What I am about to share will be affirming for some, and shocking for others. As many of you know, I have been extremely dedicated to investigating what has been happening in the world, on so many levels since March. I need to fully understand why so many things have not made sense to so many of us. I research EVERYTHING daily to look for answers and to educate myself. I have uncovered many things. What I am sharing with you today is the biggest thing I have uncovered that proves COVID was planned and executed.

This is not a conspiracy theory. THIS IS AN ACTUAL PLANNED CONSPIRACY.

These are straight-up facts right from the website of the people who planned this. It is right on the web in plain sight! But most people don't know it is there, and most people probably won't understand the depth of it unless someone breaks it down for you. Which I will try and do today.

I feel my duty is to share what I have learned. I am going to try and keep this simple, take out any of my opinions, take out my emotions, and just stick to the facts, which is what is happening in our world HAS BEEN PLANNED FOR DECADES.

As we know, many major inconsistencies have been coming out about COVID, especially in the last week alone. Tainted tests, falsified numbers, manipulated stats, doctors & scientists speaking out, lockdowns that don't make sense, predicted numbers TOTALLY WRONG.....we are all aware. It is also questionable how the virus originated. It is however evident 100% that there is a virus of some sort and it is still a mystery who gets affected, who dies, and who doesn't (although many of us in the health profession have theories about why this happens). This is not being disputed.

Now the riots.

There seem to be many incongruences with the black man who was murdered. Was he really who he said he was? Did he actually die? Was that man who choked him really a cop? Did they really work together? Why was his casket closed? Why was there a big funeral, with politicians and celebrities, when people all around the world are being denied funerals right now? Why were protests with massive vandalism, suddenly allowed to happen when a week earlier we were told NOT to go outside? Why were there riots? Why were there two groups of people, peaceful protestors vs. destructive rioters? Where did the rioters come from? Why were bricks planted in stacks all over rioting cities?

And on and on.....so many things have been said about the situation no one knows the real truth.

Imagine if everything we THOUGHT WE SAW WAS NOT TRUE. Imagine if we have been deceived, and the media and government convince you to think and feel in a certain way.....something to ponder for sure, but I would like to stick to the facts today. Everything I have found here took me about 24 hours to research.....I have been reading NON-STOP to figure this all out.

Key points found by my research:

Agenda 21, created in 1992, has been carried out by NGOs funded by foreign countries, and groups like the "Open Society Foundation" (George Soros) + Bill & Melinda Gates Foundation. One major objective of the Agenda 21 initiative is that every local government should draw its own local Agenda 21. Since 2015, [Sustainable Development Goals](#) are included in the newer [Agenda 2030](#).

Research this, too. The official name is the UN AGENDA 2030 FOR SUSTAINABLE DEVELOPMENT.

Also, you can check the Agenda 21 programs implemented in your city or town by searching Agenda 21 and the name of your city in Google.

I have provided a [link here](#) so you can read it all.

The United Nations Agenda 2030, adopted in 2015 and fiercely promoted and funded by the Gates Foundation, consists of 17 Sustainable Development Goals [aka Green New Deal] to be achieved by the year 2030. Soros & Rockefeller are also funders here. Surprise, surprise. (Gates is also the largest private donor to the World Health Organization, a U.N. agency.)

[Here is a list](#) of governments/entities/organizations where Bill and Melinda Gates Foundation is listed as a partner.

Setting the Stage

[New York, USA, 13 June 2019](#)– “The World Economic Forum and the United Nations signed today a Strategic Partnership Framework outlining areas of cooperation to deepen institutional engagement and jointly accelerate the implementation of the 2030 Agenda for Sustainable Development.”

On the surface, this looks very good. It looks beautiful and amazing! It looks like everything we have ever dreamed of, right? But it is more than meets the eye and once dissected reveals global government takeover of every nation across the planet, dismantling sovereignty, property rights, privacy, food systems, and more. The document reveals code words for a corporate-government fascist agenda fueled by globalist corporations like Monsanto and DuPont. (You all know how I feel about Monsanto). If you read through all this information and would like to discuss the pros and cons with me, I am all for it. But today I would like to stick to facts, not opinions.

Ok, next step. The [World Economic Forum](#) was created to support Agenda 21, now Agenda 2030. It was created in 1971. 49 years ago. [Bill Gates](#) is attached to both parties, the UN and also The World Economic Forum. In 2018, World Economic Forum states: “The multi-stakeholder approach defines the core of the 2030 Agenda and Sustainable Development Goals: *“We are all in this together.”*”

Wait a minute....sound familiar? Have we not heard this phrase being said over and over and over again since COVID started??” WE ARE ALL IN THIS TOGETHER??” This is not a coincidence.

On the surface, the website looks amazing. Stunning! Beautiful! All the words and mission statements we want to hear!! It is an action plan to support & implement the UN AGENDA 2030 FOR SUSTAINABLE DEVELOPMENT.

I IMPLORE you to sign up for alerts from this site. This way you can see the entire plan for GLOBAL GOVERNANCE. What does that mean? It means the New World Order where there is no borders, only ONE government, and only ONE world. THAT’S WHAT THIS WHOLE ACTION PLAN AND SITE IS FOR. It is an extremely mind-blowing comprehensive plan to change our entire world as we know it.

Once you start going into this VERY IN-DEPTH WEBSITE, YOU NOTICE MANY MANY THINGS. (I

*** You do not have to spend 24 hours on the website to understand it. I have laid this out for you very easy to just follow the links and do some readings and explorations, and come up with your own conclusions. I have done all the work for you to make this easy for you to navigate.*

When you click on one link, there are numerous tentacles for each topic. When you dig deeper there are more than 200 links PER tentacle. It is never-ending! It just keeps going and going! And everything is connected!! Why? *Because it is an entire, comprehensive, meticulous plan for changing our ENTIRE world.* No detail has not been addressed. I have literally already spent 24 hours on this site, researching, and have barely scratched the surface.

And it all starts with the COVID page.

The COVID page starts the journey of world globalization. See it for yourself [here](#). You will see what it is impossible for this crisis to be made ONLY in the last six months. The sections on “Global Governance” and “The Fourth Industrial Revolution” have been planned out for DECADES.

One world, one government, no borders. The plan is for ONE government to have complete control of all of us. Artificial intelligence, controlling our business, our food, our money, our privacy and our freedom is to be abolished forever.

I am not going to argue if it's good or bad because I know many of you will say it's good for the world. I mean, it has certainly been created under the guise of helping eradicate the world's problems, particularly issues with the climate. Discussing the merits, pros & cons of this, is for another conversation.

Today, I want to just stick to the facts: This GLOBAL GOVERNANCE HAS BEEN PLANNED, and if you go through this WeForum site very carefully you will see it all for yourself. To be honest, it is somewhat fascinating. Years and years and years of elite mastermind plotting and planning on how to take over the world come together on this ONE website.

COVID is just the first step to get the ball rolling and a way to release all these plans contrived for world domination. A scared and divided world is easy to dominate. Crushing the economy and installing fear-based reactions is how you get an entire world to behave and start from scratch.

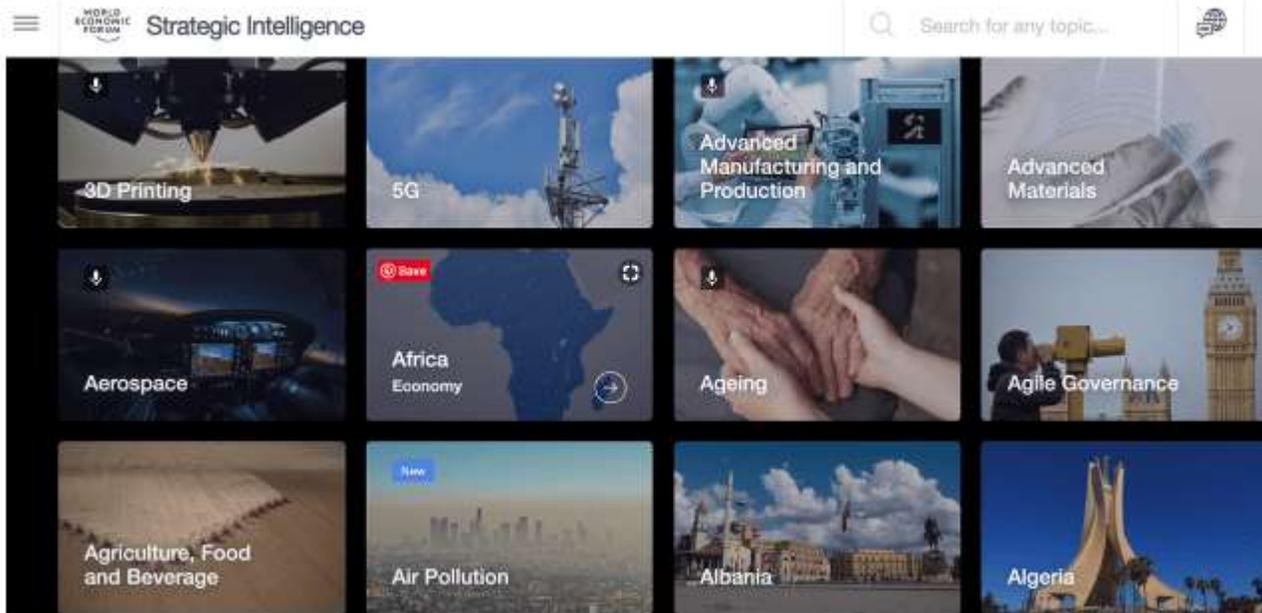

All of the data and all the videos throughout the site are updated daily. Supporting propaganda is published and released daily, written by those determined to talk over the world and all 7.7billion inhabitants. You have to be able to understand their 'fee'-good' language and read between the lines to know what is really being said. *(I had to re-read some things like 10 times to truly understand what the bottom line was or also to truly understand what they were not addressing).*

Also, when you go through the site, note how every single topic and CIRCLE is actually designed to look like the corona!! *This is not a coincidence.* This is because every single topic for world take-over STARTS with the coronavirus and COVID.

Look at the tentacles, then the sub-topics.

Remember, each sub-topic has 200+ MORE levels to go through. You do the math.

Here are some screenshots to highlight key terms:

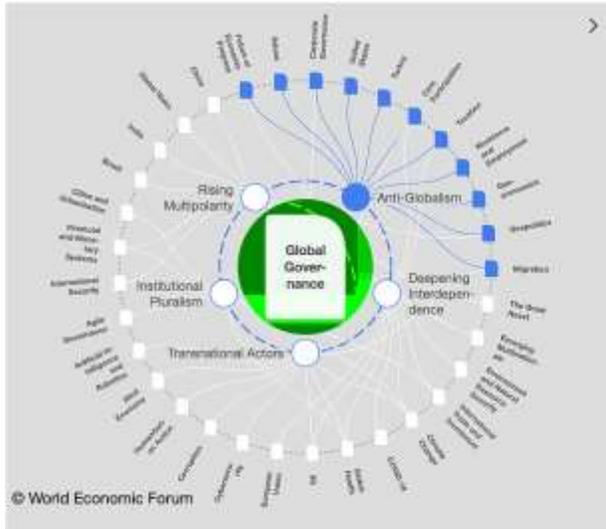

GLOBAL GOVERNANCE means one government. Notice how they even wrote on the first line that “nationalist backlash has made this difficult”. That’s the revolt by those who are AWAKENING.

You can blatantly see how this one government system affects all other topics and tentacles, and each topic goes down 200 levels. Look closely and you will see the interaction with 5G, Anti-Globalism, The Great Reset, Transnational ACTORS, Civic Participation, Artificial Intelligence and Robotics, Human Cyborgs.....and on and on and on.

Question: If GLOBAL GOVERNANCE is so good, why do they have to lie to us about it?

I mean, if it is truly for the greater good of the planet, isn't there a better way of doing this than causing death, pain, and destruction? And if they are lying now, what else will they be lying about?

THE COMPLEXITIES OF THIS WEBSITE ARE MIND-BLOWING & NEFARIOUS

Anti-Globalism

Nationalist backlash has made effective global governance more difficult, and more necessary. The widespread resurgence of nationalist and populist politics has raised serious questions about the future viability of global governance. This troubling trend is at least in part a result of backlash against globalization - against both the economic and social dislocations it has created, and those for which it is unfairly blamed. Populist movements generally express scepticism of perceived elites, and profess to having faith in the wisdom of ordinary people. Yet, paradoxically, they also tend to have an authoritarian bent and a belief in a strong leader able to mobilize the masses. Timely examples of successful populist movements include US President Donald Trump's election campaign, and President Recep Tayyip Erdogan's consolidation of political authority in Turkey. Such movements typically appeal to those people who are particularly worried about threats to their social status due to the actual or feared loss of a job, or to those troubled by immigration and changing cultural mores; in other words, people who feel especially vulnerable to exactly the kinds of changes unleashed by globalization.

In a number of countries, governments have failed to understand or address the true impact of globalization on many parts of the population. Even if countries have ultimately benefited from greater economic openness, the lack of sufficient attention being paid to those left behind has

The “4th Industrial Revolution” and “The Great Reset”

Know these terms. They are the plan for the next step after COVID has ground the world and all her inhabitants to a stop. *THIS IS THE PLAN*. Here’s a direct quote from the website:

“Using COVID to harness the power of revolution to change the economy”
 “Characterized by a fusion of technologies that is blurring the lines between the physical, digital, and biological spheres” *“In its most pessimistic, dehumanized*

form, the Fourth Industrial Revolution may indeed have the potential to “robotize” humanity and thus to deprive us of our heart and soul.”

The Fourth Industrial Revolution will change not only what we do *but also who we are*. It will affect our identity and all the issues associated with it: our sense of privacy, our notions of ownership, our consumption patterns, the time we devote to work and leisure, and how we develop our careers, cultivate our skills, meet people, and nurture relationships. It is already changing our health and leading to a “quantified” self, and sooner than we think it may lead to human augmentation.”

GLOBAL ISSUE

Fourth Industrial Revolution

Listen to an Overview

Summary

The Fourth Industrial Revolution represents a fundamental change in the way we live, work, and relate to one another. It is a new chapter in human development, enabled by technology advances that are commensurate with those of the first, second and third industrial revolutions, and which are merging the physical, digital, and biological worlds in ways that create both promise and peril. The speed, breadth, and depth of this revolution is forcing us to rethink how countries should develop, how organizations create value, and even what it means to be human. Now, as the world grapples with COVID-19, there is an opportunity to further harness the power of the revolution in ways that create a more inclusive, human-centred global economy.

Key Issues

- Ethics and Identity
- Agile Technology Governance
- Inequality
- Business Disruption
- Disruption to Jobs and Skills
- Security and Conflict
- Innovation and Productivity
- Fusing Technologies

Notice how COVID links to EVERY single topic in the wheel? That’s because COVID is the GATEWAY to consumption of humanity by the New World Order.

“The Great Reset” description, described below, shows that it is ABSOLUTELY IMPOSSIBLE for this plan to have been contrived in a few months, or even a few years. “There is an urgent need for global stakeholders to cooperate in simultaneously managing the direct consequences of the COVID-19 crisis. To improve the state of the world, the World Economic Forum is starting “The Great Reset.”

GLOBAL ISSUE

The Great Reset

Summary

The world is at a historic crossroads, as economies everywhere attempt to pull themselves out of a COVID-19-induced hiatus. The damage inflicted has been horrific in terms of lives taken and livelihoods lost. However, it also presents an opportunity to rebuild in a more inclusive and responsible way. Coronavirus-related lockdowns provided a glimpse of what is possible in terms of limiting pollution, and the pandemic's human toll illustrated what can happen when healthcare systems and social safety nets are neglected. Now, it is up to leaders in the private and public sectors to seize the moment and help create a more equitable and sustainable society.

Key Issues

- Harnessing the Fourth Industrial Revolution
- Strengthening Regional Development
- Revitalizing Global Cooperation
- Developing Sustainable Business Models
- Restoring the Health of the Environment
- Redesigning Social Contracts, Skills and Jobs
- Shaping the Economic Recovery

Look at these timelines I found about the history of UN Meetings. Now that you know what the “Fourth Industrial Revolution” and “The Great Reset” are, look at the years:

2010	27–30 January	Improve the state of the world: rethink, redesign, rebuild
2011	26–30 January	Shared norms for the new reality
2012	25–29 January	The great transformation: shaping new models
2013	23–27 January	Resilient dynamism ^[33]
2014	22–25 January	The reshaping of the world: consequences for society, politics and business
2015	21–24 January	New global context
2016	20–23 January	Mastering the fourth industrial revolution
2017	17–20 January	Responsive and responsible leadership
2018	23–26 January	Creating a shared future in a fractured world
2019	22–25 January	Globalization 4.0: shaping a global architecture in the age of the fourth industrial revolution
2020	20–24 January	Stakeholders for a cohesive and sustainable world ^[34]

My research also led me to read about The New World Order and The One World Government agenda. One plan is to remove the requirement for food labeling and to restrict and ultimately prohibit the sale of all natural health products. Eventually, eating from nature will not be allowed. They will provide us with Monsanto-contrived food, focused on a specific number of calories per day provided by a combination of proteins and carbohydrates.

This is a [MUST WATCH VIDEO](#) that takes a deep dive into just what we're discussing. BE SURE to watch and share.

Agenda 2030 Revisited

Agenda 2030 is an action plan devised by the U.N. and signed by 196 governments. One of its expansive goals is the depopulation of humanity because "we are too many". It is promoted by the elites as a way to "save the planet" and the plan is to be implemented by governments worldwide. Look at these statements, made by various globalists, revealing their plans.

"This is the year when world leaders must work with all sectors of society to repair and reinvigorate our systems of cooperation. Not just for a short-term benefit, but for tackling our deep-rooted risks." ~ World Economic Forum in Jan 2020.

"The present vast overpopulation, now far beyond the world carrying capacity, cannot be answered by future reductions in the birth rate due to contraception, sterilization and abortion, but must be met in the present by the reduction of numbers presently existing. This must be done by whatever means necessary". ~ UN statement

"A total world population of 250-300 million people, a 95% decline from present levels, would be ideal." ~Ted Turner, UN

"Isn't the only hope for the planet that the industrialized nations collapse? Isn't it our responsibility to bring that about?" ~ Official statement by Maurice Strong, Secretary-General of the UN and Chairman of the Earth Summit, 2015.

"We've got to ride this global warming issue. Even if the theory of global warming is wrong, we will be doing the right thing in terms of economic and environmental policy." ~Timothy Wirth, President, UN Foundation.

"The world today has 7.7 billion people. That's heading up to about nine billion. Now if we do a really great job on new vaccines, health care and reproductive health services, we could lower the population by perhaps 10 or 15 percent." ~ Bill Gates, TED Talk, 2010

The bulk of humanity has become expendable. We were good for the Elite to have around when they could exploit our labor and enjoy the fruits of humanity's talents. The information, research and advisory firm, Gartner, predicts that least one-third of jobs

now performed by humans will be [replaced](#) by software, robots, and smart machines by 2025.

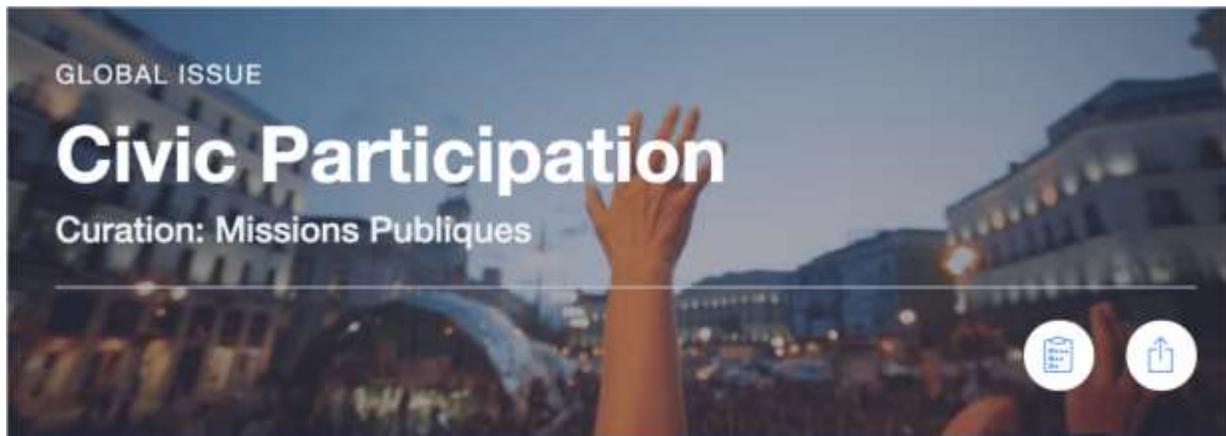

Robots do not require food, employee benefits or wages. They can work 24/7/365 without complaining or needing a break. According to Ray Kurzweil, the director of engineering at Google, by 2029, robots and other forms of technology will have reached human levels of intelligence and functionality *and beyond*. Replacing humans was predicted as far back as the 1960s; the time has arrived for this to become a reality.

By 2030, there will be no natural babies born. Zero. All babies will be chosen with a specific design and program. I heard this on a video from the World Economic Forum site and I fact-checked this bizarre statement *four times*.

David Spangle, Director of Planetary Initiative at the UN wrote in his 1978, "*Reflections on the Christ*," (Chapter IV, pgs 44-45):

"No one will enter the New World Order unless he or she will make a pledge to worship Lucifer. No one will enter the New Age unless he will take a LUCIFERIAN Initiation."

This is a topic for a different day, but know that the hydrogel intended to be in the COVID vaccine is activated by an enzyme called *luciferase*.

Summary

Bottom-up forms of civic participation are flourishing in a new era powered by technology. People are getting organized quicker and in greater numbers, and tools like petitions, direct action and civil disobedience are back on the scene. At the same time, the past couple of decades have brought an increasing number of top-down forms of civic participation - where the political system itself includes processes like citizens' juries, participatory budgeting, and

I am sorry if this information is hard for you but it is my duty to tell you and warn you what is happening. I do have hope that we can change the course of this coming travesty.

We must SPEAK UP and STAND UP.

We must think clearly and operate from a place of unity and love.....that's how we foil up their plans.

They want us afraid and divided. They don't want us powerful and we are powerful when we are empowered with knowledge and we work together with love and respect. We were all born in this time for a reason. We all have a role to play.

Praying for peace and taking ACTION is critical for the preservation of the human species.

It is going to get darker and uglier before it gets better, but the truth will win. Stay strong, keep your vibrations high, and radiate love. That's what the world needs. We need to collectively raise our vibration and our spiritual position. We are fighting powers and principalities of darkness. I believe love and truth always win in the end.
