

The Nearness of the Blessed Hope

This past Resurrection Sunday April 21, 2019 came and went as past Resurrection Sunday's have before, routine and uneventful. I had put the finishing touches on my series *"No Statute of Limitations on Fraud"* and posted to the site that hosts my work. I was about to call it a night as I scanned my email and the headline below grabbed my eye like never before. In my mail box was this post directly below. When I read it, I recognized it as significant for those of us looking for the Rapture. It was as if the loud speaker was saying, pay attention your flight will be boarding shortly! I share with you **six** news items from *'Israel Today'* that will shock you into disbelief.

[WHITE HOUSE INSIDER: War with Iran planned by Trump, to occur in the Fall of 2019](#)

Tactical nukes and ground invasion planned for Iran, according to whistleblower

THURSDAY, APRIL 18, 2019 - ISRAEL TODAY NEWS STAFF

President Donald Trump and his inner circle are planning an extensive invasion of Iran, according to a source working in the White House.

The plan involves a ground invasion and the use of tactical nuclear weapons, in a campaign planned for the Fall of 2019. Iran will be "wiped off the map" according to the source, and the war effort is expected to cost "two and half times the Iraq War."

The war will be promoted by the news media and Trump will go right along with it, after an "expected False Flag pinned on Iran, probably something involving the boats in the Strait of Hormuz." The False Flag is an "integral part of the plan" as Iran has reportedly no desire or intent to start a war, according to the whistleblower.

Trump Administration planning war with Iran

The war plans have the White House staff "in an excited tizzy" as war-hawks like John Bolton put the "finishing touches" on the planned strike. President Trump initially showed resistance to the plan, but has since jumped on board with enthusiasm, convinced Iran is an "existential threat to Israel" and as such, a war is required to "eliminate them."

Further details have been revealed, including:

- 100 tactical nukes will be used to eliminate the Iranian military.
- 120,000 U.S. ground troops will be used in the invasion.

- France, the U.K., Canada, Saudi Arabia and Israel are expected to join a "coalition" in support of the war.
- CIA assets and counter-intel efforts have been ramped-up over the past year in preparation.
- A "False Flag" is being prepared to be used before the war with Iran.
- Propaganda is being prepped by White House and Israeli counterparts.
- Israel will support the effort and Benjamin Netanyahu was reportedly "smiling ear to ear" during a recent meeting with John Bolton.
- There are concerns Trump's "base" may resist or criticize the efforts, so further propaganda efforts are being made to "shore up support" for the war.
- Expected casualties range between 1.2 Million and 2 Million Iranians and 5,000 US troops.

Due to President Trump's close relationship with Jared Kushner, a sense of "sober import" has been placed on the war effort, which is being as a fulfillment of "Jewish prophecy" within White House circles. Many in the White House believe Jared Kushner is the "Messiah" or Jewish "Moshiach" who cannot attain his "throne" until Iran is wiped out.

The White House source is a high level official who has been right about many other things in the past, and their identity has been verified.

The information in this article was provided to David Goldberg, a Jewish advocate and fellow at the Jewish Center for Antisemitic Study, by a former White House employee only known by the name of "Isabel". Her story has been aired on Mr. Goldberg's YouTube channel, and she continues to provide valuable information about what is going on in the Trump White House.

Antisemitic attacks against Mr. Goldberg continue, and are documented in his video series. Efforts to block this information and shut down the social media accounts of Mr. Goldberg continue to be an issue.

In my email along with the above was some other interesting post with direct bearing on what the above news report stated. It contains block-buster information that is further confirmation of its significance to this huge story. I will discuss the relevance of this information at the close of the posts from the magazine '*Israel Today*'.

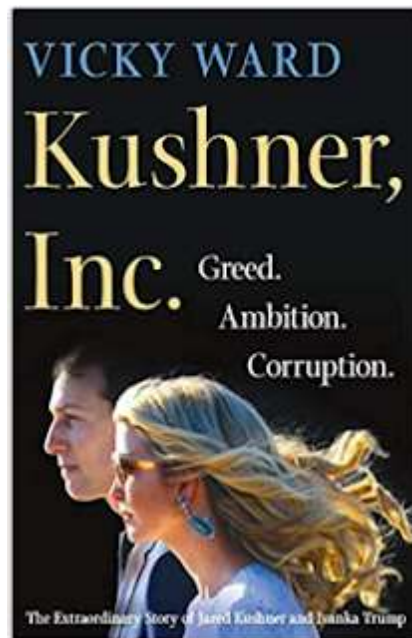

[Donald Trump reportedly wants Jared Kushner to be Vice President in 2020](#)

Thursday, March 21, 2019 ISRAEL TODAY STAFF

President Donald Trump has reportedly told close senior White House associates that he wants Jared Kushner on the presidential ticket in 2020. Two senior sources have said the President has expressed he would prefer Kushner as Vice President over Mike Pence, in part due to the fact Trump believes Kushner is the Jewish "Messiah" or Moshiach.

The sources added that Trump said he generally likes the job Mike Pence has done, but that the President stated "things are moving so quickly with our plans in Israel, that we need Kushner closer to power." The quote was provided by a source who said that Trump said this, verbatim, word for word. The source did not speculate on what the President meant by "plans in Israel" or why Kushner would need to be closer to power.

The Kushner family continues to garner controversy, with the recent publication of "Kushner, Inc." by author and researcher Vicky Ward.

[Kushner Inc.](#)

The book outlines the power grab by the Kushner family within the White House, as well as the family's long history of political ties in Washington D.C. As we have reported before, not only has Donald Trump converted to Judaism, he believes Jared Kushner is the Jewish Messiah. It is believed Trump's push for Kushner's security clearance and the controversy surrounding it was motivated by the President's desire to bring Kushner within his inner circle

and within the highest levels of power.

President Donald Trump converted to Judaism two years ago, and joined the [Chabad Lubavitch](#) synagogue in New York City, according to a high-level White House official.

The story has allegedly been "held" by [CNN](#)'s editors for months, but is due to be released within the next few days. [David Elias Goldberg](#), a fellow at the Jewish Center of Antisemitic Study, has also interviewed the White House source.

According to the source, Trump was "pushed" by his daughter Ivanka and his son in law, [Jared Kushner](#), to join the faith. At first, Trump resisted, stating it could threaten his base of Evangelical Christian voters. However, he had a change of heart and officially converted in early 2017. The ceremony was held in private, and closely guarded for nearly two years.

It appears the White House is prepared to slowly release this information, and by Summer, it is expected Trump will fully address his new faith in an evening televised news conference.

[Donald Trump signals support for "End Anti-Semitism Act of 2019"](#)

FRIDAY, FEBRUARY 22, 2019 ISRAEL TODAY STAFF

President Trump signaled today that he is prepared to support the controversial H.R. 1576 House Congressional Bill titled "End Anti-Semitism Act of 2019." The bill has caused a stir because it amends U.S. Code, specifically, criminal codes relating to hate speech. It has also remained "sealed" and unavailable to public view, with only a summary of its contents released to select news agencies.

The bill would reportedly make virtually all criticism of Jews a form of "hate speech" punishable by up to 20 years in prison, classified as a Class 1 Felony. The language of the bill is specific, citing examples of criticism, jokes and opinions relating to Jews, Jewish culture and conspiracy theories surrounding so-called "Zionism" and "Jewish plots."

David Elias Goldberg, a Jewish historian, told *Israel Today News* that the legislation is important, and that it would "end decades of growing antisemitism, nipping it in the bud, so to speak." He added that "White supremacists" would oppose the bill and would fail in their efforts. "This is the end of racism against Jews, and President Trump will sign the bill. Americans should be prepared to edit their speech from now on, or risk a long prison sentence."

President Trump is expected to publicly sign the bill later this Spring, though unconfirmed reports have indicated that it may already have been signed into law.

[President Trump announces \\$3.7 Billion Israel defense aid package](#)

FRIDAY, FEBRUARY 22, 2019 ISRAEL TODAY STAFF

With worldwide antisemitism on the rise, pressure has grown for President Donald Trump to shore up his alliance with Israel with a better defense funding package than previous years. The administration delivered that promise today, announcing an extensive new defense spending agenda for Israel, totaling \$3.7 Billion USD.

The package may grow in size, as the White House said the initiative was just "preliminary" and could equal up to \$15.3 Billion by the end of the year. The package includes aid, direct cash, military equipment, weapons and the United States' latest ground-to-air missile defense technology, estimated to cost \$500 million.

Prime Minister of Israel, Benjamin Netanyahu, announced the plan a "marvelous message sent by the United States that Israel remains its most steadfast and important ally." The

European Union released a statement endorsing the aid, and NATO's top commander called it a "bold move" by President Trump.

Some criticism was levied by the Palestinian Authority and some members of the U.N., including Russia, but no official measures of disapproval were issued. It is expected that U.S. Congressional leaders will release a joint statement today declaring the defense package a "great symbol of the Israeli-American partnership."

President Trump told reporters he was "pleased" with the aid package and said he pushed for "more money" for Israel, and expects later this year "Congress will deliver on that promise." Total aid to Israel in 2019 may top \$22 Billion, the highest total since 2005, as the Trump Administration has set a goal to "double" it by 2020.

After I finished reading the above headlines in my email, I was in a state of shock. They came on the back of this report that I had received earlier in the day about a gathering of Messianic and Christian leaders days before at the Trump estate in Mar-a-Lago, Florida, I concluded that President Trump is about to send the U.S. military to overthrow Iran.

On April 17, 2019 Messianic Jewish leaders and Christian Evangelicals were invited to participate in a recent pro-Israel event hosted at US President Donald Trump's Mar-a-Lago home in South Florida.

The American Pro-Israel PAC (APIP), a new pro-Israel Christian initiative, brought together over 300 influential Evangelical Christians, as well as traditional and Messianic (Chabad) Jews.

According to Joel Chernoff, Executive Director of the Messianic Alliance for Israel Advocacy, Messianic Jews played a major role in the program, which featured Jonathan Cahn as one of the speakers. *"To my surprise, there was great interest in which we were and even awareness of our efforts with a One State Solution (OSS) and Opportunity Grant Bill we are introducing to Congress,"* Chernoff said.

The Messianic plan includes financial incentives for potential host countries to absorb Palestinians willing to leave Gaza and the biblical heartlands.

Several members of the President's Evangelical Council were present to promote the new Christian pro-Israel organization. *"Promises were made to 'walk' the OSS into the President (Trump) to make sure he understands it and has it at the ready for his soon-to-be-revealed Peace Plan,"* Chernoff said. *"Many great new friends were made that can help us advance our advocacy efforts on behalf of the State of Israel and our Jewish people in general,"* he continued. *"One in particular was Major General Klifi-Amir, CEO of the powerful Friends of the IDF charity here in the US."*

Chernoff, who is also General Secretary of the Messianic Jewish Alliance of America (MJAA), believes that as the Messianic community seeks to serve God and the Jewish people, God will lift the Messianic Jewish community onto the world stage as it relates to Israel and the spiritual restoration of the Jewish people.

David Lazarus writes for *'Israel Today'* and in an article in the April issue, he wrote: The long-anticipated details of the Trump Administration's "Deal of the Century" is likely to stop short of giving the Palestinians a state, according to sources close to the White House cited by *'The Washington Post'*.

Sources say that the "Deal of the Century" will focus on Israel's security concerns. The Trump Administration is expected to present their proposal in the coming months for a resolution to the long-entrenched Palestinian problem. Behind-the-scenes over the past two years, Trump's Middle East adviser and son-in-law Jared Kushner has been shuttling back and forth between Israeli and Middle East leaders in secret meetings and officials have kept many of the details of their talks secret. However, recent comments from Jared Kushner and other US officials indicate that Palestinian statehood will not be on the table as a condition for restarting peace talks.

The Trump proposal will include financial incentives to improve the lives of Palestinian Arabs, people familiar with the effort said in the Post report. Arab officials around the Middle East have also confirmed that Kushner has suggested that economic opportunities for Palestinians will be a centerpiece of the plan.

The plan will attempt to provide sufficient measures to satisfy Israeli security concerns. Trump has said he wants to overturn previous assumptions about how to resolve the conflict and come up with a realistic plan that works on the ground. *"We believe we have a plan that is fair, realistic and implementable that will enable people to live better lives,"* a senior White House official reportedly said Friday. *"We looked at past efforts and solicited ideas from both sides and partners in the region with the recognition that what has been tried in the past has not worked. Thus, we have taken an unconventional approach founded on not hiding from reality, but instead speaking truth,"* the official said.

In an interview with Israel's Army Radio on Tuesday, Strategic Affairs Minister Gilad Erdan in a response to *'The Washington Post's'* report said, *"If the American administration understood that the idea of a Palestinian state has no justification, feasibility, or chance, this is significant news."*

White House Special Envoy Jason Greenblatt, who has been tapped to lead the US negotiating team, tweeted a direct appeal to Palestinian leaders last week. *"To the PA: Our plan will greatly improve Palestinian lives & create something very different than what exists. It's a realistic plan to thrive/prosper even if it means compromises. It's not a 'sell out' —if the plan isn't realistic, no one can deliver it,"* Greenblatt wrote.

Again, exact details of the plan remain confidential. However, from what we have learned so far, Trump's proposal to bring a resolution to the conflict will link economic development for Palestinians with recognition of Israel and acceptance by the Palestinian's of autonomy in the region, but not sovereignty or statehood. In addition, according to recent statements from newly-appointed US Secretary of State Mike Pompeo, Israel will be supported in her plans to annex Jewish settlements in Judea and Samaria. So far, though, we have not heard much about what the Bible calls a "stumbling stone among the nations," namely the status of Jerusalem.

So, let's pause here and recap for a moment what we know, as this is of much greater significance than anyone may realize:

- War with Iran planned by Trump, to occur in the Fall of 2019
- Donald Trump reportedly wants Jared Kushner to be Vice President in 2020
- Donald Trump believes Jared Kushner is Jewish "Messiah"
- Donald Trump converted to Judaism two years ago, according to White House official
- Donald Trump signals support for "End Anti-Semitism Act of 2019"
- President Trump announces \$3.7 Billion Israel defense aid package

If you have been like me, you have been wondering for months and perhaps years what event would precipitate or lead to the fulfillment of Isaiah 17:1 and the War of Ezekiel 38, look no further than the above bullet points! The bullet points above are more than our answer. Really folks! We are at the threshold of the event that sets the stage for the War of Ezekiel 38 and the Tribulation.

While most prophecy teachers are contemplating the Psalm 83 War, which Amir Tsarfati of "Behold Israel", and author of *'The Last Hour'* differs. Amir has stated many times that the Psalm 83 War has passed in recent decades. Amir anticipates next the war of Ezekiel 38. Amir Tsarfati was born in Israel and has lived there most of his life. Since fulfilling his mandatory service in the Israeli Defense Force, he has continued as a major in the IDF Reserve, and was Deputy Governor of Jericho. Amir has been a tour guide in Israel for the last twenty years, and served as chief tour guide of Sar El Tours and CEO of Sar El Tours and Conferences. In 2001, he became founder and president of "Behold Israel" – a non-profit organization which provides worldwide real-time access to reliable sources of news and information about Israel from within the powerful context of Bible history and prophecy. His home overlooks the valley of Megiddo (Armageddon) which is a constant reminder of the call that the Lord has placed on him to teach from the Bible what God's plans are for the end of times.

President Trump once said, *"I don't need anybody's money," he said in mid-June 2016. "I'm using my own money...I'm really rich."* But Sheldon Adelson's cash also helped elect Trump — even though during the campaign Trump often asserted his independence of big donors to portray himself as a self-styled populist. In fact, if you follow closely his remarks, he flaunts his self-styled populism. That portends of his dishonesty and ability to deceive!

In 2016, Adelson gave almost \$83 million in publicly disclosed funds to Republican groups and candidates, including \$20 million to Future 45, a super PAC that backed Trump. He also threw in a record \$5 million to the inaugural committee, according to the nonpartisan Center for Responsive Politics. Sheldon Adelson has a net worth of \$36-billion dollars.

President Donald J. Trump has delivered on dreams that Sheldon Adelson has had for years; U.S. recognition of Jerusalem as Israel's Capital; moving of the U.S. Embassy to Jerusalem; and the U.S. pullout of the Iran nuclear deal.

Las Vegas Sands Corp. chairman Sheldon Adelson is seriously ill and undergoing treatment for non-Hodgkin lymphoma, the company confirmed in March. The news was revealed by an LVS attorney, James Jimmerson on Monday when he told a Nevada courtroom that the 85-year-old casino mogul was too ill to attend a deposition.

The Adelson's are among the largest donors in history to the Republican Party, but when it comes to Israel, they are further to the right than most Republicans. They've visibly pressured President Donald Trump to make good on his promise to move the U.S. Embassy from Tel Aviv to Jerusalem. More controversially, they oppose a two-state solution to the Israeli-Palestinian conflict, which they consider a security risk tantamount to suicide.

In 2012, Sheldon Adelson granted a rare interview to Politico's Mike Allen at the owner suite in the Venetian, his casino and hotel in Las Vegas. Over a dinner of salmon and mixed vegetables, Adelson told the reporter that he didn't believe one person should influence an election. *"So, I suppose you'll ask me, 'How come I'm doing it?' Because other single people influence elections."* He continued: *"I suppose you could say that I live on Vince Lombardi's belief: 'Winning isn't everything, it's the only thing.' So, I do whatever it takes, as long as it's moral, ethical, principled, legal."*

The 85-year-old billionaire and his wife Miriam, 71, have especially strong opinions about winning when it comes to Israel. Both have deeply felt emotional ties to the country: Adelson often speaks of his father, a struggling Lithuanian Jewish immigrant to the United States, who was a fervent believer in the need for a Jewish state. Arthur Adelson never made it to Israel, so on Adelson's first visit he wore his late father's loafers, leaving their prints on the Jewish homeland. Miriam, a physician who takes an active role in the couple's business and philanthropic pursuits, was born in Israel to a mother who survived the Holocaust.

Upon their 1991 marriage, the second for both, their passions for Israel intertwined, and they emerged as an indefatigable power couple, self-styled protectors of the Jewish state armed with Adelson's casino fortune. Willing to put their money where their beliefs were, they began pouring audacious sums into projects they believed would strengthen Israel. This includes a wide range of causes from the popular Birthright program—designed to draw young American Jews closer to Israel and their

Jewish identity—to building up settlements in the West Bank and East Jerusalem. The Adelson's are among the largest donors in history to the Republican Party, but when it comes to Israel, they are further to the right than most Republicans. They've visibly pressured President Donald Trump to make good on his promise to move the U.S. Embassy from Tel Aviv to Jerusalem. More controversially, they oppose a two-state solution to the Israeli-Palestinian conflict, which they consider a security risk tantamount to suicide.

In Israel, too, the Adelson's find ways to invest in politicians, and by far their biggest success story to date has been Prime Minister Benjamin Netanyahu, with whom Adelson became close around 1990. The bond strengthened as Netanyahu became Likud leader in 1993 and then served as Israel's youngest prime minister from 1996 to 1999. When Netanyahu began jockeying for a return to power in 2005, Adelson was there for him. He reportedly thought Netanyahu would be tougher on the Palestinians and less likely to embrace a two-state solution than then-Prime Minister Ehud Olmert.

In the “six” bullet point headlines above you have all you need to understand what is coming later in 2019 and why this could lead to Isaiah 17 and Ezekiel 38/39. It was Sheldon Adelson who got John Bolton his appointment as National Security Advisor in the Trump Administration. Those statements came right from the pages of *'Israel Hayom'* or in English *'Israel Today'*. It is the largest Israeli free daily newspaper, and was subsidized by its founder Sheldon Adelson. *'Israel HaYom'* is Sheldon Adelson's gift to Bibi Netanyahu. It made him prime minister. It glorified him, it flattered him, it lied for him. Keep mindful that *'Israel Today'* is an Israeli newspaper, and not circulated in the U.S. The “six” bullet points, to the best of my knowledge, have not been revealed in the U.S. media anywhere. Thus, only Israeli citizens know about the implications of them. These people do understand Ezekiel 38/39!

When Scripture reveals “history in advance” or what we refer to as “prophecy”, we need to be very careful so as not to read into the narrative text that God has taken a position on them, either pro or con. As Christians we are specifically called to pray for the peace of Jerusalem. ***“Pray for the peace of Jerusalem: they shall prosper that love thee.”*** -(Psalm 122:6). If Sheldon Adelson had his wishes, we would have obliterated Iran in early 2017, and he is prepared to use his wealth to destroy Iran!

I will comment on each of those points above at this juncture. These people are seriously deluded! They reflect the ills of this world relative to the daily issues that emanate out of the Middle East. These points are specific indicators of the near-term reality of Isaiah 17:1 and Ezekiel 38. Do not expect as much as a whimper from the institutional church on these passages. I was a minority in the United Methodist Church, who by the way teach neither passage is relevant for us today. The institutional mainline church has the same veil of darkness hanging over it as does the Jews. The Apostle Paul said it this way in Romans 11:8, ***Just as it is written: “God has given them a spirit of stupor, Eyes that they should not see And ears that they should not hear, To this very day.”***

“For this we say unto you by the word of the Lord, that we which are alive and remain unto the coming of the Lord shall not prevent them which are asleep. For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord.” -(1st Thessalonians 4:15-17). We may very well be called up between now and the coming war planned by the Trump Administration. I noted the plan for this war is for some time in the fall. Remember this, Rosh Hashanah this year is September 29th to October 1st.

War with Iran planned by Trump, to occur in the Fall of 2019 This is driven by more than hatred of Iran; it's all about the House of Rothschild agenda to install a Rothschild-central bank in every country of the world. As of 2016, only four countries remained independent of the Rothschild's: Cuba, Iran, North Korea, and Syria. Keep in mind, before the Arab Spring revolution began, there were ten countries without a Rothschild-central bank. Retired 4-star General Wesley Clark publicly expressed his dismay of the Pentagon plan to take down seven countries in five years; and today those seven countries have a Rothschild-central banks.

President Trump is beholden to the Rothschild's despite his criticism of the Federal Reserve System, and I mean deeply beholden! By that, I am saying that he has many bank loans with Rothschild-connected banks. President Trump's enterprises are under family trustee-management until he leaves office. The story of Jared Kushner's financial problems is laid out in the book *'Kushner, Inc.'* by Vicky Ward. It was released in the middle of March, 2019. As best determined, President Trump is only worth around \$3 billion, down from the \$5 or \$6 billion we were led to believe in 2016. The Rothschild's own, or control an estimated \$500-trillion in assets, or about 75% of the global assets. They are known for their modus operandi of betting on the opposition in politics. By betting on all viable candidates, regardless of who wins or loses, the Rothschild's always win! This way they have leverage to achieve what it is that has them at the table.

The President takes none of his authorized presidential salary and each quarter he donates his official salary to a different government agency. In my series *'There Are No Statute of Limitations on Fraud'*, In the final two chapters, I raised two substantive questions about Donald J. Trump's Presidency:

- Is the Rothschild's using Donald J. Trump or is Donald J. Trump using the Rothschild's?
- Or perhaps we ought to phrase it differently and consider a third possibility, and that they are working as partners!

In my 17-part series: *'There Are No Statutes of Limitations on Fraud'* I stated my reasons for suggesting that the evidence points in the direction that it is more likely the third possibility, (link to: <http://jesusisthewaythetruththelife.com/node/22>). The jaw-dropping revelation made by *'Israel Today'* strengthens my case, surprisingly so!

Since the Federal Reserve Act was passed in December, 1913, the United States has been the “world’s policeman” functioning in the overthrow of regimes and governments. The Rothschild’s are the financial wing of the Illuminati. They have been “Fiduciary” Agents for the Vatican since 1823/24. In simple words, they are partners in crime with the Jesuit-Vatican, who in turn pull the strings of the U.S. The “Triad” is made up of three primary sovereign city-states.

For everything the Rothschild’s central bank provides the elite of the U.S. and the world, there are conditions attached or a payback on the table. **President Trump is obligated to fulfill his part of the deal as President and to destroy Iran and replace its banking system with another Rothschild-controlled central bank.** There are plenty of people willing to do the bidding of Rothschild lieutenants like George Soros, Pope Francis, and others. Because of his wealth there always will be people only interested in getting his free money to do his dirty work.

The details in the *'Israel Today'* article above indicate it is obvious that a military-study, a battle-plan has been prepared relative to costs and expense necessary to remove Iran’s political-military-economic leadership and infrastructure. The plan obviously factors in weaponry, manpower, loss of military life and collateral civilian loss of life as well. **The intent to use tactical nuclear weapons raises the stakes significantly, and by that I am suggesting it could spread to a global nuclear war.** War plans never go quite as expected and to believe Trump’s plan will work, apparently forgets the unknowns and unforeseen events. Note Revelation 9:15.

Do not expect much out of the Trump “Deal of the Century” peace plan for the Palestinians. President Donald Trump’s “deal of the century”, a backchannel plan to

reach peace between the Palestinians and Israel, is nothing but a mere “hoax”, experts believe. Details of the U.S. plan are expected to be announced after the Muslim fasting month of Ramadan, which will start early May and end at the beginning of June. Just by what Jared Kushner has related or shared with others, the “deal of the century” is **DOA**, Dead on Arrival! You can also expect a lot of death come out of this plan!

Donald Trump reportedly wants Jared Kushner to be Vice President in 2020

Trump’s nepotism is problematic, not because Jared is the son-in-law of the President. It is problematic because of his greed, ambition, and corruption discussed in Vicky Ward’s book *‘Kushner, Inc.’*. Jared Kushner is a member of the fanatical Chabad sect of Judaism, and his loyalty is to Israel first, and not the U.S. As Vice President, he would be a heart-beat away from becoming the President. Unfortunately, most Bible prophecy scholars fail to single out this satanic wing of Judaism for what it really is. I noted this in my series noted earlier. **The Chabad Lubavitchers are driven to bring in their messiah, this is part of the coming Third Temple and the Antichrist.**

Donald Trump believes Jared Kushner is The Jewish "Messiah" This is delusional thinking run amok. Donald J. Trump’s religious background consisted of Norman Vincent Peale, the father of the ‘Prosperity’ Gospel. Many of those serving as his spiritual advisers are major names in the ‘Prosperity’ Gospel camp, such as Paula White, and Kenneth and Gloria Copeland. The ‘Prosperity Gospel’ is Biblical heresy! Jared Kushner is a member of Chabad, a fanatical group within Judaism. They are converts to Judaism, not descendants of Abraham, Isaac, and Jacob. They worship the Talmud, the Zohar, and Kabbalah. They are not Torah observant Jews. Their view of Gentiles, including Christians, is that they are **‘Goya’** [animals]. The Marxist Democratic Party representing the globalist agenda and the coup against President Trump and his patriotic nationalism is less of a threat than is the Chabad. They are fanatical radicals of Zionism and loathed by most of Judaism.

Donald Trump converted to Judaism two years ago, according to White House official What is very alarming about this is the form of Judaism that he converted to; Chabad is an ultra-conservative messianic movement within the Ashkenazi community, which dominates Zionism today. Other branches of Judaism refer to the Chabad Lubavitchers as the Jewish Mafia. Chabad reflects radicalism at its worst and given the tyranny of secrecy in the Deep State we face instability and an unpredictable outcome. When the President signed an Executive Order at the NRA Convention in Indianapolis, IN, taking the country out from the UN gun control, it was two days later that Pope Francis declared war on the President by giving a half-million dollars to fund illegal immigrants from Central America. Pope Francis pledged \$500,000 from the ‘Peter’s Pence’ fund to support, encourage, those invading the U.S. southern border from Latin American countries. We find out that our laws require registration of anyone attempting to enter the country, they complete paperwork, and are given a hearing date far down the road, and then they are virtually dumped on the streets of border towns and cities of the Southwest. In essence, President Trump’s wall is meaningless and at least 100,000 illegals flood the country every month. It says even less about the diseases these invaders bring with them, which it has been determined to

be the cause of the outbreak of measles around the country, which began at Disney Land over a year ago.

In 1966, Richard Cloward and Francis Fox Piven, Columbia University professors introduced a political strategy in an article entitled *'The Weight of The Poor: A Strategy To End Poverty'*.

The article outlined a strategy to overload the safety-net system and create so much poverty that the United States would become a social-welfare state with economic and political power concentrated at the top with far fewer freedoms than we enjoy today. This is the goal of Pope Francis, the Rothschild's, George Soros, to do exactly what they have done to Europe.

According to Brandon Smith, writing at *'Zero Hedge'*, the Cloward-Piven strategy involves nothing less than economic sabotage against the U.S.

Theoretically, according to the doctrine, a condition of overwhelming tension and strain could be engineered through the overloading of American welfare rolls, thereby smothering the entitlement program structure at the state and local level. The implosion of welfare benefits would facilitate a massive spike in poverty and desperation, creating a financial crisis that would lead to an even greater cycle of demand for a fully socialized system. This desperation would then "force" the federal government to concentrate all welfare programs under one roof, nationalize and enforce a socialist ideology, and ultimately, compact an immense level of power into the hands of a select few.

Cloward and Piven claimed that this could be accomplished at a grassroots level through community activism, and, that it would facilitate a more compassionate federal authority, however, there are numerous problems with these assertions.

The Cloward-Piven Strategy has nothing to do with grassroots activism, and accomplishes nothing tangible for the downtrodden poverty class. In fact, I would dare to say that Cloward and Piven as well as most social engineers are well aware that the concept ultimately only serves to give even more dominance to the establishment and pilfer even more freedom from the masses.

Cloward-Piven is not limited to the destabilization of state and local welfare programs. It can easily be used against federal level entitlements, and in reality, is much more effective against an entity with the proven tendency towards exponential debt spending. Though the federal government may be able to borrow fiat dollars through the Federal Reserve to prolong welfare rolls while the states cannot, a more volatile threat arises when debt monetization begins to wear down the purchasing power of the currency. Weakened purchasing power results in reduced consumer activity, less industrial growth, less GDP, and obviously, more poverty. The dollar has lost approximately 98% of its purchasing power since 1972, and after 50 years of the so-called "War on Poverty", nearly one third of the American population now repeatedly

slips under the official poverty line. Social Security ends in a few years, largely from the crushing payouts to illegal aliens, which may be as large as 42-million, double the public figure given of 20-million.

In the past decade alone, the number of people dependent on food stamps and EBT for their survival in the U.S. has doubled from 25 million people to nearly 50 million people. Those who receive some kind of payment from the government, including those on social security, disability, and veterans benefits, are approximately 100 million. Americans on social security do not consider themselves welfare recipients because they paid into the system, however, the point remains that if the federal money tap shuts down due to overwhelming participation, the checks will stop whether you paid into the system or not. **The American public is unaware of how President Obama enabled the newcomers to receive as much as \$5,000 a month, plus free health care benefits, including IRS refunds, through the Earned Income Credit provision, even though they had not worked in the country before, etc.**

In the end, it is the Federal Government itself that is most vulnerable to the Cloward-Piven Strategy, and I believe the goal is to set fire to ALL social structures in the U.S., then assimilate them into a new globalist system.

The tactic of overwhelming the welfare structure requires the complicity of the government itself. A grassroots activist movement cannot and will never compel federal and state governments to expand welfare initiatives if they do not wish to. If welfare programs are not expanded beyond their capacity to be maintained, they cannot be overwhelmed. Therefore, government must cooperate with the Cloward-Piven Strategy by generating more and more welfare programs to be exploited. That is to say, the elitists who control our government, regardless of their claimed political party, must WANT to arrange circumstances to allow for Cloward-Piven to be successful.

We are seeing the U.S.A. being turned into a third-world country by flooding it with an endless sea of people deceived into believing America is a future home of plenty of free stuff, only one day to realize America is bankrupt. This alone should tell you that Trump's MAGA will not happen. Even as big as the U.S. is, there is a limit to how many can be absorbed and assimilated.

Donald Trump signals support for "End Anti-Semitism Act of 2019" As just as this might seem to be, I see opposition from the anti-Jewish members of congress and the senate. A similar bill in Texas was ruled unconstitutional just days ago. The recent attacks on synagogues in Pittsburgh, PA and in Poway, CA would not have been prevented by such an act. We live in a world that has gone mad. The Federal Government of the United States of America is violating the fundamental Constitutional rights of American citizens by means of the Global Anti-Semitism Review Act of 2004, the Office to Monitor and Combat Anti-Semitism and House Resolution 41.

President Trump announces \$3.7 Billion Israel defense aid package In recent years there has been a cry to cut back military aid to Israel; however, an aid

package usually is passed without much of a debate. This year we have witnessed three Muslim women elected to the congress for the first time in U.S. history. They wasted no time to demand the end to military aid to Israel. That should be no surprise but as we begin to see a growing Muslim population being settled in small towns across the country and their determination to advance their causes, pressure will be increased in lobbying efforts to cut and/or reduce, and even end military aid to Israel. For example of Muslim demands, look at Utica, NY, it was one of the smaller cities that President Obama settled large numbers of Muslims during his eight years in office. A week ago, the Muslim community was demanding that restaurants in the area open up at 4 am throughout Ramadan, which begins May 6th and runs through June 3rd.

These articles taken from '*Israel Today*' news are alarming for many reasons, I have no doubt that Russian intelligence reads '*Israel Today*', and if I get them in my email, whose is to say that Vladimir Putin is unaware of Trump's planned war for Iran? As I said at the beginning, most of us have been watching and waiting, and anticipating what might be the event to precipitate the demise of Damascus in Isaiah 17:1, and the war of Ezekiel 38, then all of this might be the fuse to lead to God's intervention in the affairs of the Middle East. Two aircraft carrier battle groups are in the Mediterranean Sea again, the first since 2016. Vladimir Putin's patience may be wearing very thin these days and remember the hook is in the jaws of Gog and Magog.

When I first read these articles from '*Israel Today*', especially the first one about Trump's war on Iran in September, I immediately thought of Rosh Hashanah, which I believe begins on September 29 and ends on October 1, 2019.

Could this be our "**Blessed Hope**" event? Oh Lord please let it be! Since the basis for the Ezekiel War of chapters 38/39 is on the near horizon we need to do a review of how this might unwind and provoke God's intervention. ***"And except those days should be shortened, there should no flesh be saved: but for the elect's sake those days shall be shortened."***-(Matthew 24:22). ***"For in those days shall be affliction, such as was not from the beginning of the creation which God created unto this time, neither shall be. And except that the Lord had shortened those days, no flesh should be saved: but for the elect's sake, whom he hath chosen, he hath shortened the days."*** -(Mark 13:19-20). There are other related passages that imply or speak to this point, and once it is reached God is required to act to deliver the Saints before judgment is executed against the disobedient nation of Israel and an unbelieving world hell bent on bringing chaos to the world. In God's plan, "deliverance before judgment" is the typology pattern found over 300 times in the KJV Bible!

This is a perfect time to do a quick review with what is ahead. I will begin by defining who "Gog" and "Magog" are, when this prophecy will take place, and what countries will be participating in the coalition against Israel:

- The Hebrew Prophet Ezekiel lived in Babylon (Iraq) more than 2,500 years ago and the Lord gave him a vision of events that would take place in the future.

- Ezekiel 38:16 specifically tells us these events will take place in the “last days” — that is in the End Times before the Messiah comes to set up His kingdom on earth.
- Ezekiel chapters 36 and 37 set the stage for the “War of Gog and Magog” by describing that Israel will be reborn as a country in the last days, the Jewish people will come back to the Holy Land from exile all over the world, the Jewish people will rebuild the ancient ruins and make the deserts bloom again. These things have all happened, and this suggests we are getting closer to the fulfillment of the next set of prophecies.
- Ezekiel 38:2 tells us that the war will be led by someone known as “Gog.” This is not a personal name. We’re not looking for someone named David Gog. “Gog” is a title, like a “Pharaoh” or a “Czar.” Through the prophecy, this Gog is described as a military leader, a political leader, and a coalition builder. In Ezekiel 38:10 he is described as developing an “evil plan,” we know this is an evil man at heart, a cunning and ruthless tyrant.
- The Hebrew prophet gives us more clues. This “Gog” is going to be from the “land of Magog.” One has to do some historical work to determine what Magog is, but it is possible, and records exist to provide us clues. Flavius Josephus, the first century Roman historian, wrote in his famous book, *‘The Antiquities of the Jews’*, that the people of Magog are the people whom the Greeks called “Scythians.” This is a critical clue because we know from history that the Scythians were a people group that migrated from the Middle East northward and settled north of the Black Sea and the Caspian Sea in the region we know today as Russia and the former Soviet Republics.
- There are many other interesting clues, as well. Ezekiel 38:15 says that **Gog “will come from your place out of the remote parts of the north.”** Ezekiel 39:2 says Gog will come **“from the remotest parts of the north”** and come **“against the mountains of Israel.”** The country that is farthest to the north in relation to Israel is Russia. The mountains of Israel are in and around the Golan Heights in which Israel captured the Golan Heights from Syria in the 1967 Six-Day War. A ceasefire was signed on June 11, 1967 and the Golan Heights came under Israeli military administration. Syria rejected UNSC Resolution 242 of November 22, 1967, which called for the return of Israeli-occupied State territories in exchange for peaceful relations. President Trump officially recognized Israel’s possession of the Golan as belonging to Israel. Syria has protested and said it would retake the land they lost in the 1967 war.
- Thus, it is a given that a Russian dictator will build a diplomatic and military coalition to surround and attack the State of Israel in the end times from the mountains overlooking most of Israel, including Tel Aviv. The question then is what other countries will be part of the coalition?

- In Ezekiel 38:5, we learn that the first ally Russia will have is “Persia.” of course, Persia was the legal name of the country we know today as Iran. They changed the country’s name back in the mid-1930’s. So we know that Russia and Iran will build an alliance in the last days to attack Israel. In fact, they have mutual defense treaties signed on January 20, 2015.
- Ezekiel tells us that another country in the alliance will be what many English Bible translate as “Ethiopia.” The Hebrew word, however, is “Cush” and Cush is the upper Nile region that we now know as Sudan. While the current state of Ethiopia may also be involved in the war, but the real focus is really Sudan, which today, of course, is a radical Islamic Sunni state closely allied with Iran and Russia and deeply anti-Semitic and anti-Israel.
- Next, Ezekiel says a nation called “Put” will be part of the alliance. Josephus identifies “Put” as “ancient Lybios” — the territory that today we call Libya and Algeria. Interestingly, both countries today are deeply hostile to Israel and very much aligned with Russia.
- The next country mentioned is “Gomer.” Some allude to this as Germany but when one does the historical investigation, one learns that Gomer is what we now call Turkey. For much of the past 80 years, it didn’t make sense that Turkey would turn against Israel. Why? Because Turkey was a NATO ally, and a friend of Israel, the U.S. and the European Union. But in the last few years, the Turkish government has swung dramatically away from the West, towards Russia and Iran, and become deeply hostile towards the State of Israel. Turkey has been a problem over the sale of the U.S. F-35 joint-force fighter-bomber. President Trump cancelled the sale of all spare parts for the F-35 when Turkey chose to purchase the Russian S-400 anti-missile system instead of the U.S. Patriot system. Some have brazened to say that Turkey will be where the Antichrist arises at the beginning of Daniel’s 70th Week! Don’t believe it!
- The next country Ezekiel mentions is “Beth Togarmah.” This is the Turkish-speaking peoples that spread out from Turkey across the Caucasus, and across Central Asia. We can’t be certain precisely which modern nation states from this area will join the anti-Israel alliance, because these are virtually all Muslim countries with close links to Russia and Iran. They were satellite countries in the former Soviet Union before the 1989 collapse of the USSR.
- Egypt is not mentioned by Ezekiel as part of the Russian-Iranian alliance against Israel. This is important because Egypt has been a historical enemy of Israel. That said, perhaps Egypt’s absence in the War of Gog and Magog is linked to the peace treaty Egypt signed with Israel in 1979. This treaty has been tenuous one, and could come apart. I did a three-part article on “*Out of Egypt and Pharaoh’s Revenge*”. Egypt continues to buy armaments in quantities far and above what it would require for self-defense purposes. It cultivates both the U.S. and Russia

for military technology. Strategically, Egypt keeps its military close distance to the Israeli border.

- Iraq — whether under its biblical names of Babel, Babylon, Babylonia, Shinar, or Mesopotamia — isn't mentioned in the prophecy either, yet it, too, is an historic enemy of Israel. Saddam Hussein and his country of Iraq were neutralized in the liberation of Iraq in 2003, the subsequent violence, and as a military power it has not been a threat to Israel since. The leadership has called for the U.S. to leave Iraq but has been impotent to do anything about the U.S. troops there.
- Syria and Lebanon are not mentioned by named in the prophecy either. However, Ezekiel tells us repeatedly that the main military force that will be coming against Israel will be coming from the north, which means they will be coming through Lebanon and Syria.

I personally believe that Iran has had nuclear weapons for a decade if not longer. They were working closely with North Korea going back to the time of the first Gulf War. As to why Iran has not launched a nuclear ballistic missile so far is tempered by a fear of what Israel would do should Iran strike. Iran has chosen to keep the pressure on Israel through conventional rocket harassment. When Benjamin Netanyahu exposed the Iranian nuclear program at the UN, documents indicated that their goal was to produce five to ten nuclear warheads, and married to missile technology that could reach the Mediterranean coast. Hezbollah in Lebanon has built up a force of more than 180,000 rockets aimed at Israel. The Syrians are likewise afraid to launch a major war with Israel. Egypt's Muslim Brotherhood is an element of fear and potentially a factor Israel has to contend with in Egypt's shaky peace treaty with Israel. Meanwhile, the heightened tension has led to a growing number in Israel to believe recent events are indicators that the "War of Gog and Magog" could occur any day. Christians around the world think the "War of Gog and Magog" is coming soon, as well.

What will the plan of battle be for the Ezekiel 38/39 scenario? Military planners have war-gamed this scenario for years. Officers appointed to attend the Army War College at Carlisle, PA., and the Army Command and General Staff College at Fort Leavenworth, KS are put through the paces of both past and future wars. Approximately 1,100 field-grade officers of the rank of Major are appointed to attend the prestigious Command and General Staff College year-long Master's-level course. West Point Academy students also study former wars. I have several family members in the military and so I have had the chance to get their input relative to battle strategy and tactics.

The Prophet Ezekiel describes a Russian dictator (Gog) who will form a military coalition with Iran, Sudan, Libya, Algeria, Turkey and a group of other North African, Middle Eastern and Central Asian countries in "the last days" -(Ezekiel 38:16). The nations Ezekiel notes are Muslim-majority countries, and Russia itself is about 16% Muslim and increasingly allied with Radicalized Islamic countries.

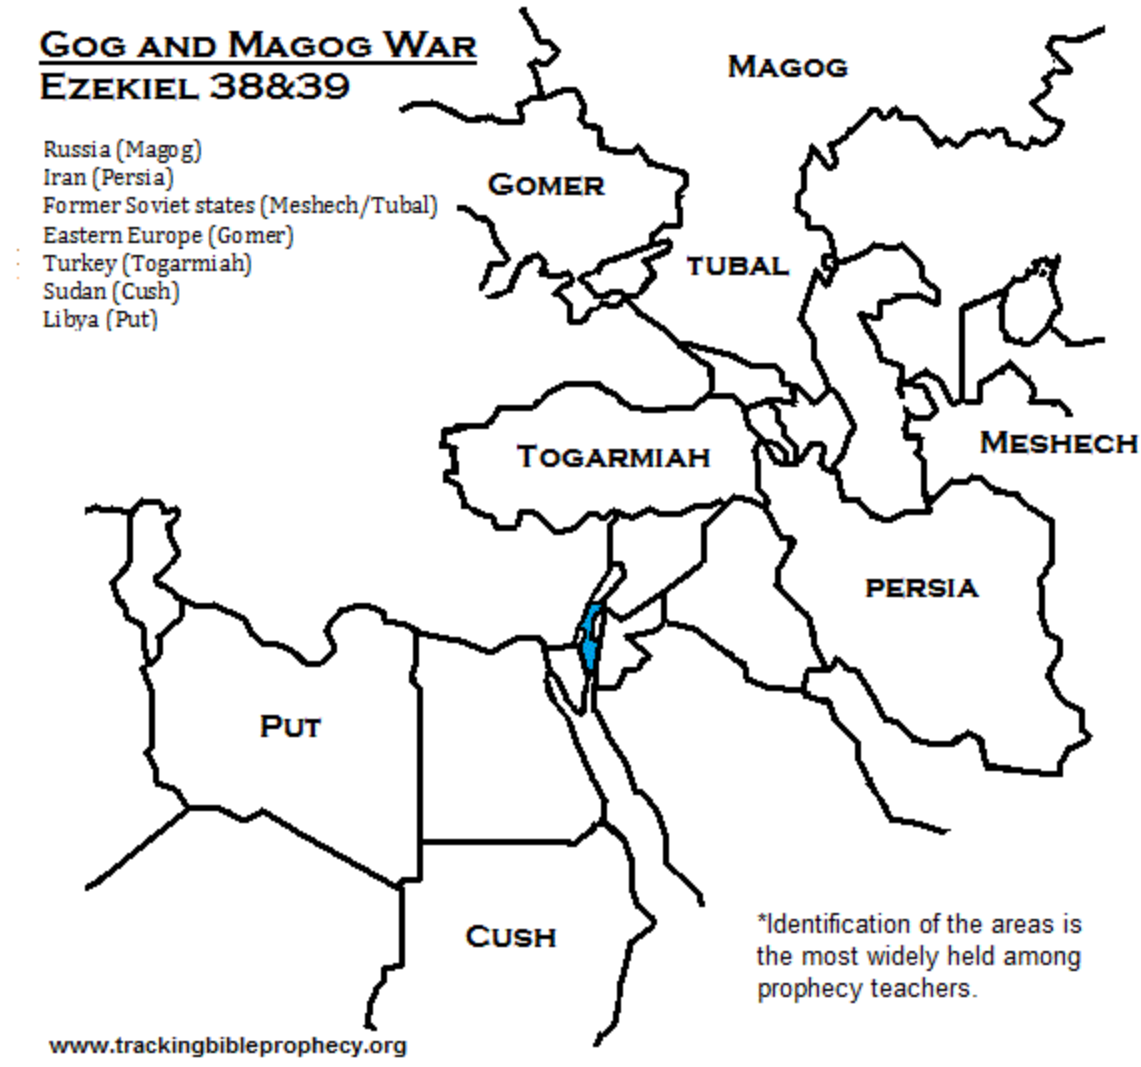

From Ezekiel 38:8 we know with absolute certainty that Israel is the target: ***“in the latter years, you [Gog and his coalition] will come into the land that is restored from the sword, whose inhabitants have been gathered from many nations to the mountains of Israel which had been a continual waste; but its people were brought out from the nations and they are living securely, all of them.”*** Ezekiel 38:16 says that the coalition ***“will come up against My people Israel”*** and that ***“it shall come about in the last days that I will bring you [Gog] against My land.”*** Ezekiel 39:2 says that Gog will come ***“from the remotest parts of the north...against the mountains of Israel.”***

The map on the next page shows the generally accepted modern nations today that are named in Ezekiel. A key requisite for this prophecy regarding the “War of Gog and Magog” to come true is that the State of Israel has to be prophetically reborn in the last days. Indeed, this is what the prophecies of Ezekiel chapters 36 and 37 described in colorful language of the dry dead bones coming back to life. The majority of mainline Protestant churches spiritualize Ezekiel as they do other Old Testament prophets and reject the idea that the prophets were writing about future times such as we are living in today. There is a huge disconnect with Protestant churches that hold to Reformed-Covenant theology. I have attended/graduated from two top notch highly-respected seminaries that taught their students a Reformed-Covenant understanding of the Bible.

I hold to a Dispensational view of Scripture. No one taught me this theological construct, I came to this position through what I often refer as the “caterpillar-butterfly” struggle. Despite being taught the Reformed-Covenant theology, I somehow managed to work through the many inconsistencies of it and became a Dispensationalist without ever realizing it. It was a lay member of a church where I was the pastor who pointed out something to me. One Sunday after worship she said that I sounded more like a C&MA (Christian and Missionary Alliance) preacher than I did a UMC (United Methodist Church). I had been teaching on Ezekiel in my Wednesday night Bible Study as well. It was a transforming moment for me since I often found myself at odds with a seminary professor over some topic in the classroom. I had taken for granted that all seminaries taught the same basic theological curriculum. Of more than a hundred seminaries in the U.S., only a handful are Dispensational in their theological programs!

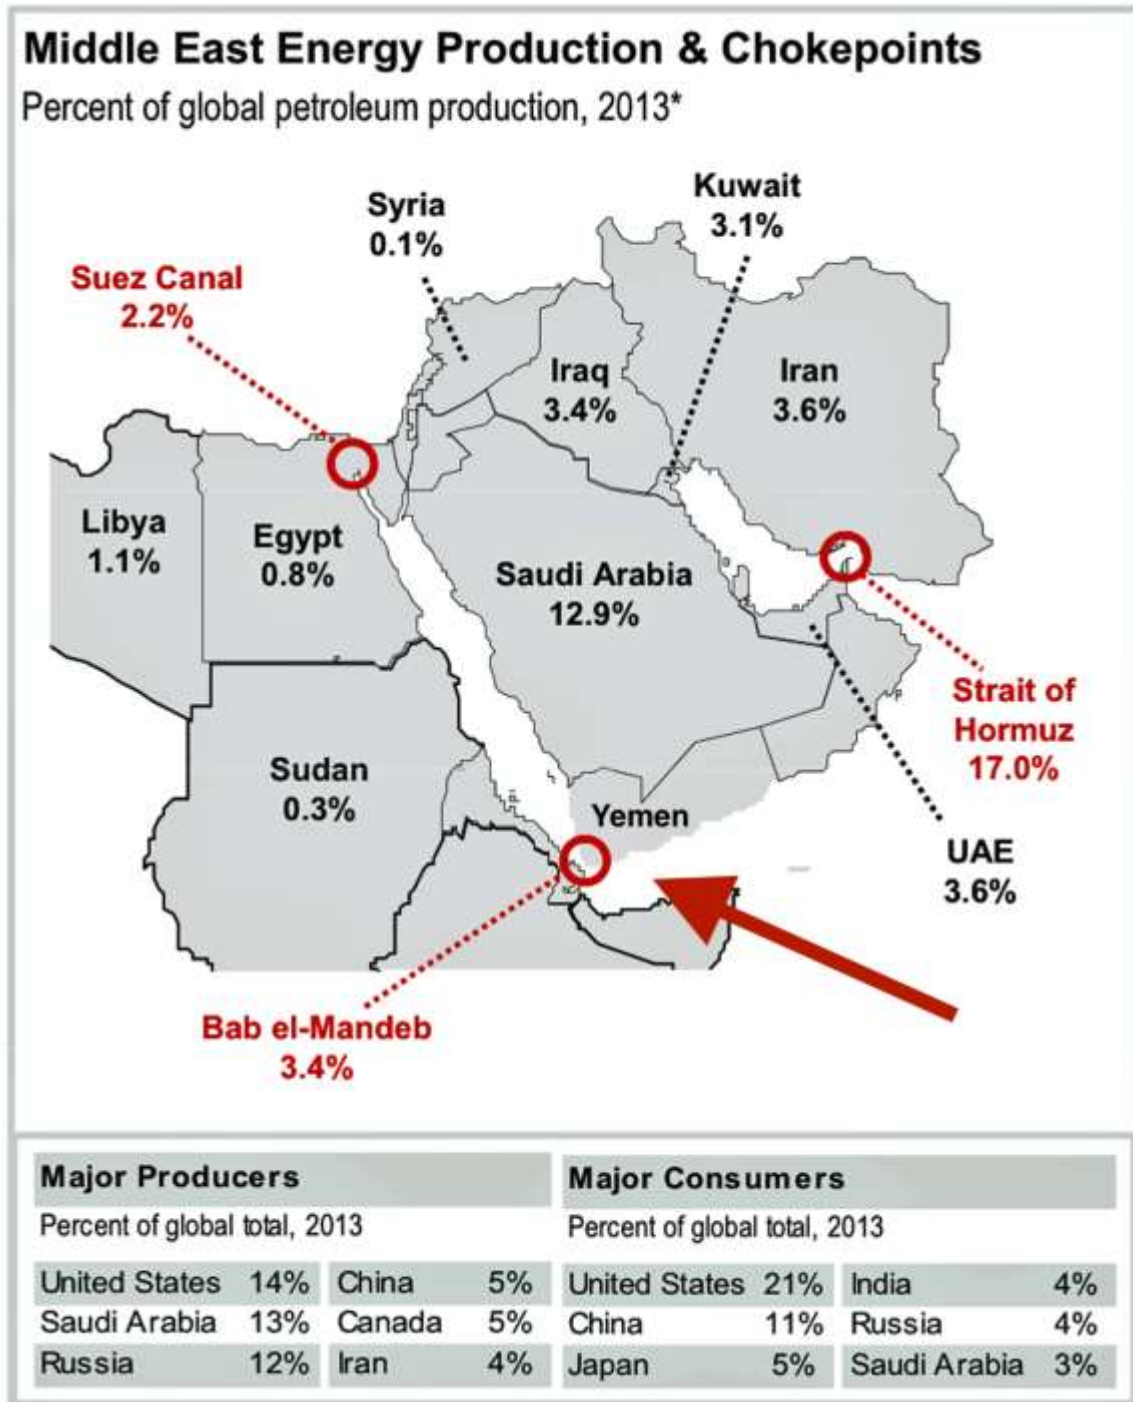

In Ezekiel, God revealed to him that His people, the Jews would be living in exile, scattered throughout the world because of sin and disobedience to the God of Abraham, Isaac and Jacob -(Ezekiel 36:16-21). The Lord promised to regather the Jewish people to the land of Israel in a future time. The Lord promised that ***“I will cause men — My people Israel — to walk on you and possess you”*** -(Ezekiel 36:12). The Lord told Ezekiel many things of encouragement and offered hope for a better day. It seems clear to me that in reading Ezekiel is speaking towards a future day and so we have this disconnect by most Protestant denominations of Israel’s return. I always want to scream out “what don’t you understand about the distinction between the past and the future to many of my fellow pastors.

Clearly, the Lord said that the Jewish people would rebuild the ancient ruins and the **“waste places”** -(Ezekiel 36:10); the land and **“mountains of Israel”** at that time would **“put forth [their] branches”** and bear fruit for **“My people Israel.”** -(Ezekiel 36:8); that first the physical restoration of Israel and the Jewish return to the Land would be set into motion -(Ezekiel 37:4-8). Furthermore, after the physical restoration of the State of Israel began, then the spiritual restoration of the Jewish people would be set into motion

-(Ezekiel 37:9-14). Then, once Israel is reestablished as a State, and the Jewish people were being regathered to the Land, and the Lord was drawing the Jewish people back into a relationship with Him, and Israel was living securely in the Land -(Ezekiel 38:8) with a degree of prosperity even -(Ezekiel 38:12), then — and only then — would the Russian-Iranian coalition be set into motion to rob, kill and destroy Israel and the Jewish people. The Hebrew text of Ezekiel 38 does not mention Israel having peace, it only mentions in Ezekiel 38:8 and 38:11, Israel is living securely. Many interpret errantly that Israel would be living in peace and security in a land of un-walled villages. My understanding of the Hebrew text suggests that is not quite the case.

It could be reasonably argued that Israel is living more securely today than at any other time in its 70 years. The Israeli Defense Forces is considered to be the 4th or 5th strongest and most effective military force in the world. The Israeli Air Force dominated

the skies, at least until Russia put the S-300 anti-aircraft missiles in Syria. It only recently lost an IDF aircraft to a Syrian missile. In February, 2018 Israel lost an F-16 in

a strike on Syria. There were rumors that one of its new F-35 aircraft had been hit by Syrian fire, but the IDF kept any details secret.

Whenever we discuss war in the Middle East, the topic always comes down to oil and as the map above shows, there are three “choke” points that draw immediate focus. The map is from a 2013 study but remains relatively about the same. The narrow Straits of Hormuz which divides Saudi Arabia on the west and Iran on the east have always been a matter of serious concern. The Saudi Arabian military has been waging a war on Yemen for the past few years, it is in effect to destroy the Iranian efforts to gain control of Yemen and the strategic straits of Bab el-Mandeb, the entrance way to the Suez Canal and route for oil tankers destined for European terminals. This has proved to be a costly and lengthy war for both Saudi Arabia and Yemen. If Iran were able to hold those two waterway chokepoints it could impact both the supply and cost of oil and transportation. A single attack or even sinking would send insurance rates into the heavens!

The U.S. military has over 40 military bases that virtually encircle the nation of Iran. This strategy has been in effect for more than twenty-five years and serves to keep Iran in check and on the reservation; however, as it has focused on nuclear technology, it is just a matter of time for Iran to exploit its weapons development.

**Who Is Threatening Whom?
Each Of The 45 Black Dots Is A US Military Base!**

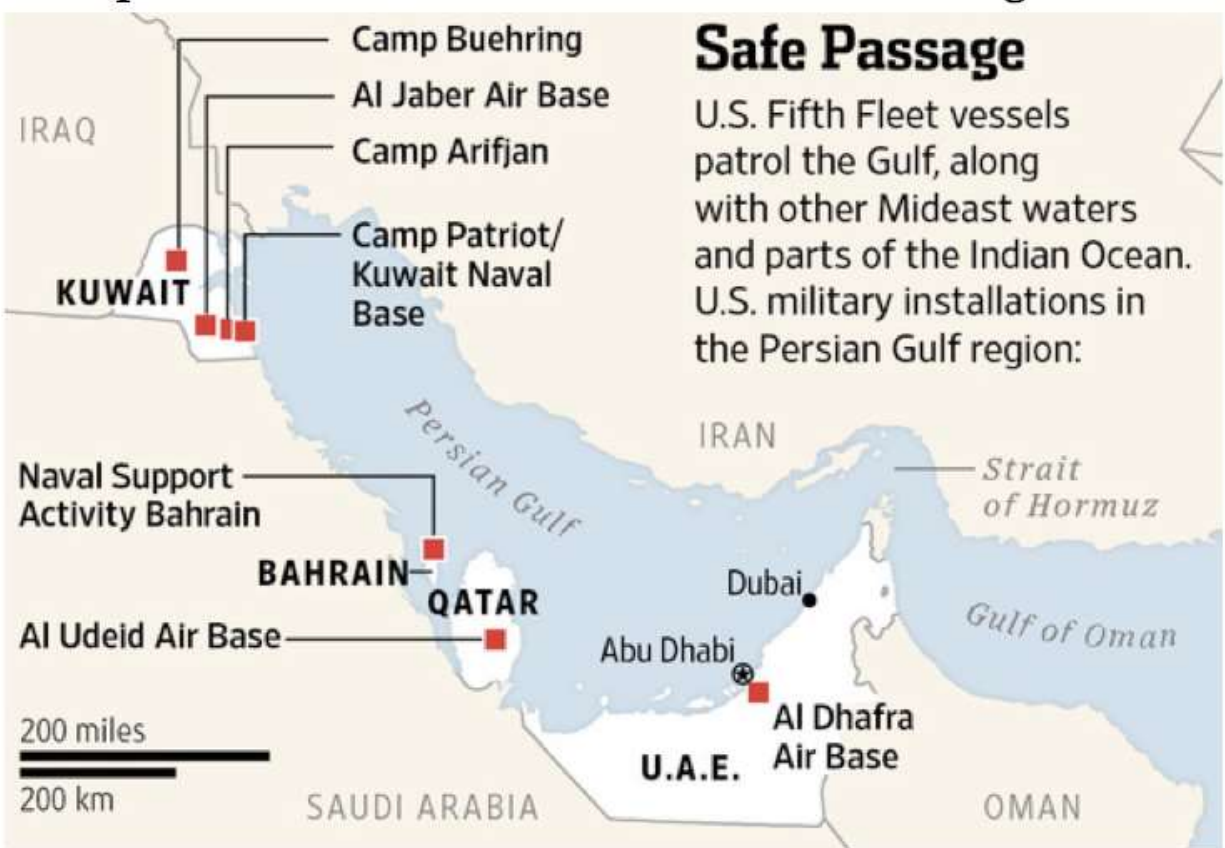

Israel has six “Dolphin” class submarines, at least two are at sea much of the time; 250 “Jericho” missiles, of 3 categories I, II, and III. The “Jericho” III, has a range able to reach Iran and there are 100 of these ballistic missiles, and it would be a safe bet to assume they are all nuclear-tipped! As you well know, Israel has never been more secure than it is under the presidency of Donald J. Trump. If the six head-lines at the beginning of this report are true, and I have no reason to question the reporting of *‘Israel Today’*, the leadership of Israel are feeling quite secure. Such an attitude can also breed over-confidence if not tempered! Could Israel be so secure enough to fulfill this prophesy? With what we know about the relationship between Benjamin Netanyahu and President Trump, I believe it is not just a possibility but would think it a high probability given the six news headlines above.

My concern is deepened by what we know about the Chabad Lubavitchers. This, perhaps, more than anything else, is reason for grave concern that we are looking at a war that may lead to a pre-emptive attack by Russia and its coalition in the Ezekiel 38/39 scenario. The Chabad are Satanists, they live by the Talmud, the Zohar, and the Kabbalah. We are not talking about rational-minded Jews! And should you doubt this, I recommend you read the words of Rabbi Michael Laitman, or better yet, watch his videos. Rabbi Laitman, a Jewish Kabbalist teaches his students, that Jews are sent from “another universe” to “take the form” of various human peoples — and “conquer” them through subversion of their “world ego.”

These Chabad radicals influenced President George W. Bush to officially recognize by signing proclamations of the Noahide Laws, their replacement of God’s Ten Commandments defined by Exodus 20 and Deuteronomy 5. The Noahide Laws call for the execution of Christians and Gentiles. President Trump, no doubt, has likely been influenced by the Chabad and the Noahide Laws. Chabad Jews are a serious threat to the world and are a formidable element poised to start a chain-reaction of events that will precipitate the execution of Isaiah 17 and Ezekiel 38/39!!

There is nothing Biblical about the Chabad Lubavitchers; however, the roughly 300,000 members are feared and hated by most of Jewry today. Lubavitch messianism involves the belief in the coming of the Messiah and a goal of raising awareness that his arrival is imminent. In addition, the term also refers more specifically to the hope that Rabbi Menachem Mendel Schneerson (1902 –1994), known to many as the Rebbe, could himself be the Messiah. Schneerson was a Russian Empire-born Orthodox Jewish rabbi, and the last Lubavitcher Rebbe, and considered one of the most influential Jewish leaders of the 20th century. Schneerson transformed the Chabad-Lubavitch movement, that almost came to an end with the Holocaust, into one of the most influential movements in world Jewry, with an international network of thousands of educational and social centers, known as Chabad Houses. Chabad’s goal, explains Sue Fishkoff, author of *‘The Rebbe’s Army’*, is to reach every Jew in the world. Chabad seeks out the support of the rich, famous and powerful, including celebrities like Bob Dylan, Jon Voigt, Whoppi Goldberg and Al Gore. Schneerson’s grave attracts thousands of Jews and non-Jews for prayer. When Schneerson died in 1994, a

hundred thousand+ attended his funeral service. The Chabad movement now has some 2000 institutions; educational, social, medical, all across the globe.

The above map shows the narrow Strait of Hormuz that divides the Gulf of Oman and the Persian Gulf. It is only twenty miles wide and as the smaller map below shows, it is definitely a choke point that has serious navigational issues even in the best of sea conditions. Slow moving oil tankers would be like shooting ducks in an amusement park barrel. Two sea lanes, each ten miles wide serve as the navigational waterway for hundreds of tankers coming and going, with an average of 14 per day. On average, 14 crude oil tankers per day pass through the Strait, with a corresponding amount of empty tankers entering to pick up new cargo. More than 85% of these crude oil exports went to Asian markets, with Japan, India, South Korea, and China representing the largest destinations.

Keep in mind, the price you pay for gas at the pump is influenced by the day-to-day rate for Casualty Insurance on oil tankers navigating these waters. The typical daily rate of insurance by Lloyd's of London is \$50,000 per oil tanker transporting 2-million barrels of oil. Even so much as the slightest mention of anything speaking of instability spikes immediately the insurance rates of day-to-day insurance on the roughly 2,500 oil tankers in the world. One can only speculate how high the price of gas will go should President Trump be so insane as to start a war against Iran. The \$10 a gallon often

mentioned may be too low should the U.S. attack Iran so that the Rothschild's can get their central bank into Iran.

If you are Vladimir Putin and you look at a map of the region of the Middle East and Europe, Asia, and Africa identified with U.S. military installations you would be well-advised to think twice, maybe three times, and then some before letting those hooks in the jaw make you do something that you will soon regret.

U.S. Bases Near Russia

When you take fact that the major end times prophecies of Ezekiel 36 and 37 have come true in our lifetime, can we speculate that we will see Ezekiel 38 and 39 come true in our lifetime as well? A year ago or even five years ago, I might have hedged but like the weather, changes can come quickly. There are no lack of those wanting to get the show on the road and get this over with. Those that I talked within the military well know and point out that such a war will not remain limited to the mountains of Israel. Should President Trump use even a limited number, like a half-dozen tactical nukes, the risks begin to accumulate into an ever-expanding war and the potential risk of “MAD” or Mutually Assured Destruction!

Ezekiel gives us no indication that any country will come to Israel’s defense. There are no indications that the United Nations, or the European Union, or NATO will defend Israel. This truly has to be most alarming about what happens to leave Israel helpless and alone! Even more striking, nor is there any indication that the United States will defend Israel given the vast U.S. forces in the region. Rather, Israel will be — and will feel — all alone in the world. I suppose this is perhaps the most alarming message revealed by Ezekiel. Ezekiel tells us that at the last moment when there seems to be know hope for Israeli Jews the God of Abraham, Isaac and Jacob is going to supernaturally intervene. Ezekiel 38:18-19 — ***“It will come about on that day, when Gog comes against the land of Israel,” declares the Lord God, “that My fury will mount up in My anger. In My zeal and in My blazing wrath I declare that on that day there will surely be a great earthquake in the land of Israel.”***

This War of Ezekiel raises a number of questions about its timing. Is it Pre-Tribulation, Beginning of the Tribulation, the first half, or mid-point? My understanding of Scripture suggests it is Pre-Tribulational and perhaps, preceded by the destruction of Damascus as well in Isaiah 17:1. I have looked at all the reasons pro and con on this and before I close off, I will list my reasons that support my contention here.

Ezekiel tells us that an earthquake will shake the entire globe and ***“all the men who are on the face of the earth will shake at My presence”*** -(Ezekiel 38:20). The enemy forces will become so frightened and disoriented that they will turn and starting fighting each other -(Ezekiel 38:21). Pestilence will breakout and begin to spread through the enemy forces -(Ezekiel 38:21). As God judges these enemies of Israel, the text says He ***“will rain on him [Gog] and on his troops, and on the many peoples who are with him, a torrential rain, with hailstones, fire, and brimstone.”*** -(Ezekiel 38:22). Should we consider this as an event from a nuclear war rather than a seismic or geological or astronomical in nature like what is referred to as the “Ring of Fire” of the Pacific Ocean? The Lord also ***says “I will send fire upon Magog and those who inhabit the coast lands in safety.”*** -(Ezekiel 39:6). In other words, parts of Russia and other enemy countries will be devastated by fire from heaven and we need to think about what this might mean.

The Bible is not specific nor tell us exactly how this all goes down, but it clearly describes a supernatural judgment of sort. Whatever the case, the God of Israel intervenes and defends Israel Himself, raining fire and brimstone down on the enemy

forces and utterly destroying them. This is where I always find myself turning to Revelation 9:15: ***“And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men.”*** This may be what Matthew 24:22 or Mark 13:20 is alluding to at this time.

God has stated explicitly as to why the Lord takes action? The Lord tells us specifically in Ezekiel 38:23, ***“I will magnify Myself, sanctify Myself, and make Myself known in the sight of many nations; and they will know that I am the Lord.”*** The nations have forgotten the message of the Bible, why He chose the nation of Israel to make Him known to the world. God does love the Jewish people and He loves the nation of Israel. They dropped the ball but He loves them anyway and He has made promises to them which He intends to keep. He wants the rest of the world to know there is a God and why he chose them to prove that point.

The destruction is so horrific that chapter 39 tells us it takes the Israelis seven months to bury all the bodies of the enemy forces -(Ezekiel 39:12-16). Ezekiel tells us it would probably take longer than seven months but the birds of the air and the beasts of the field eat many of the bodies -(Ezekiel 39:17-20).

We can only imagine the depth of this story. The Bible is like bullet points on so many subjects, hitting the bare essentials. Not only will the “War of Gog and Magog” be a day of great judgment, it portends of God’s mercy as well. The Bible says that the armies of these enemies will be destroyed. There are hints here and in other texts such as Jeremiah 49, for example that the governments of these countries will be judged, as well. But God is not going to wipe out all the people of these enemy countries. To the contrary, God wants them to see His glory and His mercy. Ezekiel 39:21 — ***“I will set My glory among the nations; and all the nations will see My judgment which I have executed and My hand which I have laid on them.”***

Doubt it not, ***“All”*** the nations will “see” God’s glory and judgment. Today, we are living in the generation in human history where because of the miracle of technology, global satellite communications, television, and cell phone technology people in every country on the planet will be able to watch the prophecies of the Bible come true before their very eyes. Nearly every person on the planet has a cell phone, and industry data states 7.4-billion cell phones are active on the globe.

I believe Ezekiel 38-39 describes the end of Radical Islam — and effectively the end of all of Islam — as we have known it. When the God of Israel destroys the forces of Radical Islam supernaturally while Muslims watch on Al Jazeera, how will they react? Will they wake up the day after and believe that the Qur’an is true and that Muhammad is a true prophet? Some Bible prophecy teachers claim the vast majority of Muslims will abandon Islam. I’m not so confident to believe that will be the case but some will turn to faith in Jesus Christ. Not all, of course, but many will because they will have seen the Word of God come true right in front of them and more likely God will reveal Himself to them. Israelis will feel very afraid and very much alone right up until the Lord shows His mighty hand. But then even those who are secular will know there is a God in heaven.

Ezekiel 39:22 says, ***“And the house of Israel will know that I am the Lord their God from that day onward.”*** Ezekiel 39:25-26,28 ***“Therefore, thus says the Lord God, ‘Now I will restore the fortunes of Jacob and have mercy on the whole house of Israel; and I will be jealous for My holy name. They will forget their treachery which they perpetrated against Me, when they live securely on their own land with no one to make them afraid....Then they will know that I am the Lord their God because I made them go into exile among the nations, and then gathered them again to their own land and I will leave none of them there any longer.’”*** On top of all this, the Lord says He will no longer hide His face from the Jewish people and, in fact, will pour out His Holy Spirit upon them. ***“I will not hide My face from them any longer, for I will have poured out My Spirit on the house of Israel, declares the Lord.”*** -(Ezekiel 39:29).

As a result, many Jews will come to faith in Jesus Christ as their Messiah, for that is the role of the Holy Spirit is to reveal the true identity of Jesus to people. Jesus said in John 14:26, ***“The Helper, the Holy Spirit, whom the Father will send in My name, He will teach you all things, and bring to your remembrance all that I said to you.”*** Not all Jews will come to faith in Jesus at that time, but many will because the Father will pour out His Holy Spirit on the house of Israel.

While we know these events will all happen in the “last days” -(Ezekiel 38:16), we cannot determine with clocklike chronology whether the “War of Gog and Magog” will happen before the Rapture.

One thing is for sure, the precise moment God executes the ***“Harpazo”*** it will be like that of the hand of someone scooping up and grabbing a child wandering among traffic in nano-seconds of time. This is evident in the Greek and English text of Matthew 24:22 and Mark 13:20, cited early in this article.

It is incumbent upon all of us to be prepared. I long ago learned the value of that lesson. When I was a soldier in West Germany during the Cold War era, at the end of the day and if you were an assigned driver for a jeep, or a deuce-and-a-half, or a five-ton, before you went to the mess hall at 5:45 pm, you made sure your vehicle’s fuel tanks were topped off! The “Boy Scout” motto has never gone out of style. It is more important than ever, given what the reports from ***‘Israel Today’*** are telling us how close we might be to the trip switch that ends life as we know it today.

This brings me to the point where I present my reasons and rational for believing the War of Ezekiel 38/39 occurs before Daniel’s 70th Week begins. Based on Tim Cohen and Laurence Gardner’s books, they clearly prove the Antichrist will not be Jared Kushner. Chapter 17 of my series, ***“There Are No Statute of Limitations on Fraud”*** makes an iron-clad case that Prince Charles of Wales will be the Antichrist. The fact that the Antichrist is not mention anywhere in Ezekiel provides a strong indication that the Russian invasion occurs before the Antichrist arrives on the scene. If the Antichrist were a great world leader at this time, it is not likely that he would standby on the

sidelines and leave Russia unchallenged. If this were the middle of the Tribulation period, he would be in control of some of these nations and they would not be in a Russian coalition. His absence is a very good indication of a Pre-Tribulation period attack.

It seems that every President since Jimmy Carter gives written acceptance of the Noahide Laws. President Donald Trump issued a proclamation in honor of Education and Sharing Day, marking the anniversary of the birth of the last Lubavitcher rebbe, Rabbi Menachem Mendel Schneerson.

In the picture below Trump met Monday in the Oval Office with a delegation of rabbis from the Chabad-Lubavitch movement. The rabbis presented two gifts to the president: a silver menorah and a leather-bound Passover Haggadah with the president's name embossed in gold on the cover. The president also inscribed an identical Haggadah to be sent to Jewish soldiers on active duty to use at their seders.

Six other presidents, from Jimmy Carter to Barack Obama, have designated March 27 as Education and Sharing Day. In the proclamation, Trump noted that the late rebbe *“recognized that access to education, paired with moral and spiritual development, could transform the world for good, and he devoted his life to these principles. His commitment to invest in the lives of the next generation led to the establishment of academic and outreach centers to help grow and engage young minds and provide them with spiritual and material assistance. Thanks to his drive and*

dedication, these educational and social service centers can be found in every state and throughout the world.”

Proclamations or the equivalent were issued this year by the governors of all 50 states and the mayor of Washington, D.C., recognizing the day, as well as in about 100 other cities across the United States, according to Chabad.org.

The Seven Laws of Noah, also referred to as the Noahide Laws or the Noachide Laws, are a set of imperatives which, according to the Talmud, were given by God as a binding set of laws for the "children of Noah" – that is, all of humanity.

As an ancient moral code, the Noahide Laws have been a major influence in many cultures. In fact, in 1991, both houses of Congress passed a bill, signed into law by President George H. W. Bush, that declared the Noahide Laws to be “the bedrock of society from the dawn of civilization” and the “ethical values and principles . . . upon which our great Nation was founded” (H.J.RES.104.ENR).

Are the Noahide Laws found in the Bible? **No!** not as a definitive list, and they are certainly not associated with either Noah or Adam. Are the Noahide Laws congruent with biblical teaching? The basic seven laws are congruent with Old Testament revelation. The Talmud calls for capital punishment for Gentiles who violate the Noahide Laws, and this has led to some debate as to whether or not Christians (who worship Jesus Christ) are guilty of violating the first Noahide law and therefore deserving of the death penalty. In any case, it is important to note that we are not saved by rule-keeping; God requires faith in His Son -(John 3:18).

The idea of a formal set of laws given to all humanity (all the sons of Noah) comes from the Talmud and is therefore extra-biblical literature. Some scholars believe the Book of Jubilees contains a possible mention of the Noahide Laws. But, again, the Book of Jubilees is not recognized as inspired Scripture. However, the basic seven Noahide Laws are based in biblical principles.

Here are the Noahide Laws:

1. Do not deny God (no idolatry).
2. Do not murder.
3. Do not steal.
4. Do not engage in sexual immorality.
5. Do not blaspheme.
6. Do not eat of a live animal (no eating flesh taken from an animal while it is still alive).
7. Establish courts and legal systems to ensure obedience of these laws.

According to Jewish tradition, the first six of these seven laws were given to Adam in the Garden of Eden (the sixth law, to not eat live animals, was extraneous, since Adam did not eat any animals). When God established His covenant with Noah, He added the seventh (and the sixth became applicable). Each of the seven Noahide Laws is seen as a summary of more detailed laws, about 211 in total.

If you take time to listen to Chabad rebbes, they hold a far sinister view of Gentiles and Christians as well. The common term they use to describe these is **“goyim”** and The Hebrew word **“goyim”** is the word that the Jewish people use in Hebrew to refer to non-Jews. However, Chabad members use the term to mean bovine or cattle. You can discover more about the two-faced Chabad words on a web site “The Ugly Truth”.

The Chabad Lubavitchers do not hesitate to use money to buy influence in government, including provoking war by high-level Pro-Zionists in government. The Neo-Con movement during the administration of George W. Bush was dominated by dual-citizenship Chabad Jews that were highly influential in executing the war on Iraq. Unfortunately, many Christian-Zionists have been mis-led by the Chabad Lubavitchers. They are not Torah-observant Jews, but are governed by the Talmud-observance, the Zohar, and the Kabbalah. Christians as a whole do not understand the deception and misrepresentation of Chabad Jewry. The majority of Judaism in the U.S. is in opposition to Chabad Lubavitchers and protest them vocally. Two pictures of Jewish protesters of Zionism and Chabad Jews are shown further down.

Jared Kushner Belongs To Rothschild’s Domsday Cult.

This was an April 11, 2017 headline at *‘NewsPunch’* by Baxter Dmitry. Jared Kushner belongs to the Rothschild's Illuminati doomsday cult that is trying to foment a "prophesied" third world war.

Trump’s son-in-law and senior advisor Jared Kushner belongs to an elite doomsday cult that boasts the Rothschild’s as members and is trying to foment a “prophesied” third world war.

Chabad Lubavitch is a Jewish supremacist cult that serve the Illuminati. Despite only having 200,000 elite followers, it has intimate ties to nearly every powerful government leader on earth.

The cult believes Jews are God’s chosen people and everyone else is trash. In the book *‘Gatherings of Conversations’* Rebbe Schneerson tells his followers that Jewish people are an extension of God and Gentiles are destined to serve the Jews.

The Rothschild’s belong to this cult. Historian Wolfgang Eggert says Chabad Lubavitch is the real face of the Illuminati. He says this cult intends to initiate a nuclear holocaust in order to fulfill biblical prophecy and hasten the return of the Messiah:

“History and politics are a big movie, and they are the directors, bringing Old-Testament prophecy into reality. They captured Freemasonry by building up the illuminati (through Rothschild/Jacob Frank/Weishaupt); they made a pact with the British monarchy when they financed William III to become king; they placed the British royals at the head of the Freemasons; they made the modern banking system and the Fed (through Rothschild); they made Zionism, the world wars, the European union and so

on. They reign through their puppets Rothschild (whose ancestors had been part of the Chassidic cult) and Rockefeller, who were the guiding force behind Bilderberg, the Trilaterals etc. We are now in the “End Times”; they are trying to foment a “prophesied” Third World War.”

Chris Bjerkness agrees: Redemption requires the “King of the Jews” (the Rothschild’s) to rule the world after a nuclear holocaust.

Jared Kushner attended Chabad House at Harvard. *“Israel wasn’t a political discussion for him; it was his family, his life, his people,”* said Hirschy Zarchi, rabbi at the Chabad House at Harvard.

Henry Makow reports: Between 2003 and 2013, Kushner’s family foundation donated a total of \$342,500 to various institutions and projects associated with the movement. Especially endowed was the Chabad center at Harvard University, which received \$150,000 in 2007 (the foundation’s single biggest donation to a Lubavitch-affiliated enterprise) and then another \$3,600 in 2013. In addition, the Donald J. Trump Foundation has donated \$11,550 to three Chabad institutions.

In 2006, Kushner’s father Charles was sentenced to 24 months in prison for making illegal campaign donations and witness tampering.

Chabad’s power derives from two services they provide the Illuminati:

1. They work with Israeli intelligence in criminal and intelligence operations.
2. They promote a supremacist ideology that encourages Zionists to do dirty deeds.

CHABAD IS A HERETICAL CULT

Founded in 18th century Russia, Chabad is a branch of Hasidic Judaism, a form of Orthodox Judaism that promotes Jewish mysticism as the path to enlightenment. Chabad Lubavitchers study the Kabbalah, the Satanic creed that erases moral absolutes and believes God is ‘subjective’.

Chabad came to prominence under the guidance of ‘The Great Rebbe’ Menachem Mendel Schneerson. His policies led Chabad through a period of great expansion establishing institutions in 900 cities around the world.

‘The Great Rebbe’ gave regular talks on the coming of the messiah. Over time, Lubavitchers began to realize that he meant himself. The belief that Schneerson was the Messiah was first openly professed by Rabbi Shavom Dol Wolpo in a 1984 book and quickly gained acceptance. Absurdly, even though he died in 1994 ‘The Great

Rebbe' is still the official leader of Chabad, like 'Great Leader' Kim Il-Sung is the leader of North Korea.

In Chabad schoolhouses children chant and salute the invisible Rebbe.

RACIAL SUPREMACISTS

Chabad believes Jews are God's chosen people and everyone else is trash. In the book *"Gatherings and Conversations"* the Great Rebbe tells his followers that Jewish people are an extension of God and Gentiles are destined to serve the Jews.

"Two contrary types of soul exist, a non-Jewish soul comes from three satanic spheres, while the Jewish soul stems from holiness." "A Jew was not created as a means for some [other] purpose; he himself is the purpose, since the substance of all [divine] emanations was created only to serve the Jews."

Rabbi Ginsburgh, a leading Chabad Rabbi, has argued that because Gentiles are genetically inferior to Jews, a Jew should be able to take Gentiles organs if he needs one. He was recorded saying, *"As for the goyim... Zalman's attitude (was): 'Gentile souls are of a completely different and inferior order. They are totally evil, with no redeeming qualities whatsoever.'"*

"If every single cell in a Jewish body entails divinity, is a part of God, then every strand of DNA is a part of God. Therefore, something is special about Jewish DNA."

"If a Jew needs a liver, can you take the liver of an innocent non-Jew passing by to save him? The Torah would probably permit that. Jewish life has an infinite value."

The Jewish *'Daily Forward'* reported a talk given by Chabad Rabbi Mani Friedman. Asked how he thinks Jews should treat their Arab neighbors Friedman responded, *"The only way to fight a moral war is the Jewish way: Destroy their holy sites. Kill men, women and children (and cattle)."*

Below are newspaper photos of Orthodox Jews protesting the Chabad Jewish Zionism. Because there is a general view by the world that Jews are a monolithic body, few outside of Judaism understand the diversity of Judaism throughout the world. As such, this lack of understanding is problematic outside of Judaism. Particularly guilty of spreading this confusion are Christian Bible prophecy teachers themselves.

Christians and Bible prophecy teachers fail to understand the significance and the danger Chabad presents to the cause of the Jewish people. Prophecy teachers even fail to understand the Jewish flag of the State of Israel is a Satanic image. When Israel became a state in 1948, the original flag was to bear the sign of the Menorah, and not the six-pointed star.

The Rothschild's used their money and power to have the National Flag be the Satanic image of the six-pointed "666" star. As I stated at the beginning of this article, those six headlines appearing in *'Israel Today'* are foreboding of things ahead. Chabad Jews are by doctrine followers of a Chabad Jewish supremacist agenda. Theodore Herzl launched the effort to have a homeland for the Jewish people, and began the Zionist movement in the early 1890's. The Rothschild's began to use their money to buy up the land from the locals living on the land in what we know as Israel today. Every city and town in Israel has a street named for Rothschild, the National Supreme Court building was designed and paid for by the Rothschild's. It has Masonic occult architecture built within entire structure,

The Rothschild's and Chabad "hijacked" and co-opted Judaism for their own purposes. The Satanic overthrow of Torah-observant Judaism actually fits the framework by which Satan has been working to destroy the Biblical line of the descendants of Abraham, Isaac, and Jacob since the days of Genesis. Sadly to say, there are a number of well-meaning Christian clergy, part of the Trump spiritual advisory team, unwittingly aiding and abetting Lucifer's agenda in destroying the true descendants of Abraham, Isaac, and Jacob.

Deep within the 1,189 chapters of the Bible there is a core theme in which Satan is working to destroy the bloodline of Jesus' people. This concept is like a crimson thread running through the Bible. You will find at least two dozen events in which God delivers a "remnant" of God's people, snatching them from the jaws of Lucifer's war on the descendants of Abraham, Isaac, and Jacob!

None of the Bible prophecy teachers ever makes this distinction concerning the various sects within Judaism known to their listeners and viewers. They make no distinctions about Jewry. I have addressed this to several Bible prophecy teachers. Those that I have contacted took offense to my inquiries as to why they chose to disregard and fail to share this issue with their audiences. In their desire to see the Lord return and call us home, they have been taken in by the Satanic Chabad Lubavitchers.

It still remains a mystery to me as to why these ministries choose to ignore this important differentiation within Judaism. Dr. David Reagan, Perry Stone, Hal Lindsey, and John Hagee are the major ones, and there are others, that mislead their audience while they give the impression they are experts on Judaism. For whatever purpose, these television ministries disregard such significant differences they are being dishonest and disingenuous when it comes to the facts on specific elements of Judaism, particularly so the Chabad movement that is Satanic in nature, their beliefs, and attitudes towards Gentiles and Christians in particular. **Judaism is not a unified monolithic religious or ethnic people.**

Before closing out this article, these are the major reasons why I believe that the War of Ezekiel 38/39 is a Pre-Tribulation event. In my analysis of the Biblical data, I see the Ezekiel 38 scenario as being just before the Tribulation, or prior to it by a period of a few months but less than a year in length. My reasons include:

- ✓ Israel can be considered to be a land brought back from war, a people gathered out of many nations, and mountains that have been a continual waste until the recent rebirth of the nation.

- ✓ Although Israel is not completely living safely or peacefully, as it is subject to frequent deadly acts of terrorism, Israel is a land of un-walled villages and does have a false sense of security based upon an over confidence or better yet, a false confidence in the power of its military. It is a fact that Jews in Israel feel very confident of their acknowledged military might. They are not afraid to use it when attacked by any and all parties attacking the land of Israel. This confidence could be further bolstered if Israel takes decisive and successful military action against the terrorist threats of Hamas in Gaza, Hezbollah in Lebanon, or its military actions against Iran in Syria.
- ✓ Israel can be considered to be dwelling in the land in spiritual unbelief and darkness, and polluting the holy name of God –(Ezekiel 39:7). God initiates the invasion of Gog and Magog to sanctify His name and to make it known among Israel and the nations. This time frame lays the groundwork for a partial spiritual awakening by Israel, for Israel to accept an emerging leader as the Messiah, and for the rebuilding of the Third Jewish Temple.
- ✓ The alliance of invading armies are destroyed by God before the Tribulation, creating a power vacuum, that allows the Antichrist to emerge and begin his rise to global power, and may set the stage for the seven-year covenant of peace with Israel.
- ✓ The seven months of cleansing the land and the burial of the dead occurs prior to the breaking of peace covenant with the Antichrist at the midpoint of the Tribulation during a time when Israel is in complete control of the land.
- ✓ The seven years of burning the weapons can be substantially or entirely completed before the Antichrist takes over the Temple at the Midpoint and begins massive persecution of the Jews who reject him. This could be especially true of Gog's invasion which takes place 42-months or more prior to the confirmation of the seven-year covenant of peace.
- ✓ The Pre-Tribulational fulfillment of Gog and Magog is the only timing view that does not conflict with any of the conditional requirements described by Ezekiel. Nor does this timing for Gog's invasion unnecessarily insert any other end-time characters or events that is not mentioned or revealed in Ezekiel's prophecy.

As I have shared many times before, I know the 60,000-ton order of Bedford Limestone from Bedford, Indiana was ordered following the 1967 Six-Day War, and that railroad shipments began in the spring or summer of 1969. I can state with confirmation having watched the many gondola cars loaded with cut and numbered stones passing through the Pennsylvania Railroad yards at Pitcairn, PA; and that the cars were placard: Destination Kearney, NJ for export to Israel. Furthermore, each cut stone was spray-painted with neon orange alphanumeric number code, which indicates they were pre-cut to a specific plan. The Grand Orient Lodge of Freemasonry of Israel placed the order

and the order for cut limestone blocks was documented in the publication 'Christianity Today'.

All the world leaders are members of the Illuminati and they relate to their fellow members of this "death cult" through hand signs and non-verbal communication. Not all communication in the public realm used by these folks is through verbal means so as not to reveal their true identity. They use hand signs, handshakes, and various methods to communicate their true identity to others. It is easy to deceive the unenlightened, that's why they are called the Illuminati or "Enlightened Ones". To see how common this practice is type into your search engine the term "images of Illuminati symbols" and you will find an incredible amount of "hidden in plain sight" information about this "death cult". Note the hands of some of the world leaders in the pictures that follow. They are relating to others of their ilk who they are and saying I am part of the plan!

Lucifer or Satan is their God, and this is not speculation. The 19th degree of Freemasonry states in the rites and rituals of the degree that they worship Lucifer or Satan. The Bible uses many terms and titles to describe the nemesis of God the Creator. There are many books that go into the depths of this evil and few people outside of researchers like myself who have taken the time to learn about their ways and means.

It is easy for the average person on the street to be deceived by these leaders that we put our faith in to give us a government that provides us peace and security, and yet never realize their true agenda is kill us. Donald J. Trump, and his son-in-law, Jared Kushner belong to this "death cult". Knowing that they are members of the Satanic Chabad Lubavitchers and their desire to bring forth their messiah should serve as a warning of just how close we are to the "Blessed Hope" of Titus 2:13!

When I finished the series "*There Are No Statute of Limitations on Fraud*", I had decided to no longer post any more articles. When I received the news reports from '*Israel Today*' a few days ago, I was compelled to share this information. We could not have more warning of what lays just ahead. We have between four and five months before God is compelled to deliver us from the judgment that we know is coming. Revelation 9:15 states explicitly a third of humanity will be slayed: "***And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men.***" I am also mindful of my responsibility as a preacher, "***But if the watchman see the sword come, and blow not the trumpet, and the people be not warned; if the sword come, and take any person from among them, he is taken away in his iniquity; but his blood will I require at the watchman's hand.***" -(Ezekiel 33:6).

Freemasonry, the Vatican, and Chabad Zionists all want the construction of a third temple, and will do everything possible to bring about that event. But be mindful that the messiah they bring to the stage will not be the true Messiah, but a fake, false messiah, the Antichrist. He and his Chabad Rothschild's worship another messiah and another gospel as the Apostle Paul would call it.

Keep looking up, we are nearer to the Blessed Hope than you might believe.
