

# The Global Economic Reset Marks The Beginning of The Great Tribulation

**Globalists Reveal That the “Great Economic Reset”  
Is Coming In 2021 But It Is More Insidious Than That!**

**Part 5**

**World Economic Forum: The Institution Behind "The Great Reset"  
Who Front for the House of Rothschild**

In a recent article Steven Guinness, writing at Zero Hedge briefly examined a number of advances that global planners made prior to the World Economic Forum's announcement in June of a new initiative dubbed '*The Great Reset*'. ***Taken together, the United Nation's Agenda 2030, the Paris Climate Agreement, the Fourth Industrial Revolution and the Bank for International Settlement's 'Innovation BIS 2025' offer an insight into how elites want to turn the lives of every man, woman and child inside out over the course of the next decade.***

Details of '*The Great Reset*' came as nations began to reopen their economies following a global lockdown. The extent to which Covid-19 has dominated every facet of existence – largely because of unrepentant media coverage – has encouraged people to focus exclusively on what life will be like after the virus. For many, what came before now seems inconsequential. It is anything but. It is the New World Order on Steroids!

For example, three months before Covid-19 took hold, a global pandemic exercise – '[Event 201](#)' – was held in New York City which simulated the outbreak of a coronavirus that originated in Brazil. The scenario focused on a novel zoonotic virus that '***transmitted from bats to pigs to people that eventually becomes efficiently transmissible from person to person, leading to a severe pandemic.***' Whilst initially some countries managed to control the outbreak, it ended up spreading and '***eventually no country can maintain control.***

The simulation Event 201 culminated at the eighteen month mark with 65 million people having died and severe economic and societal repercussions. But that was not the end of it. As the scenario explained, '***the pandemic will continue at some rate until there is an effective vaccine or until 80-90% of the global population has been exposed. From that point on, it is likely to be an endemic childhood disease.***

Event 201 also used the exercise as an opportunity to warn that '***the next severe pandemic will not only cause great illness and loss of life but could also trigger major cascading economic and societal consequences that could contribute greatly to global impact and suffering.***

That pandemic arrived in the shape of Covid-19, just weeks after the conclusion of Event 201.

On examining the makeup of Event 201, we find that the three institutions at the forefront of the simulation were the **World Economic Forum**, the **Johns Hopkins Center for Health Security** and the **Bill and Melinda Gates Foundation**.

It is through the WEF that '*The Great Reset*' was launched, in what the group said was in response to Covid-19. Johns Hopkins has been the go to source for the number of global infections and deaths thanks to their newly established '[Coronavirus Resource Center](#)'. And then you have [The Bill and Melinda Gates Foundation](#) which has been a driving force behind efforts for a vaccination to be found and disseminated worldwide.

Event 201 consisted of fifteen 'players' that represented, amongst others, airlines and medical corporations. Out of these fifteen, six are direct partners of the World Economic Forum. One is the Bill and Melinda Gates Foundation, with the other five being Marriott International (hospitality), Henry Schein (medical distribution), Edelman (communications), NBC Universal Media and Johnson & Johnson.

To be clear, these organizations do not all operate at the same level within the WEF. For instance, the Bill and Melinda Gates Foundation and Johnson and Johnson are '[Strategic Partners](#)', the highest stage for a participant. Only 100 global companies are Strategic Partners, and to qualify for an invitation they must all have '**alignment with forum values**'. Not only that, but the Strategic Partners '**shape the future through extensive contribution to developing and implementing Forum projects and championing public-private dialogue.**'

Beneath the Strategic Partners are the '[Strategic Partner Associates](#)', which is the category that NBC-Universal Media fall under. Strategic Partner Associates include some of the largest businesses in the world, who are '**actively involved in shaping the future of industries, regions and systemic issues**'. According to the WEF, associates also believe in '**corporate global citizenship**'.

Next come the '[Partners](#)' which comprise of Marriott International, Henry Schein and Edelman. Partners are described by the WEF as '**world class companies**' who possess a '**strong interest in developing systemic solutions to key challenges**'.

Finally, there are the '[Associate Partners](#)'. Whilst they participate in '**forum communities**' and have a '**strong interest in addressing challenges affecting operations and society at large**', none were present at Event 201. This is a highly structured and organized global system being rolled out day by day.

Every major industry in the world, be it banking, agriculture, healthcare, media, retail, travel and tourism, is directly connected to the World Economic Forum through corporate membership.

What is evident is that the deeper a corporation's ties with the WEF, the greater its ability to '**shape**' the group's agenda. Which brings us to what the WEF call their *Strategic Intelligence platform* – the mechanism which brings all the interests that the WEF concentrate on together?

They describe the platform as '**a dynamic system of contextual intelligence that enables users to trace relationships and interdependencies between issues, supporting more informed decision-making**'.

As for why the WEF developed Strategic Intelligence, they say it was to '**help you (businesses) understand the global forces at play and make more informed decisions**'. But it is so much more than this blah blah. It is about the One World Economy and the control mechanism to achieve Lucifer's plan for enslavement.

Growing the platform is an ever present goal. The WEF are always looking for new members to become part of Strategic Intelligence by joining the '*New Champions Community*'. But they will only allow a new organization on board if they '**align with the values and aspirations of the World Economic Forum in general**'. A 12 month '*New Champions Membership*' comes in at €24,000.

In arguing for the relevance of Strategic Intelligence, the WEF ask:

***How can you decipher the potential impact of rapidly unfolding changes when you're flooded with information—some of it misleading or unreliable? How do you continuously adapt your vision and strategy within a fast-evolving global context?***

In other words, Strategic Intelligence is both an antidote to 'fake news' and an assembly for corporations to position themselves as global pioneers in a rapidly changing political and technological environment. That's the image they attempt to convey at least. As I will share, this is a UK-Rothschild Master Plan to link every single individual, business, organization, government entity into an integrated, well-oiled collective. President Trump stood no chance for "Making America Great Again" when you grasp the breadth and depth the World Economic Forum has on this Economic New World Order.

We can find more involvement from global institutions via Strategic Intelligence. The platform is '***co-curated with leading topic experts from academia, think tanks, and international organizations***'.

'Co-curators' are perhaps the most important aspect to consider here, given that they have the ability to '***share their expertise with the Forum's extensive network of members, partners and constituents, as well as a growing public audience***'.

It is safe to assume then that when co-curators speak, members and partners of the World Economic Forum listen. This in part is how the WEF's agenda takes shape.

Who are the co-curators? At present, they include Harvard University, the Massachusetts Institute of Technology, Imperial College London, Oxford University, Yale and the European Council on Foreign Relations.

It was the Massachusetts Institute of Technology that in March published an article titled, '[We're not going back to normal](#)', and just as Covid-19 lockdowns were being implemented worldwide. Citing a report by fellow co-curator Imperial College London that endorsed the imposition of tougher social distancing measures if hospital admissions begin to spike, MIT proclaimed that '***social distancing is here to stay for much more than a few weeks. It will upend our way of life, in some ways forever.***'

As well as co-curators there are what's known as 'Content Partners', who the WEF say are '***amplified by machine analysis of more than 1,000 articles per day from carefully selected global think tanks, research institutes and publishers***'.

Content partners include Harvard University, Cambridge University, the Rand Corporation, Chatham House (aka the Royal Institute of International Affairs), the European Council on Foreign Relations and the Brookings Institute. Most of these "think" tanks are non-profits, and have exploited their tax-exempt status for decades.

Getting into specifics, the way Strategic Intelligence is structured means that the higher your positions in the corporate fold, the more 'platforms' you can be part of. Whereas Strategic Partners must be part of a minimum of five platforms, Associate Partners only have access to a single platform of their choice.

Here is a list of some of the platforms hosted by the World Economic Forum:

- **COVID Action Platform**
- **Shaping the Future of Technology Governance: Blockchain and Distributed Ledger Technologies**
- **Shaping the Future of the New Economy and Society**
- **Shaping the Future of Consumption**
- **Shaping the Future of Digital Economy and New Value Creation**
- **Shaping the Future of Financial and Monetary Systems**
- **Shaping the Future of Technology Governance: Artificial Intelligence and Machine Learning**
- **Shaping the Future of Trade and Global Economic Interdependence**
- **Shaping the Future of Cities, Infrastructure and Urban Services**
- **Shaping the Future of Energy and Materials**
- **Shaping the Future of Media, Entertainment and Culture**

As we will look at in a follow up article, 'The Great Reset' is made up of over 50 areas of interest that are formed of both 'Global Issues' and 'Industries', which in turn are all part of the WEF's Strategic Intelligence platform. Celeste Solum (a former FEMA manager) says the system is 250 levels deep, a clear indicator of the global organization network we are confronted with.

Corporate membership is essential for the World Economic Forum to spread its influence, but in the end every single member is in compliance with the agenda, objectives, projects and values of the WEF. These take precedent over all else.

Also in concurrence with the WEF is the organization's Board of Trustees. Three of these include the current Managing Director of the **IMF**, Kristalina Georgieva, **European Central Bank** President Christine Lagarde and former **Bank of England** governor Mark Carney. The **Trilateral Commission** is also represented amongst the trustees through Larry Fink and David Rubenstein.

To add some historical context to the WEF, the group dates back to 1971 when it was originally founded as the European Management Forum. At the time the conflict in Vietnam was raging, social protest movements were building and the United States was about to relinquish the gold standard. By 1973 when the post-World War Two Bretton Woods system collapsed and the Trilateral Commission was formed, the Forum had widened its interest beyond just management to include economic and social issues. From here onwards political leaders from around the world began to receive invitations to the institution's annual meeting in Davos, Switzerland.

The World Economic Forum is classified today as the '*International Organization for Public-Private Cooperation*', and is the only global institution recognized as such. It is in this capacity that the forum '*engages the foremost political, business, cultural and other leaders of society to shape global, regional and industry agendas.*'

Like how the **Bank for International Settlements** acts as a forum to bring central banks together under one umbrella, the WEF plays the same role by uniting business, government and civil society.

The WEF declare themselves as being a '**catalyst for global initiatives**', which is accurate considering '*The Great Reset*' agenda originates at the WEF level. And it is initiatives like '*The Great Reset*' and the '*Fourth Industrial Revolution*' which the WEF say are distinguished by '**the active participation of government, business and civil society figures**'.

The Fourth Industrial Revolution (4IR) narrative was developed out of the World Economic Forum back in 2016. The WEF have confidently asserted that because of 4IR, '**over the next decade, we will witness changes tearing through the global economy with an unprecedented speed, scale and force. They will transform entire systems of production, distribution and consumption**'.

Not only that, but the world is on the verge of witnessing '**more technological change over the next decade than we have seen in the past 50 years.**'

The group now plans to use '*The Great Reset*' as their theme for the 2021 annual meeting in Davos, Switzerland as a vehicle for advancing the 4IR agenda. The 4IR is marketed as a technological revolution, where advancement in all the sciences '**will leave no aspect of global society untouched.**'

And like their global counterparts, such as the BIS and the Trilateral Commission, the WEF nurture their agenda gradually and seek to maintain their focus on the long term rather than '**the emergencies of the day**'. In their own words, '**success is measured not only in terms of immediate results – we understand that real progress takes time and sustained commitment.**'

Taken together, the United Nation's Agenda 2030, the Paris Climate Agreement, the Fourth Industrial Revolution and the Bank for International Settlement's 'Innovation BIS 2025' offer an insight into how elites want to turn the lives of every man, woman, and child inside out over the course of the next decade... Every major industry in the world, be it banking, agriculture, healthcare, media, retail, travel, and tourism, is directly connected to the World Economic Forum through corporate membership... The WEF unites business, government, and civil society. I have seen this coming for decades, at least since 1953 with the war between North and South Korea. However; its evolving shape began much earlier, with the failed League of Nations. I have not always assembled the puzzle as quickly as I would like, however, sooner or later I have been able to bring the global image together. It was not always clear which group was running the operation from where I was sitting. Once I got my first PC in 1997, I was off to the races and able to research areas that were suspect yet I did not have the data, specifics, names, etc. I am a one-man using the Bible to analyze world events and how they were being used by Lucifer.

If you are not a Christian, the coming months will result in your life being turned upside down like you have just got off an amusement park ride. Whatever you do, you have to resist everything that any government authority tries to impose on you to implement their control over your life, your family, neighbors, co-workers, etc. The virus is a beta test is to see how far the public can be pushed to follow the agenda of the Illuminati front leaders. On the next page is a picture of Klaus Schwab, founder of the World Economic Forum. I have been researching his connection with the House of Rothschild and the UK. We know from Celeste Solum, a former employee of FEMA and DHS before that, she has shown researchers how to access the master plan of the World Economic Forum.

Life as you knew it before January is gone, and there will be no turning back. The new normal is in transition at the moment and visualization will become clearer in the next five months. While you are trying to figure out what happened since the release of the virus in Wuhan, China, you will have swept into the whirlwind that is coming with the 4<sup>th</sup> Industrial Revolution.

The Covid-19 pandemic is set to get “worse and worse” if countries do not stick to strict healthcare guidelines, the World Health Organization (WHO) has warned. The so-called disease has already killed more than half-a-million globally. However, 95% of fatalities blamed on Covid-19, had co-morbidities, i.e., underlying health issues that would result in death regardless. The second lockdown is days to weeks away. Even though the reported infections of Covid-19 have been rising, that has come from increased testing, but the death rate is in decline. Also, 80% of the testing yields false positives, which serve to skew the data for the globalists benefit.

Speaking on Monday during a press briefing from the agency’s headquarters in Geneva via video link, WHO chief, Tedros Adhanom Ghebreyesus gave an alarming prognosis on the pandemic’s course.

*“Let me be blunt. Too many countries are headed in the wrong direction, the virus remains public enemy number one,”* Tedros said. *“If basics are not followed, the only way this pandemic is going to go: it is going to get worse and worse and worse.”*

The grim prognosis comes after the WHO registered a record daily increase in active coronavirus cases worldwide since the beginning of the pandemic. On Sunday, the global health watchdog registered some 230,370 new cases of the virus. The Covid-19 death rate remains steady, claiming around 5,000 lives on a daily basis. This is far from a pandemic, not anything that would be viewed as a prerequisite for a pandemic.

The fear factor continues to drive the public and I get daily emails from an NBC affiliated TV station, channel 11 in Pittsburgh that hypes how many new cases of Covid-19 have been reported, but it has never reported fatalities in its headlines.

The global coronavirus tally for confirmed infections has risen above the 13-million mark, according to Reuters’ figures for the pandemic. Over 560,000 people have

succumbed to the disease. The US, Brazil and India remain the worst-hit nations, accounting for nearly a half of all cases.

Then you have the governor of New York, Governor Cuomo who is going all-in with the COVID compliance mandates. All travelers into New York from “high-COVID” states must provide their papers upon arrival or face a summons and \$2,000 fine.

They did it this time. A group of men and women executed a well thought out plan to drive the health of the human race into the toilet. Attacking the very basics of life, they have deprived people, in mass, of the life/health-giving rays of the sun (depressing vitamin D levels) with their lock-downs. And through wearing masks, public health

officials are forcing the public into hypoxic breathing conditions. Wearing a mask reduces the oxygen we breathe in and increases the CO2 intake.

There was a video showing people testing masks for the quality of air in terms of oxygen and CO<sub>2</sub>. The video showed the use of an official OSHA oxygen meter being tested with the face masks. The video has been removed (no surprise there) because it showed that wearing a mask is a health hazard. And there is a video of Dr. Rashid Buttar giving a passionate presentation of the dangers of wearing masks. His words are perhaps crude, but he hits the right points.

Of course, health officials are all for masks, and you better get used to them. One health expert is predicting that masks will remain a facet of American life for years to come. Eric Toner, a senior scholar at the Johns Hopkins Center for Health Security, said, *"I think that mask-wearing and some degree of social distancing, we will be living with — hopefully living with happily — for several years."*

What will be the effect of depriving oxygen to billions of people for years? How happy will that make people? Or inhaling dangerous amounts of CO<sub>2</sub>, what is that going to do to peoples' health after several years or even after only a few weeks or months.

Decreasing the amount of oxygen people are breathing, by forcing people to wear masks, is cruel and medically stupid, as Dr. Buttar points out. Under the mask, O<sub>2</sub> readings drop from a regular 21 to an unhealthy 17.5, ringing the alarm of the official OSHA devices that measure such things.

The usual amount of CO<sub>2</sub> in the air is approximately 400 ppm, when measured around the nose or mouth would be higher. But wear a mask and concentrations shoot up to 5,000. This is not healthy! Carbon dioxide in the air we breathe usually is at 0.0390 percent. When we breathe out, it is 4.0 percent. It is not the concentration we want to be breathing in.

The minimum oxygen concentration in the air required for human breathing is 19.5 percent. Approximately 78 percent of the air we breathe is nitrogen gas, while only about 20.9 percent is oxygen. The Occupational Safety and Health Administration, OSHA, determined the optimal range of oxygen in the air for humans runs between 19.5 and 23.5 percent.

Serious side effects can occur if the oxygen levels drop outside the safe zone. When oxygen concentrations drop from 19.5 to 16 percent, and you engage in physical activity, your cells fail to receive the oxygen needed to function correctly. So wearing masks is not indicated for any reason because masks represent slow suffocation. Not quite as bad as strangling a person or killing them outright by completely cutting off their breath, but across the board, health will be depressed, and death from all causes will increase.

Viruses of all types will get out of control in people who are vitamin D<sub>3</sub> and oxygen-deficient and who are breathing back in their CO<sub>2</sub>. Add vitamin D<sub>3</sub> deficiency to the mix, and we have a non-virus health crisis in the making. It's clear, no death from the coronavirus at vitamin D<sub>3</sub> blood concentrations above 34 ng/ml. Light is essential; it is

the backbone of life and can be used as a potent medicine against COVID-19. So keeping people indoors would never be the answer for any wise doctor.

When will we realize that health officials are death officials and that the World Health Organization is the World Unhealth Organization? Modern medicine is a death machine, and pharmaceutical terrorism has been behind human misery on a breathtaking scale for more years than most of us have been alive. The heads of the most prestigious medical journals in the world cannot trust the studies they publish, meaning the entire edifice of pharmaceutical medicine stands on quicksand.

The authorities have decided to pull the plug on life as we know it. The coronavirus by itself is not a problem for the majority, but the governmental and medical response to it will hurt everyone. Lock-downs and the wearing of masks will take a sledgehammer to human health.

Nutritional status is also being depressed as the food system is compromised by the lock-down, and that means immune systems are damaged. Starvation is an issue for millions more than before the lock-downs began, so no one can say nutrition does not matter.

Health officials are pulling a fast one on the human race and are getting away with it. They have taken over the world, taken away our freedoms, and are almost cheering as infection rates go up, and salivating waiting for the increase in deaths that are supposed to follow.

Health officials were not prepared medically speaking (no idea how to treat this or other viruses), and complicit in the creation of the virus. When the body count from starvation, increased suicides, and deaths from critical patients, who stay at home out of fear of going to the hospitals, we have one thing. But when we deprive humans of sunlight and oxygen while exposing them to dangerous levels of CO<sub>2</sub>, we might find ourselves witnessing eventual genocide.

Exceptionally Cruel and Insensitive Health Officials love scary predictions that do not come true and do not want to listen to anyone who disagrees with their insensible plans to destroy human civilization. They are destroyers of human existence, social activity, human happiness, and today we see even human health.

What we are actually seeing is the systematic implementation of the fall of the Republic and the rise of the Corporation of the United States. Every major event is a step on the ladder to achieve that end; Covid-29 is just another rung on the ladder, which is why there is a deliberate mixing of all the word play.

We should stop calling it quarantine; that's the term designed for people who are verified sick; this is house arrest, mandated by the state. We should stop calling it "social distancing"; there is nothing social about forced isolation. We should stop saying "safer at home" when millions of Americans don't have basic necessities adequate to

meet their needs; it assumes that everyone's home is as equally as safe as the people making the statements.

We should stop saying "this is for the greater good". When you close the economy, killing millions of businesses that families have worked generations to establish, that's anything but good.

We should stop saying this is the "new normal". That's just blatant mind control dribble. There is nothing normal about forced isolation, treating your neighbor like they have the plague, breathing your own bodily waste, living in fear of constant contamination. That's normal? If the virus is so deadly, why hasn't it wiped out the homeless who don't social distance, wash themselves regularly, let alone have access to a sterile environment?

Last year, 1.5 million people died of tuberculosis. Why didn't you wear a mask during the tuberculosis pandemic? You were endangering public health and safety along with millions of people around the globe. So why didn't you wear a mask? I'll tell you why. Because the main stream media didn't tell you to wear a mask. Because though 1.5 million people died, there was no tuberculosis pandemic, any more than there is a coronavirus pandemic.

What you are really participating in is a beta test for AI systems and facial recognition. The cameras work best when you are a distance apart. Now they are actually testing, through machine learning, how to recognize a face that's partially covered. It's also a way to determine who is compliant and who's not. Who does the propaganda work on, and who doesn't it work on?

There are some ironies here. A society that kills millions of babies yearly for convenience has shut itself down to prevent adults from dying. People on one hand who slaughter babies in the womb by the millions are now preaching to the masses about the sanctity of human life. It's all "double-speak", "double talk," excrement!

It's the "two doctrine" policy: One for the initiated, and one for the un-initiated; one for the inner circle, another for the masses.

If I violate the stay-at-home order, I could be arrested, but they're letting criminals out of prison so they don't get coronavirus.

Thesis – Antithesis - Synthesis. It is all over this agenda to bring humanity into slavery. Wake up to what is happening to you. If there is a real pandemic, does it require faulty virus models, rigged test results, 81% false positives, inaccurate news reporting, staged hospital overruns, manipulated death certificates? Nope.

When the government shuts down millions of small businesses but doesn't lay off any government employees, it's not about health.

When the state bans dentists from practicing, but deems it necessary for abortion clinics to stay open, it's not about your health.

When the state prevents you from buying seeds for your garden but allows you to purchase lottery tickets, it's not about your health.

An institution that has the ability to destroy all of Earth though alleged nuclear warfare, should not regulate personal self-defense.

An institution that's caught trafficking drugs should not be able to regulate plants.

[An institution that's caught trafficking children for sex, and protecting those who do, should not be allowed to govern.]

An institution that's racked up \$23 trillion in debt prior to coronavirus shouldn't be allowed to manage the retirement fund.

An institution that was caught spreading STD's should not be allowed to run health care.

When people are really concerned about public health and safety in general but they don't care when people eat garbage, drink poison, smoke cancer, abuse prescription drugs but think that toilet paper, hand sanitizer, and masks are going to protect them from the bogeyman coronavirus, this is a special kind of stupid that I can't address here.

You should ask yourself a couple of basic questions: when did you consent from "you created the government to serve you to you serving the government ruling over you?"

If you want to know who's in charge, just think about who you can and can't criticize. None of what is happening makes sense, its sheer insanity. But I've drifted from the big picture and the evil men behind it and so I go back to Klaus Schwab pictured on page 9 above.

The Beast's nefarious plan to implement what's really behind the UN Agenda 2030 is the little heard-of **Agenda ID2020**. It has been created and funded by the vaccination guru Bill Gates, and so has GAVI (Global Alliance for Vaccines and Immunizations), the association of Big Pharma – involved in creating the corona vaccines, and which funds along with the Bill and Melinda Gates Foundation (BMGF) a major proportion of WHO's budget.

The Great Reset, as announced by WEF's **Klaus Schwab**, is supposedly implemented by Agenda ID2020. It is more than what meets the eye. **Agenda ID2020 is even anchored in the SDGs, as SDG 16.9 "by 2030 provide legal [digital] identity for all, including free birth registration"**. This fits perfectly into the overall goal of SDG 16: "[Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.](#)"

Following the official path of the UN Agenda 2030 of achieving the SDGs, the 'implementing' Agenda ID2020 – which is **currently being tested on school children in Bangladesh** – will provide **digitized IDs**, possibly in the form of nano-chips implanted along with compulsory vaccination programs, will promote **digitization of money** and the **rolling out of 5G** – which would be needed to upload and monitor personal data on the nano-chips and to control the populace. In addition to Bangladesh, sixteen African and Asian nations have signed onto the new Agenda ID2020, which will most likely also include 'programs' – through vaccination? – of significantly reducing world population. Eugenics is an important component in the control of future world population under a NOW / OWO – see also [Georgia Guidestones](#), mysteriously built in 1980. The ID2020 will be coming to the U.S. very soon, later this year or by 2021 from the WEF schedule of transforming the USA into the "new normal" of Dr. Klaus Schwab.

**The ruling elite used the lockdown as an instrument to carry out this agenda. Its implementation would naturally face massive protests, organized and funded along the same lines as were the BLM protests and demonstrations. They may not be peaceful – and may not be planned as being peaceful. Because to control the population in the US and in Europe, where most of the civil unrest would be expected, a total militarization of the people is required. This is well under preparation.**

Dr. Klaus Schwab, age 83, founded the WEF in 1971, initially known as the European Management Forum in collaboration with the Rothschild's. In 1987, the forum changed to its current name and sought to broaden its vision by focusing on international concerns. Dr. Klaus Schwab is determined to dehumanize you and turn your children into cyborgs. Now, he's got Prince Charles with him as a partner. Several pages down I will include the most recent membership of the Committee of 300, and you will find the name of Dr. Klaus Schwab.

Speaking from their bully pulpit atop the World Economic Forum, the academic and the aristocrat are proclaiming the "Great Reset", which is actually an acceleration of the not so great marriage of Artificial Intelligence and Transhumanism of Socialism on a global scale. This is all about control and surveillance.

In order to save the planet, they aim to blend our children with the digital domain to make them better humans, meaning better workers who are enslaved and censored, okay enhanced and orchestrated, by Artificial Intelligence.

In a June 3, 2020 announcement Klaus Schwab and HRH The Prince of Wales, the likely successor to Queen Elizabeth on the throne of the United Kingdom and other Commonwealth realms, spells out how turning ourselves into post-human robots by merging with A.I. is the only answer to the "climate change" crisis. I doubt seriously any of those reading this will have heard of Dr. Klaus Schwab until reading this.

This new WEF videos very clearly spells out their desire to create what some have term the 'Green New Human'. "The whole idea of the human being as some sort of natural concept is really going to change," says the WEF clip. *"Our bodies will be so high tech we won't be able to distinguish between what is artificial and what is natural."*

There is no doubt that they seek the elimination of old, obsolete humanity and its replacement with trans-humans.

Just two years ago the 'environmental' Prince was singing from a different hymn sheet. As the *'Telegraph'* said, Charles has expressed his deep concern about the dangers of artificial intelligence, as he warns of a world becoming "part human-part machine".

Back when the Prince, interviewed ahead of his 70th birthday, said he "*totally and utterly objects*" to an "*extraordinary trend*" for seeking machines to replace human functions, worrying for the effects on people's well-being.

Saying he found it “crazy” to strive for ever-more integration of artificial intelligence and robotics with the human experience, he suggested it would eventually lead to people craving the return of traditional crafts.

So, what changed his mind and caused him to go from calling this merger crazy to throwing in with, co-leading, and the world’s biggest bully that is driving us to our termination as a species? I’m inclined to believe that he hasn’t changed. He is the designated Masonic/Zionist/Rothschild messiah, or the Antichrist, and if you are a skeptic, I encourage you to read my article: **“The Satanic Talmud and the Synagogue of Satan” – part 6. Even the Gematria numerical value of “Prince Charles of Wales” is “666” in English, Greek, and Hebrew.**

The reader needs to understand the intent of the release of the Wuhan virus was primarily to provoke a war between the U.S. and China. It was a distraction for the purpose of destroying the world economy, and justify the WEF 4<sup>th</sup> Industrial Revolution. Coronavirus, or COVID-19, is the fast-spreading, world-changing virus that originated in

Wuhan, China, but has since become a worldwide pandemic, and an excuse for implementing a totalitarian agenda. According to the World Health Organization, the global death toll is at least 392,802 with 6,663,304 confirmed cases. The WEF seeks to avenge these deaths by transforming us into machines.

*“The COVID-19 crisis has shown us that our old systems are not fit any more for the 21st century,”* said Dr. Klaus Schwab. *“In short, we need a great reset.”*

What do we need to reset the world? More compassion? More love? A civilization based on our spiritual potential?

No!

### **GLOBAL SOCIALISM + TRANS-HUMANISM = TOTALITARIANISM**

*“A Great Reset is necessary to build a new social contract that honors the dignity of every human being,”* added Schwab in a bit of real doublespeak.

How one can pretend to ‘honor the dignity of every human being’ when one’s goal is to turn humans into dehumanized cyborgs is beyond me. I scoffed at the stories of Elon Musk and his plans to install a computer in the back of a human brain, and his claims to be able to do it within five years.

*“COVID-19 has accelerated our transition into the age of the Fourth Industrial Revolution. We have to make sure that the new technologies in the digital, biological and physical world remain human-centered and serve society as a whole, providing everyone with fair access,”* he said.

The Fourth Industrial Revolution (4ID) is WEF’s term for a global socialist economy in which everyone and everything is ‘smart’, meaning wired. Here’s the way he described the Fourth Industrial Revolution in 2017:

*“It is characterized by a fusion of technologies that is blurring the lines between the physical, digital, and biological spheres.”*

This blurring will be accomplished by implanting chips in our hands and foreheads, skin, wherever, merging us with Virtual Reality and AI. **5G** is the electricity of this in-human revolution and the new, improved green human, which means this merger is actually a war on all flesh and blood humans.

When the blurring is over a new type of human will walk among us. A new human that is vastly superior to us in every way. In this vision no chip in your hand or forehead means any participation in the ‘fair, smart, green’ world the WEF promises.

But wait! I thought we were trying to create a world free of discrimination?

Are you telling me the WEF is promoting a new skin for humanity and with it a new form of discrimination, one based not on one's skin color, but on whether or not you have an 'enhanced' body?

This is a new kind of slavery like nothing recorded in history! *"This global pandemic has also demonstrated again how interconnected we are. We have to restore a functioning system of smart global cooperation structured to address the challenges of the next 50 years. The Great Reset will require us to integrate all stakeholders of global society into a community of common interest, purpose and action,"* said Schwab. *"We need a change of mindset, moving from short-term to long-term thinking, moving from shareholder capitalism to stakeholder responsibility. Environmental, social and good governance have to be a measured part of corporate and governmental accountability,"* he added.

Accountability is a key word with this Fourth Industrial Revolutionist. Everyone will be held accountable for their every word, keystroke and action. A.I. will watch everything you do. Ruthless social and economic penalties await those who can't keep up. Just ask the Chinese people how they like their social credit system. Just ask Amazon employees how the merger with A.I. is working for them.

In some Amazon warehouses, virtually every step workers take is **directed and tracked by productivity-maximizing software** for which the fragility of human bodies is a non-factor. A similar sort of draconian micro-management may be creeping into the white-collar world, fueled by **keystroke-monitoring apps** that punish "unproductive" behaviors (e.g. listening to music in the background while you work). Where is the human dignity in this? I experienced that first hand years ago when I worked at the USPS center in East Pittsburgh, PA during the Christmas mail season. We processed address-encoding of mail that could not be read by machine scanning, hence requiring human eyes to read and encrypt the USPS proprietary barcode that appears on the bottom of letter mail. We were expected to achieve 13,000 keystrokes an hour up to 12-hours a shift, error-free. About ten years ago the facility was closed as a result of improved automatic scanning and character recognition.

Prince Charles did not mention a thing about turning his own grandchildren into green Fourth Industrial Revolution enhanced humans, but we must assume that his co-sponsorship of the WEF includes his awareness, and acquiescence, of their plan. He is placing his name in the center square of humans who seek the end of the human race and replace it with a Trans-human one.

The WEF wants the Prince's grandchildren George, Louis, Charlotte, and Archie to grow up in a 'just' socialist world with **5G** running through their veins, A.I. in their brains, and refraining from harming the planet. Will Charles lead by example and force his sons, William and Henry, to hand over their children for retooling on Dr. Klause Schwab's workbench and as exemplars of the green new human?

Things are changing so fast that a year from now, humanity will have relinquished individuality to lockstep cyborgs as cogs in a wheel. Trans-humanism is really enslavement to an entity through the technology of **5G**, something that I have been pointing out how this weapons system will really be applied to humanity as their new Task Master.

**THE BRITISH MONARCHY AND THE COMMITTEE OF 300**  
**(most current list of members – subject to revision)**

The Committee of 300 is rarely published and updates are not public knowledge. This list is the last known, and a few names listed are now deceased. The Committee of 300, also known as The Olympians, is a group alleged to have been founded by the British aristocracy in 1727. The Committee's existence functions as an international council that organizes politics, commerce, banking, media, and the military for centralized global efforts. Dr. John Coleman has written several books about the topic. Most notably is the document stored in the CIA library. It also points out that the Rothschild family are merely a part of the club and not the leaders.

I doubt seriously that this to be the case and view it is simply a diversion tactic. The House of Rothschild, since 1815, when it gained control of the Bank of England, have been the world's richest family. What they do not own directly, they control through intermediaries and family trusts. Even business magazines never violate the unwritten law to never list or name the Rothschild's and discuss their wealth. *'Fortune'*, *'Forbes'*, and *'Money'* magazines would have you believe that Jeff Bezos of Amazon and Bill Gates or Warren Buffet are the richest men in the world. Do not believe that for a second. Dr. Coleman was a British intelligence officer and his book *'The Committee of 300'* is in its 4<sup>th</sup> addition, since first published in 1992.

The late comedian George Carlin often referred to this group as "the big club", ranting that we are not in it. I have often thought that George Carlin's death at the age of 71 was not natural even though he was known to have heart problems for years. His stand-up comedy routines were spot-on as they say and brought focus to the global elite ruling the world. I chose to include this list because the WEF founder appears as a member of the Committee of 300. You will find another well-known name on the list, I am referring to Bill Gate. The names are a who's who of the elite!

### THE CROWN COUNCIL OF 13

The **Committee of 300** list contains exactly 300 members, who are all very powerful people; but there is actually another group of people above this Committee. This special group is known as the **Council of 13**, which is also known as the **Crown Council of 13**, and it comes second from the top of the Illuminati pyramid; and this council contains thirteen families.

The important thing about these families is not just their incredible wealth, but also their very long ancestry. The families are considered top of the hierarchy of the global elite and all have ties to each other through marriage as well as blood so that the fortunes of each family are linked both to each other and to the success of the plan to create a New World Order; of which many former U.S. Presidents have mentioned in their speeches – such as William J. Clinton, George H.W. Bush, George W. Bush and Barack Obama.

The timing of the meeting of the Council often coincides with the most important elections around the world and the meetings of groups like the Bilderberg's, the Council on Foreign Relations and the Trilateral Commission which are groups founded by and made up of members of the global elite. The council meetings are actually very serious affairs where there are religious obligations that need to be met and events that need to be created in order to take their plan for a New World Order to the next level.

Each of the 13 ruling families is given an area of the Earth and/or a particular function to fulfill on the Earth. These particular functions include global finances, military technology development, mind-control, religion, and media.

The elite here on Earth have established a pyramid structure of control that is identical to the system that exists in the Draco Empire. The pyramid with the reptilian eye, located on the American one-dollar bill, is symbolic of this control structure. The eye is the cap on the pyramid, thus explaining why the original surface of the Great Pyramid in Egypt was supposedly capped in solid gold; although there is no evidence to support that belief.

According to several websites, Elizabeth II of Queen of England is the 'Supreme Leader' of the Illuminati and the New World Order; but this is not true. The person at the very top of the pyramid comes under the name of 'Pindar'. The Queen shares global power with the resident pope in the Vatican, and the senior or the head family member of the House of Rothschild.

According to the book *'Blue Blood, True Blood: Conflict & Creation,'* the leader of the Earth's Illuminati is called the "Pindar" who is a member of one of the 13 ruling Illuminati families. The book also states that Pindar is always male. The Pindar is represented by the alleged gold cap on the pyramid. The next layer, or "eye", on the pyramid represents the 13 ruling families. The title; Pindar, is an abbreviated term for "Pinnacle of the Draco", also known as the "Penis of the Dragon" that represents the top of power, control, as well as creation, penetration, expansion, invasion, and fear. Additionally, the holder of this rank reports to Satan himself, while some refer to the purebred Reptilian

leader of the inner Earth. I would take this with a grain of salt; however, Albert Pike, Grand Master of the 33<sup>rd</sup> Degree of the Scottish Rite of Free & Accepted Masonry boasted of being able through a ritual to conjure up personal appearance and meeting with Satan. Stories published during the late 1800s recount how his position within the Freemasons was a front that allowed him to conduct black masses and summon the devil himself in Pike's base of Charleston, S.C.

There have been reports that the Marquis de Libeaux is the Pindar, but this could be disinformation as more reliable sources have revealed that the true current Pindar is the head of the Rothschild family, and has been for several hundred years. It has been claimed that 'Pindar' is based in Germany; near Frankfurt. In the late 1970's, he oversaw the sister project to Montauk, called M.A.L.D.A. which is an anagram for Montauk-Alsace-Lorraine Dimensional Activation. This project was located near the city of Strasbourg, France, historically once part of Germany.

Interestingly, there is a winery on the east end of Long Island, not far from Montauk Point, called Pindar Vineyards. This wine is growing in popularity, gaining international accolades. This fits nicely into the plan, as this area will be a part of the capital district of the Earth/United Nations in the Empire State. The red wine is symbolic of the blood ingested at satanic rituals. The wine can become sanctified as it did in the Roman Catholic Church.

In previous articles that I have written, I have included the pyramid chart that shows the real power base as centrally located in Switzerland, and the home of Octogon, the present-day group of descendants of the infamous Templars. That chart has been expunged from the Internet. In searching the Internet, the sites that had the Illuminati pyramid power-base have been terminated. On the next page below I re-copied the chart from one of my articles from three years ago.

# THE U.S. PYRAMID POWER STRUCTURE OF THE N.W.O.

## THE COUNCIL OF 13

**The Demoncrats - enemies of America  
Agents of Soros - The Black Pope**

I was fortunate to capture the Illuminati pyramid power-base a few days after it was first posted on a site that has since been expunged from the Internet. Prior to that image's first appearance on the Internet, the name "Octogon" was virtually unknown. I believe it

was the name of “Octogon” or present-day Templars that resulted in the site being expunged from the Internet. To search for it now one finds a statement to the effect that the site has been terminated. This chart is the most accurate depiction of the enigmatic Illuminati we have today.
