trump and Kennedy
- His opinion that a sitting US President is above the law
- His track record of rulings against the Fourth Amendment
- His testimony before the Senate that Roe v. Wade is “settled law”

Ironically, Washington, D.C. District Judge Colleen Kollar-Kotelly — a Clinton appointee, by the way — barred the Biden administration from firing unvaccinated federal employees last week, siding with plaintiffs who claimed that their employer’s refusal to allow a religious exemption to the vaccine mandate would result in irreparable harm.

With the recent FDA authorization of the COVID vaccine for children ages 5 to 11, and with the CDC likely to sign-off on distribution, vaccine mandates for children are pretty much a done deal. Based on what we’ve witnessed so far from Barrett and Kavanaugh, if a religious liberty challenge to such a mandate reaches the Supreme Court, it’s highly unlikely that children will be spared from COVID tyranny.

The Judiciary was designed by the Founding Fathers to be the weakest branch of government; the real power is supposed to belong to “we the people” via the legislative branch and the individual states. In post-Constitutional America, unelected judges have taken that power from us. History of Judicial Activism began a new era in the 1960s.

In the early 1960s justices on the Supreme Court discovered a way to subvert the will of the people and began overturning existing laws and creating new laws. No one has the power to remove them from office since they are appointed for life.

Just like Trump’s other Supreme Court appointee, Neil Gorsuch — the justice who reinterpreted Title VII of the Civil Rights Act to include the LGBT agenda — Amy Coney

Barrett and Brett Kavanaugh are judicial tyrants working to destroy religious liberty, and COVID tyranny provides the perfect opportunity for them to continue doing so.

In a desperate attempt to save their jobs, Donald Trump and Mitch McConnell claimed that the Republican Party had saved the courts and had put America back on the path to being the Constitutional Republic envisioned by the Founding Fathers. Not only was that a lie, their appointments to the Supreme Court have accomplished the exact opposite. Amy Coney Barrett and Brett Kavanaugh voted against religious liberty and for COVID tyranny, and they're likely to do so again in the future.

David Leach writes for 'The Strident Conservative', and his analysis corroborates what James O'Shea stated five years ago. Unfortunately, and no thanks to Vatican II, Americans either do not know their history or choose to be drawn into the Jesuit Vatican II scheme to subvert Protestant America. The Supreme Court is Roman Catholic, Jesuit-dominated on 7-2 decisions in most cases that matter to Rome!

The point is not so much that Donald Trump was present on a Catholic, Jesuit university campus — but the courses he took and what he gained from them. Every Jesuit college or university in the United States offers an iteration of the same core curriculum. And although Trump never released his college transcripts there is a slim chance he would have been able to finagle his way out of certain required courses. That means that during either his freshman or sophomore year, Donald Trump would have had to take a required course in either theology or philosophy. He likely took both.

I would simply remind you that Protestants do not attend Roman Catholic institutions, especially counter-reformation Jesuit institutions like Fordham University or Georgetown University, so Trump is at the very least an apostate for having done that. However, the

story does not end with Trump. We have essentially transitioned phase three of the "New World Order" plan to subvert the U.S.A. Everything is played out in dialectics:

1. Thesis - Nationalism (Bush)
2. Antithesis - Globalism (Obama)
3. Synthesis - Zionism/Global Fascism (Trump)

## POPE AND BIDEN WE FOOLED THE WORLD MASK IS SIGN OF CONTROL

31 October 2021

Biden removed his mask upon arrival at the Vatican gates, and did not appear to replace it  
<https://www.dailymail.co.uk/news/article-10149783/Biden-appears-happy-lose-mask-Europe-insists-wearing-domestic-engagements.html>

It is my thought that the Joe Biden Demo-crat steal of the 2020 election has been so botched that the Demo-crats are looking for ways to somehow, someday, bring back Donald Trump to finish the job. At 75, Trump could yet lead the nation as a Pied Piper into the New World Order. I do not trust Trump any more than I did Joe Biden or his doppelganger, Arthur Roberts. Donald Trump's telling the public to take the vaxxes in my way of thinking completely disqualifies him from holding office.

Check out who was on Presbyterian Trump's transition 2016 team:

- Mike Pence: self-described "evangelical Catholic."
- Chris Christie: Roman Catholic.

- Newt Gingrich: Roman Catholic, Council on Foreign Relations.
- Michael T. Flynn: Roman Catholic.
- Rudy Giuliani: Roman Catholic, 9/11 coadjutor, alleged Knight of Malta.
- Steve Bannon: chief strategist and Senior Counselor for the Presidency of Donald Trump, former executive chair of Breitbart News, Jesuit-trained from Georgetown.
- Lou Barletta: Roman Catholic.
- Chris Collins: Roman Catholic.
- Tom Marino: Roman Catholic.
- Devin Nunes: Roman Catholic.
- Anthony Scaramucci: Roman Catholic, Council on Foreign Relations.
- Eric Trump: Jesuit-trained from Georgetown and serves as board member of Georgetown's Business, Society, and Public Policy Initiative.
- Ivanka Trump: attended Jesuit Georgetown for two years.
- David Malpass: Jesuit-trained from Georgetown, Vice President of the Council for National Policy, leading appointment selections for positions involving economic issues.
- Keith Kellogg: Trained by Jesuit at Santa Clara University, leading appointment selections for positions involving national defense issues.
- Michael Catanzaro: trained by Jesuits at Fordham University and St. Ignatius High School, leading the policy implementation team for energy independence.
- Andrew Bremberg: Graduate of Catholic University of America, Executive Legal Action Lead.
- James Carafano: Jesuit-trained from Georgetown University, reported to be the primary aide to the State Department of Trump administration transition team.
- Ed Feulner: Roman Catholic former President and founder of Heritage Foundation; Jesuit-trained from Regis and Georgetown Universities.
- Ken Blackwell: Jesuit-trained from Xavier University, leading appointment selections for positions involving domestic issues.
- Boris Epshteyn: Trump's foremost spokesman; Jesuit-trained from Georgetown.

**Not a Protestant among this list of Donald J. Trump's advisers/handlers!**

You would agree that this is quite a list. If you don't know who the Society of Jesus is, better known as the Jesuits, I suggest you study up quickly or pray the Rapture is real soon. They are one of the hidden hands actually controlling events throughout the world, and have been doing so for over 500 years. A Jesuit is trained to assume the role his Superior-General [black pope] calls him to be in the Dialectic. It is not unusual to find Jesuits on opposing sides in politics. Coadjutor Jesuits [Catholic laity trained at Jesuit institutions of higher learning] are trained to play the roles of 'good Catholic' or 'bad Catholic'. This is the reason that the 2-party political system is a doomed failure for the public but perfect for the Jesuit Order. Keep in mind our 2-party system is structured on the old Roman Empire Senate. Did you know that Joseph Stalin was a Jesuit? As was Fidel Castro of Cuba! You don't learn those facts in public school.

The Jesuits almost always rule from within: they start an organization via their faithful controlled followers or infiltrate an already established one whose leadership they either install or, if already in place, control via any means necessary, including bribery, extortion, kidnapping and murder of family members and close associates. This method has worked for hundreds of years across the world, and is still in wide use today. When any important Jesuit issue is threatened, they find some clever means to convince Americans to vote in favor of the Jesuits' preference.

Their method was deceptively simple: as stated previously, divide a population into two main parties, control them from within, and keep them at odds with each other by designing each with different political, social and moral ideals. The two main parties' ideals were thought to represent those of the American people at that time, and it worked well for decades until the American people began questioning their political leaders and the very system they had believed in all their lives, and we began to see the first big cracks appears in the late 1960s.

The Jesuits steered American politics in any direction they chose. Since they controlled our government and its puppet politicians, they also controlled the economy and all markets and were able to create highly effective economic depressions when they chose, or according to the points in cycles of celestio-physics, thus bringing the American people to their knees on a whim.

Jesuit Donald J. Trump who went to Fordham University (a private Jesuit research university in the Bronx, New York City) urged his 'fellow Americans' and 'America loving patriots' to take the genetic (DNA) altering jab because in his own words: *"I recommend take the vaccines, I did it, it's good, take the vaccines, you got your freedoms"*. He said that despite at the time there were over 12,000 dead vaxxed Americans. The CDC acknowledged death total is pushing 18,000 as of November 1<sup>st</sup>, 2021. Anyone still believing this actor and his lies hopefully will wake up before they fall off a cliff, Q-anon was nothing but a psychological operation keeping the minds of Trump supporters in delusion, believing that he is a savior and still somehow running America from underground and that he cares about American people, when in fact Operation Warp Speed was signed under Trump's administration, he even bragged about it. Trump's friend Anthony Fauci is another trained Jesuit who is now in charge of vaccine distribution and propaganda worldwide. Moral of the story never trust a Jesuit, never trust an actor – Jesus Christ is your only salvation and Truth personified, He is the only one you should put your hopes in.

### **Signs the Asian Blockade is Working**

The Asian Blockade being conducted on the American west coast is having some success. Of course, my prediction that the Chinese financial markets would reflect it came true last week. It is proof positive that a debt-based economy is a pathway to failure. No nation in history has survived for long trying to outrun the invoices to the bank. They all end up using the same tactic. Evergrande is now technically bankrupt! Even greater importance is the fact that the Illuminati pitted China against the U.S. so that the two economic powers would destroy themselves in a kinetic war!

The Evergrande crisis “is the beginning of the end of China’s growth model as we know it.” The International banks long ago outfoxed the Chinese dream of ruling the world! The Jesuit intelligence apparatus were quick to see the Chinese double-cross and so China may just bring down the global pillars of finance by stiffing them all!

Stan Szymanski this past Tuesday reported that Dr. Marco Metzler, former Fitch analyst and now of DMSA (Deutsche Mrkt Screening Agentur GmbH) has announced that the past due interest payment on China Evergrande Group’s offshore international bonds that all of the western media reported as supposedly paid by Evergrande could not be confirmed. Today, he is stating that a second interest payment (\$47.5 Million) allegedly made by Evergrande according to the western media last night has not been paid, once again contradicting mainstream media reports.

According the GMBH News Release dated today (10/29/21)...’For the second time in a week, China Evergrande Group has apparently technically defaulted on interest payments to international investors.’... and in the opening paragraph goes on to say...’Should the Evergrande insolvency not only drag down China’s real estate sector, but the entire economy of the country, we will see even bankruptcies of major international banks - such as HSBC, fears DMSA senior analyst Dr. Marco Metzler.’

But there has been no official confirmation of any payment of that interest by the close of business at Hong Kong banks’...continued Metzler. Besides Encouraging Angels, the only other known doubts that concur with Metzler appear in a recent report in the ‘Financial Times’ Metzler says in the press release. In that document, Dr. Metzler goes on to state that no one replied to their inquiries as to an actual confirmation of the payments to creditors by Evergrande.

“Thus, the bankruptcy has apparently already technically occurred,” analyzes Metzler. Evergrande tried to raise capital through the sale of assets. The environment for asset sales is abysmal. The company tried to sell some of its assets to Hopson Development Holdings which fell through. According to reports, the deal would have been worth 20.04 billion Hong Kong dollars (\$2.58 billion), according to filings.

This is, of course horrible news for a company who has over \$300 billion of debt. How much good would \$2.6 billion from the failed Hopson deal done for Evergrande anyway? \$2.6 Billion is less than 1% of Evergrande’s indebtedness. A drop in the bucket! Evergrande is indeed, bankrupt no matter what the mainstream brokers of financial information ‘report’.

Stan Szymanski said, I have had friends basically say to me ‘If Evergrande defaults, so what? That doesn’t affect us’. In fact one friend sent me research from Janney dated 9/22/21 that stated: ...’While the U.S. is not immune to disruptions in other parts of the world, we do not view the situation in China as a contagion risk that will derail the bull market.’...

What a difference 6 weeks can make. Dr. Metzler's take on Evergrande is paradoxically opposed to the Janney position on the company as detailed in the press release from GmbH: ...'Metzler considers it quite possible that Evergrande could drag China's entire real estate sector down with it. This could have serious (huge) implications for major international banks such as HSBC. According to their figures for the third quarter of 2021, Hong Kong's largest bank alone has extended loans totaling 19.6 billion U.S. dollars to Chinese real estate groups. Assuming a recovery rate of five percent in the event of an industry-wide wave of bankruptcies triggered by Evergrande, HSBC alone would have to write off around USD 18 billion.

If one also considers the limited possibilities of international banks to access assets in China, there is much more at stake for HSBC: the default of the entire portfolio of Chinese corporate loans. And that, after all, is worth around \$196 billion. "Such immense lending to Chinese companies, without a guaranteed possibility of accessing collateral in China itself in the event of bankruptcy, is irresponsible in my view," says financial expert Metzler. With a return of five percent, HSBC would have to write off around 186 billion dollars in this case. That would correspond to almost the entire equity capital of the bank. And it would probably lead immediately to its bankruptcy. This would make HSBC a victim of the Chinese financial virus, which would then spread rapidly throughout the international financial markets. "The Great Reset - the final meltdown of the current global financial system - has long since ceased to be a purely intellectual thought experiment," concludes Dr. Metzler.

Since the rest of the financial media is not telling the truth about the interest paying ability of Evergrande, and actually reporting that the company has made payments when they have in fact not, I am inclined to buy the narrative of Dr. Metzler who has correctly analyzed the situation and told the truth.

"The Great Reset - the final meltdown of the current global financial system - has long since ceased to be a purely intellectual thought experiment," concludes Dr. Metzler.

Indeed. 'Concluding' the financial system is just what Evergrande is apparently in the gestational stages of.

Why should this matter to you? The ability of the American people to discern the truth of this situation and to act upon it in time to protect themselves and survive the coming financial reset is paramount. Obtaining sufficient amounts of food, water (& a way to purify), shelter, energy, security and if you have the resources -physical- precious metals will be the stuff that matters on the other side of the reestablishment of a new financial system. This is not financial advice-consult your financial advisor.

The most important thing is a right relationship with God almighty through His Son, Jesus Christ because without Him you are lost now and forever. You get to know God through His Word. Get to know Him now before it's too late.

In John Perkins book *'Diary of an Economic Hit Man'*, the author reveals how the Monroe Doctrine was implemented by the CIA through "predatory lending". If a 3<sup>rd</sup> world country needed a dam for electricity or a coal mine or a railroad, the CIA would arrange for the loans to that country.

The checks would arrive, the leaders would carve out 5% for themselves to maintain their lavish lifestyles and to support their private brothels and security forces, and the country would sink hopelessly into debt. Sometimes the dam or the airport would be completed, but the promised revenue somehow never showed up in time to make the loan payments. Proverbs 22:7 tells what happens next!

The CIA would foreclose, and take over the country. If the leader did not want that to take place, they simply assassinated him and placed their own leader into position. It was successful for 50 years.

China has been working this very same plan of "predatory lending" for about two decades aggressively known as the Belt and Road Initiative. Djibouti is one of many countries experiencing "buyer's remorse." Nestled in the strategic chokepoint between the Red Sea and Gulf of Aden, the tiny country has received little-to-no benefit from the projects which have left it with debts to Beijing equaling some 70% of its GDP. Well, any time you follow the Clinton Manual on Self-Enrichment, you run the risk of making the wrong enemies, and they will eventually gang up on you and kill you. The Clintons have had to exterminate dozens of people who were in a position to expose them and destroy their empire. Almost every politician and fake-stream reporter is deathly afraid to even mention their names to this day. They are not even permitted to mention George Soros' name on national media.

The game requires money and a complicated and well-armed method of protecting the revenue channels. The Clintons used a complex network of foreign and domestic non-profits to launder billions of dollars in taxpayer, drug cartel, and human trafficking funds to make their organization, and themselves, untouchably wealthy. They were ruthless and greedy. They worked at the highest levels of world governments without fear,

because they had a supernatural alliance with evil itself. They fear no one to this day and will live very long and very prosperous lives without want of anything or anyone. Even Donald Trump and John Durham would not touch them, despite all the campaign rhetoric and promises about draining the Swamp.

So, what is China to do, now that the Asian Blockade has stopped their cash flow? They cannot make their bond payments. Their economy, almost 70% of which is backed by real estate bonds, is going to collapse so hard it will make the bond market collapse of 1933, under Roosevelt's master plan to eliminate the American middle class, look like a speed bump. How will they hope to recover? They have incurred two years of back-to-back flooding of their agricultural yield wiping out 60% each year. The weather war has led to the financial war, and a kinetic war seems unavoidable!

The answer is plain enough to see, once you are shown. This is where the CCP road has come to an end! The CCP will have to do several things.

First, they will have to expand their holdings using military force. That may be in the form of cyber-technology, actual military force with weapons, or physical theft using soldiers they already have on the ground and in position. The CCP is already in full operation using two of these methodologies.

They are moving aggressively against anyone who cannot fight back. Or so they think. Amid persisting rumors that China is eyeing a future military presence at abandoned American bases inside Afghanistan, the neighboring country of Tajikistan has confirmed China has been approved to construct a special forces base on the Tajik-Afghan border. The Chinese military outpost will reportedly be located in the eastern Gorno-Badakhshan Autonomous Province in the Pamir mountains, coming at a moment of heightened border security as thousands of Afghans have in recent months sought to flee hardline Taliban rule.

However, while it's Chinese funded, a Tajik parliament spokesman said the base will host a special forces unit of the national police, and rejected that Chinese troops would be directly deployed there. But the question of joint training operations wasn't ruled out. This is just where the bleeding begins.

The Taliban is getting money and weapons. The CCP is getting access to minerals. Sounds like a good deal, until everyone realizes it will take 3 troops for every worker to keep the operation going. One to watch the worker, one to watch the soldier's back so the worker doesn't kill him, and the third to watch the other two soldiers so they stay sober and loyal. Physical size and strength is the only thing that keeps you from being hurt in these situations.

One thing is for sure, if the CCP cannot acquire assets in the next 90 days to get creditors to back-off in the credit markets, their economy will crash. When it does, 1.3 billion Chinese will swarm the CCP leadership and the results will be complete

extermination. The Jesuit Vatican Swiss Global elite will lose its entire military structure needed to wipe out the U.S.

They will only have three pillars left. They will have the Global Media Empire, the Global Economic Forum, and the Establishment Demo-crat Party. It's anyone's guess which one will be the next to fall. But fall they will!

The time is short, because the global financial markets cannot be just told to wait. The CCP is heavily in debt, and their collateral is just about worthless. America's GDP is 7% backed by real estate bonds. The CCP's is nearly 70% backed by real estate bonds. The CCP has been lending money to countries that cannot pay it back. When the Swiss Syndicate shut down the world to smash the Trump Economy, they also hurt the CCP's cash cow. Now, they have to move quickly. Very quickly is probably an understatement. I would not want to be living on Taiwan right now.

The Asian Blockade is working. Think about the 140 container ships waiting to unload on the west coast of the U.S. Payment for the goods on these container ships does not take place until they are unloaded onto a trailer chassis or a railroad car. Some of those ships can hold up to 20,000+ 20-and-40-ft. containers. I know you're saying where is the military in this? You cannot have a blockade without the military blocking the way. True enough. They are there. In countries that border the U.S. In space! Under the sea! How do I know this? It is a fact that the CCP trains troops in Canada, and Mexico and a few Central American countries.

An astonishing thing took place recently involving two United States fast-attack submarines, and what happened is an ominous sign that REAL trouble in the Pacific is much closer than any of us have been told.

On October 20, the USS Jimmy Carter, the single most advanced nuclear-propelled submarine in the U.S. Navy, popped-up near San Diego, and headed into port.

Two tug boats moved the sub to the dock, but the crew DID NOT go ashore. Instead, the tarps were placed along the entire dock to prevent satellite surveillance from seeing what was taking place. Normally they merely cover the screw, so that the enemy cannot extrapolate the sound it might make in the water by its design. This time, they covered the entire loading area so that material-handling equipment like fork-lift trucks could load the cargo in secret onto the sub. It could not wait for a clear satellite window. It could not wait for nightfall. It had to be done quickly, perfectly hidden in plain sight, and quickly.

It gets even better.

Three days ago, on October 25, another submarine from the same fast attack class, the USS Seawolf (lead boat in its class), popped-up outside San Diego just like the USS Jimmy Carter five days earlier, was brought to dock by two tugboats and the entire operation that was done with the USS Jimmy Carter, was done with the Seawolf. Two

of the world's fastest and most secret nuclear-powered subs, in less than a week arrived at the same port, docked near the world's most advanced Marine base.

It is publicly known that the USS Jimmy Carter features a unique 100-foot long extension called the Multi-Mission Platform (MMP), and it is an open secret of sorts that it is primarily focused on espionage missions, such as inspecting, manipulating, and even recovering objects of interest sitting deep on the ocean floor. The USS Seawolf, as well as her sisters, USS Connecticut and USS Jimmy Carter, were originally conceived primarily as advanced nuclear-powered attack submarines.

By the way, fast attack subs are sub-killers. They are ship killers. They are designed to locate and follow enemy missile subs and boats with the assignment of sinking them at a moment's notice. They don't carry nuclear weapons. They carry fast torpedoes and other weapons. Rumor has it they can travel at speeds up to 60 miles an hour underwater. No one really knows for sure.

This is or was top secret operation. It was vital to get this done, and it was done on an expedited time table. Once whatever was loaded into these subs, the subs were towed away from the dock and put immediately back to sea.

I need to impress upon you how warfighting operates. This war is one of ideologies that you see. But there is also the test of metal and blood that keeps the world free and at peace. When good men do nothing, evil will harvest the innocent. Rest assured that good men are doing something. They are doing everything that can be done short of firing the first shot to keep this evil at a distance. Any moment, that peace could be shattered. I have already explained the desperation of the CCP. I have informed you that time is running out for them.

These two fast attack subs were launched as an emergency alert. They left without some vital weaponry, because they had to be in position to stop what was out there. Two subs have already been damaged from undersea collisions in the Pacific. They were hit by other craft of some kind, underwater. These ships are made from half-inch thick titanium, and they were damaged while underwater. That may be why the Seawolf and the Jimmy Carter were launched so quickly. Whatever hit those other subs is still out there. It might be faster, tougher, and commanded by men who are not afraid to die underwater.

The weaponry that was loaded onto these two subs is so terrible and so new, it had to be expedited, hidden from sight, and immediately placed in harm's way. This underwater weaponry will change the balance of power at sea. It was developed away from the eyes of the Pentagon. Virtual Joe knows nothing about it. He is not privileged to see it. At this point Biden's "stand-in" is thinking his name is Brandon now!

"Devolution" is real, and the decentralization of Patriotic military forces is real. The real commander in chief knows what is going on. The CCP thinks they control the world, because they control the White House right now. That is exactly why devolution was

put into play by Jesuit advisors to President Donald Trump in November of 2020. He knew that while the CCP owns the Pentagon and the White House, they shall not own the military of patriots that he rebuilt. The Space Force is expanding, in complete opposition to the efforts by the Manchurian candidate who is disabling our military at every turn.

The sudden turn of events in our economy and the outbreak of the coronavirus pandemic should not surprise anyone because they are right in line with predictable patterns revealed by historical facts, but they have come as a big surprise to our nation due to living in a deep spiritual sleep caused by our rejection of a close personal relationship with God through Jesus Christ.

By rejecting the only light of the world, Jesus Christ, and replacing Him with a long list of lifeless counterfeits, including drugs, alcohol, sports, movies, sexual lusts, personal ambition, and on and on, we have fallen into deep darkness, so we have been blinded from seeing our adversary's schemes unfolding right in front of us. The alarms should have been sounding from the pulpits of our churches, but have been silenced because our leaders have failed to do the things they claim to believe, bringing upon themselves the same spiritual darkness and blindness.

The alarms should have been sounding in our schools, but they have also been silenced because we removed the Bible and prayer, making it illegal to teach the truth about God and history, so we have not heard about the dangers of an evil organization that has been expelled from over 83 nations over the past five centuries due to their unceasing treasonous, lying, murderous plots. We have not heard about how they have been responsible for the murders of hundreds of millions of people through wars, famines, diseases and murders. They are called the Society of Jesus, better known as the Jesuits, and they are now in charge of our federal government's coronavirus campaign from their leadership positions within our leading health organizations.

Most Jesuits are not priests in the traditional sense, just willing helpers, called coadjutors, who have been indoctrinated at Jesuit schools and universities where they are trained for their roles in advancing Jesuit schemes. The two primary agencies overseeing the coronavirus pandemic in the United States, most interestingly, are both headed by Jesuit trained coadjutors, Dr. Anthony Fauci is director of the National Institute of Allergy and Infectious Diseases (NIAID) and Robert R. Redfield until a few months ago was the leader of the Center for Disease Control and Prevention (CDC), which is the leading national public health institute in the United States.

Anthony Fauci has been seen often by national television audiences standing behind President Donald Trump at recent press conferences regarding the coronavirus. Robert Redfield has also been seen on recent national television news coverage of the coronavirus, often with Vice-President Mike Spence.

The following excerpt from a post on Catholiccourier.com provides some background details regarding Anthony Fauci.

Dr. Anthony Fauci, director of the National Institute of Allergy and Infectious Diseases (NIAID), has emerged for many as the voice of reason and integrity as the nation confronts the novel coronavirus pandemic.

Much of that he learned at Regis High School, a no-tuition, Jesuit-run boys college-prep school in New York City that is renowned as an academic haven. Fauci, a member of the class of 1958, told a group of alumni last May that attending the school *“was the best educational period I could ever have imagined having.”*

Fauci also is a graduate of College of the Holy Cross in Worcester, Massachusetts, another Jesuit institution. *“I take great comfort in knowing that when he speaks that he is speaking the truth and nothing but the truth,”* Jesuit Father Daniel Lahart, Regis’ president, told National Catholic Reporter.

*“I worry about a pandemic,”* Fauci said last May. Now, less than a year later, his worries are a reality and he has emerged as the public face of the fight against coronavirus. (Source: catholiccourier.com)

Dr. Fauci gave a speech on January 10, 2017, just ten days prior to the inauguration of Donald Trump. The event was sponsored by the Center for Global Health Science and Security, which is part of one of America’s leading Jesuit universities, Georgetown University. In his speech, Anthony Fauci made the following disturbing comment:

*“The issue of pandemic preparedness... if there’s one message I want to leave with you today based on my experience... is that there is no question that there will be a challenge in the coming administration in the arena of infectious diseases, both chronic diseases in the sense of already ongoing disease and we have certainly a large burden of that, but also there will be a SURPRISE OUTBREAK.”* Was Dr. Fauci psychic or knew something the rest of the nation did not know?

The coronavirus pandemic did not start until three years later in January 2020, so how did Anthony Fauci know there would be a surprise outbreak during Donald Trump’s administration? Nothing to see here folks, just keep moving right along.

The same Jesuit Georgetown University that sponsored Anthony Fauci’s speaking event also trained Georgetown alumni, Robert R. Redfield. Despite having a long history of controversial public health actions, he was appointed to his position as director of the CDC in 2018 by another Jesuit trained government leader, President Donald Trump, alumni of Fordham University, the oldest Jesuit University in the northeastern United States.

Redfield’s controversial history includes the CDC’s initial response to the coronavirus in February 2020 when they sent contaminated test kits to state labs, leaving them unable to get conclusive results and thereby effectively delaying our response to the growing danger. In 1992, the Defense Department investigated Redfield after he was accused of

lying about the effects of an experimental HIV vaccine which was developed under his oversight and ultimately failed to protect anyone from HIV.

These two men are just examples revealing who is truly running our nation. Sadly, it is not the American people. We have a lot of catching up to do, but the solution to our problems begins with sincere repentance before God, turning away from our sins to seek Him and walk in His ways. -(2 Chronicles 7:14) Those who do will find help from the Holy Spirit as He guides us into all truth. -(John 16:13).

If it has not struck you as conspicuous of all these connections between Donald Trump and the Jesuits, you might wonder who really drives the Trump Train. Donald Trump's sister gave \$4 million to a Jesuit University in Connecticut.

Maryanne Trump Barry, a judge on the Third U.S. Circuit Court of Appeals, detailed her donation to **Fairfield University** Wednesday at a press conference. A large portion of the money will fund the Center for Ignatian Spirituality.

Referring to Fr. Jeffrey von Arx, president of Fairfield, she commented, *"I believe that, in founding the Center for Ignatian Spirituality in 2014, Fr. von Arx has assured that Ignatian spirituality will guide those at Fairfield and even worldwide, who seek the gift it so uniquely can provide, while it continues to inform and influence the environment of learning at Fairfield."*

The donation will also fund scholarships for those studying at the Center for Ignatian Spirituality. An official video from the Center offers a testimony from one woman who says, *"It wasn't limited to Catholicism. I felt it was a broader belief."*

Father von Arx, remarking on the donation, said, *"The scholarships make possible the dreams of many worthy young men and women, and the Center will help meet the needs of today's world, while renewing the formative prayer tradition at the heart of the mission of the Society of Jesus."*

Maryann Trump Barry caught national attention when then-Republican nominee Ted Cruz called her a "radical pro-abortion extremist." She was appointed to the federal bench by Bill Clinton, and in 2000 she helped strike down a New Jersey law that would have banned partial-birth abortions. **Barry was awarded an honorary doctorate from Fairfield in 2011 and credits the Society of Jesus with "quite literally saving my life."**

### **The China – Jesuit Partnership. Who owns China?**

I am a historian by my college major and I follow the geo-political world news sites and so my understanding of geo-political events are not limited to the mainstream media. What I am going to share in closing off this Blessed Hope was posted by the Editor of cairnsnews by Bob Thompson\* (first published CN, April 11, 2020) (cairnsnews is from New South Wales, Australia).

Back in the mid-nineties I had occasion to meet a man who had a close connection to the Order of Jesuits and the Vatican. As circumstances evolved I saved the man’s life. We developed a friendship and this led to him opening up to me about his strange life and history. I will call him Max.

One day he reacted to a comment I made that maybe the communist Chinese regime wasn’t held in serfdom to the financial and political power of the old Satanist families of Europe which the Jesuit order represented. His response was, *“I am disappointed in you. I thought you were smarter than that! I thought you knew more than most people!”*

So I asked him to enlighten me, knowing that he had spent many years in China but what he confided in me was unexpected.

Chairman of Chinese Communist Party Deng Xiaoping partnered with wealthy European Jesuit families to relocate western manufacturing. During the later years of the Mao Zedong dictatorship the Jesuits sent Max into China to offer a partnership between the corrupt, wealthy European Jesuit families and the Chinese Communist Party.

Mao responded to this offer by throwing Max into jail. He remained there for quite a while until the Chinese leadership changed when Deng Xiaoping became Chairman in 1978 until retirement in 1992.

The Vatican again sent Jesuit emissaries into China with a renewed offer and Max was released from jail. The business deal was finally put into place and today has changed the world.

Socialist China had become an impoverished, backward country with a massive military and police force. The Jesuits offered to use their power over western nations through front organizations like the Masonic Lodge, banking industry, Catholic politicians and the various socialist assets such as environmental groups which they owned in Western Europe, America, Canada, Australia, New Zealand and the United Kingdom to transfer western industries to China.

These undercover organizations, some holding tax-free status in Commonwealth nations, pushed the free trade agenda upon the west to allow slave labor manufacturing of Chinese goods. In exchange the Chinese communists were to agree to share the profits from this trade deal with the same old Jesuit families in Europe.

This deal has been kept secret for decades. Free trade was forced upon the western nations by the fifth column members of their political parties. China was open for business. One Dr. Henry Kissinger became a key advisor to President Richard Nixon.

Business and industry in the west had more and more taxes and environmental regulations imposed upon them, then the unions forced unsustainable wage increases allowed under China sycophants and closet Marxists PM Bob Hawke and PM Paul Keating.

Meanwhile in China it was business and manufacturing at all costs. There was no harsh and unworkable green and red tape holding it up. Manufacturing in Australia and the U.S. could not compete with China's slave labor wages of \$2 a day and eventually were forced to relocate their factories to China and along with their valuable, state-of-the-art equipment and patents.

Hawke's ATO emissary shut down a Sydney manufacturing business.

I met with a Sydney manufacturer at the time who made high quality fittings for gas and water installations. He was visited by a representative of PM Hawke's office.

The businessman was given an ultimatum, "*shift your plant to China or you will be destroyed,*" the government agent told him. "*All costs will be paid by the government.*"

He refused the treacherous offer and a few weeks later had a visit from the Australian Tax Office. He was accused of tax fraud. His bank accounts were closed while the ATO conducted an investigation.

Consequently the businessman was unable to pay staff or suppliers. The ATO kept up the charade until he was made bankrupt. The business was sold and the plant and equipment went to a Chinese buyer.

One of the most destructive parts of the Jesuit – China deal was how China's much touted economic "miracle" was funded. China was allowed to establish a two-tiered monetary system. Their banks did not borrow from the global bankers and did not have to accept so-called foreign investment.

Just as the Australian Treasury created \$130 billion by adding extra zero digits in their computers a week ago, and how Donald Trump created \$2 Trillion interest-free by merging the Federal Reserve with Treasury. You will have to pay the interest on that Trump-created debt!

Australia funded large infrastructure projects such as the Snowy River Scheme and the Nullabor Railway in the same manner. Debt-free, no extra taxes, no user pay and no foreign ownership.

After the Chinese deal there were no howls from the Jesuit-controlled media about 'funny money', a reference to U.S. Federal Reserve Notes. China went from a third world cesspit into a massive economic powerhouse in a few decades thanks to the crushing economic loss to Australia and the U.S.

President Trump had begun to claw back America's former status as a manufacturing giant usurping China but the party duopoly of Australia continues to drag its feet under the weight of cash-backs, foreign bank accounts of politicians and bureaucrats and compromise on a scale that would make Indonesian politicians blush.

Now we are confronted by the Wuhan virus disaster and we have to manage with the loss of our own medical manufacturing industries which were shifted to China. The cost of this treasonous transfer of our industrial capacity to the police state of China is clear. This was the ultimate aim of the Jesuits in partnership with Communist China.

Max is long dead but we owe him thanks for revealing the truth about a very evil venture in which Australian politicians played a part. I am remiss that I ought to have shared this story much sooner. Please pass it on.

It was Clif High, a few months ago who exposed the fact that the CCP had double-crossed the International Bankers and set out to eliminate the Jesuit-controlled Vatican. Once the Rothschild's and the Vatican got wind of this they set about to take China down and make them pay by provoking a war between the CCP and the U.S. The Jesuits have always been provoking an attack on Russia as payback for being expelled from Russia in March of 1820,

Briefly, the objective of the Biden vote-buying operation is to begin World War III, starting with a NATO assault against Russia, in short a revival of the Eastward Expansion policy of the Clinton era. The effectiveness of drones against battle tanks is seen by Agency tacticians as enabling at last the technical means to defeat Russian armored forces.

The deeper motive involves the historical drive of the Jesuits, as led by Jesuit-trained intel executives like Bill Donovan, William Casey, Jesus Angleton and the Dulles brothers to exterminate the Orthodox Church of Russia, which has lasting ties with the churches of the East, including those ancient faith communities in the Aramaic-speaking region of Jesus of Galilee. The Vatican's sectarian vendetta that began with the Great Schism has since morphed into unholy alliances with the Hapsburg empire, its Frankist Jewish spies, the Rothschild Illuminati, and institutionalized by the Society of Jesus IHS, the Jesuits.

For agnostics and non-Christian, it is sufficient to realize that the concentration of secular and military power by manipulative pseudo-religious fanatics perverting the mass media, AI and microchipping tech is completely unacceptable and the Biden cabal must be stopped by the appropriate means in every situation.

In this geopolitical perspective, the Bidens' intrigues in Ukraine figure massively in the Jesuit-NATO preparations for a coming invasion of Russia, Belarus and Central Asia, and when that bloody work is done, Iran and China before victory in WWIII is declared by whoever is left standing. For Christians, only one word is needed to describe this looming Age of Evil, that being "Antichrist", which translates to the secularists as a big Bad Apple.

Here are other points that should encourage a serious and thorough investigation into election fraud by the Jesuit-controlled Biden-Pelosi criminal cabal.

Young Joseph Robinette Biden cut his teeth as a CIA recruit during the late 1960s on a secret mission to the Red Guards base on the Tianshan mountains of Xinjiang, China, to monitor Soviet nuclear blasts at the nearby Semipalatinsk test site. During the Sino-Soviet split, the CIA links with PLA chief Lin Piao were conducted through a Jesuit-created "Maoist" cult called the Progressive Labor Party (PL), comprised of brain-damaged victims of the MK-ULTRA program.

Biden soon thereafter returned to China as a freshman senator fronting for the CIA. As it turns out the airplane escape of the infamous leftist Lin Piao to evade arrest in Beijing was not toward the Soviet Union as in the official claim, but as revealed by a military intelligence officer actually destined for Alaska. The CIA and the Red Guards were partners in war crimes by then, involved in looting and sabotaging Chinese cargo trains loaded with war materiel destined for North Vietnam. The Sino-CIA relationship survived Lin Piao as the Soviet split continued to widen, culminating in their joint support for the Vatican's warlord Joseph Savimbi in the Angola wars, which killed more than 2 million civilians. Thus, the China link goes much deeper than bag-man Hunter Biden's lobbying for Beijing on Capitol Hill, which was just a small part of the funding flow from Beijing to Langley, Virginia, as an IOU to the CIA.

The Jesuit connections with China began in the 18th century mission of priest Matteo Ricci, as a papal emissary to the court of the Manchu Qing Dynasty, and have since never relented, with the continuing presence of Jesuits in Macau, a base for liaison and cooperation on the mainland.

Much of the anti-American tilt of late across Asia and Europe is a coordinated policy of the Jesuit order aimed at quelling the conservative American Catholic faction over Taiwan and Hong Kong policy, and suppressing any other points of resistance. Francis, the gray pontiff, being both white and black popes, must feel a kindred spirit with the ambiguous Biden's. The glitch in all of this is the fact that the real Joe Biden is brain-dead and on ice in Walter Reed Army Hospital and this stand-in has to be virtually tied to the teleprompter so as not to blow the whole cover of the Demo-crats and finding ways to disarm the ticking time bomb as well as a kinetic war with the CCP.

If you think this was long, and I said the Rapture was in the next two weeks, you might dismiss it out of hand without evidence to back up such a statement. However, when get the big picture you can now see why we are watching the Rapture coming at us in warp speed, to borrow from the Jesuit Donald Trump!

Although in BH#80 I listed ten reasons for the Rapture being imminent, I did not get into details on a few others that are just as critical as that which I focused on here. My point is that you will not perish from lack of knowledge, of which Hosea 4:6 brought up regarding the Jews, and that we could be out of here in relatively short order. Keep Revelation 3:10 fresh in your mind, as in a few chapters to follow in Revelation 9:15, 18, a third of humanity dies. We are so close to those events that follow in our Exodus event based upon the Israelite model of Exodus! Keep looking up and listening for the trumpet of God!

Blessings,
