But Chrystia Freeland must go, too!

Canadians, is there any doubt about it?!
That Trudeau and Freeland must go—NOW!

Truly, it's never been more urgent for the people of Canada to wake up to the following stark reality.

The multifarious machinations of the tyrannical Trudeau administration, in the aggregate, represent the stealthy *New World Order* blueprint for the entire world community of nations. In other words, as Canada is overtly taken over by the NWO perpetrators, so, too, will all countries be vulnerable to the same national sovereignty-destroying plots.

How Canada was conquered

First, the NWO globalist cabal used international criminal and Rothschild bagman—George Soros—to bankroll the stolen elections of Justin Trudeau—3 TIMES!

Then, the cabal forced a political marriage between Justine Trudeau, a closet Communist, and Chrystia Freeland, a closet Nazi. Not only is Freeland the unelected Deputy Prime Minister of Canada, she's also Minister of Finance. Really, how does one woman — a CSIS agent journalist — hold two of the most powerful positions in the Canadian government?!

Freeland received her Bachelor of Arts degree in Russian history and literature from Harvard University. During her time at Harvard, she visited the Soviet Union as an exchange student to study Ukrainian, although she was already fluent in the language. While there she attracted the attention of the KGB, which tagged her with the code name "Frida", and Soviet newspapers, attacked her as a foreigner meddling in their internal affairs over her contacts with Ukrainian activists. The KGB surveilled Freeland and tapped her phone calls, and documented the young Canadian activist delivering money, video and audio recording equipment, and a personal computer to contacts in Ukraine. She used a diplomat at the Canadian embassy in Moscow to send material abroad in a secret diplomatic pouch, worked with foreign journalists on stories about life in the Soviet Union, and organised marches and rallies to attract attention and support from western countries. On her return from a trip to London in March 1989, Freeland was denied re-entry to the USSR. By the time her activism within Ukraine came to an

end, Freeland had become the subject of a high level case study from the KGB on how much damage a single determined individual could inflict on the Soviet Union.[1]

What's the critical point?

Canada is being used as the NWO model for the hybrid totalitarian government structure planned for every country on Earth. That devastating governmental hybrid combines the worst of communism with the worst of fascism. In Canada, the globalist cabal quite cunningly put lipstick on the pig as we see with “Pretty Boy” Trudeau and “Pretty Girl” Freeland, respectively.

It's now clear that Freeland was quite purposefully installed by her CSIS masters after she was trained and mentored to function as a rabid Russophobe at the highest levels of the Canadian government. Even today, none are more virulent haters of Russia than Ukrainian Nazis who have been acculturated over many decades to despise all things Russian.

Freeland's maternal grandfather, Michael Chomiak (Ukrainian: Mykhailo Khomiak), had been a journalist before World War II. During the war in Nazi-occupied Poland and later in Nazi-occupied Austria he was chief editor of the Ukrainian antisemitic daily newspaper Krakivs'ki visti (News of Krakow) for the Nazi regime.[1]

With her classic CSIS agent bio, is it any wonder that Canada has morphed into a uncharacteristically bellicose country that eagerly supports every NATO aggression and U.S. military invasion, especially those that concern Russia?!

Trudeau the Tyrant & Freeland the Handler

The very cunning strategy here is that, while the disarming Trudeau plays boy tyrant, his Deputy PM and FM, Freeland, is surreptitiously pulling the levers of power and influence throughout Ottawa.

Just look at the outright financial terrorism that Freeland is already responsible for with regard to financially shutting down the Freedom Convoy. While Trudeau issues the draconian monetary measures and unlawful economic restrictions, Freeland is always standing right beside him as the Minister of Finance authority figure. It's of paramount importance for all Canadians to understand that with the two administrations of Trudeau's father — Pierre Trudeau — from 1968 to 1984, cultural Marxism came to Canada with a vengeance. Who could ever forget the “[First Lady Wild Child](#)” photos of his wife Margaret Trudeau constantly splashed all over the front pages of the tabloid press during their marriage, which almost perfectly paralleled his terms as prime minister.

Clearly, [Communist Pierre Trudeau](#) was installed as PM as a means of conditioning all of Canada to the coming communist regime that would come out of the closet with his son Justin. This is why Justin has constantly presented himself as the most flaming cultural marxist of any head of state in the world. By irreparably tearing the fabric of Canadian society via state-sponsored **Cultural Marxism**, the resulting chaos, confusion and conflict make it ripe for a full-blown communist takeover.

The slow motion usurpation of the parliamentary democracy and constitutional monarchy known as Canada just reached a critical stage in 2022. With the advent of the Covid Plandemic, Trudeau's hidden masters had manufactured the opportunity to centralize power in Ottawa as never before. That's always the goal of the globalists: empower and fortify an autocratic federal government, that then exerts total command and control over the provinces and territories.

For instance, the Emergencies Act just invoked by Trudeau creates an opportunity for the Federal Government of Canada to illegitimately arrogate powers unto itself which then allows a despotic Trudeau to exercise illicit authority over the citizenry. Demonstrations of this brazen and reckless overreach, which is unheard of in Canadian political history, have already turned many former supporters against the dictator Trudeau. Some of those former supporters are liberal province premiers and progressive members of parliament.

Conclusion

Contrary to what many may think, and as crazy it might sound, none of this is bad news. You see, where it concerns the rapidly evolving state of Canadian affairs, the worse things get the better.

Whereas Canada was selected by the NWO cabal to foist a veiled tyranny on the nation under cover of the Covid pandemic hoax, they unwittingly awakened the sleeping giant. While Canadians are a very liberal-minded people, they're also very traditional and conservative and religious at heart. And, their righteous values and freedom-loving spirit have been profoundly assaulted by Trudeau's Covid tyranny.

In point of fact, Trudeau has so screwed the pooch where it concerns his political career that he will now have to spend the rest of his life staying out of prison for his unprecedented crime spree against the citizenry. As many Canadian Covid commentators speak and write about Trudeau's heinous crimes against humanity, it will be a wonder if he's able to avoid a one-way trip to the gallows.

However, that does not mean that a permanently deposed Justin Trudeau will just drive away from 24 Sussex Drive out of his own volition. We the People of Canada must drive him out of Ottawa all the way down to the maximum security prison known as Millhaven Institution. There, he can await his fate for the incomparable treason and treachery he has committed against law-abiding people of Canada. Now it ought to be abundantly clear why:

**TRUDEAU MUST GO !!!
And, Chrystia Freeland must go, too!**

Action Plan

If ever there was an auspicious time to justifiably remove the truculent traitor Trudeau from his stolen office, that time is right now.

The ongoing Ottawa protest provides the single best opportunity to throw him and his fellow criminals out of office, for the good of Canada and the world.

The best way to accomplish this is for the people of Canada to present an overwhelming countervailing force of people power in Ottawa to Trudeau's jack-booted mercenary thugs.

It's high time to galvanize a massive organically grown, grassroots-driven, people-powered movement of citizens, from across the 10 provinces and territories of Canada, to courageously support the Freedom Convoy protesters in Ottawa. As follows:

As important as this article is there is something that few people can see in the current truckers resistance, and that is it may just be a controlled opposition event.
