While the House is raising hell about the true COVID-19 lab leak theory, countless Americans in all 50 states are dropping like flies from the extremely poisonous and often fatal Covid injections.

When they're not dying suddenly from 'SADS, they are dying horrible deaths from a plethora of Covid 'vaccine'-induced diseases and injuries including VAIDS (vaccine-induced AIDS).

Then there are the staggering number of vax victims who are seriously sick and ill, wounded and weakened, diseased and debilitated, paralyzed and incapacitated, injured and maimed, disabled and handicapped, mutilated and disfigured, etc.

No one even talks about the untold stories of excruciating emotional pain and mental anguish and psychological suffering experienced by the family and friends of those who were conned into taking the Covid kill shots, clot shots and cancer shots.

The number of defenseless children and teenagers and powerless young adults alone — who have died from or are now sentenced to a life of myocarditis, pericarditis and other rare heart conditions — is as inexcusable as it is outrageous.

Congressional Kabuki Theater of Criminality & Corruption

***Do you see how they do it?***

Distraction! Distraction! Distraction!

Really, what is more urgent? What is direr than the ongoing Covid vax genocide? What's more desperately needed at this critical moment in U.S. history than to shut down every single Covid vaccination program across the USA post-haste?!

Surely folks know by now that the United States Congress has morphed into a Kabuki Theater that runs nonstop and is staffed by very bad actors that couldn't even make it in Hollyweird.

Isn't that right — that their explicit role inside the Beltway theater, as assigned by the Khazarian directors and producers is to distract, divert and misdirect? To distract incessantly from the Covid injection crime spree of the past. To divert everyone's attention from the upcoming Covid jab crime wave of the future. And to misdirect anyone who is getting too close to hard evidence proving the Covid vax extermination plan in the present.

Very folks even know that one of the primary reasons that the J6 COINTELPRO operation was executed was to provide the biggest distraction possible while every American who can be Covid conned is jabbed again and again and again.

That's why these murderous Khazarian agents and *Big Pharma* operatives were installed in their positions of power and influence in the first place—to commit slow-motion genocide against the American people.

And, the **Khazarian Cabal** knew that the single best way to cavalierly continue this “Covid Holocaust” was to tie up Congress with one drama after another, one investigation after another, one false flag operation after another, one hearing after another, one conspiracy after another, one terrorist attack after another, etc.

Which means that the combative Republicans in the House are now following scripts to kick up a fuss about practically everything but the Covid shot catastrophe. Wow! Just WOW!!!!!!

# COVID Killshot COVID Clotshot COVID Cancershot

COVID Kills hot • COVID Clots hot • COVID Cancers hot

So, just to put this whole genocidal scheme into proper perspective, the RINOs who control the House have been given hard proof that all Covid ‘vaccines’ have been scientifically proven to function as “**Kill shots, Clot shots & Cancer shots**” and yet they still have not even ... ..

**Really, where in  
God's creation is  
the US Congress?!**
