

# The US Government Is A Criminal Enterprise

By the Video Rebel

The prices of chickens and eggs are rapidly increasing because the U.S. government is using PCR tests to justify the killing of tens of millions of chickens, geese, turkeys and ducks. The US government and the men who act as if they owned it prepared the way for today's misery starting back in 2009 when Dr. Yoshihiro Kawaoka at the University of Wisconsin crossed bird flu with Spanish flu.

Dr. Kawaoka then crossed his bird flu-Spanish flu mix with 3 of the most contagious human flus available. He successfully allowed bird flu to go from centering in the bird's beak to its lungs. Today human beings in the US and China have caught bird flu. He was not arrested for waging germ warfare. He was given more than \$20 million as a reward from the Bill and Melinda Gates Foundation. Dr. Kawaoka is also an expert in Ebola.

Before February 24, 2022, the US had 40+ biolabs in the Ukraine near the Russian border. The U.S. had developed a drone which could spread bird flu to migrating birds and to domestic poultry.

Bill Gates is also heavily invested in African Swine flu research. Never know. There might be an outbreak in the U.S.

Prices are being pushed higher either by design or incompetence at the FDA. The FDA shut down baby formula production because they found bacteria inside the plant that was not in the formula. So today we import baby formula from Europe and Mexico.

There have been more than 95 highly suspicious fires at major food processing centers.

This has hurt the supply chain, increased scarcity and raised prices.

The Biden administration has removed millions of acres of oil lease lands from potential production in order to raise the price of oil, diesel and natural gas. They are in the process of making it even harder for oil companies to build new refineries.

They have been working hard on another plan to impoverish the working and middle classes in America: Open Borders. Rents have increased to an average of \$2,000 in the U.S. It is a lot more in areas impacted by immigration. Years ago I lived in an area in California where middle class Whites could afford to live. The rent today for a one bedroom apartment in my old neighborhood is \$2,550 a month plus utilities.

NAFTA (North American Free Trade Agreement) went into effect on January 1, 1994. Since then the US lost 80,000 manufacturing plants. There are 3,143 counties in the 50 U.S. states. That is a loss of over 24 manufacturing plants per county. At the time NAFTA was passed there were fewer than 100,000 people in an average American county.

The U.S. government added 67 million people to the population since NAFTA while destroying millions of high paying jobs for working people. The government has encouraged oxycodone, methamphetamine, fentanyl and other illegal drugs to keep impoverished Americans from rebelling at the poverty created for them by the federal government in Washington, DC and by the billionaires of Wall Street.

In 1994 the U.S. M2 Money Supply (Cash, checking account deposits, and easily-convertible near money) was \$3.474 trillion vs \$21.728 trillion today. That is an increase of 625%. And your wholly compromised corporate media is wondering why prices are going up.

The loss of jobs and the increase in rents and taxes has put a terrible squeeze on family budgets. By printing tens of trillions of dollars and using them to buy free stuff from overseas, politicians in Washington pretended to be acting to do good things for their voters. Of course when, not if, the dollar dies, wages will be cut 60% permanently, 100% for those who lose their jobs in the coming Depression.

In the summer of 2001 George W. Bush told his allies that he was going to war against Afghanistan. On September 10, 2001 Secretary of Defense Donald Rumsfeld admitted on CBS Evening News that \$2.3 trillion had gone "Missing" from the Pentagon. Neither he nor rabbi Dov Zakheim, the Comptroller of the DOD, could find that money. On the morning of September 11, 2001 more than 50 civilian and military auditors who had begun to look for the "Missing Money" were killed.

Also late in the evening of 9-10-2001 a billion dollars (in 2001 prices) of gold and silver bullion was moved out of the COMEX vault in Tower 4 of the Twin Towers. To date no politician and no paid corporate journalist has dared asked questions about who ordered the bullion to be moved and why.

To date no politician and no corporate journalist has asked either the FBI or the DOD for photos of the interior of the Pentagon taken in the aftermath of 911 so the public would know how the auditors were killed.

Dr. Mark Skidmore proved from government sources that \$21 trillion went missing from the DOD and HUD (Housing and Urban Development) from 1998 to 2015. He told the humorous story of the U.S. Army one day receiving a check for \$800 billion from the Treasury Department. They were told to plug the holes in their "Missing Money" accounts. Guess what? The generals lost the \$800 billion!!

The U.S. government decided to change Federal Accounting Standards Board (FASB) guidelines so that now if anyone asks how a billion dollars disappeared, the bureaucrat can claim “national Security” and legally refuse to answer.

Why did George W. Bush want to go to war against Afghanistan prior to 9-11-2001? It might be because the Afghan conflict flooded America with so much heroin that at one time the average age of a first time heroin user was just 14 years.

You need to understand the complete lack of moral fiber in our international banks to comprehend how evil our governments are. Years ago Asia Times magazine said that the Big Banks laundered offshore \$500 billion annually in political bribes. The Times of London had admitted that a trillion dollars in drugs, illegal weapons and the proceeds of human trafficking were laundered annually. The Bankers make at least 10% and some times more for laundering money. That is why Bankers love the smell of corruption.

The CIA was trained by Britain’s MI-6 during WW II. After the war, the U.S. took over the business of trafficking drugs and illegal weapons from their British mentors. Her Majesty’s Jewish Government had fought two Opium wars against China in the years 1838-1842 and 1856-1840. Jewish Bankers in London could see that the extension of voting to working class White males was making slavery less popular. Jewish people owned 90% of the slave ships.

Her Majesty’s Jewish government found enough profits in Opium to replace the losses of Jewish leaders from the abolition of the slave trade. The Minister of External Affairs for India recently said that Britain took \$45 trillion from colonial India.

Jawaharlal Nehru was a leader of the Indian Independence movement in the 1930s and became its first Prime Minister in 1947. He once asked King Edward VIII if it was his government’s plan to turn India into a Judahstan as they had so many Jewish people running the supposedly British Raj.

The CIA was well trained and today run’s the world’s illegal drugs and weapons trades.

We have a corrupt government because politicians need several layers of corruption to protect them and the Bankers above them from the voters. As I said many times before, David Rothkopf, the former CEO of Kissinger and Associates, said in his book Superclass that the world is run by 30 Families and their 6,000 Minions.

David Rothkopf said the world is ruled by the 30 families and their 6,000 Minions. One group they use to control politics and the media is the Bilderberg Society. Jens Stoltenberg is a member of the powerful Steering Committee and the head of NATO. The Bilderbergers got us into the disastrous war in the Ukraine. After their last meeting he said that the war should end and the Ukraine should ask for terms. For the past 10 years I have published short bios of everyone attending the Bilderberg meeting. <https://vidrebel.wordpress.com/2022/06/04/bilderberg-2022-annotated-member-list/>

One of my most popular articles of late has been on Catherine Austin Fitts conclusion that the Globalists have been using various means including Covid vaxxes to poison us. She said in a video that they want to poison the U.S. military. She also said she thought all this gender confusion nonsense was designed to destroy families because in the future they want to gene edit babies so they are not quite human. On the theme of the Great Reset. I wrote the following two companion articles. The first tells how the Bankers plan to take everything you own. And the second tells you how they plan to kill you after they have bled you dry on drugs and medical care.

I am also interested in 911. Did you know that a billion dollars in gold and silver went missing from the COMEX vault at the World Trade Center the night before 911? What did Osama bin Laden do? The best authority on the 911 attack at the Pentagon is Barbara Honegger. On September 10, 2001 Donald Rumsfeld admitted that \$2.3 trillion had gone missing from the Pentagon. On 9-11-2001 the auditors tracing the Missing Trillions were killed. Barbara Honegger And The Pentagon Attack

Covid was made in a lab at the University of North Carolina. The Spike protein was engineered from SARS into Covid. This allows it to enter human cells. 4 new sequences were engineered into Covid from the HIV virus including the GP 41 envelope which is the key for HIV to infect human bodies. Because the US government and the Gates Foundation control research grants all information regarding Covid's creation in a lab has been censored.

Dr. Anthony Fauci sent the Chinese military lab at Wuhan \$3.7 million in NIH funds to make Covid more contagious which is contrary to U.S. law. He laundered the money through Dr. Peter Daszak's EcoHealth Alliance, a Pentagon contractor. Dr. Daszak was in the news recently when he submitted a \$14 million proposal to DARPA (Defense Advanced Research Projects Agency.) He wanted to create weaponized form of MERS (Middle East Respiratory Syndrome) but the DOD objected to being linked publicly to a virus capable of killing 35% of the world's population. There is no information available on what China did with their lab partner's research project.

There was no legitimate reason to issue an Emergency Use Authorization (EUA) to allow experimental gene therapy mislabeled as vaccines to treat Covid. The Andalusian regional government in southern Spain prevented most Covid cases with small doses of Vitamin D-3. The only people under 75 with Covid were deficient in Vitamins C and D. The U.S. Navy discovered that giving influenza shots increased your risk of getting Covid by 36%.

Get a Nitric Oxide nasal spray. One per family. It reduces viral load by 95% in the first 24 hours.

Ivermectin works very well but Big Pharma and the corporate media do not want you to know that. India stopped Covid by distributing Ivermectin. Africa was never bothered by Covid because Ivermectin and Hydroxychloroquine are available over the counter in most African countries.

Dr. Mark Skidmore, who proved from government sources that tens of trillions of dollars had gone "Missing" from two federal agencies, looked at statistics on how many Americans actually got an mRNA jab. Personal experience and word of mouth convinced many people to avoid the jabs altogether and many stopped after the first injection. Skidmore does not believe that 222 million Americans have been fully vaxxed for Covid.

A whistleblower told us that Pfizer was illegally conducting Phases I, II and III simultaneously and that 30% of the first 2 jabs were water. And another 30% were low doses. The mRNA nucleosides do a lot of damage to the human body and intentionally so.

The Defense Department has determined that Covid vaxxes increase the risk of both cancer and miscarriage by 300%. Vaxxes increase the risk of neurological disorders by

1,000%. Vaxxes destroy our immune system making death by cancer very likely for the majority of the vaxxed ones, especially those who took the Boosters.

If cancer does not kill the vaxxed, then blood clots will. 60% of all vaxxed persons have blood clots. An embalmer has found 2 foot long blood clots in deceased vaxxed clients.

Up to 100 million Americans could die from the results of their experimental Covid injections or vaxxes. Every survivor will have lost friends and family. They will be righteously angry. TV viewers have seen rioters in Sri Lanka burning down the homes of politicians. That could catch on here.

Bill Gates has promised that the virus that is the next to be released will get our attention. The original Covid virus was not very lethal. It was those mRNA nucleosides that reduced our immune systems to almost nothing.

Science Direct told us that Ashkenazi Jews had the greatest immunity to Covid and that Iranians and Italians had the least resistance.

Back during the Cold War I asked my classmates, "How real can the Cold War be if both sides have the same Bankers, the Rockefellers and the Rothschild's?"

I do not think the US and China will go to war over Taiwan, nor do I believe the Ukraine war will go nuclear. As I said back in high school, *"We will never have a nuclear war. Nuclear weapons are bad because they kill rich people. Starvation is good because it only kills the poor."*

NATO is sending its stockpile of weaponry to the Ukraine. That makes a lot of money for arms merchants. It also guarantees the US loses the next ground war if it lasts longer than 3 weeks. But you must have realized the Bankers want you to lose WW III when you saw all those military personnel getting mRNA vaxxed. The ones who were not vaxxed are being purged from the ranks.

The Chinese and Russia have a plan to bring America to its knees in 2023 or maybe 2024 at the latest. They are expanding BRICS (Brazil, Russia, India, China, South, and Africa) to include nations from the Global South who are desperate for debt cancellation. Interestingly enough, China specifically mentioned Israel as a nation that it would invite to join BRICS next year. China and the Jewish people have a long history of mutual benefit. Arnold Leese wrote about it in *"The Jewish Rotting of China."*

BRICS will offer a basket of currencies that are convertible to commodities, such as, gold, oil, corn, wheat and minerals. BRICS will also allow deeply indebted nations to stop making payments in dollars, pounds, euros and yen. This will crash the First World economies. In 2008 the U.S. government and others decided to replace Bailouts with Bailins. In the latter the Banker takes your deposits and savings to pay off its bad debts. At that low point, things will quickly get worse because one quadrillion dollars in

derivatives will be triggered.

Years ago I said that Bankers were working towards the goal where one day everything would belong to them. I called it "That Glorious Day", that is the day Bankers own everything. The World Economic Forum at Davos calls it the Great Reset. The gullible were told that one day we will own nothing. We will be renting the clothes we wear from billionaires.

Of course Bankers will not want to share what they have stolen from us so 7.5 billion commoners will have to die. Many of the unvaxxed will starve to death. But most who do not kill themselves rather than die of starvation will kill and be killed fighting for food.

This is what the people who own the politicians have planned for your future. You must let the governments of the world take everything we have and give it to the billionaires. Then you must die.

---

The author of this article clearly knows and understands that "We the People" are the enemy and the power elite of the world are determined to get rid of 7.5-billion people. The information and its content have much to back it up as being the truth. If you are not a Christian believer, I encourage you now to "wake up" to what is happening and realize that we are the enemy and they want us dead. All of this was prophesied in the Bible and that the God of the Bible recorded "history told in advance" so that we would recognize He is real and He will deliver us from judgment that is yet to come. Turn to the Lord Jesus Christ and seek His Face and receive His gift of Salvation before the Sun goes down.
