

# Donald J. Trump The Pied Piper for the Satanic House of Rothschild Zionist Chabad Lubavitchers

*"Trump Makes a Mockery of Christianity, Where Is Pastor Robert Jeffress and Those Prosperity Gospel Heretics When You Need Them."* This was the headlines of an Alternative News site a few days ago.

This is not going to end well. Donald (Cyrus) Trump is now on a campaign to decriminalize sodomy around the world and punish those who are on the Lord's side. -(Exodus 32:26). The President wants to overturn all public and legislative opposition when it comes to enforcing the laws that condemn sodomy-homosexuality. In fact, he even urges the world to follow his lead... His ambassador to Germany, a sodomite, is delivering the Trump message to the countries of the world through Richard Grenell, an avowed homosexual. Several countries have already rejected the Trump agenda. We do not know what all might be involved for nations that refuse to adopt the President's plan. The President knows how to take advantage of the 'bully' pulpit as the President and Commander-in-Chief. Here is a specific example of the President is operating as an Antichrist in Africa.

**LUSAKA** — the president of Zambia is continuing to resist the Trump administration’s campaign to decriminalize homosexual sex acts worldwide, as U.S. Ambassador Daniel Foote threatened to pull aid to the African nation after two men received lengthy prison terms. President Edgar Lungu defended the sentence by declaring that homosexuality is *“unbiblical and unChristian,”* and *“we don’t want it.”* Foote has now reportedly been recalled from the country as Lungu refuses to work with him, and a replacement is not expected anytime soon.

*“We have complained officially to the American government, and we are waiting for their response because we don’t want such people in our midst,”* Lungu advised on ZNBC-TV on Dec. 15. *“We want him gone.”*

*“You cannot ask a government to make a decision at gun point, [saying that] ‘because we are giving you aid, we want you to do this.’ You can’t,”* Foreign Minister Joseph Malanji also remarked.

Foote, who was appointed in 2017 by the Trump administration, recently criticized the Zambian government after two men who were caught in the act of having sexual relations *“against the order of nature”* were sentenced to 15 years in prison.

Section 155 of the penal code in Zambia states that *“any person who ... has carnal knowledge of any person against the order of nature; or ... permits a male person to have carnal knowledge of him or her against the order of nature is guilty of a felony and is liable to imprisonment for fourteen years”* to life in prison.

*“We know that there could be people who are homosexual in Zambia. But we don’t want to promote it, because we frown upon it — the practice. Most of us say it’s wrong. It’s unbiblical, un-Christian and we don’t want it,”* Lungu told Sky News on Dec. 2, adding that he felt the two men sentenced are *“sick”* and need help.

*“Why should we be forced to do it ... [W]e want to be seen to be smart, to be seen [as] civilized and advanced and so on,”* he continued. *“If there are such countries which will allow bestiality, let them do it. But not here.”*

Lungu also remarked that the country would rather remain poor than have its financial aid being conditioned on such a matter.

*“If that is the how you are going to bring your aid, I’m afraid that the West can leave us alone in our poverty and we will continue scrounging and struggling and see how we can get going,”* he stated.

View Lungu’s remarks, in part, in the Sky News video report below.

Foote said that he was *“horrified”* at the severity of the sentence, and asserted that Zambians were not behaving in a Christ-like manner because of the *“venom and hate”* that he received

on social media following his remarks, which caused him to cancel a World AIDS Day event. He also expressed concern that Zambia was doing *“untold damage to its international reputation by demonstrating that human rights in Zambia is not a universal guarantee.”*

*“I thought, perhaps incorrectly, that Christianity meant trying to live like our Lord, Jesus Christ,”* Foote wrote in a statement. *“I am not qualified to sermonize, but I cannot imagine Jesus would have used bestiality comparisons or referred to his fellow human beings as ‘dogs’, or ‘worse than animals’ — allusions made repeatedly by your countrymen and women about homosexuals.”*

He also expressed concern that *“[d]iscriminatory and homophobic laws, under the false flags of Christianity and culture, continue to kill innocent Zambians, many of whom were born with the [AIDS] virus. Your citizens are terrified of being outed as HIV-positive, because of the inaccurate and archaic associations between HIV and homosexuality.”*

*“My job as U.S. ambassador is to promote the interests, values, and ideals of the United States,”* Foote explained at one point. *“Zambia is one of the largest per-capita recipients of U.S. assistance in the world, at \$500 million each year. In these countries where we contribute resources, this includes partnering in areas of mutual interest, and holding the recipient government accountable for its responsibilities under this partnership.”*

According to Reuters, the Zambian government consequently sent a letter to U.S. officials, taking issue with his words and stating that the ambassador is “no longer tenable.”

The U.S. subsequently decided to remove Foote from the country as Lungu does not want to work with him.

*“Since Lungu says he does not want to work with Foote, there was no point of him remaining. Also don’t forget that there are security issues so Washington wants their man back,”* an unnamed State Department representative told Reuters. *“The U.S. cannot be paying a salary to someone who cannot work because the hosts don’t want him.”*

The AFP also reports that the representative advised, *“We do not expect a replacement soon.”* However, the U.S. desires *“an open and frank relationship of mutual respect, commensurate with the generous aid provided to the Zambian people by the United States.”*

*“The United States firmly opposes abuses against LGBTI persons. Governments have an obligation to ensure that all people can freely enjoy the universal human rights and fundamental freedoms to which they are entitled,”* they said.

## **THE CAMPAIGN TO DECRIMINALIZE HOMOSEXUALITY WORLDWIDE**

As previously reported, the Trump administration launched a global campaign to decriminalize homosexuality earlier this year, a move that Trump himself confirmed on social media in giving a nod to Pride Month.

*“As we celebrate LGBT Pride Month and recognize the outstanding contributions LGBT people have made to our great nation, let us also stand in solidarity with the many LGBT people who live in dozens of countries worldwide that punish, imprison, or even execute individuals on the basis of their sexual orientation,”* he wrote.

*“My administration has launched a global campaign to decriminalize homosexuality and invite all nations to join us in this effort!”* Trump urged.

In February, NBC News reported that “[t]he U.S. embassy is flying in LGBT activists from across Europe for a strategy dinner to plan to push for decriminalization in places that still outlaw homosexuality — mostly concentrated in the Middle East, Africa and the Caribbean.”

On Dec. 18, two U.S. ambassadors, including the openly homosexual Richard Grenell — who is leading the effort to decriminalize homosexuality worldwide — held an event at the United Nations entitled “Decriminalizing Homosexuality in Solidarity with LGBTQ People.” He spoke of the 69 nations that currently criminalize sex acts between those of the same gender.

According to Fox News, countries on the list include Iran, Iraq, Kuwait, Saudi Arabia, Jamaica, Kenya, Senegal, Cameroon, Antigua, Barbuda, Syria and Yemen. The outlet notes that 33 African countries recognized by the U.N. consider homosexual sex acts a crime. Punishments vary from nation to nation, from jail time to the death penalty.

*“I want these countries to be called out! I want these countries to feel the pressure! This list should be read here every day,”* Grenell said.

Others on the panel included Robert Destro, the Assistant Secretary of State for Democracy, Human Rights and Labor; Stuart Milk, the executive director of the Harvey Milk Foundation and nephew to Milk; and Johnnie Moore, commissioner for the United States Commission for International Religious Freedom and former senior vice president for communications at Liberty University.

*“We need religious leaders to stand up and say, ‘This is not only a bad law that needs to be changed, but it is in defiance of the human dignity of an individual,’”* Moore said, according to Fox News.

The press release surrounding the event also pointed to the exhortation of President Trump in September at the U.N. General Assembly:

*“As we defend American values, we affirm the right of all people to live in dignity. For this reason, my administration is working with other nations to stop criminalizing of homosexuality,*

*and we stand in solidarity with LGBTQ people who live in countries that punish, jail, or execute individuals based upon sexual orientation.”*

As previously reported, in 2003, the U.S. Supreme Court legalized sodomy nationwide in the case of *Lawrence v. Texas*, which involved two men that had been charged with “deviate sexual intercourse” after they were caught engaging in a sexual act while police were investigating a complaint of a weapons disturbance.

*“The case does involve two adults who, with full and mutual consent from each other, engaged in sexual practices common to a homosexual lifestyle. The petitioners are entitled to respect for their private lives. The State cannot demean their existence or control their destiny by making their private sexual conduct a crime,”* wrote Justice Anthony Kennedy, a Reagan nominee. *“Their right to liberty under the Due Process Clause gives them the full right to engage in their conduct without intervention of the government.”*

The majority of the concurrence was Republican, joined by two Democrats: David Souter, nominated to the bench by then-President George H.W. Bush; John Paul Stevens, nominated to the bench by then-President Gerald Ford; Sandra Day O’Connor, nominated to the bench by then-President Ronald Reagan; Ruth Bader Ginsburg, nominated to the bench by then-President Bill Clinton; and Steven Breyer, also nominated by Clinton.

However, as previously reported, the Zambia Daily Mail published an editorial in July applauding Lungu’s refusal to cave to pressure from various western nations, noting that Zambia is a Christian country that seeks to be governed by biblical principles.

*“In recent years, many developing countries have come under pressure from some sections of the Western world to embrace homosexuality in exchange for financial help. Those countries with the financial muscle use that to lure developing countries through hefty donations,”* the piece read.

*“For Zambia, which is a Christian nation as enshrined in the Constitution, embracing homosexuality is an affront to the declaration. Through the declaration as a Christian nation, Zambia chose to be governed by biblical principles,”* it stated.

*“The Bible is very clear about homosexuality; it is an abomination and is detestable before the eyes of God. It is a rebellion against God. God created human beings as male and female to get married and multiply and raise families.”*

The outlet said that to disobey God is to provoke His wrath.

*“God demonstrated His seriousness to His commands governing human sexuality when He rained down burning sulfur on Sodom and Gomorrah because of their involvement in homosexual activities (Genesis 19:24-25),”* it outlined. *“Whether proponents of homosexuality are aware or not, such acts attract the wrath of God.”*

It also stated that God's design was for children to be brought up by both a mother and father, and to deprive a child of that opportunity only brings confusion.

*"The proponents are subtly packaging homosexuality as a sexual orientation and right. In whatever way it is branded, homosexuality is an abomination and has no place in Zambia,"* the editorial concluded.

#### THE BIBLE ON HOMOSEXUALITY

As previously reported, The Bible teaches in Genesis 19 that the city of Sodom was full of various wickedness, including homosexuality. It states that as the men of Sodom saw angels enter into Lot's home, "both old and young" surrounded the house and called out, ***"Where are the men which came in to thee this night? Bring them out unto us, that we may know them."***

***"I pray you, brethren, do not so wickedly,"*** Lot replied.

The angels then ***"smote the men that were at the door of the house with blindness"*** so that they could not enter, and advised Lot, ***"[W]e will destroy this place, because the cry of them is waxen great before the face of the Lord, and the Lord hath sent us to destroy it."***

In the New Testament, Jude, the earthly brother of Jesus, pointed to the sorrowful fate of Sodom, writing, "Sodom and Gomorrah, and the cities about them in like manner, giving themselves over to fornication, and going after strange flesh, are set forth for an example, suffering the vengeance of eternal fire."

In Romans 1:26-27, the apostle Paul described homosexuality as being ***"against nature," "unseemly"*** and against ***"the natural use of the woman,"*** but declared with hope in 1<sup>st</sup> Corinthians 6:11, ***"And such were some of you: but ye are washed, but ye are sanctified, but ye are justified in the name of the Lord Jesus, and by the Spirit of our God."***

---

Among the products available for purchase in the "shop" section of the official Donald Trump website, emblazoned with messages like "Cops for Trump," "Women for Trump," "Latinos for Trump," and "Veterans for Trump," is rainbow homosexual pride apparel bearing the slogan "Make America Great Again" in the rainbow 6-color of the LGBTQ agenda.

"Show your support for the LGBT community and the 45th president with this exclusive Make America Great Again Pride t-shirt." In addition to the shirt, supporters can also purchase a red "Make America Great Again Pride hat." The letters on the hat are in the rainbow 6-color theme.

At the time the Trump official site offered LGBTQ merchandise, Chris Barron of LGBT for Trump and GOProud praised the campaign's offering of homosexual apparel, tweeting,

“@realDonaldTrump makes history again. First GOP Presidential candidate to do LGBT outreach merchandise! LOVE IT!” Garrison Carrell of the Log Cabin Republicans did the same, posting, “The absolute most pro-gay candidate. Thank you @realDonaldTrump #GaysforTrump #LGBT Election2016”.

But some, such as the Constitution Party of Tennessee, conveyed its dismay over the matter. “Donald J. Trump becomes the first Republican presidential candidate to offer official pro-LGBTQ merchandise with the unveiling of ‘LGBTQ for Trump’ apparel. If Trump will do this, what won’t he do?” it opined.

Several times during his initial campaign and throughout his presidency, Trump has given a nod to those who identify as homosexual. In June 2016, Trump declared at a fundraiser that he is the best candidate for the “gay community.”

“So you tell me, whose better for the gay community, and who’s better for women than Donald Trump? Believe me!” he said. During his acceptance speech the following month, Trump told those gathered that he would work to protect homosexuals if elected. “As president, I will do everything in my power to protect LGBTQ citizens from the violence and oppression of a hateful foreign ideology,” he declared, being met with applause.

Similarly, in May of this year, President Trump posted two tweets in recognition of “Pride Month,” asking Americans to “stand in solidarity” with homosexuals who live in countries where such sexual practices are illegal, as well as for nations to join his administration’s campaign to decriminalize homosexuality worldwide.

*“As we celebrate LGBT Pride Month and recognize the outstanding contributions LGBT people have made to our great nation, let us also stand in solidarity with the many LGBT people who live in dozens of countries worldwide that punish, imprison, or even execute individuals on the basis of their sexual orientation,”* he wrote.

*“My administration has launched a global campaign to decriminalize homosexuality and invite all nations to join us in this effort!”* Trump urged.

The Center for Family and Human Rights (C-Fam) further notes that last year, *“State Department representatives pressured governments to accept ‘sexual orientation and gender identity’ in international law. Additionally, the U.S. Ambassador to the UN Economic and Social Council made an impassioned plea during the General Assembly for homosexual issues.”*

The United States is also listed as a member nation of the UN LGBTI Core Group alongside Canada, the U.K., Australia, Germany, France and Israel, among others.

In May, Trump told Fox News host Steve Hilton that he thinks it’s *“absolutely fine”* that Democratic presidential candidate Pete Buttigieg is campaigning with his *“husband.”*

*“Yeah, I think it’s great,”* Trump answered unflinchingly when asked if he agreed that it was a sign of *“great progress”* in the nation. *“I think that’s something that perhaps some people will have a problem with, [but] I have no problem with it whatsoever. I think it’s good.”*

### **There Is No Doubt That Donald Trump’s Presidency Is a Clear Exhibition of the Counterfeit Christianity on a Global Scale.**

I have had bad vibes and my intuition as far back as July of 2016 raised concerns about Donald J. Trump. Early on, I became less suspect when he had the portrait of Andrew Jackson on the wall of the Oval Office to the left of the president’s desk. Andrew Jackson was known for destroying the Rothschild Second Bank of the U.S. with his campaign to eradicate the Rothschild’s bank that began in 1833. He was the only president to ever destroy a foreign Rothschild bank in U.S. history. The fact that Trump had President Jackson’s portrait hung in the Oval Office apparently is a ruse or deception to mislead the public.

We never had a chance with either party candidate, as most of our politicians are bribed, bought, or blackmailed by the House of Rothschild through their subsidiaries and subordinates. I could not bring myself to vote for Hillary Clinton or Donald J. Trump. It seemed as though

there was enough theatrics between the two so as to deceive the public. Then, a year ago, I learned how all electronic voting can be rigged.

All election precincts submit voter tallies electronically to their state capitals. However; before the numbers arrive at the state capitals, the tabulation data is routed electronically to SERCO, a Rothschild company in the U.K. This is where the numbers are shaved electronically, and the manipulated numbers are then sent back to the states' capitals and election central. This all occurs in a matter of mere nano-seconds, even before you can blink your eyes!

This was revealed by the web site "American Intelligence Media". The public is oblivious to the fact that the Rothschild's virtually own or control the world. This includes all the international news wire services, even down to the weather reporting networks. And what they do not own or control, they are still capable of manipulating events to favor their worldwide purpose. This electronic control is not total yet in the sense where they could implement the "Microchip" to achieve their goal of a "Cashless" economy. Not all states use electronic voting, and a few use paper ballots that have a paper-trail for audit purposes.

That is their end goal, the enslavement of the world, but not until the Rothschild's achieve their goal of a Rothschild' central bank installed in Iran and Syria. Cuba and North Korea seem to be of less concern to the Rothschild's at this point, likely as a result of oil and gas reserves in the Middle East.

At this point, I am not convinced that all of the Democrat's faux impeachment, has not been a scam orchestrated to insure Donald J. Trump's re-election to motivate the population to turn out in record numbers next November to assure a land-slide victory for the king of bankruptcies. Donald J. Trump has been through at least 8 business bankruptcies that we know of, and he becomes the perfect president to put the nation into bankruptcy.

On September 11, 2019, backroom activity at the U.S. Federal Reserve, indicate that the Fed is prepared to fund President Trump's "spend as if there is no tomorrow". In their way of thinking the down-side risk is nothing. You see, millions of acres of U.S. real estate, over the years, have been set aside as collateral for the National Debt. At \$23.2-trillion, we know that there is no way of discharging this debt, which you and I have been saddled with. The House of Rothschild knows they can foreclose on the USA at the drop of a pin, should they choose to do so, and I do expect that to happen. The unknown is "when?" Consider, the just-passed 2020 budget will borrow \$1.4-trillion dollars. The budget for the Department of Defense next year will be a record \$738-billion dollars!

Adam Schiff has led the Democratic faux impeachment that clearly will impact Schiff much more than President Trump. What the public is not aware of is that Adam Schiff is tied to the pedophile community in his Los Angeles 28<sup>th</sup> district of California. Illuminati Rothschild agent Adam Schiff was compromised in acts of pedophilia at The Standard Hotel with Hillary Clinton's "spirit cooker" Marina Abramovic according to Dr. Steve Piezenik in a video that confirms Adam Schiff is vulnerable to blackmail, if not already owned by the Rothschild's. Adam Schiff is

the grandson of the House of Rothschild's agent Jacob Schiff, who co-directed the legislative process of the 1913 Federal Reserve Act which created the Federal Reserve Banking System which is owned by ten of the original 12 foreign investment banks owned by the Rothschild's.

Dr. Steve Pieczenik said, *“By the way, did you know the General Manager of the Standard Hotel in West Hollywood (where Pieczenik says Adam Schiff was compromised in pedophilia) was killed in a helicopter crash on January 30, 2018. Did she have information on Adam Schiff? Was she killed to protect Schiff's dirty little secrets? Nothing would surprise me. Body bags tend to follow communist democrats. How many have been tied to Bill and Hillary? I've lost count it's so many!”* Dr. Steve Pieczenik served under several U.S. presidents as a psychiatrist and a counter-intelligence agent of the CIA.

Jacob Schiff was brought to America in the late 1800's by the Rothschild's and even lived with them! Adam is the grandson of Rothschild banker Jacob Schiff and their entire family has been used to destroy and dominate America for the Rothschild's! Paul Warburg is widely considered to be the "Father of the Fed". As its first New York City Branch Chairman, it was Warburg who ran the new counterfeiting, loan-sharking and market rigging operation, while an Anglo Saxon named Charles Hamlin provided the protective "Christian" cover as its nominal Chairman.

But in the grand power scheme of things, as powerful as Paul Warburg was, and came to be, Schiff still outranked him, at least in America. Schiff had already been well-established in New York for 37 years before Warburg had even arrived from Germany. Warburg settled in New York in 1902 as a partner in Kuhn, Loeb & Co., where he was junior to Schiff. Schiff was actually the Brother-in-Law to Warburg's wife, Nina Loeb.

Recall that it was Jacob Schiff who called the Crash of 1907 in advance, as well as providing an idea for "solution" to such problems in the future. So if Paul Warburg is the "Father of the Fed", then old Jake is the Grandfather. Schiff and Warburg fronted for the Rothschild's in the creation of the U.S. Federal Reserve System, since it was President Andrew Jackson who threw the Rothschild's out by cancelling the Charter for the 2<sup>nd</sup> National Bank of the U.S.

This Rothschild filth owns most of the planet and funds both sides of every war but you won't hear about them from Sean Hannity or Rush Limbaugh and the rest of the fake Fox News of course because they serve the Rothschild's. Glenn Beck found out who controlled Fox News when he talked about the scam Federal Reserve on his mega hit show and was fired the next week! That's why only fools waste one second watching those puppets on their TV's. Nothing but lies and censorship of the real truth from the mainstream media!

I noted above how the Rothschild's succeeded in fixing the 2016 election. This will help folks understand why to the present, Hillary R. Clinton continues to say she won the election, as she was led to believe she would be declared the winner in 2016. The Rothschild's did a "last minute switch" when the issue of "Pizzagate", child trafficking, and sexual abuse became too close an issue in the news a months or two before the election.

The subject of Adrenochrome surfaced. What could be more terrifying than being trafficked for sex? Being murdered in a ritual sacrifice! And even worse than that would be being murdered in a ritual sacrifice so wealthy elite cabalists can harvest your adrenal glands to get the compound they need to prolong their decrepit lives! The rich pay upwards of \$8,000 a liter for a child's blood that has been enriched with terror-induced adrenal enriched blood. Whoa, indeed.

Mike Rothschild has stated, "As the conspiracy theory goes, adrenochrome is a natural compound found in the adrenal glands that spikes at moments of fear or terror. And it provides a euphoric high so powerful that to take it even once is to become immediately addicted and unable to survive without it. And the only way to get it is to kill and devour frightened children.

## Adrenochrome

Chemical Compound

Adrenochrome is a chemical compound with the molecular formula  $C_9H_9NO_3$  produced by the oxidation of adrenaline. The derivative carbazochrome is a hemostatic medication. Despite a similarity in chemical names, it is unrelated to chrome or chromium.

And who is more terrorized than a child about to be ritually killed?

So the cabal (aka the deep state, aka the black hats, etc.) systematically kidnap and traffic children first for the sexual thrills, then to murder them to harvest their adrenochrome and get high. Contrary to reports in the media, the crowd sourced investigation labeled by some as "Pizzagate" did not begin with internet sleuths digging through the Wikileaks' Podesta Files releases looking for pizza parlors and encoded language discussing human trafficking. It began with the shocking discovery that Hillary and Bill Clinton provided assistance to convicted child trafficker, Laura Silsby, resulting in a reduced sentence for child trafficking.

Silsby was arrested at the Haitian border attempting to smuggle 33 children out of Haiti without documentation. Her sentence and charges were reduced after an intervention by Bill Clinton. In the aftermath of Silsby's arrest, her originally retained lawyer Jorge Puello was arrested in connection with an international smuggling ring accused of trafficking women and minors from Central America and Haiti. The revelation of this news in November was either ignored by the Western media or attacked by Clinton controlled publications.

On January 29, 2010, Silsby was arrested with nine other American nationals attempting to steal 33 children from the country, most of who were not even orphans and had families according to some reports. CNN reported on February 9, 2010 that this was not the first time Silsby had attempted to traffic children out of Haiti. Haitian police acting on a tip had intercepted Silsby in an earlier, separate attempt to remove 40 children out of the country. She was turned back at the Haitian border. For a brief period, Haitian authorities were considering adding a new kidnapping charge based on this evidence.

Hillary and Bill Clinton took an extraordinary interest in Silsby's case from the moment she was arrested and almost immediately stepped in on her behalf. The Harvard *'Human Rights Journal'* stated that one of Bill Clinton's first acts as special envoy for the United Nations in Haiti "was to put out the fire of a child abduction scandal involving American citizens." On February 7th, 2010, The *'Sunday London Times'* reported that Bill Clinton had intervened to strike a deal with the Haitian government, securing the release of all co-conspirators except for Silsby. Prosecutors ultimately sought a six-month sentence in Silsby's case, reducing charges for conspiracy and child abduction to mere "arranging irregular travel." A shockingly light penalty given the circumstances of her arrest, which would likely not have been possible but for the intervention of the Clintons in Silsby's case.

On February 9th, 2010 Hillary Clinton consulted with Counselor Cheryl Mills and other attorneys in an email discussing the U.S. Government's "options" regarding the arrested Americans. The heavily redacted memo attached to that email does not reveal what these "options" consisted of. However, the State Department's American Citizens Services is only authorized to offer lists of local, English speaking attorneys to Americans arrested or detained abroad. To go beyond that authorization is a severe violation of protocol and is illegal. Additional emails reveal that the State Department was involved with making statements on the Silsby scandal and preparing

to assist Silsby's co-conspirators with their return to the United States, although this is consistent with State Department protocol in these situations.

The fire storm of child trafficking, sexual abuse, Adrenochrome, Pizzagate, Podesta Files, all linking back to the Clintons led to heavily redacted documents and the Rothschild's chose to distance themselves from the bad press Hillary Clinton was getting in their stop-gap effort to quickly throw their resources in favor of getting Donald J. Trump elected, and they succeeded to get Trump elected president. The Rothschild's knew Trump well as they held the paper on his real estate venture debts.

The Bible teaches in Genesis 19 that the city of Sodom was full of various wickedness, including homosexuality. It states that as the men of Sodom saw angels enter into Lot's home, "both old

and young” surrounded the house and called out, **“Where are the men which came in to thee this night? Bring them out unto us, that we may know them.”** -(Genesis 19:5).

**“I pray you, brethren, do not so wickedly,”** Lot replied. The angels then **“smote the men that were at the door of the house with blindness”** so that they could not enter, and advised Lot, **“[W]e will destroy this place, because the cry of them is waxen great before the face of the Lord, and the Lord hath sent us to destroy it.”** -(Genesis 19:13).

As these photos show, the Clintons and the Rothschild's are on very close terms.

The Wikileaks' classified email dumps have exposed Hillary Clinton for what she really is – a member of the infamous Rothschild family's inner sanctum, with occultist beliefs. Wikileaks' has the so-called missing 33,000 emails of Hillary Clinton. Even Larry Nichols, a former Clinton hitman said he had to provide cover for Hillary when she made her monthly trips back to California where she was a member of a coven of witches.

Hillary Clinton, Sir Evelyn Rothschild, Bill Clinton, and Lynn Forester De Rothschild

The Clintons frequently are seen together for birthdays and fund raisers. For example, the one that took place in July of 2016 at the Rothschild's Nantucket estate. Recall that *'Zero Hedge'* reported then, the day after Bill's 70th birthday "Hillary, not one to be bothered with traditional peasant forms of travel, awoke and took her private jet just 20 miles over to Nantucket Island where the Rothschild's would be hosting a fundraiser. The event is open to all...well anyone who can afford the \$100,000 per person price tag."

Lending further credibility to the idea that Presidents are not elected but are selected by a global shadow government, the Wikileaks' email dumps exposed Hillary Clinton's close relationship with the infamous Rothschild banking family and hints for a potential Rockefeller-State partnership. The fact the mainstream media have been exposed colluding with the Clinton campaign cannot come as a surprise, considering that she was the Rothschild's first selected candidate.

Lynn Forester de Rothschild wrote an email on April 18, 2010, in which she tells Hillary she would *"love to catch up"* — and *"I remain your loyal adoring pal."* Clinton responds *"let's make that happen,"* and signs her response, *"Much love, H."*

On September 23, 2010, Clinton emailed Lynn Forester de Rothschild saying, *“I was trying to reach you to tell you and Teddy that I asked Tony Blair to go to Israel as part of our full court press on keeping the Middle East negotiations going ...”*

Rothschild responds, thanking Clinton for *“personally reaching out to us,”* and adds, *“You are the best, and we remain your biggest fans.”*

A January 9, 2012, email discusses a meeting set to take place at Jacob Rothschild’s “historic estate, Waddesdon” in England,

Hillary Clinton is so deeply entrenched in the elite New World Order establishment that she even bows down to Moloch, the same occultist god they perform human sacrifice rituals for at the annual Bohemian Grove meetings.

In an email from August 29 2008, a senior government staffer writes to Hillary Clinton, *“With fingers crossed, the old rabbit’s foot out of the box in the attic, I will be sacrificing a chicken in the backyard to Moloch . . .”*

Thanks to the Wikileaks’ Hillary Clinton Email Archive (containing 30,022 emails, free to search), we now have more concrete proof that Hillary Clinton and other globalist elites have occult ties. Nobody randomly uses Moloch in a conversation. Most people don’t even know what Moloch is. This is another example of why the Clintons do not want Julian Assange, co-founder of Wikileaks’, walking about, in England or the U.S.

Above photo – Hillary deplaning at Nantucket airport at 11:21 AM - Aug 20, 2016, two months after Donald J. Trump announced his plans to run for the presidency in 2016.

And while Hillary may have cut back on the notorious \$250,000/hour speech fees, in the last two weeks of August, Clinton raked in roughly \$50 million at 22 fund-raising events, **averaging around \$150,000 an hour, according to a New York Times calculation**, just a modest haircut from her peak "speech" pay-to-play fundraising days.

Curtis Dahlgren, writing for *'Renew America'* this past June 29, 2019, wrote the following piece:

“Have you wondered why the Clinton Foundation folded so suddenly after Hillary was no longer in a position of influence? Perhaps this summary will provide some insight?

From their 2014 990 Tax Form: they list 486 employees (line 5)!

It took 486 people who are paid \$34.8 million, and \$91.3 million in fees and expenses, to give away \$5.1 MILLION.

The real heart of the Clintons can be seen here. Staggering but not surprising. These figures are from an official copy of the Bill, Hillary and Chelsea Clinton Foundation for the tax year 2014. The copy of the tax return is from the National Center for Charitable Statistics web site <http://nccs.urban.org/>. You can obtain the latest tax return on any charitable organization at this link. I use this link to check suspect religious ministries that abuse their supporters.

The Clinton Foundation: number of employees (line 5) 486

Total revenue (line 12): \$177,804,612.00

Total grants to charity (line 13): \$5,160,385.00 (this is less than 3%)

Total expenses: \$91,281,145.00

Expenses include:

Salaries (line 15): \$34,838,106.00

Fund raising fees (line 16a): \$850,803.00

Other expenses (line 17): \$50,431,851.00 HUH??????

Travel: \$8,000,000.00

Note: \$20 million in travel & meetings to decide who gets the \$5.160 million in charity?

Meetings: \$12,000,000.00

Net assets/fund balances (line 22) \$332,471,349.00.... So it required 486 people, who were paid \$34.8 million, plus \$91.3 million in fees and expenses, to give away \$5.1 MILLION!

And they call this a CHARITY?

(It is alleged that this is one of the greatest white-collar crimes ever committed. And just think – one of the participants was a former president and one (gasp!) wanted to be elected president. If justice was truly served, they would both be in prison.

(Wonder who the "employees" were? They only had one kid.)

In the New Testament, Jude, the earthly brother of Jesus, pointed to the sorrowful fate of Sodom, writing, ***“Sodom and Gomorrah, and the cities about them in like manner, giving themselves over to fornication, and going after strange flesh, are set forth for an example, suffering the vengeance of eternal fire.”*** -(Jude 1:7).

He later encouraged Christians in light of the rampant sin of the last days to ***“have compassion [on souls], making a difference, and others save with fear.”***

Proverbs 14:34 says, ***“Righteousness exalteth a nation, but sin is a reproach to any people.”***

Proverbs 16:12 also states, ***“It is an abomination to kings to commit wickedness, for the throne is established by righteousness.”***

***“This is the support, strength, and security of every kingdom, and of the thrones of kings; and it is with judgment and righteousness that the throne of Christ is established; yea, justice, and judgment are the habitations of his throne”*** -(Isaiah 9:7).

The difference with Trump is that he claims to share our values, and even claims to be a Christian. As the Apostle Paul admonished in 1<sup>st</sup> Corinthians 5:9-13, ***“those of the world who do not share our values should be engaged by the church, and welcomed – those who claim to be believers but are “immoral or greedy” should be “expelled from among you.”***

We’re told, in Luke 6 that we will be able to ***“tell a tree by its fruits,”*** and that should be enough. In Trump’s case, there’s plenty of fruit to see, but for others who think professing Christ is enough, there’s an opportunity to have an important conversation. Many times, particularly in the past, professing Christ has been enough to elicit the support of evangelical leaders.

Evangelical Christians overwhelmingly support President Donald Trump... At the least, that is what we are told. Yet 25% of Evangelical Christians are not registered to vote in 2020. This was what was reported on a religious site in early December, 2019.

Many have questioned why devout evangelicals support Trump, a man who has bragged about sexual assault, lies perpetually and once admitted he never asks God for forgiveness. Trump's lack of knowledge of the Bible is also well-known. A humorous quote from another article I did on Trump said "his favorite book of the Bible was chapter 11." It was a jab over Trump's use of chapter 11 bankruptcy regulations.

Nevertheless, many evangelical Christians believe that Trump was chosen by God to usher in a new era, a part of history called the "end times." Beliefs about this time period differ, but it is broadly considered the end of the world, the time when Jesus returns to Earth and judges all people.

Jerusalem has a central role as the city of prophecy and the place where the end of times plays out. According to this prophecy, a millennial 1,000-year period of peace preceded by seven years of tribulation, during which wars, disease, and natural disasters will lay waste to the earth. In the book of Revelation, Israel is described as a nation that exists during the time of Great Tribulation, and Jerusalem's Jewish temple is resurrected during this period. The last temple was destroyed in 70 A.D, and today there is a mosque on the Temple Mount where the previous two temples are believed to have stood. Evangelicals believe that a unified Israel with control over Jerusalem will facilitate the construction of a new Jewish temple, and set the groundwork for the end of times. This forthcoming temple will be the Antichrist temple.

That's where Trump comes into this picture.

What many believe kick-starts the end times into motion is Israel's political boundaries being re-established to what God promised the Israelites according to the Bible.

Have you ever been around a boaster? He goes around telling everyone how wonderful he is, how smart he is, how much he knows. Christians should go around telling people how wonderful Jesus Christ is, how great He is, how merciful, how kind, how powerful, how awesome, how righteous, etc. Boasting in ourselves is simply sinful pride; boasting in the Lord deflates our pride and gives all the glory to Him. True Christians confess, "The only thing I'm great at is being a great sinner, but Christ Jesus is a great Savior!"

*"No enactment of man can be considered law unless it conforms to the law of God."* – Judge William Blackstone

**There is no doubt that Donald Trump's presidency is a clear exhibition of the counterfeit Christianity on a global grand scale** -(Matthew 7:21-23), where you will find that these professors falling in line with what Donald says rather than what the Word of God declares.

Remember, this is the same president that said he never had a need to ask for forgiveness yet, Scripture testifies against his narcissistic and self-righteous face.

***“If we say that we have not sinned, we make him a liar, and his word is not in us.”*** –1 John 1:10. Today, we see Donald Trump, along with his followers, advocating that which God clearly condemns, attempting to create a world in defiance toward their Creator.

I think this is not going to end well for America!

Donald Trump is now on a campaign to decriminalize sodomy and those that are on the Lord’s side are to side with the Lord. -(Exodus 32:26). When it comes to enforcing the laws that condemn sodomy-homosexuality, in fact, he even urges the world to follow his lead rather than to side with the Lord. Exodus 32 is a call to choose who you will side with!

This is happening simultaneously with the “Equality Act,” which is being pushed forward by what your unconstitutional and contrived enemies called the “left” or otherwise known as the “democrats.” The so-called “Equality Act” is a deceptive label for silencing religious liberty!

If you remember, Donald Trump’s followers were exposed for their hypocrisies when criminal Barack Hussein Obama’s administration was advocating for what they gave lip service to by condemning concerning the sodomite agenda, but now, these idolaters have given a green light to Donald Trump to do whatever he wills to do. Hypocrites all! -(Matthew 23:3).

Today, we can see that Obama’s administration was teeing this all up for the current administration to further implement the sodomite agenda. Did you know that sodomy was illegal in every state of our union? In-state statutes throughout the United States, they are called ***“crimes against nature,”*** directly taken from Scripture -(Romans 1:26-27).

Why does God's moral law condemn sodomy? Is it just another sin, or is something more evil?

***"Thou shalt not lie with mankind, as with womankind: it is an abomination."*** –(Leviticus 18:22). Outside of common sense, if we did not have a father and a mother, none of us would be here today –(Genesis 5:2). And you cannot argue that the New Testament does not say Jesus had nothing to say about the subject of marriage. The Apostle Paul's words of Romans 1, clearly states that sodomy and lesbianism is an unnatural act, an abomination to the Lord!

Well, let's look to the fruit –(Matthew 7:16) of these sodomites to show you why the Lord condemns these actions –(Deuteronomy 25:1).

First of all, the top U.S. serial killers were sodomites. This is not a well-known fact outside of the criminal justice system.

Jeffery Dahmer was known as the Milwaukee Cannibal or the Milwaukee Monster, who raped, murdered, and dismembered 17 men and boys from 1978 to 1991. Many of his later murders involved necrophilia (sex with the dead), cannibalism, and permanent preservation of body parts. He allured men to his home from sodomite bars.

Donald Harvey claimed 37 victims in Kentucky.

John Wayne Gacy raped and killed 33 boys in Chicago by playing a clown to allure them in, burying them under his house and in his yard.

Patrick Kearney accounted for 32 murders, cutting his victims into small pieces after sex and leaving them in trash bags along the Los Angeles freeway.

Bruce Davis molested and killed 27 young men and boys in Illinois.

A queer sex-murder, torture ring (Corll-Henley-Brooks) sent 27 Texas men and boys to their graves.

Juan Corona was convicted of murdering 25 migrant workers. He raped their dead corpses.

A former Big Brother-Big Sisters volunteer was arrested on a complaint of lewd molestation, forcible sodomy, and second-degree rape with a boy under 16 years of age. The pederast, John Gisler, was a science teacher at Whitney Middle School and the victim was believed to be his little brother.

The John Jay Team reported that 10,667 people in the U.S. had made allegations of child sexual abuse between 1950 and 2002 against 4,392 priests. Recent state attorneys' general called Grand Juries in the past two years shows this number to be even much higher.

The Boy Scouts of America claims its child abuse prevention program is the best in the country. However, in 2005, the man that ran that program, Douglas Smith Jr., was sentenced to eight years in federal prison for trafficking in child pornography on the Internet.

High profile attorney Aaron Biber from Minnesota was sentenced to 18 years in prison for raping his son's best friend, who was just 15 years old. Police said that he was groomed from 11 years old. Hennepin County district judge Lloyd Zimmerman said that this was one of the most horrific cases he's ever seen.

In 2010, former Minneapolis Park Police Captain William Jacobs was charged with sexually abusing a 15-year-old boy from 2007-2009. Prosecutors added child pornography charges to the mix after police found 40,000 pornographic images on hard drives and DVDs in his home. Seventeen more witnesses came forward to testify that Jacobs abused them between 1962 and 1980.

Homosexuality is a mental disorder. There is no such thing as a "gay" gene. Decades of study has confirmed this indisputable fact. Genetically, there are 6,500 genes in the human body that are predisposed identifiers that one is either male or female. A major socialization factor leading to boys and girls self-identity is linked to male or female parent bonding. In recent years, the drinking of soy milk and consuming soy by boys is correlated or links to effeminate behavior and personality disorder. The biological XY gene factor is unquestioned when defining whether one is a male or a female. In the past few years, members of the medical and psychiatric fields have become reluctant to speak out for fear of being labeled a homophobe.

The only time the concept of gender gets any respect is when someone doesn't identify with his biology. Why? Cabalist central bankers are waging a psyche war on heterosexuals to undermine the family and destabilize society. *"We will undermine every collective force except our own,"* they say in the Protocols (16-4.) The nuclear family, along with race, religion and nation, are the four "collective forces" targeted for destruction.

In 2006, the Immigration and Customs Enforcement agency, which conducts Internet pornography investigations, produced a list of 5,200 Pentagon employees suspected of viewing child pornography and asked the Pentagon to review it. However, the Pentagon checked only about two-thirds of the names, unearthing roughly 300 defense and intelligence employees who allegedly had viewed child pornography on their work or home computers.

The defense investigators failed to check an additional 1,700 names on the list, according to defense officials who revealed the information in correspondence with Senator Charles Grassley, Republican of Iowa.

Downloading child pornography is a federal crime, punishable by prison sentences of five to 20 years. Yet, members of Congress and other officials say it raises additional concerns when such materials are accessed by employees with high-level security classifications because it leaves them vulnerable to blackmail.

This warning was first sounded to the American people back in 1987 when published by Michael Swift in Gay Community News on February 15-21. Furthermore, it was also inserted into the congressional record.

All the while knowing the fruit of these criminals, why then are the American people allowing this agenda to be pushed forward through their said representatives?

The end aim of this entire agenda is an attempt to normalize pedophilia and sodomy and to criminalize anyone that dares to speak out against their crimes.

Simply put, they mean to rule over you and your posterity with impunity and all of this with the mainstream media and corrupt politicians approval. God knows that evil is not combated with love and understanding.

The misfits, the rebels, the troublemakers, the Cowboys, the round pegs in the square holes misfits. The ones who see things totally differently, they're not comfortable with the rules. And they have no respect for the status quo Pharisees "hypocrites". You can quote them, disagree with them, glorify or vilify them. About the only thing you can't do—is ignore them. Because they change things. They push GOD's human race forward and that bothers the politicians and otherworldly liars. And while some may see them as the crazy ones, I see a genius. Because the people who are crazy enough to think they can change the world, are the ones who do.

"Man will ultimately be governed by God or by tyrants." The silencing of the American people before 2020?... The human heart is an idol factory.

The Un-Godly — Those That Suppress the Truth, the social media giants built multi-billion dollar empires by giving everyone a voice, but now that they have such a dominant position on the Internet they have decided that many prominent conservative voices should be completely silenced.

Our government has been overthrown. As evidenced by Trump's capitulation on the border, his recent servitude to the GMO industry and his acquiescence to the warmongers, our President has been compromised. Our liberties are being eliminated one by one. Gun confiscation is next. The Constitution is gasping its last breaths. Our borders are destroyed and our culture has been turned upside down by every perversion known to man. Trump has continued the decimation of the Bill of Rights begun by George H.W. Bush, and those who followed him.

It's interesting when you connect the dots the masses are opposed to God's blueprint and therefore will bring destruction upon the earth intentionally. Me, I, mine, the narcissists generation will bring total destruction upon God's people, only the chosen will survive, we live in evil times, dress appropriately, put on the full armor of God!....

Force is now the only rule remaining in deep state-controlled America. Everything else has collapsed. There is no free speech, no fair trial, no system of justice, no reasonable expectation of human rights anywhere, no fair elections, no honest news, no honest Wall Street operations, no real public education, no clean food, and threats from the elitist, the power structure that is hell-bent on bringing the New World order into the reality of the sleeping masses, get woke or get yoked, the choice still lives in the people's hands. Next, the Antichrist will appear with many empty promises, peace, and security, in reality, it's the yoking of mankind, We are on the Doorstep of the Great Tribulations...

The prophets do not confuse truth with consensus. The prophet does not confuse God's word with the word of those who happen to hold power at present, or with the opinion of the majority. This is because power-holders and the majority can fall victim to a lying spirit-and this

means a power that actually seizes the majority of experts, the political leadership, and the public.

Not content with being linked to teen suicides, Netflix has put itself in the crosshairs of Christians during the Christmas season. The multi-billion-dollar online streaming company has aligned itself with a Brazilian comedy group and its Christmas special that imagines a homosexual Jesus bringing home his boyfriend to his parents, Mary and Joseph.

**Vitagliano**

Ed Vitagliano, a spokesman for the American Family Association, says Netflix is callously disregarding the beliefs of Christians around the world. *“Netflix has made a serious error,” he warns, “and this is evidence that the darkened mind of many unbelievers is at enmity and is hostile to God.”*

The small Mississippi-based ministry went to war with Netflix and its CEO, Reed Hastings, in 2018 when a family reached out to AFA after their daughter, Anna, committed suicide. She had binge-watched Netflix show “13 Reasons Why,” a teen drama based on the best-selling book, and committed suicide in the same manner as the show's main character.

Not long after Anna's story went public, the corporation slapped a warning on the teen program, and eventually cut the pivotal first-season suicide scene from the show, but AFA never heard from Netflix and Hastings (*pictured below*) over its concerns.

Now the mega-corporation has caught AFA's attention again with the Brazilian comedy. The comedy show has drawn the ire of many in recent days, including Catholic bishops in Brazil who said the show “profoundly assaults” the Christian faith. More than 1.5 million people have signed a petition started at Change.org asking Netflix to drop the show. AFA's confrontation with Netflix mirrors the early days of the ministry, since founder Rev. Don Wildmon confronted the most powerful network executives of the day over the lewd and vulgar programming on NBC, ABC, and CBS.

***“Christians have to understand that, going forward, many of the names of big corporations that they once trusted can no longer be trusted,”*** Vitagliano told *‘OneNewsNow’*.

The Trump Executive Order Implies that “Jewishness” Is now a Nationality, and this presents a most serious conflict with existing legislation of title VI and VII of the 1964 Civil Rights Act. It speaks volumes about President Trump’s loyalty to Israel rather than to the right of free speech under the U.S. Constitution and Bill of Rights. You can expect this to be challenged in the courts and ultimately the U.S. Supreme Court.

The pandering by Donald Trump and those around him to Israel and to some conservative American Jews is apparently endless. Last Wednesday the president signed an executive order that is intended to address alleged anti-Semitism on college campuses by cutting off funds to those universities that do not prevent criticism of Israel. To provide a legal basis to defund colleges and universities, the administration is relying on title VI of the Civil Rights Act of 1964, which prohibits any discrimination based on race, color or national origin. Since the Act does not include religion, Trump’s order is declaring *ipso facto* that henceforth “Jewishness” is a nationality. Unless overturned by Congress, or the U.S. Supreme Court, it will cancel out the First Amendment of Freedom of Speech!

The executive order does not mention Israel by name, but it does state that its assumptions are based on “the non-legally binding working definition of anti-Semitism adopted on May 26, 2016, by the International Holocaust Remembrance Alliance (IHRA), which states, ‘Antisemitism is a certain perception of Jews, which may be expressed as hatred toward Jews. Rhetorical and physical manifestations of antisemitism are directed toward Jewish or non-Jewish individuals and/or their property, toward Jewish community institutions and religious facilities’; and (ii) the ‘Contemporary Examples of Anti-Semitism’ identified by the IHRA, to the extent that any examples might be useful as evidence of discriminatory intent.”

The IHRA “contemporary examples” supplementing the basic description are important. They considerably broaden the definition of anti-Semitism, to include “Accusing Jewish citizens of

being more loyal to Israel, or to the alleged priorities of Jews worldwide, than to the interests of their own nations” and “claiming that the existence of a State of Israel is a racist endeavor.” The examples also included holding Israel to a higher standard than other nations when criticizing it, and IHRA offers no possible mitigation even if the accusations are, in the case of the behavior of some Jews and of Israel, accurate.

Those who are confused because in the past expressions like “Italian” or “Irish” or “British” meant actual countries should recognize that Trump-speak never respects any connection with reality when there is political advantage just sitting out there waiting to be snatched and exploited. And that imperative is considerably multiplied when one is referring to either the state of Israel or of Jews in general, particularly as seen by the Trump White House, which clearly and repeatedly sends the message that it reveres both. Trump’s order will in effect constitute a government-promoted argument that Jews are a people or a race with a collective national origin, like Italian or Polish Americans, an assertion that clearly is untrue. The definition of a Jew today is someone who converts to the religion of Judaism. President Trump can’t have it both ways. This presents a serious case in which a mainline Protestant Church affiliated college or university might want to challenge in the courts. The United Church of Christ, the United Methodist Church and the United Presbyterian Church (PCUSA) are very active in the BDS movement, along with a number of Quaker groups. All have denominational affiliated colleges and universities that are threatened by the Trump Executive Order. The United Methodist Church has 117 colleges and universities, and 13 theological seminaries across the country where Title VI and VII of the 1964 Civil Rights Act are followed!

In fact, suppressing criticism of Israel on college campuses has long been a major foreign policy objective of the Israeli government even though nonviolent assembly and free speech are guaranteed by the U.S. Constitution. Congress has several times considered a comprehensive Anti-Semitism Awareness Act, though it has not passed due to legitimate free speech concerns. The nonviolent Boycott, Divestment and Sanctions movement (BDS), which is very active on American campuses, has been particularly targeted and criticism of it is frequent in the media and from Congress while also emanating from the White House. As most accredited colleges receive federal funding, which can be considerable at a major research university, the executive order will create a major dilemma over how to respond, particularly for those schools that have Middle East study programs.

Work on the presidential executive order was initiated in the summer of 2019 inside the White House by a team led by Jared Kushner, Trump’s son-in-law and senior adviser, together with his close aide special assistant to the president Avi Berkowitz. They sought to develop a formula whereby government policy would equate anti-Zionism with anti-Semitism, and Donald Trump both agreed with that assessment and followed through on it. On December 8th he promised to take action against BDS and other critics in a speech delivered before the Israeli-American Council. The speech is worth reading in full by anyone who is concerned that the United States now has a government that favors one already privileged, wealthy and powerful constituency in particular and is not committed to upholding the civil liberties of all Americans.

Israel is an apartheid state. Christians can visit Israel but they cannot seek citizenship in Israel. If one manages to settle, it is not long that authorities will visit you and ask you to renounce your Christian faith and require your conversion. Covering up for its crimes against humanity as well as its war crimes is something of a growth industry in the United States, with Zionist billionaire oligarchs launching new foundations on a regular basis. Jewish power in the U.S. means that Israel always has been given a free pass, even when it deliberately attacked and sought to sink the U.S.S. Liberty, an American Naval vessel in international waters in 1967. Thirty-four crew members died in the IDF assault. The subsequent investigation of the attack was whitewashed by then President Johnson, the Secretary of State and the Navy department while the survivors were threatened with loss of pension, imprisonment if they revealed what had occurred. That is how a powerful and ruthless Israel acting through its traitorous domestic proxies operates and it illustrates how feeble the Establishment is in standing up to it.

This latest outrage, in which free speech and association will be denied to benefit one group on the basis of its claimed perpetual victimhood, had its genesis earlier this year when the federal government's Education Department ordered Duke University and the University of North Carolina at Chapel Hill to reorganize the Consortium for Middle East Studies program run jointly by the two colleges in part based on their failure to include enough "positive" content relating to Judaism. The demand came with a threat to suspend federal funding of Title VI Higher Education Act international studies and foreign language grants to the two schools if the curriculum were not changed.

The Education Department was particularly irate over a conference in March called "Conflict Over Gaza: People, Politics and Possibilities." A Republican congressman was outraged by the development and asked Secretary of Education DeVos to investigate because the gathering was full of "radical anti-Israel bias." Perhaps the congressman ought to recognize why this backlash is instrumental in the American public who are smart enough to see the bias for the Zionist state of Israel and the effort to whittle away at the U.S. Constitution and the Bill of Rights. This grass roots movement to push back may prove to be the straw that breaks the camel's back. When the American public learns that Israel did 9/11, think of how that will further anger the U.S. public and increase Anti-Semitism.

Coverage of the story revealed that "Betsy DeVos, the education secretary, has become increasingly aggressive in going after perceived anti-Israel bias in higher education." Her deputy who has served as a focal point for the effort to root out anti-Israel sentiment is Assistant Secretary of Civil Rights Kenneth L. Marcus, who might reasonably be described as "a career pro-Israel advocate," the founder and president of the Louis D. Brandeis Center for Human Rights Under Law, which he has used to exclusively defend the rights of Jewish groups and individuals against BDS and other manifestations of Palestinian pushback against the Israeli occupation of their country. He has not hesitated to call opponents anti-Semites and has worked with Jewish students to file civil rights complaints against college administrations, including schools in Wisconsin and California. In an op-ed that appeared, not surprisingly, in *'The Jerusalem Post'*, he observed that even when student complaints were rejected, they created major problems for the institutions involved. If a university shows a failure to treat

initial complaints seriously, it hurts them with donors, faculty, political leaders and prospective students.

Last year Kenneth Marcus reopened an investigation into alleged anti-Jewish bias at Rutgers University that the Obama Administration had closed after finding that the charges were baseless. Marcus indicated that the re-examination was called for as his office in the Education Department would henceforth be using the IHRA-derived State Department definition of anti-Semitism that also includes “denying the Jewish people their right to self-determination,” making virtually all criticism of Israel a civil rights violation or even a hate crime.

Critics of the Trump move, many of whom are themselves Jewish, are uncomfortable with being placed by government into one category, that ALL students are *de facto* already protected by Title VI, which has been interpreted as making all forms of discrimination illegal. And they also note that the law was never intended to protect individuals whose feelings were hurt or who claim to be unwelcome or even threatened by someone saying something that they disapprove of. Since such protection is clearly the intention of the executive order, it is undeniable that the Trump’s latest ploy is little more than a mechanism to pressure colleges into effectively banning BDS and other groups critical of Israel.

And the order itself raises at least one unpleasant thought: if “Jewishness” is a nation even though it is demonstrably not one, what is the alleged Jewish nationality all about? Is this just one more example of the politics of Jewish identity or is it really some form of dual loyalty, with American Jews divided between those who are loyal to the U.S. and those who are loyal to some supra-nationality or allegiance? The fact is, that Donald Trump himself has several times expressed the view that American Jews, particularly those who are politically liberal, should be more loyal to Israel.

Trump’s maneuver is unfortunately part of a well-funded and highly coordinated federal and state campaign to pass laws to criminalize critics of Israel. And the issue has also surfaced within the Democratic Party among those campaigning for the presidential nomination. Speaker Nancy Pelosi forced Representative Ilhan Omar to apologize after she criticized proposed anti-boycott legislation. More recently Bernie Sanders is being smeared as an anti-Semite even though he is Jewish because he associates with critics of Israel and has spoken out in favor of defending free speech while also supporting Palestinian rights.

There is a certain irony in all of this political theater, that the wealthiest and most powerful identifiable group in the United States should yet again be playing the victim is in itself astonishing. Making it a crime to deny Israel legitimacy while at the same time denying the same thing to Palestinians should give anyone pause to ask where is the fairness? And there is also considerable hypocrisy in that pro-Israel groups on campus have been if anything better funded and more aggressive in promoting their point of view than BDS has been without any consequences. Canary Mission, for example, claims to “document people and groups that promote hatred of the U.S.A., Israel and Jews on North American college campuses” by posting their names, photos and personal information on its website. Israeli-American real estate

investor and billionaire Adam Milstein is reported to be its principal funder while the site's listings have been allegedly used by the Israeli border security officials to deny entry to pro-BDS American citizens and also with potential employers to deny applicants jobs.

The Lawfare Project's Campus Civil Rights Project meanwhile helps aggrieved Zionist students to *"take legal action to ensure that schools live up to their legal obligations to protect Jewish students from anti-Semitic harassment, intimidation, and discrimination."*

So here we are again. Special privileges for the perpetual victims! And no one in the media is willing to tell it like it is, while the handful of meek voices in congress has been effectively silenced. It is so sad, particularly as an election year is coming up and there will undoubtedly be much more of this. When the Israelis occupy nearly all of the West Bank with Donald Trump's approval and start "relocating" the existing population, who will be around to speak up? No one, as by that time saying nay to Israel will be a full-fledged hate crime and you can go to jail for doing so.

In previous articles I have noted that Jared Kushner and his wife are devout members of the Zionist Chabad Lubavitch sect of Judaism. Many refer to them as a "doomsday" cult, and do so with sufficient reason. They are the group that is behind the efforts to build the third Temple in Jerusalem. Christians know this as the Antichrist temple. Mr. and Mrs. Kushner, do not drive on the Sabbath, living close enough to their synagogue to be able to walk. Not all Jews are Zionists as the picture on the next page indicates.

DNA studies confirm that 97% of people who call themselves Jews, ARE NOT descendants of Abraham, Isaac, or Jacob. In 2001, Dr. Ariella Oppenheim, a biologist at Hebrew University, published the first extensive study of DNA and the origin of the Jews. Her research found that virtually all the Jews came from Khazarian blood. The newest DNA research science from Dr. Eran Elhaik and associates at the McKusick-Nathans Institute of Genetic Medicine, Johns Hopkins University School of Medicine, has confirmed that: The various groups of Jews in the world today DO NOT share a common genetic origin, and their genome is largely Khazarian.

In fact, DNA research shows that the Palestinians actually have more Israelite blood than do the Khazarian 'Jews!' These DNA research results should cause you to question everything you know about modern day Jews and the state of Israel. Today they're called Ashkenazi Jews, but they are a Jew by religion, not by blood. Most of them have Turkish-Mongol DNA. The 1905 Jewish Encyclopedia Vol. XI p 533, stated that 'probably 95% of the persons included in these estimates of Jewish populations are Ashkenazim'.

The 1973 Jewish Encyclopedia documents that approximately 90% of the world's so-called Jews are Khazarian. A.N. Poliak, Professor of Medieval Jewish History at Tel Aviv University, says that the majority of Eastern European Jews are Khazarian and Japhetic in origin, not Semitic. Immigration statistics indicate approximately 90% of the world's so-called or self-styled 'Jews' living in 42 countries of the world is emigrants of Eastern European Khazar Jews. Jesus words

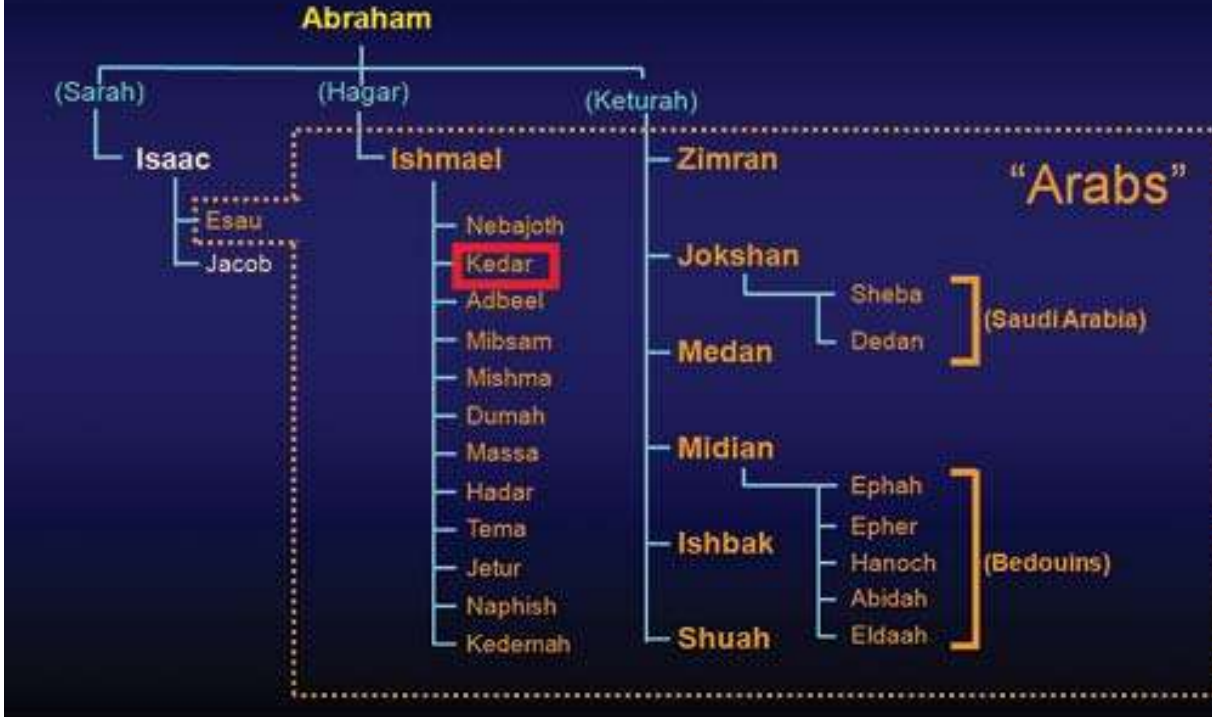

that Jerusalem will be “trampled by Gentiles” are confirmed, as 97% of the so-called Jews in Israel are Gentiles.

Being a “Jew” was not a matter of ethnicity in the Bible; but rather, embracing the religion of the Jewish people (which was faith in the coming Messiah - Genesis 15:6). Of the twelve spies sent to spy out the land of Canaan, only Joshua and Caleb came back with the faith to enter (as God had commanded the Hebrews in the wilderness). Although Caleb was a Gentile, he was accepted as a Jew because of his faith. In the time of Esther, the Bible says many of the Medo-Persians became Jews (i.e., Christians). If God's promises were limited only to biological Jews, then no one could become a Jew by choice. Caleb chose to become a Jew. The Medo-Persians chose to become Jews. Likewise, if you are a born-again Christian, then you are also a spiritual Jew. Galatians 3:26-29, ***“For ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ. There is neither Jew nor Greek, there is neither bond nor free, there is neither male nor female: for ye are all one in Christ Jesus. And if ye be Christ's, then are ye Abraham's seed, and heirs according to the promise.”*** What a beautiful Biblical truth and promise from God! I am a Jew—a part of the family of God—related to Abraham, Isaac and Jacob—having the same merciful and blessed heavenly Father.

# The Descendants of Abraham

Soon, the true Messiah Jesus Christ will return, regathering true Israel, and establish His legitimate millennial (1,000 year) reign as King from Jerusalem. Jesus Christ is the stone cut from the mountain without hands in king Nebuchadnezzar's image. Christians ought not support Christ-rejecting, blaspheming, wicked, apostate, professed "Jews" who are not Jews, behind the present secular state of Israel—a cruel fraud perpetuated upon the world by Luciferian agents of the Illuminati. Revelation 2:9 states, ***"I know thy works, and tribulation, and poverty, (but thou art rich) and I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan."*** The same point is made in Revelation 3:9: ***"Behold, I will make them of the synagogue of Satan, which say they are Jews, and are not, but do lie; behold, I will make them to come and worship before thy feet, and to know that I have loved thee."***

The truth is that Israel is just like the United States, that is, you've got the HAVES and the HAVE NOTS! A diligent study into the matter reveals that the so-called Jews behind Zionism are not true Jews; but rather, are false Jews (many not even biological Jews). The Bible teaches that God will gather His people back to the Promised Land only when He returns. In sharp contrast, the people gathering themselves today, who falsely claim to be God's chosen people, aren't even Christians. The Jewish community is adamantly opposed to the idea that one can convert to Christianity and still be a Jew.

Don't believe the huge lie that Christ-rejecting Jews are God's chosen people. They are not! Biblically, God's promise to bless Israel is CONDITIONAL. Exodus 19:5 states, ***“Now therefore, if ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people: for all the earth is mine.”*** IF YE WILL OBEY! IF YE WILL OBEY! IF YE WILL OBEY! Don't miss that! People read over that and ignore this Scripture. IF YE WILL OBEY! The Jews not only disobeyed God, but murdered their Messiah.

Jack Bernstein, an American Jew who was assassinated for telling the truth, explains THE TRUTH about Israel today...

**“To fully understand the story I am about to tell, it is important that you understand what Zionism really is. Zionist propaganda has led the American people to believe that Zionism and Judaism are one and the same and that they are religious in nature. This is a blatant lie. Judaism is a religion; but Zionism is a political movement started mainly by East European (Ashkenazi) Jews who for centuries have been the main force behind communism/socialism. The ultimate goal of the Zionists is a ONE-WORLD GOVERNMENT UNDER THE CONTROL OF THE ZIONISTS AND THE ZIONIST-ORIENTED JEWISH INTERNATIONAL BANKERS. Communism/socialism are merely tools to help them accomplish their goal.”**

Yes, Israel is God's nation, but that nation has been scattered through the world according to Luke 21:24. The present-day State of Israel is a counterfeit. I've shown you that Israel today hates the Lord. Less than 2.5% of its people claim to be Christians (that includes all the cults). I dare say that one person in 1,000 presently living is truly born-again in Israel today, just like Japan. What is there in Israel to support today? Nearly all are not Christians! Most aren't even close to being 100% biological Jews! The ones who are Jewish adamantly reject Jesus as their Messiah!

**Zionism is a satanic cult** founded by the Illuminati for the Illuminati. The same Masonic, Wall Street, international banking cabal, Luciferian, phallic-worshipping, secret powers which have hi-jacked the United States, own and control the present-day state of Israel. I am referring to the House of Rothschild. Even stating this fact now could land me in jail under Trump's EO!

If it is true that President Trump converted to Zionist Chabad Lubavitch Judaism, and there are credible Zionists in the Williamsburg, NY area that confirm Trump converted before the 2016 Presidential election, the USA is at great risk since President Trump has the “nuclear” football at his prerogative. **The American public does not realize what is at stake in this Trump Executive Order that reveals President Trump's bias toward favoring Zionism!** **Zionist Chabad Lubavitchers are using Jared Kushner and his wife/daughter of President Trump to bring in the Satanic Antichrist as their faux messiah. As they say, the details are in the small print!**

A day after visiting the JC Kosher Market in New Jersey, the site of an anti-Semitic shooting, Elan Carr, the Trump administration's Special Envoy for Monitoring and Combating Anti-Semitism, spoke in Tel Aviv on Tuesday night on the rise of anti-Semitism worldwide and how to fight it.

*"These are precarious times,"* Carr said. A former U.S. soldier, Carr said of the New Jersey Kosher deli market that he hadn't seen so many bullet holes since he served in Iraq.

He said that anti-Semitism must be met with *"resolution and purpose."*

The Trump envoy identified three sources of anti-Semitism today: 1) the far-right, 2) the far-left, 3) radical Islam. Carr noted that all three should hate each other *"but they're united by their hatred of Jews."*

Of the three, he said radical Islam is the *"chief source of violence against Jews today."* He described what children are taught in the Middle East as shocking, and likened the indoctrination to "child abuse."

The radical left strain of anti-Semitism, which disguises itself as anti-Zionism, is also called the *"new anti-Semitism,"* Carr said. But, Carr noted, *"There's nothing new about it."* He said Israel has become the Jew among the nations, and that anti-Semitism has always adapted itself to the zeitgeist, so it's not a surprise that it would morph into anti-Zionism.

Carr said that anti-Zionism is simply anti-Semitism and pointed to three aspects that it shares with classic anti-Semitism as evidence. First is the blood libel, he said. In Israel's case, it's accused of being genocidal, an apartheid state. Carr said that Israel has even been accused of infecting Arab children with a virus.

The second element is the boycott, and the BDS movement is a perfect example, Carr said, noting the similarity to Nazi boycotts of Jewish businesses.

Third, anti-Semitism always blamed the Jews for the irrational hatred against them, he said. In the case of the *"new anti-Semitism,"* Carr noted that Israel is always accused of some malfeasance to justify the hatred poured out on it. *"Anti-Semitism has nothing to do with the victim. It's simply hatred. It's nothing new,"* he said.

Trump's envoy said that despite the rise in anti-Semitism around the world, there is good news. The first, which he said should not be taken for granted, is the existence of the State of Israel. The Jews are *"enfranchised,"* he said, a regional military power.

Second, he said many world leaders understand the problem and are committed to fighting anti-Semitism. He gave several examples, noting that Germany's Bundestag has equated BDS with anti-Semitism, that Hungary is revamping its curriculum, and the E.U. has worked with IT companies to remove flagged hate speech within 24 hours.

The third piece of good news is that the U.S. remains the most phyllo-Semitic country in the world, he said. And the Trump administration is committed to tackling anti-Semitism.

Carr pointed to President Donald Trump's recent executive order targeting anti-Semitism on college campuses, describing it as a "game-changer."

The order broadens the federal government's definition of anti-Semitism and instructs it to be used in enforcing laws against discrimination on college campuses.

*"I believe we can roll anti-Semitism back,"* Carr said.

A key element to win is Jewish unity, he noted. On anti-Semitism *"Jews can't disagree,"* regardless of what political direction it comes from, he said.

The historical facts refute Mr. Carr's statements in the broadest imagination possible. He simply fails to understand and differentiate what Zionism is and what Judaism is.

**DISCLAIMER! WHEN I SAY THE WORD "JEWS", I MEAN THE CHABAD CABAL AND OTHER JEWISH LEADERSHIP AND THOSE FROM THE HOUSE OF JUDAH WHO SUBSCRIBE TO CHABAD'S EVIL DOCTRINES. I DO NOT MEAN ALL JEWISH PEOPLE!** This is the error made by the likes of Christian leaders Pastor John Hagee and Dr. Michael Evans.

## **Zionism vs Judaism**

There is a big difference between Zionism and Judaism. Judaism describes the Jewish faith whereas Zionism defines the philosophy behind an exclusive Jewish state which is the physical and spiritual homeland meant exclusively for the Jewish people. The latter is a very fundamentalist outlook, and is much reviled, particularly amongst the Arabs.

**All Zionist are Jews, but not all Jews are Zionists.** There are Jews in many parts of the world. Most of them live in Israel and America. Now all of them certainly believe in Judaism, but not all of them would subscribe to the hard-liner exclusivist vision of the Zionist Chabad sect. The Zionist movement arose in Europe in the late nineteenth century out of a desire to end the exile of the Jewish people and return them to the holy land by force if necessary. Initially they found very little support among the Jewish populace but after the horrors of Hitler's Nazi Germany during the Second World War and what was perpetrated against the Jews, this notion made them pay heed and could make a greater impression on the Jews. Judaism on the other hand simply means living by the tenets of the Jewish holy book, the Torah. Whatever befell them was the will of God, as expressed through the Torah and there never was any attempt to forge any sort of a national, political or sectarian agenda.

Judaism as a religion is really a simple way of life, where man lives his life quietly and with dignity, while observing the traditional Jewish rituals that are ordained in the Torah. Zionism, on the other hand, speaks of the exclusivity of the Jews, their right to the holy land, the acquisition and conquest of lands held by other people, which is rightly their own. As opposed to a practitioner of Judaism, for whom a Jew is a person who believes in God, and strives to

carry out God's word, as passed down to him in the Torah. He does not think in terms of the lineage of a Jewish race which is separate from that of the others.

A practitioner of Judaism will have a more nuanced approach towards life, as he would know that Jewish history is a rich, checkered and much splendored tapestry which plays out over many nations and regions. A Zionist on the other hand would have very little factual information about his people, but a fanciful notion about the origin of his race.

The Jewish people or the followers of Judaism have often suffered persecution on account of their race at the hands of European nations down through the ages. It is ironic that the Zionists among the Jews would show the same kind of hatred to other people, namely the dispossessed Palestinians. This is even more ironic for the reason that Asian nations were generally very tolerant of the Jews' presence throughout the ages.

According to the traditions of Judaism the task that God set before Jews was to set standards in the realm of spirituality and piety, and not to excel in military might or the mastery of high technology as a driver of force, as the Zionists proclaim. All in all Judaism is all about spirituality and piety while Zionism is about racism and expansionism.

**Summary:**

1. Judaism describes the Jewish faith.
2. Zionism defines the philosophy behind an exclusive Jewish state.
3. All Zionists are Jews, but not all Jews are Zionists.
4. Judaism is more about spirituality.
5. Zionism is more about racism.

This unfortunate deception that has existed for more than a century now has never been addressed fully by those within the Christian community. From the very beginning of his support for Israel, Pastor John Hagee has misled those from whom he has solicited money on behalf of Israeli causes. A second major voice for Israel has been Dr. Michael Evans who was raising support for the Zionist State of Israel.

The web site [www.soundchristian.com/prophecy/who](http://www.soundchristian.com/prophecy/who) provides an updated directory of Bible prophecy teachers and speakers and their particular views on Bible prophecy. The list contains names of both living and deceased scholars. None of them has ever taught the difference between a Torah-observant Jew and a Talmudic observant Jew. The difference is as vast as the Grand Canyon is wide. In a coming article, I will explain, compare and contrast the two.

Israel is now losing support among every demographic group in America after a new survey revealed that support among Evangelicals was also falling. A 2017 study by Southern Baptist LifeWay Research, sponsored by Chosen People Ministries and author Joel C. Rosenberg was released a year ago. December 4th could have startling repercussions for Israel. According to the survey "Three-quarters (77%) of evangelicals 65 and older say they support the existence,

security and prosperity of Israel. That drops to 58 percent among younger evangelicals, those 18 to 34.”

According to the study 2,002 Americans with Evangelical Christian beliefs were surveyed. The findings show that the younger the person, the more likely they are to answer “not sure” or “negative” in terms of their views of Israel. Evangelicals have emerged over the last decades as a bedrock of support for Israel in the U.S. As these groups on the religious right gained influence in the Republican Party their views on Israel became more important for US policy.

For instance, according to PRI, *“Evangelical Christians make up the biggest pro-Israel bloc in the U.S. Support for Israel is stronger among American evangelicals than it is even among American Jews. According to a poll conducted by the Pew Research Center, 82% of white evangelicals think God gave Israel to the Jewish people. Less than half as many Jewish Americans or Catholic Americans agree.”* Another Bloomberg poll, found that around 60% of evangelicals say the U.S. should support Israel even if its interests diverge with American interests. That’s pretty important. In 2017 55% of members of Congress defined themselves as “Protestant” and 31% as Catholic. Unsurprisingly Protestants are more likely to be Republican. Some of these Protestants are Anglicans but many are Evangelicals. They make up an “engine of support” for Israel.

The bottom line here, and tragic as it is, President Donald J. Trump’s Executive Order is likely to see U.S. support for Israel drop even more as the church in the U.S. declines in numbers due to a variety of issues. As an example of what I am referring to here, the crooked 2020 presidential candidate Joe Biden, is calling for Christians to be placed on a “terrorist watch lists” because they will not accept the perverted LGBTQ agenda. The absurdity of Biden’s statement does not get overlooked by the leaders of the LGBTQ movement which is not about tolerance at all, but rather, it is about the forced acceptance and embracing of this movement versus the loss of denominational 501(c)3 tax exemption status.

It's official. If you find the dispossession, murder, torture, and slow-motion ethnic cleansing of Palestinians disgusting and criminal, you're an Anti-Semite. If you organize like-minded folks and urge others to boycott Israeli products, you may find yourself in prison. It's OK to criticize official enemies—Iran, Syria, Venezuela, North Korea, Russia, China—for imaginary crimes such as chemical weapons attacks in Syria and Russia's meddling in elections rigged and prearranged by a hidden elite, but you are flirting with serious danger when you talk truth about Israel. Trump worked around this scheme of prearranged elections and this has resulted in mass mental illness now known as the "Trump Derangement Syndrome."

During the 1950s and 60s, Israel conducted what were known as "reprisal operations" against Syria, Egypt, and Jordan. The admitted tactic was "blood cost," killing as many people as possible, supposedly to avert future attacks.

- The "crisis" after Egypt nationalized the Suez Canal in late 1956
- The Six-Day War (a war to steal land) in June 1967
- The "War of Attrition" from 1967 to 1970 to prevent Egypt from reclaiming the Sinai captured during the previous war
- The "Yom Kipper War" in October 1973 in which Egypt and Syria attempted to regain the Sinai and the Golan Heights
- The seriously misattributed "Palestinian insurgency in South Lebanon" since 1968 and upon Christian Lebanese factions since mid-1970s
- The so-called Operation Litani in March of 1978 was basically a war designed to steal and divert Lebanon's water to Israel. This invasion is responsible for the formation of Hezbollah, and
- The resultant 1982 Lebanon War to steal more land and set-up a "security zone," using feeble PLO attacks as a predicate
- The first in December 1987 and second or Al-Aqsa Intifada. Thirteen years separate the beginning of the *al-aqsa intifada* from the start of its predecessor known simply as *the intifada*.
- Yet another invasion of Lebanon in 2006 (defeated by Hezbollah),
- Numerous attacks on the civilian population of the Gaza Strip
- Operation Pillar of Defense in November 2012
- Operation Protective Edge launched on July 8, 2014
- Ongoing terror attacks and assassination operations against medics, journalists, and activists.
- The endless terror campaigns waged by settlers against Palestinians should also be included.

Dare mention any of this and you will be designated an Anti-Semite. It is impermissible and will soon be illegal to criticize Israel. It is hatred of Jews to oppose the billions of dollars doled out to the Israeli state year after year without the consent of the American people.

*“Among the world’s nations, the United States stands out as the most devoted backer of Israel,”* writes Mark Weber, a scurrilous Anti-Semite according to the SPLC. Since the 1960s, Jews have come to wield considerable influence in American economic, cultural, intellectual and political life. Jews played a central role in American finance during the 1980s, and they were among the chief beneficiaries of that decade’s corporate mergers and reorganizations. Today, though

barely two percent of the nation’s population is Jewish, close to half its billionaires are Jews. The chief executive officers of the three major television networks and the four largest film studios are Jews, as are the owners of the nation’s largest newspaper chain and the most

influential single newspaper, the *'New York Times'*... The role and influence of Jews in American politics is equally marked... Israel and Trump's Executive Order is killing free speech, the essence of what it means to be an American in the First Amendment.

Last year Israel passed what can only be regarded as a national race law that designates all non-Jews as second class citizens. *"From now on, two types of blood exist in Israel: Jewish blood and non-Jewish blood, on the law books as well,"* writes Gideon Levy for *'Haaretz'*. (Hitler's racism was also based on blood.)

The price of these two types of blood is also different. Jewish blood is priceless, it must be protected in every possible way. Non-Jewish blood is terrifyingly cheap, it can be shed like water. This situation has existed until now only de facto, but with different standards and punishments for Jews and others, is from today by court decree.

Seventy years of nationalism and racism toward the victims is now receiving its appropriate legal backing. The nation-state law, which they said was only declarative, in the correct interpretation of [Jerusalem District Court Judge Moshe Drori], has earned its true meaning: The basic law for the superiority of Jewish blood. From now on, Israel has race law.

This "race law" is apparently OK with touchy-feely establishment liberals, while at the same time they rail against imaginary racism by "toxic white males" against state-sanctioned protected groups based on skin pigmentation and sexual orientation.

As for the real lefties—most prominently Alexandria Ocasio-Cortez, Ilhan Omar, Ayanna Pressley, and Rashida Tlaib—they know Israel is a racist state. They will, of course, eventually be removed from Congress.

If you're wondering where the chaos of Anti-Semitism is leading, I've just begun to tell you. It gets worse by the day! Two US lawmakers jumped at the opportunity to make use of President Trump's new Anti-Semitism executive order. If you are following this at all, you are probably already aware of this, but I want to share some things you might not already know.

Rick Wile's latest rant against the Jews was in calling the effort to impeach President Trump a "Jew Coup," and said that Jews also will "kill millions of Christians" after they overthrow Trump. YouTube removed the video of Rick Wiles claiming the effort to impeach Donald Trump is a 'Jew coup' – but his channel remains online.

The two US lawmakers who jumped on Rick Wiles are Reps. Ted Deutch of Florida and Elaine Luria of Virginia. They sent a letter on Monday to White House acting Chief of Staff Mick Mulvaney expressing surprise that *'TruNews'* participated in White House media events and Trump took a question from the website during a news conference.

The letter continues: *"An extremist website that frequently attacks Jews and other minorities has no place in the White House. President Trump and other officials in this Administration*

*should publicly condemn these anti-Semitic conspiracy theories and make clear that antisemitism will not be tolerated by this White House, including from its supporters."*

They also said, *"We believe that this requires a whole-of-government approach, including public statements by our national leaders to consistently and firmly reject anti-Semitic ideas, language, and violence."*

Now, let's analyze Deutch and Luria, their opinions and what all of this means for non-Jews and Jews in America. The is going to bite Americans like never before in the nation's history,

First, Deutch and Luria show an air of superiority when they say the Administration should publicly condemn Anti-Semitic conspiracy theories and that Anti-Semitism should not be tolerated by the White House. What do they think Trump just did with his Executive Order? Their push back is not about mere condemnation. Read between the lines. They are pushing for more than what Trump's Executive Order provided. I believe this is a veiled request for harsher punishment of alleged Anti-Semites.

Second, what are they going to do to Reps. Alexandria Ocasio-Cortez, D-N.Y.; Ilhan Omar, D-Minn.; Ayanna Pressley, D-Mass.; and Rashida Tlaib, D-Mich.? Will Deutch, Luria and others censor them? Punish them?

Elaine Luria is not a Zionist Chabadist; she is a Reformed Jew, and now she is in a position to push Judaism's **"lashon hara"** agenda.

Who is Ted Deutch? He is a Jewish congressman member of the United States House of Representatives for Florida's 22nd congressional district.

Ted and Elaine very much dislike Rick Wiles of *'TruNews'*, but I wonder what they want to do to other Jews who disagree with them? Anti-Semitism is all about agreeing with A Jew, THE Jews, the State of Israel and Judaism.

The Anti-Semitism definition includes anyone who disagrees with A Jew, THE Jews, the State of Israel and Judaism. 'Anti-Semitism' is nothing more than the re-packaged Jewish **'lashon hara'** law and Rick Wiles is now being subjected to Judaism's **'lashon hara'** law, the very Jewish law that justified the Jews killing all the prophets and Jesus Christ sent to Jerusalem to get them to repent and return to the Father. The Hebrew term **'lashon hara'** (or loшон horo) (Hebrew לשון הרע; "evil tongue") is the halakhic term for derogatory speech about another person. **'Lashon hara'** differs from defamation in that its focus is on the use of true speech for a wrongful purpose, rather than falsehood and harm arising.

Unfortunately, Rick uses name-calling which is forbidden as **'yanah'** in the commandments. Don't confuse what God says in the commandments with **'lashon hara'** because **'lashon hara'** does not appear anywhere in Scripture. It is a made up Jewish cultural tenet, not a law from God. He has commandments that tell us how we are to speak to each other. These are what we

should be following because they allow for righteous people calling unrighteous people to repentance. **'Lashon hara'** – today's Anti-Semitism – won't put up with that!

It would be to Rick's advantage if he would stop his name calling, but he is correct in saying Judaism allows for killing Christians. Judaism's laws allow for killing idolaters and Christians are idolaters, according to Judaism, particularly in the Noachide Laws. One of the reasons there is such a push in Judaism to turn people into Noachides is because Judaism's authority does not necessarily extend beyond the Noachides. Noachidism is a subset of Judaism. One must be part of Judaism to suffer the punishments available to punishers. Those who refuse to convert to Judaism or Noachidism are not covered under Jewish law but Trump has, with this Executive Order, subjected Americans to Jewish law, hasn't he?

Jews don't dislike Christians because they observe pagan rituals like Christmas and Easter which are idolatrous, but because we believe Jesus Christ is THE Messiah and that He is God in the flesh.

**Trump has now destroyed free speech in America and has raised Judaism to a level of protection not afforded to Christianity or Islam and he has subjugated Americans under Jewish law, in effect, making all Americans Noachides if not in principle, then in practice. There was no need for Trump's Executive Order because Jews already had the same protections as everyone else under US discrimination law which includes protections for religion in schools and the workplace in the Civil Rights Act of 1964 and Title VI and VII.**

It doesn't stop there. Anti-Semitism is being labeled on Jews who disagree with the Israeli State. I ask the question, 'can a Jew be an Anti-Semite'?

Recently Israel's Health Minister Yaakov Litzman had said Benny Gantz and Yair Lapid (of the Blue and White party) are now infected with the same disease. What is that disease? Litzman said Lapid was *"infected with anti-Semitism."*

Who was Trump talking about a few weeks ago when he said there are Jews who don't love Israel enough? He was talking about Jews who disagree with the Zionist Jewish State! The implication was that Jews who didn't vote for him don't love Israel. In Trump's mind, He IS Israel! He wants to be the king of Israel and if not king, then Prime Minister!

Without understanding what he is doing because of his hubris and hunger for dominance, Trump is actually doing great harm to Jews in America. This *'Washington Post'* article addresses that.

The vast majority of Jews in the United States do not see themselves as a separate nationality or a race. In most polls, they describe their Jewishness as a cultural or religious identity, or simply as a matter of heritage, while their nationality is American.

The accusation that Jews have not been devoted to the countries in which they live but rather have different national loyalties ...is an age-old anti-Semitic expression. It was often used to deny Jews full rights and privileges in their respective countries of residence and opens up a question of Jewish belonging that the United States has not seen before — a scary proposition for American Jews.

Trump does not realize that his Executive Order actually implies that Jews are a separate nationality within a nation. Trump is caught in the “Israel is a Jewish State” trap but doesn’t know or understand it. Unless... Yes, unless he is part of the Zionist Chabad Lubavitch plan to control the world! The Chabads call President Trump their king!

In Israel, “Jewish” refers to nationality rather than to religion, as is stated in each citizen’s identity papers. This was confirmed in 2018 when the Knesset ratified the basic law of “Israel as the Nation State of the Jewish People.” The decision of who is a Jew was brought before the Israeli Supreme Court several times, as it is a question of far-reaching legal consequences: Every Jew has the automatic right to immigrate to Israel.

The Jewish State’s Supreme Court’s ruling makes all Jews everywhere a part of the Jewish State. Thus, it was the House of Judah’s disobedience to God that has caused this conundrum because they separate themselves from everyone else on earth including all the other Israelites who have a right to the Land and Abraham’s inheritance!

It is important to take measures to protect Jewish students from anti-Semitism on campus, but not at the price of classifying Jews as a nationality [within the United States]. This contradicts the feelings of most American Jews and opens up a dangerous discussion that really never existed in this country. In the end, in the name of protecting Jews from anti-Semitism, such a maneuver might lay the groundwork for a much more serious anti-Semitic threat.

Could Jew-to-Jew Anti-Semitism be one form this new threat will take? Back to the question, ‘can a Jew be an Anti-Semite’, let’s look at what some Jews are saying about other Jews this week.

Here is *‘Israpundit’s’* Jewish news website with a recent report about ‘fake Jews’ – Jews who try to harm Israel and the Jewish people by Michael Wise, PhD. No, I’ve never heard of him, but he sure thinks he’s somebody. Listen to what he says.

*‘Israpundit’* says, “We brand Jews [these] Jewish people as “FAKE” JEWS. [Those are the author’s capital letters, not mine. He is screaming mad, eh?] They advocate Boycott, Divestment, Sanction against Israel (BDS) and vilify Israel as a genocidal apartheid state, occupier and violator of human rights.

Many “FAKE” JEWS deny their Jewish parentage and go out of their way to hurt the Jewish people. They malign Israel and mislead many uninformed people. These Jews provide

legitimacy to the assault against Israel. Not surprisingly, US President Donald Trump says *“some American Jews don’t love Israel enough.”*

The opinion of Michael Wise is that being Jewish is more than religion, it is nationality. He is upholding Trump’s sentiment. And Wise accuses Jews who disagree with their own nationality as traitors to the State of Israel! Treason! He is accusing them of treason!

Health Minister Yaakov Litzman, and Michael L. Wise in this *‘Israpundit’* article, is making worse accusations than Rick Wiles! Now Michael Wise launches into an area that we all know to avoid – Kabbalah. Yes, he’s a Kabbalist!

He says, *“According to Kabbalistic thought, in every generation, “FAKE” JEWS (Erev Rav) cause many of the problems affecting the Jewish people. A daily prayer is said every day for such Jews: “May the slanderous internal enemies have no hope”.*

Now, there’s mercy for you! Don’t call them to repentance! Don’t let them change their minds and come to Christ. Let them suffer no hope! No! We can’t any of us have something to do with that repentance thing. Why, if we did that, it could mean that we would see something we need to repent of and we’re not going to go there!

Allan Dershowitz, the close friend of Jeffrey Epstein, explains that *“people who use their credibility as Jews to destroy the Jewish people, shall not have any hope.”* A ‘moser’ or a traitor is a FAKE JEW who tries to gain favor in the eyes of the rest of the world by acting against other Jews.” The word ‘moser’ also means ‘bastard’.

Did you think I was extrapolating the Michael Wise is accusing of Jews who disagree with the Jewish State are traitors? Well, here you see that he actually calls them ‘traitors’!

Furthermore, as smart as Michael Wise thinks he is, he should know that the *‘erev rav’* the Jews pray for every day were not Jews. They were all the non-Israelites that followed the Israelites out of Egypt. There were people from the tribe of Judah but they were not yet known as Jews. You see, false accusations are built on false premises that come from rejecting the truth of the Law of Moses. If the Jews were not so rebellious that they can actually believe that ‘Rabbis decree and God obeys’, this would not be happening!

The Jews that despise other Jews who disagree with them are most often from the ultra-Orthodox Zionist Chabad Lubavitchers. Almost all Chabad Jews would agree with Chabad-proponent President Trump that Reform, Conservative, Messianic and secular Jews have no place in Israel if they disagree with Israel’s policies including that Israel is now a religious State. But sometimes, a Reform or other sectarian Jew slips through to agree with the Chabad Kabbalists like Ted Deutch and Elaine Luria do.

But now, Trump’s Anti-Semitic battle cry is spreading across the pond to Britain! British Prime Minister Boris Johnson is aboard the Trump Anti-Semitism train.

This republic was meant to be a place of RULE BY LAW and the law was meant to be what was best for its people, not a tool for a satanic doomsday clique to have its henchmen subjugate the people as it pleases - yes, as cattle, the Talmudic description of all who are not a part of that satanic mental dysfunction.

As you can see, Jerusalem has become the center of attention. From trying to use a fake leak of Trump's peace plan to stir up war in Israel to fomenting war between Jews and everyone else and Jews and 'fake Jews', the chaos will only continue to worsen. Trump's Executive Order has opened a can of snakes, and not worms.

***“On that day I will make Jerusalem a heavy stone for all the peoples. All who lift it will surely hurt themselves. And all the nations of the earth will gather against it.”*** -(Zechariah 12:3).

I disagree that BDS is the same as Anti-Semitism. What the New World Order Jews are doing is rolling everything they disagree with – BDS, Anti-Semitism and Anti-Zionism – under one big messy umbrella called ***“lashon hara!”***

President Donald J. Trump's open endorsement of the LGBTQ agenda for the world and his Executive Order that subordinates your First Amendment Rights of Free Speech just accelerated the Zionist Chabad agenda of placing all Americans under the Noachide Laws, signed into the U.S. political subterfuge by every U.S. President since George H.W. Bush. Yes, President Trump recertified them shortly after he took office on January 26<sup>th</sup>, 2017.

I reiterate, this republic was meant to be a place of “RULE BY LAW” and the law was meant to be what was best for its people, not a tool for a satanic doomsday clique to have its henchmen subjugate the people as it pleases - yes, as cattle, the Talmudic description of all who are not a part of that satanic mental dysfunction.

President Trump has taken on Israel, making him the first US President to take the position:

- Moving the US Embassy to Jerusalem
- Recognizing Israeli Sovereignty Over the Golan Heights
- First Sitting US President to Visit the Western Wall
- Decertifying the Iran Deal
- Defeating the ISIS Caliphate
- Rebuke of the United Nations
- Closure of PLO Office in Washington, DC

Clearly, the executive branch has acted decisively with regard to Israel, **supporting the Jewish State like no administration has ever done in the past**. Congress has shown its support too. On February 5, 2019, the Senate approved a bill countering the Boycott, Divest, Sanctions (BDS) campaign leveled against Israel. In a 77-23 vote, the Republican-controlled Senate passed legislation that would allow state and local governments to bar contractors from advocating for sanctions and boycott of Israel. The bill also authorized assistance and weapons transfers to Israel as well as a resolution opposing President Trump’s promise to withdraw troops from Syria and Afghanistan.

Notwithstanding, given the lack of any precedence for the aforementioned policies towards Israel, President Trump is what many might call symbolically, the first Jewish President of the United States. The focus of this article would be honest reasons for impeachment, if it were not for the fact that the Rothschild's control our government! We are beholden to the international banking cartel. President Trump is little more than a puppet/operative for the Rothschild's global agenda! Evangelical Christians will one day regret their voting for Donald J. Trump.

I was about to close off this article when '*Christianity Today*' announced its support for the impeachment of President Trump for other reasons than what the Democratic House of Representative have charged the President for. But from my perspective, I believe the reasons I have named in this article are much larger in scope and more serious in nature to the U.S. constitution. What is most unusual about the '*Christianity Today*' piece has less to do with the man Donald J. Trump and more to do with further fracturing the unity of Christian believers. You see, '*CT*' as far back as the 1970's was a "liberal" voice for leftist and radical causes. I first subscribed to '*CT*' in 1965 and continued my subscription until 1992. It was largely an ecumenical voice and I found myself at odds with its editorials and writers more often than not. Nonetheless, '*CT*' once was the religious publication of choice for most clergy if you wanted to stay informed. I subscribed to many Christian magazines over my 50+ years in ministry. The '*Christian Century*' was the original liberal publication that competed with '*CT*' but with a much smaller readership.

Over the years '*CT*' sounded closer to its rival than did '*CC*' itself. While it may have been "conservative" when it began publishing, over the decades it came to be as liberal as the '*CC*'. Years ago, other publications came along to challenge '*CT*' and its readership. Today, '*CT*' has become little more than a "social justice" voice attempting to compete for readership with the likes of '*CC*' and "*Sojourners*". They champion the voices of Vatican-Marxist-Socialism and are bought and paid for by the deep pockets of atheists like George Soros. George Soros and his several hundred "politically correct" sounding named groups are devoted to removal of President Trump for disingenuous reasons. George Soros has visited the Vatican over the past five years, meeting with Pope Francis more often than most of his college of cardinals, and Soros is an avowed atheist, so unless he is being counseled by Pope Francis, I am at a loss of his frequent meetings with the pope!

**Are you prepared to give up your Constitutional Rights under President Trump's declaring Israel as a nationality over your right of freedom of speech? Every president since "poppy" Bush has signed the Noachide Laws of Zionist Chabad Judaism. When a president signs this, they in essence are declaring the U.S.A. as subjective to the Noachide Laws of the State of Israel. These are not Biblical, and have profound consequences that the public is unaware of.**

You can add to that criminal body any member of the so-called Supreme Court who does not declare such acts as unconstitutional and criminal. There is nothing to debate or study in these obvious violations of the laws of our nation by those supposedly in charge of keeping the nation

politically sanctified. The only reason they are allowed to pass is the massive mostly-willful ignorance of too large a section of the people.

Very simply, for congress, the mandated law making body which was purposely made the closest to the control of the people via popular vote theoretically giving the people the best control over their own political lives, to hand that mandate to the president of the executive branch, creates a potentate who can do as he pleases with the people's lives, the very complaint of this article.

The popular vote as a control over the law makers of the government was to be the ONLY part of our government meant to be democratic as pure democracy ALWAYS devolves into pure anarchy which is ALWAYS followed by one form of dictatorship or another. Until very recent generations these truths were carefully taught in our public schools.

This republic was meant to be a place of RULE BY LAW and the law was meant to be what was best for its people, not a tool for a satanic clique to have its henchmen subjugate the people as it pleases - yes, as cattle, the Talmudic description of all who are not a part of that satanic mental dysfunction.

#### **Real Reasons for the Impeachment of President Donald J. Trump**

- **Embracing, Endorsing, and Promotion of an unnatural, unhealthy lifestyle to human life that historically has led to the collapse of many civilizations in history.**
- **For his signing the Noachide Laws of Zionist-Chabad-Lubavitchers that subject American citizens as obligatory signatories to an unbiblical law of the State of Israel. These are from the Talmud and not the Bible or the Hebrew Torah. A Christian, who worships Jesus Christ is considered idolatry worship. Under Noachide Laws a Christian is to be executed as an idol worshiper.**
- **For signing an Executive Order that cancels the First Amendment right of free speech making it illegal to criticize all Jews, Israel, and declaring Judaism a Nationality.**
- **For facilitating the instituting of "Red Flag" regulations that weaken the 2<sup>nd</sup> Amendment of the right to bear arms by the citizenry of the U.S.A.**
- **For remaining silent on the crisis in the State of Virginia over the governor's over-reach crisis to violate the 2<sup>nd</sup> Amendment by passage of unconstitutional laws on January 20<sup>th</sup>, 2020, which could precipitate a 2<sup>nd</sup> Revolution being provoked by the deep pockets of treasonous George Soros and the International Money Cartel.**
- **For fast-tracking and subsidizing 5G and 6G technology in light of the serious known health risks, and thousands of professionals who have shown 5G is primarily a weapons system capable of destroying human life, all life form!**

I just addressed the dangers of these unbiblical Noachide Laws in another article. They are not what you might think! More importantly, they are not found in the Bible as having been given

to mankind. President Donald J. Trump, wittingly or unwittingly, has become the servant of the Antichrist Zionist Chabad Lubavitch Judaism that seeks to impose Noachide Laws on all people of the world through the New World Order globalist agenda. President Trump talks about how great the economy is doing; however, the real data does not support this to be the case. As of Christmas, 2019, 9,300 large retail “big Box” type stores have closed their doors for good in 2019. The American Association of Railroad report total carloads for the week ending December 21 were 245,048 carloads, down 11.5 percent compared with the same week in 2018, while U.S. weekly intermodal volume was 262,541 containers and trailers, down 9.5 percent compared to 2018. 640 trucking companies closed in the first half of 2019, each with an average of 30 drivers each. Some 20,075 big rigs are off the road as the year draws to a close. Hardly examples of a “great” economy!

The stock markets are a false misrepresentation of the national economy. The record highs of the DOW and S&P have been artificially pumped so as to attract and draw away investment money from other countries where interest rates are all-time lows, like they are in the U.S. The DOW and the S&P are nothing more than casinos for gamblers with deep pockets. President Trump has used the publicity of the record stock price growth to support his plans to be re-elected in a land slide in 2020. It’s all smoke and mirrors to influence votes for President Trump.

Blessings,

Pastor Bob,
