

Wuhan Was a Test Run for Weaponized 5G

5G + Coronavirus + Vaccinations + Chemtrails = Depopulation Event

Part 11 – Puzzle Piece 11

There was a short report in my email that again is confirming proof that we are being played for chumps. I have been suggesting from the very beginning of this series that there is no single perpetrator on the virus release. We have been sold out by our leaders who are committed to another agenda than what President Trump has stated in his “Make America Great Again” campaign slogan.

The larger plan of the Administration has been to really “Make Israel Great Again” and as the Bible says, “the proof is in the fruit they bear”. This was a Zionist-run operation (CIA/Mossad/MI6) at the direction of the Rothschild’s, owners and founder of the Pirbrite Institute located in Surrey, UK. Pirbrite Institute is funded by former Microsoft cofounder William Gates. The UK operation was done with one specific purpose, and that was to provoke a war between China and the U.S. The Zionist House of Rothschild, in order to advance their globalist plans, have to eliminate the two largest states of China and the U.S. Their plan was to pit the two into a nuclear exchange and destroy each other in the process. We see the main stream media fanning the flames of war rhetoric, daily for now on three weeks. I don’t believe that Rush Limbaugh will ever report this but it can be proved.

When you say or mention the U.K., you need to know and recognize that the Rothschild’s have owned and controlled England going back to 1815. The Pirbrite Institute was founded by a Rothschild back a century ago, focused on infectious diseases and animal viruses.

Solomon de Worms father was Mayer Amschel Rothschild (1744–1812), the founder of the Rothschild colonial banking business in Ceylon where Lord Pirbright's father Solomon de Worms established the "Rothschild" coffee and tea plantation with slave, and nearly slave labor.

What I am going to do here is first to deal with the report on the next page, it was the focus of a report in my email on May 6th, 2020. It speaks to the kinds of things done by our government before specific events occurred. As an example, the alleged Muslim attacks on the USA that occurred on 9/11/2001, were followed with the so-called Patriot Act, which was written months and years before that actual attack took place. There were other similar legislative acts written well in advance of such events that precipitated highly suspect legislation. Then I will take the reader back to the details concerning Pirbrite Institute.

When you read the report on the next few pages you should be deeply concerned about the implications of what the U.S. is currently dealing with regarding the COVID-19 “Lock Down” of the country and what is really taking place in the country and the world as well. The American public is being scammed as part of a global coup to destroy the Republic.

The larger report appears after the meme of Meyer Amschel Rothschild. It is the real story about the perps responsible for the Wuhan virus leak. I have posted portions of this in another article since it is the basis of what I have been saying the Virus is a Rothschild psyop! Note closely the dates in this first portion of the story.

Ed Hendrie -- **Congress Passed Relief Bill Before Pandemic Started**

May 6, 2020

"How could the U.S. Congress know that there would be a need for such legislation to address an illness that had not even been reported to have occurred in the United States?"

On January 3, 2020, H.R. 748 was introduced in the House of Representatives. That bill stated that the short title is as follows:

"This Act may be cited as the 'Coronavirus Aid, Relief, and Economic Security Act' or the 'CARES Act'."

Text: [H.R.748 -- 116th Congress \(2019-2020\)](#)

The problem is that when that bill was introduced there were no coronavirus cases reported in the United States. Indeed, it was not until January 20, 2020, that the first alleged confirmed case of COVID-19 was reported in the United States.

[*New England Journal of Medicine*](#)

Even more suspicious is that the date of the bill, H.R. 748, January 3, 2020, came two days prior to the World Health Organization (WHO) news release on January 5, 2020, of a reported outbreak of "pneumonia of unknown etiology (unknown cause)" in Wuhan City, China.

That means that as of January 5, 2020 coronavirus had not been identified as the cause of the outbreak of illness in Wuhan City in China. And to keep it in perspective, on that date, the illness was reported to affect only 44 people. The WHO emergency preparedness news release stated:

"On 31 December 2019, the WHO China Country Office was informed of cases of pneumonia of unknown etiology (unknown cause) detected in Wuhan City, Hubei Province of China. As of 3 January 2020, a total of 44 patients with pneumonia of unknown etiology have been reported to WHO by the national authorities in China. Of the 44 cases reported, 11 are severely ill, while the remaining 33 patients are in stable condition. According to media reports, the concerned market in Wuhan was closed on 1 January 2020 for environmental sanitation and disinfection.

The causal agent has not yet been identified or confirmed. On 1 January 2020, WHO requested further information from national authorities to assess the risk."

[Pneumonia of unknown cause - China, World Health Organization](#)

My question is, how could the U.S. Congress know that there would be a need for such legislation to address an illness that had not even been reported to have occurred in the United States?

How could the U.S. Congress know on January 3, 2020, to name the legislation the **"Coronavirus Aid, Relief, and Economic Security Act"** when coronavirus had not yet been identified on that date as the cause for an illness on the other side of the world in China?

The WHO had not identified it as a pandemic as it only affected 44 people and it was an illness from an "unknown etiology (unknown cause)."

How could the U.S. Congress know that there would be a need for economic relief from a pandemic before there was any indication of a pandemic?

And how could they know to name the bill after a virus that was only later identified as the alleged cause for the alleged pandemic?

This opens up a recent reported statement made by the Secretary of State, Mike Pompeo. It reopens a story that some of us noticed but walked back for lack of confirmation as to content and meaning. This was first reported by Intellihub on March 21st, 2020. But before addressing it, the Chinese are becoming vocal and highly critical of the Secretary of State Mike Pompeo. The Chinese verbal attacks on the Secretary of State are becoming more viral in content and nature.

China hit back Wednesday at U.S. Secretary of State Mike Pompeo over his claims that the coronavirus originated in a lab in Wuhan, saying he "doesn't have any" evidence.

Washington and Beijing have clashed repeatedly over the virus, which emerged in China late last year but has since spiraled into a global pandemic.

Conspiracy theories that the virus came from a maximum-security virology lab in Wuhan have swirled since earlier this year, but were brought into the mainstream last month by US government officials. The two countries are blaming each other for the WHO declared pandemic, but references to the WHO selling bonds on a predicted pandemic before July of 2020. I shared that story in a previous segment, something that has never occurred in the history of money betting on a virus outbreak.

Pompeo said on Sunday that there was "enormous evidence" to show that the new coronavirus originated in a Chinese lab.

"I think this matter should be handed to scientists and medical professionals, and not politicians who lie for their own domestic political ends," said foreign ministry spokeswoman Hua Chunying at a regular press briefing.

"Mr. Pompeo repeatedly spoke up but he cannot present any evidence. How can he? Because he doesn't have any," she said. Mike Pompeo may have the answer but I don't expect him to confess of his knowledge from the true source of this virus outbreak.

Most scientists believe the new virus jumped from animals to humans, with suspicion around a market in Wuhan that sold wildlife for meat. That has been proved to be bogus and the data is out there for the researchers.

US President Donald Trump has been increasingly critical of China's management of the outbreak, saying last week he had seen evidence linking the virus to the Wuhan lab and threatening new trade tariffs against Beijing. President Trump lies about so much, even he can't keep his story straight. Changing narratives are always an indicator of liars at work.

The United States is the worst-hit country in the world, with more than 70,000 deaths. Beijing has accused the US of trying to divert attention from its domestic handling of the outbreak.

"We urge the US to stop... shifting the focus to China," Hua said.

"It should handle its domestic affairs properly first. The most important thing now is to control the US' domestic pandemic spread and think of ways to save lives."

- Virus tensions -

The World Health Organization has said U.S. claims about the origin of the virus were "speculative".

The top US epidemiologist Anthony Fauci has echoed the WHO's statement, telling National Geographic that all evidence so far "strongly indicates" a natural origin. Dr. Fauci changes his story narrative, indicating he has lied multiple times.

But countries including the United States and Australia have called for an investigation into how the disease transformed into a global pandemic.

Officially, China's toll for the virus is 4,633 -- but several countries have cast doubt on whether the numbers are accurate. Chinese phone companies report the closing of some 21-million cell phone accounts. Crematories were reported burning thousands of victims, some alive and reported screaming by witnesses.

China and the US had only recently soothed economic tensions, with the signing of a "phase one" trade deal in January. But since then the world's two biggest economies have been exchanging insults and accusations.

Trump and his administration angered Beijing by repeatedly referring to "the Chinese virus" when discussing the COVID-19 outbreak. A foreign ministry spokesman in Beijing later suggested it may have been the US military which brought the virus to Wuhan, and China has sought to distance itself from the virus.

Hua said on Wednesday that there had been "many reports" suggesting that there were coronavirus cases discovered in the U.S. or France last year, as early as October and said that this suggests the "sources (of the virus) are very diverse."

Trump has repeatedly attacked China's lack of transparency and the alleged slowness of its initial response to the outbreak.

Now to what some have referred to as a slip of the tongue by Mike Pompeo. It raised ears by many contacts within the intelligence community, but none have been followed up on. It adds suspicion to the initial article at the beginning by Ed Hendrie, of FOX News.

Mike Pompeo Admits COVID-19 Is a "Live Exercise," Trump Retorts "I Wish You Would Have Told Us"

Can someone please explain exactly what is going on here?

By [Shepard Ambellas](#)

Global Research, April 25, 2020

First published March 21, 2020, by Intellihub

United States Secretary of State Mike Pompeo had a slip of the tongue while addressing the American people from the White House when he stated that COVID-19 is a live military exercise.

“This is not about retribution,” Pompeo explained. “This matter is going forward — we are in a live exercise here to get this right.”

[@realDonaldTrump](#) is mad that the deep state took control through Continuity of Government, there has been a coup? — Shepard Ambellas (@ShepardAmbellas) [March 21, 2020](#) The U.S. has been under FEMA control since Wyoming declared an official state of emergency, making it the 50th state to do so, thus invoking an Executive Order signed into law by former President James Earl Carter in 1974. President Trump is NOT in charge.

With a disgusted look on his face, President Trump replied: *“You should have let us know.”* Military Exercise meaning (from Wikipedia): “A military exercise or war game is the employment of military resources in training for military operations, either exploring the effects of warfare or testing strategies without actual combat. This also serves the purpose of ensuring the combat readiness of garrisoned or deployable forces prior to deployment from a home base.”

What is actually going on here? Does the White House care to explain? Of course the White House did not explain, as it appears the President was out of the loop. I saw the initial video where the Secretary of State made what was an obvious slip of the tongue. I shared it with just a couple contacts and let it go at that point. My intuition told me there was something more to this. Remember, Mike Pompeo is a Christian Zionist and a

well-known supporter of the Zionist global agenda is. President Trump removed John Bolton as National Security Director months ago for his blatant Christian Zionist stance. The Zionist agenda is owned by the House of Rothschild. The Rothschild's own President Trump, and the Secretary of State Mike Pompeo

Pam Barker | Director of TLB Europe Reloaded Project

Pompeo made a speech on March 20 from the White House with Trump beside him. A google search reveals that this story was reported by *AFP* on March 20, making it perfectly clear that Pompeo was accusing China of some sort of cover-up in relation to the virus, and taking only that angle. For example, see [US Secretary of State Mike Pompeo tells China to share virus details with 'whole world'](#).

Pompeo's 'live exercise' mention made during this speech was picked up as a separate story by Shepard Ambellas at [Intellihub](#) on March 21, and reissued by [Global Research](#). Here, we are using Makia Freeman's version of the story of March 25, an independent author who follows all aspects of the One World crowd's agenda pretty closely.

Crucially, Trump immediately interjects with this comment during Pompeo's 'we're in a live exercise here' remark: "You should have let us know." Freeman offers the interpretation, no doubt plausible, that Trump was genuine in his statement, i.e. he didn't know about the virus situation being a 'live exercise', and that the *Deep State Swamp is certainly running the show*. Or, did Pompeo reveal something Trump was indeed in on, and that he was hoping his remark would be picked up in order to distance himself? Notice in the videos below (we've added the second one) that Trump re-starts his comment when Pompeo takes a natural pause – *in order to be heard*? Either way, Trump jumping in reveals that Pompeo miss-spoke in some way, thus drawing attention to it. And MSM silence on it speaks volumes.

Makia Freeman picks up on Pompeo's language being reminiscent of that used in relation to false flag operations.

Live Exercise: Pompeo Lets Slip How He Sees the COVID-19 Pandemic

MAKIA FREEMAN

Live Exercise? US Secretary of State Mike Pompeo calls the COVID-19 coronavirus pandemic an exercise. Is this a script and a drill that went live?

We are in the midst of a live exercise according to US Secretary of State and former CIA head Mike Pompeo, who only a year ago [openly boasted](#) that "*we lied, cheat and stole.*"

Pompeo admitted on CNN that "*we're in a live exercise here*" when referring to COVID-19 during a press conference. This is yet more evidence that the entire [coronavirus crisis](#) has been scripted, planned for and orchestrated. The language that Pompeo used – "*live exercise*" – is eerily reminiscent of language used in [false flag operations](#) when the exercise or drill "went live", i.e. when the very scenario that the authorities were planning for actually

happened (see [9/11](#), 7/7 and numerous U.S. mass shootings) as they were in the middle of their exercise.

Pompeo Slips Up and Calls the Pandemic a Live Exercise. Watch it for yourself. Notice how Trump, who is right by Pompeo's side, appears to chide his Secretary of State right there and then during the TV performance. Trump says: *"You should have let us know."*

Does this indicate that Trump was not read in until later, reinforcing the idea that presidents and prime ministers don't really run their countries, but are rather told what the plan is, and that they'd better get on board? This buttresses a lot of what we hear and know of what goes on in the White House.

Implications of Pompeo's Comment

There are already various clues this whole pandemic – really a fake pandemic – was planned in advance. There is the 2010 [Rockefeller Foundation paper](#) which talked about it. There is the Illuminati insider who revealed secret plans to release a bioweapon on the Chinese by saying that ["China will catch a cold."](#) There is the Bill Gates/Big Pharma/CDC [Event 201 Simulation](#). There is possible [Chinese Government foreknowledge](#). There is the simple fact that this pandemic is allowing the social engineers to simultaneously and rapidly roll out almost every conceivable NWO (New World Order) agenda, including censorship, surveillance, quarantine, martial law, the [cashless agenda](#), [governmental emergency powers](#), the 5G rollout, social isolation as the "new normal", mandatory vaccinations and the human microchipping agenda. In the previous segment we named 9 unusual aspects to this event!

On top of all of that, now we have Pompeo talking of a live exercise and essentially admitting that this is part of a script.

How much more proof will people require to see through this engineered crisis?

The main stream media have been pushing the propaganda that China is responsible for the Corona virus outbreak, calling for legal action against China, to bill China hundreds of billions if not trillions of dollars, to threaten them with a war on mainland China. The President has himself verbally attacked and threatened the Chinese Communist Party with war and sabre rattling. Voices from the UK government have likewise been fanning the flames of war talk at a time when they are the real enemy of the U.S.

Every day there will be a couple articles by each nation's media attacking the other. This keeps the American people focus on the blame game of each other. Remember, historically the House of Rothschild has played both sides of conflict issues between various nations. They have been proven to be the starter of wars going back to Wellington and Napoleon.
