

Wuhan Was a Test Run for Weaponized 5G

5G + Coronavirus + Vaccinations + Chemtrails = Depopulation Event

Part 5 – Puzzle Piece 5

I considered Dave Hodges comments in Part 4 as very important and worth hearing. He recognizes the current state of affairs the country is facing. Most people are living in denial when I stated that FEMA now runs the government as part of the emergency plans for continuity of government. That is understandable since few people saw or wanted to see this as a forthcoming fact.

Ted Twietmeyer has offered "Evidence America Is Secretly Under Martial Law". There is a possible reason for Trump's statement he has total control over governors - we have been secretly under Martial Law for over a month. A national state of emergency has already been declared which is part of that. It is the president who declares martial law. Once this take place, Congress is powerless.

Martial law accompanies curfews; the suspension of civil law, civil rights, and habeas corpus; and the application or extension of military law or military justice to civilians. Civilians defying martial law may be subjected to military tribunal (court-martial).

Power to declare martial law was given to any president in office a long time ago in the event of war. He has also stated repeatedly "We are at war" which is a reason for martial law. Are we at war with a disease - or a powerful, unseen organization like the New World Order?

This is not a new power the president has. On September 15, 1863, President Lincoln imposed Congressionally authorized martial law. The authorizing act allowed the President to suspend habeas corpus throughout the entire United States (which he had already done under his own authority on April 27, 1861).

Trump's statements might be slowly leading up to the announcement of martial law to soften the severe blow it will have on financial markets. If America goes back to work too early, the already present Covid-19 disease will spike worse than ever before. This would lead to another announcement of stopping all work and travel, and perhaps his public announcement of martial law. Just being outside your home or on the road can lead to arrest. US government already has more than 200 prison camps scattered around America. When Congressman in the past have been asked about these camps by Americans, people have been told "These are for Americans in times of unrest." I have seen one in person and wrote about. Camp location list is here.

Fox news recently asked this question: "Where is Congress though all this? Where are they?" Fact is that under martial law, Congress has zero say about anything Trump says or does. Congress would go home and stay there.

Martial Law will without doubt result in a massive stock sell-off. Almost all non-defense companies will be reduced to nothing in hours. Most will probably never recover. Only defense-related and government contractors will be left. This will make the crash of 1929 look like nothing. What companies stayed open and did great business during the depression? Defense related industries. Many of these are still in business today.

Trump hates CNN for three years of relentless, 24/7 ridicule. With the stroke of a pen Trump could take CNN permanently off the air if he wanted to. But that would give the secret of martial law away and terrify the public.

Martial Law can result in NO elections for president in November, and as long as we are under martial law. Others can still be elected, even if they are powerless. Right now people have a carrot still in front of them (a glimmer of hope) of a November election. But no strong democratic candidates. It is also Trump who declares the end of martial law. Until he does do, there will never be elections again as long as he lives.

Other than a revolution by U.S. citizens or an invasion of America by another country, what other national emergency to declare martial law is worse than Covid-19? Life could be far worse right now if highly infectious, deadly Ebola spreads on the world. If this disease is turned loose on the population, society will absolutely, completely fall apart in a few days. Even disaster-preppers will not survive Ebola.

All of us can be grateful Ebola disease has not happened. It's also interesting that now we hear people like Dr. Fauci and governors stating "*Life will never be the same.*" Martial law may be the reason for these statements. **Question is - how long can martial law be kept secret?**

I recommend you eat your next meal first before reading about the terrifying effects of Ebola on the body here. -(Ted Twietmeyer)

The thing that I found most stunning about this is that the 2nd Amendment advocates have been silent in all of this 'Lock Down' since the public capitulated and bought into the lies of Dr. Anthony Fauci and his benefactor Bill Gates. **It is confirmed fact that Bill Gates funds the Pirbright Institute in Surrey, UK. Do you know that Bill Gates is related to the Rockefellers several generations removed, and also to the Queen of England, a few more generations removed? The more important thing to remember about Bill Gates is that he and the Pirbright Institute of Surrey, UK have patented the COVID-19 virus, and already have vaccines for those fearful enough to take a vaccine when it becomes available to the public in a few months. Yes, both the CDC and Pirbright Institute hold not one, but two patents on the virus that has turned all our lives upside down. One was issued in 2016 and one several years before it.**

When President Carter signed into law his Executive Order #12148 in July of 1979, I recall his close ties to David Rockefeller. Peanut farmer, Jimmy Carter, was selected as the Democratic Party candidate for the presidency campaign. I had heard rumors to the effect that the country

would be broken down into FEMA regions administered and governed. At the time, the subject of continuity of government meant little to me. One of the things I recall being interested in when I purchased my first computer was information on how this would all work. Well I came across the map below of the ten FEMA region that will administer management of the nation. I saw it all coming and like those deer in the headlights of an oncoming train, I felt helpless to do anything but to share my findings and share what I had been learning. Everyone thought I was wacko then and some still think that.

Under the **Project Bio Shield** & the **PREP Act**; the U.S. government has prepared the country to legally force mass vaccinations through various means such as creating community demand and unlimited funding during pandemics and bio-warfare situations. This legislation came as a consequence of what occurred on 9/11.

This may come as a huge surprise to some of you to learn that **Microsoft already has a Patent for the Body Interfaced Currency - WO2020060606 - CRYPTOCURRENCY SYSTEM USING BODY ACTIVITY DATA**. Isn't this coincidence of "666" interesting, if not prophetic? Folks, you can't make this excrement up! Steve Fletcher posted a YouTube short video on the patent on April 17, 2020. Dr. Sherri Tenpenny was interviewed on Sarah Westall's program to discuss the legislation leading up to today that sets up the government to legally mass vaccinate, not only children, but also adults. They discuss two major pieces of legislation **Project BioShield** & the **PREP Act**. This is one huge psyop to fear-monger and panic folks into taking a vaccine voluntarily, and mandatory if you resist. The social distancing and lock-down is all about conditioning people to be receptive when offered the vaccine. The bottom line of all this is money earned by Gates' and company from forcing people to pay for their own "chipping" and

vaccine “Kill shots”. Back in 2001, the cost for the giving of the “Digital Angel” was around a hundred dollars. Folks wake up, and share this information, the window draws to a close very soon!

Update 2

Here's' more [PROOF of British Complicity: The Pirbright Institute is the patent holder of the Coronavirus.](#)

Update 3

Nothing demonstrates more poignantly the purposeful staging of this Wuhan pandemic coronavirus drama than the increasing number cruise ship melodramas. Are they all real quarantines, or are they elaborately staged hoaxes? Or, are these horror flicks a mixture of both to lend reality. Unfortunately, it's impossible to know the answers to these important questions. The directors of this worldwide reality show are proven masters of deception; however, that does not mean the perps are not deliberately introducing the coronavirus infection agents into the cruise ship environments. Anything is possible with these criminally insane psychopaths—ABSOLUTELY ANYTHING! Moral of the story (read: drama), don't go on a cruise ... as every single cruise-goer is nothing but a sitting duck ... on the wide open sea! See: [No other MSM propaganda outlet hypes like the BBC—Are these coronavirus cruise ship dramas real or reality shows?!](#)

Update 4

Nothing fractures society as deeply as a full-blown pandemic, particularly one that is extremely fatal. The many mainstream media articles, which appeared at the onset of the Wuhan epidemic featuring so many photos of Wuhanese with their masks on, were transparently run that way with purposeful design. No one does deliberate distraction, diversion and misdirection like the CIA's [Mockingbird Media](#). However, in this case *The Company*, as the C.I.A. is known within intel circles, is using all the major MSM platforms to further divide *We the People*, the body politic, the electorate, families, neighborhoods, communities, towns, villages, cities, states, nations and continents across the planet. Without question, this is one of the major aims of this psyop / black op. A disunited world population cannot hold the power elite responsible so much that ails societies everywhere. Just wait ... and watch ... and see what happens here in the good old USA during the remainder of 2020. Truly, this country will fracture even more, only this time it will be an “*every man for himself*” scenario if we let the perps have their nefarious way. If ever there was a time to come together, that time is now.

We can all start by praying for the Chinese like there's no tomorrow. Why pray for the Chinese? This series will explain all of that in this set-up to provoke a war between China and the United States. The drum beats of war have begun in the media for about 2 weeks. The Zionist Rothschild's are pushing the country into a war between the U.S. and China.

The above photo is from the President's address on Friday, March 20, 2020 in the National Press room where the President delivered remarks on the Corona virus press briefings. The official Presidential seal was missing from Press Room podium March 19th/20th until Tuesday of April 14th and then reappeared at the Wednesday press briefing April 15th, 2020. It raises many questions that are oblivious to the general public but suggests the President is not in charge, but rather FEMA is running the government.

Update 7

A PhD in Neurotoxicology has recently posted a video under the title: [Is the coronavirus pandemic now unstoppable? \(Video\)](#). Many pandemic investigators medical researchers are wondering if a genie has been let out of the bottle that cannot be put back in.

We are witnessing the overthrow of an ancient control system involving murder, lies, and bribery. The inbred family group controlling this system of Babylonian debt slavery is called the Khazarian Mafia... or more simply the Cabal. Feel free to call it the House of Rothschild. The epicenter of this revolt is the United States.

Although there are huge clouds of disinformation being spewed out by all sides, let's try to summarize what's going on. The trigger event was the bankruptcy of the Cabal owned UNITED STATES OF AMERICA CORPORATION on February 16th, 2020, a date that will live on in history. The Chinese, in essence, told the Cabal [Rothschild Fed] they would no longer accept their debt certificates. Instead, they said that from now on payment is required in gold or other things that really exist. China has been in the process of unloading their U.S. Federal Reserve Notes that we exchange every day for goods and services. We have no choice but to use them!

The Cabal, anticipating this event, tried to bow the Chinese into submission with a failed biological weapons attack and a more successful electromagnetic attack using **5G** and satellites. This attack probably caused millions of casualties in Wuhan, China, according to CIA sources who secretly visited Wuhan after the attack.

Meanwhile, the bankruptcy of the U.S. Corporation triggered an undeclared civil war in the United States that is still raging on. Here is how British MI6 intelligence views the situation:

"It appears to be the restoration of the First Federal Republic over the second secret (Masonic) illegal constitution. The collaterals suggest the CEO of the Colony Corporation of the District of Columbia has been sworn into the correct constitution. Civil war is on the horizon there."

The British MI6 ought to know since they were part of the group that initiated the mystery release of a bio-engineered virus. The media is not about to reveal this given the fact that it would reveal the CIA's real role in this mysterious effort to provoke a war between the U.S. and China. If you follow the money trail, it tracks back to the UK, the House of Rothschild, and the Zionists planning to rule the world.

That is why U.S. President Donald Trump no longer uses the Presidential seal. Pentagon sources say: *"Martial law is complete as all 50 states are under disaster declarations, joint special operations command (JSOC) and has received marching orders, and Trump declares himself a wartime president."* That's why one million reserve troops have been mobilized. Our concern in the President's declaration of a "National State of Emergency" on March 19th becomes of huge concern since a former FEMA manager has fled her position with FEMA three months ago, and she has made it explicitly clear FEMA is functioning on behalf of the UN, the World Economic Forum and the New World Order.

"It appears the top dogs of Hollywood, Wall Street, Silicon Valley, and others, may have been detained or kept under house arrest," the sources say. But we have been hearing about the nearly 190,000 sealed indictments for three years as the list grew weekly. Attorney General Barr says indictments are coming for months now.

The Zionist Rothschild's have the where with all to push the U.S. into a war with whoever they choose to pit the U.S. against, i.e., China, Iran, North Korea, or Russia. There are many dual (U.S. and Israeli) passports in both the House of Representatives and the Senate capable of orchestrating a war, they did it in both World Wars 1 and 2. The American public is still paying

off bonds sold to fund World War 2. It has only been a few years ago that the debt of WW1 was paid off. It took 92 years for Germany to pay off its World War debt. It made its last payment for war debt on October 3, 2010. Today, U.S. still pays for World War 1. As the 104-year-old widow of a World War I veteran, Florence Van Valkenburgh Ellenberger personifies one of the war's monetary costs, albeit a small one: She receives a monthly allotment of \$1,100, part of the \$16.1 million that the U.S. government still pays in World War I pensions annually, though the war was fought a century ago and its last veteran died in 2011. Of the more than 67 million military personnel with the Allied Forces and the Central Powers who fought in WWI, about 10 million died.

At the same time several U.S. states, notably California, have declared themselves independent from the regime in Washington DC. California Governor Gavin Newsom said that “as a nation-state” California would acquire the hospital supplies that the federal government has failed to provide and might even “export some of those supplies to states in need.”

That is why U.S. President Donald Trump no longer uses the Presidential seal.

A number of Pentagon sources say: “Martial law is complete as all 50 states are under disaster declarations, joint special operations command (JSOC) has received marching orders, and Trump declares himself a wartime president.” That’s why one million reserve troops have been mobilized.

At the same time several U.S. states, notably California, have declared themselves independent from the regime in Washington DC. There is also a crackdown taking place in Israel the Pentagon sources say, noting “Israel under Passover lockdown may make it easy to round up war criminals and terrorists.”

The culling in Israel appears to have started with the “coronavirus death” of former Israeli Chief Rabbi Eliyahu Bakshi-Doron who has called for the murder of Jews who marry non-Jews. https://www.reuters.com/article/us-health-coronavirus-israel-bakshidoron/former-israeli-chief-rabbi-dies-after-contracting-coronavirus-idUSKCN21U0VY?il=0&utm_source=reddit.com

This war is by no means over and the elite are fighting back hard. This is seen, for example, in the call to vaccinate everyone with what is likely to be a cocktail of toxic substances including microchips, CIA sources say.

The Cabal killed Robert F. Kennedy Jr.’s daughter and granddaughter in revenge for warning about the dangers of their vaccines, MI6 sources say. Kennedy says:

“Indian doctors blame the [Bill and Melinda] Gates campaign for a devastating [non-polio acute flaccid paralysis \(NPAFP\) epidemic that paralyzed 490,000 children.](https://childrenshealthdefense.org/news/government-corruption/gates-globalist-vaccine-agenda-a-win-win-for-pharma-and-mandatory-vaccination/)”
<https://childrenshealthdefense.org/news/government-corruption/gates-globalist-vaccine-agenda-a-win-win-for-pharma-and-mandatory-vaccination/>

The elite are also using the fake pandemic and quarantine in order to force the population into surrendering their human rights. As a result, “instead of workers now demanding a restoration of wages, hours, and workplace rights, they are clamoring for any chance to work at all, under any conditions handed down. Elites can ‘afford’ to do this because they’ve been given trillions of dollars to do so,” notes writer Joaquin Flores. The dollars are coming from the folks who own the Federal Reserve. <https://www.strategic-culture.org/news/2020/04/12/coronavirus-shutdown-end-globalization-and-planned-obsolescence-enter-multipolarity/>

The ‘*Stanford Advocate*’ notes freedoms are being drastically curtailed:

“While leaders around the world fight the spread of the coronavirus, they’re amassing sweeping new powers. As legislatures limit or suspend activities in the name of social distancing, many of the norms that define democracy – elections, deliberation and debate, checks and balances – have been put on indefinite hold... France and Bolivia have postponed elections. Peru handed its president broad new legislative authority. Israel sharply ramped up the reach of its surveillance state.” <https://www.stanfordadvocate.com/news/article/Leaders-seize-new-powers-to-fight-coronavirus-15195776.php>

More and more people are waking up to the fact that the coronavirus being used to curtail freedoms around the world – is fake. Dr. Scott Jensen, a Republican State Senator from Minnesota, for example, says doctors have been ordered by the U.S. government to label all deaths as coming from the “coronavirus.” <https://www.thegatewaypundit.com/2020/04/huge-mn-senator-dr-reveals-hhs-document-coaching-overcount-covid-19-cases-copy-document-video/> In another article I dealt with the financial gain to be achieved by the hospitals using the COVID-19 as cause of death, and if a ventilator was used, the financial benefit was tripled!

Many doctors that have sent their comment to anyone willing to listen to what they have to say. Here is just one of their remarks on the virus issue:

"I work in healthcare. When patients in two hospitals I work at die, if they have ANY respiratory issues, we are ordered to put COVID on the death certificate. These patients were never even tested for the virus. Cancer, trauma, blood loss deaths are now all COVID deaths. If you are sick, almost everyone gets oxygen. So if you die, COVID is placed on your death certificate! This is a scam! It's all lies!"

Asian Secret Society sources say their membership is now figuring out the coronavirus is fake. However, the **5G** electromagnetic attacks are the real threat, so they are dealing with it. For those of you who still do not understand the **5G** threat is not "fake news," please look at this article backed by about 100 scientific citations.

https://duluthreader.com/articles/2020/03/12/19851_chinas_massive_amount_of_immunotoxic_5g_networking

MI6 sources say:

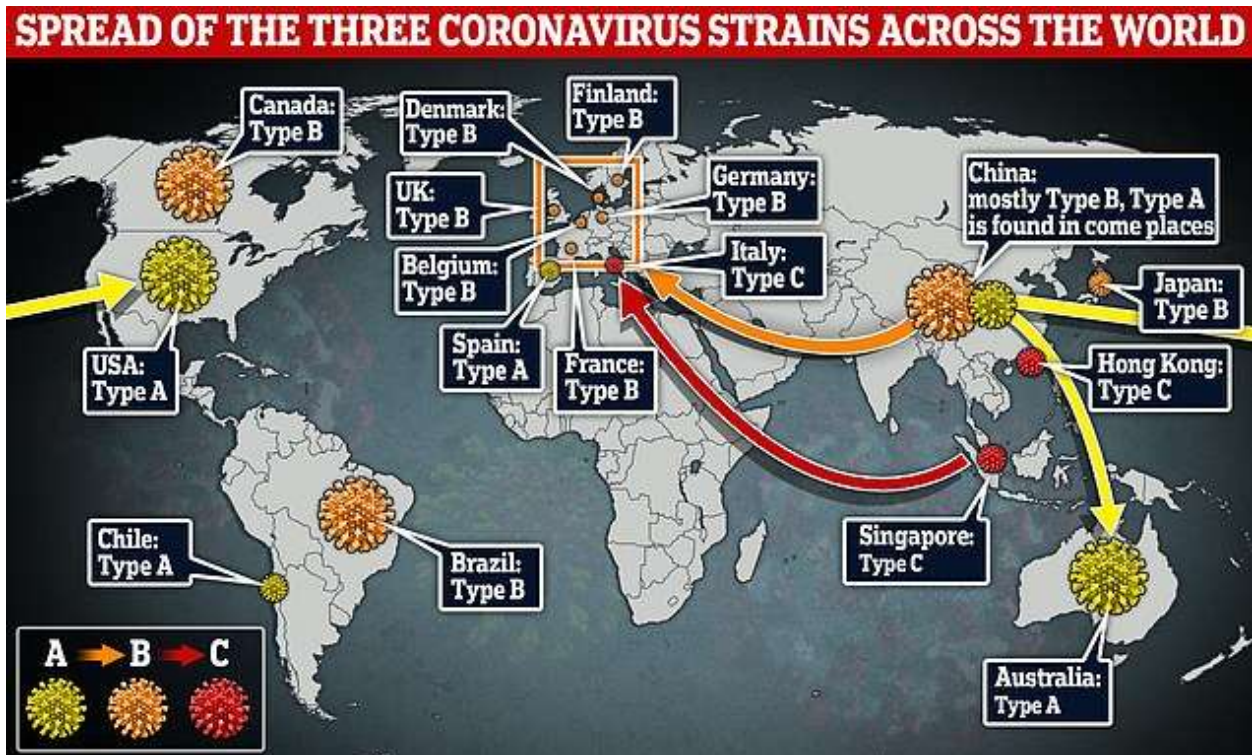

"We see this whole thing as hybrid warfare against the world's nation-states, so by having the Prime Minister-executive leader of Great Britain going down, the rest of the world's leaders should be galvanized, which they now are, etc."

In other words, they may have faked Boris Johnsons' "coronavirus," in order to successfully scare other world leaders into action.

In Japan, the military is preparing action against the fraudulently installed regime of slave Prime Minister Shinzo Abe, because he has been pushing **5G** and is causing the economy to collapse with the fake pandemic, say Japanese right-wing sources close to the Emperor.

Meanwhile, as more and more people wake up to the fake pandemic, there are signs of Project Blue Beam holograms all over the world. There are examples from Indonesia, Israel and various parts of the U.S. Keep your head up as there may be a show – coming soon – to the skies above you too. This is just a small part of the fake end-times party being organized and carried out, multiple sources agree. Dr. Werner von Braun warned the world decades ago not to believe in a faked invasion by E.T.'s. It can't happen as I have explained in other articles.

"The Coronavirus originated from the city of Wuhan in China and has now reached every corner of the world. But this virus has not reached Beijing, the capital of China, and the economic-capital Shanghai near Wuhan, why ...? We know that at least three strains of COVID-19 were released upon the world from China. China was the instrument executing the release of the leaked virus, likely unwittingly, by MI6 and CIA agents in the employment of Zionist Rothschild's. China was set-up to take the fall and provoke a war between the U.S. and China.

China didn't warn public of likely pandemic for 6 key days

In the six days after top Chinese officials secretly determined they likely were facing a pandemic from a new coronavirus, the city of Wuhan at the epicenter of the disease hosted a mass banquet for tens of thousands of people; millions began traveling through for Lunar New Year celebrations. Chinese officials did not know what and how they had been used, hence the six-day delay getting the information out to the appropriate world agencies.

President Xi Jinping warned the public on the seventh day, January 20. But by that time, more than 3,000 people had been infected during almost a week of public silence, according to internal documents obtained by the Associated Press and expert estimates based on [retrospective infection data](#).

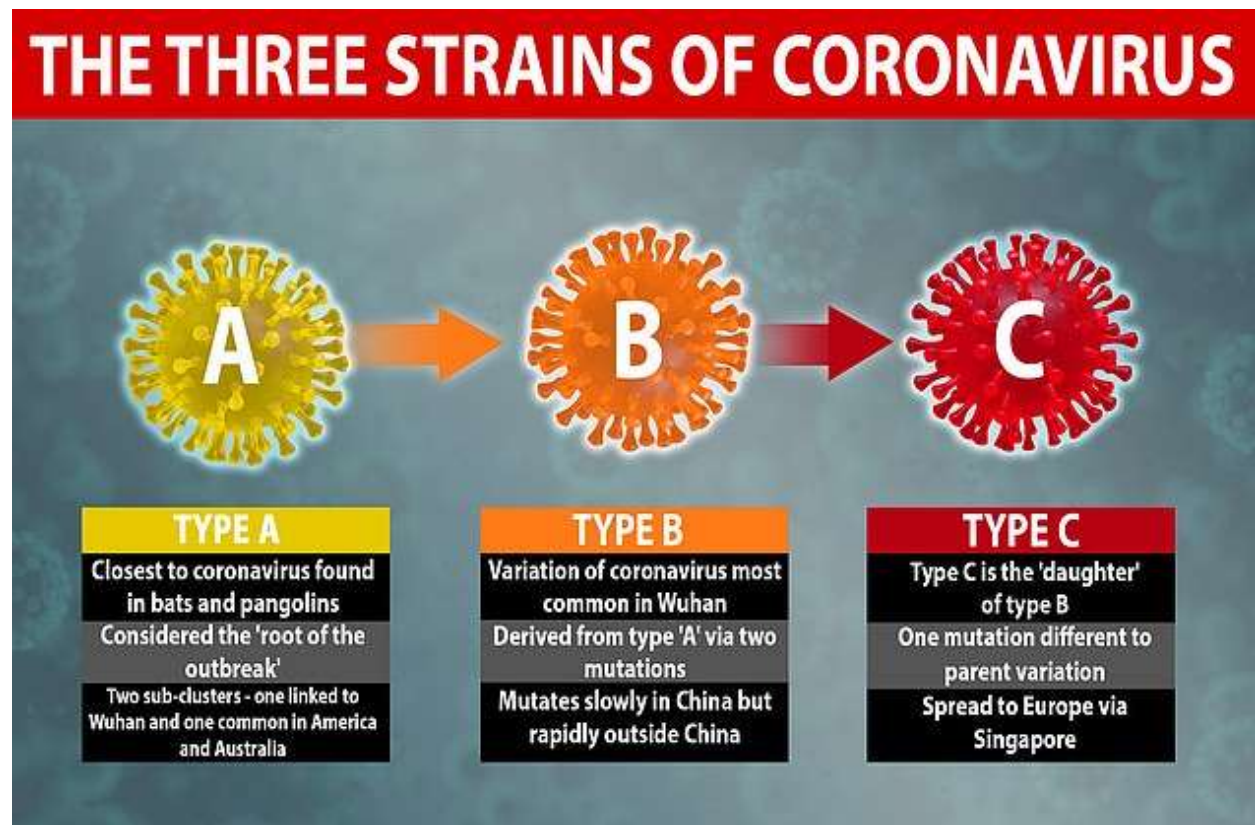

Six Days

That delay from January 14 to January 20 was neither the first mistake made by Chinese officials at all levels in confronting the outbreak, nor the longest lag, as governments around the world have dragged their feet for weeks and even months in addressing the virus.

But the delay by the first country to face the new coronavirus came at a critical time — the beginning of the outbreak. China's attempt to walk a line between alerting the public and avoiding panic set the stage for a pandemic that has infected almost 2 million people and taken more than 126,000 lives.

“This is tremendous,” said Zuo-Feng Zhang, an epidemiologist at UCLA. *“If they took action six days earlier, there would have been much fewer patients and medical facilities would have been sufficient.”*

However, another epidemiologist, Benjamin Cowley at the University of Hong Kong, noted that it may have been a tricky call. If health officials raise the alarm prematurely, it can damage their credibility — “like crying wolf” — and may cripple their ability to mobilize the public, he said.

The six-day delay by China’s leaders in Beijing came on top of almost two weeks during which the national Center for Disease Control did not register any new cases, internal bulletins obtained by the AP confirmed. Yet during that time, from January 5 to January 17, hundreds of patients were appearing in hospitals not just in Wuhan — which finally [reopened last week](#) — but across the country.

[China’s rigid controls on information](#), bureaucratic hurdles and a reluctance to send bad news up the chain of command muffled early warnings, experts said. Without these internal reports, it took the first case outside China, in Thailand on January 13, to galvanize leaders in Beijing into recognizing the possible pandemic before them.

The Chinese government has repeatedly denied suppressing information in the early days, saying it immediately reported the outbreak to the World Health Organization.

“Allegations of a cover-up or lack of transparency in China are groundless,” said foreign ministry spokesman Zhao Lijian at a Thursday news conference. The documents show that the head of China’s National Health Commission, Ma Xiaowei, laid out a grim assessment of the situation in a confidential January 14 teleconference with provincial health officials. A memo states that the teleconference was held to convey instructions on the coronavirus from President Xi Jinping, Premier Li Keqiang and Vice Premier Sun Chunlan, but does not specify what those instructions were.

“The epidemic situation is still severe and complex, the most severe challenge since SARS in 2003, and is likely to develop into a major public health event,” the memo cites Ma as saying.

In a faxed statement, the National Health Commission said China had published information on the outbreak in an “open, transparent, responsible and timely manner,” in accordance with “important instructions” repeatedly issued by President Xi.

The documents come from an anonymous source in the medical field who did not want to be named for fear of retribution. The AP confirmed the contents with two other sources in public health familiar with the teleconference.

Under a section titled “sober understanding of the situation,” the memo singled out the case in Thailand, saying that the situation had “changed significantly” because of the possible spread of the virus abroad.

“All localities must prepare for and respond to a pandemic,” it said. The National Health Commission distributed a 63-page set of instructions to provincial health officials, obtained by the AP. The instructions, marked **“not to be publicly disclosed,”** ordered health officials nationwide to identify suspected cases, hospitals to open fever clinics, and doctors and nurses to don protective gear.

In public, however, officials continued to downplay the threat. *“The risk of sustained human-to-human transmission is low,”* Li Qun, the head of the China CDC’s emergency center, [told Chinese state television on January 15](#). Under the new orders, on January 16 officials in Wuhan and elsewhere finally got CDC-approved testing kits and a green light to start confirming new cases. Across the country, dozens of reported cases then began to surface, in some cases among patients who were infected earlier but had not yet been tested.

On January 20, President Xi issued his first public comments on the virus, saying the outbreak “must be taken seriously.” A leading Chinese epidemiologist, Zhong Nanshan, announced for the first time that the virus was transmissible from person to person.

The delay may support accusations by U.S. President Trump that the Chinese government’s secrecy held back the world’s response to the virus. However, even the public announcement on Jan. 20 left the U.S. nearly two months to prepare for the pandemic — time that the U.S. squandered.

Some health experts said Beijing took decisive action given the information available to them. *“They may not have said the right thing, but they were doing the right thing,”* said Ray Yip, the retired founding head of the U.S. Centers for Disease Control’s office in China. *“On the 20th, they sounded the alarm for the whole country, which is not an unreasonable delay.”*

But others say an earlier warning would have saved lives. If the public had been warned a week earlier to practice social distancing, wear masks and cut back on travel, cases could have been cut by up to two-thirds, [one paper later found](#).

“The earlier you act,” said Los Angeles epidemiologist Zhang, *“the easier you can control the disease.”*

The Western media quickly took the stage and laid out the official narrative for the outbreak of the new coronavirus which appeared to have begun in China, claiming it to have originated with animals at a wet market in Wuhan.

In fact the origin was for a long time unknown but it appears likely now, according to Chinese and Japanese reports, that the virus originated elsewhere, from multiple locations, but began to spread widely only after being introduced to the market. George Soros owns a pharmaceutical plant a few miles from the site of the BioLevel4 Chinese lab created by Harvard professor of Biochemistry Charles Lieber, who was arrested in early January 2020.

More to the point, it appears that the virus did not originate in China and, according to reports in Japanese and other media, may have originated in the US. This was possible given the work being done by Pirbright Institute in Surrey, UK, the University of North Carolina, and Harvard University, and one of the labs funded by Bill Gates. He has stated that he has nine labs doing vaccine research under his financial ventures.

Chinese Researchers Conclude the Virus Originated Outside of China

After collecting samples of the genome in China, medical researchers first conclusively demonstrated that the virus did not originate at the seafood market but had multiple unidentified sources, after which it was exposed to the seafood market from where it spread everywhere. (1) (2) (3)

According to the Global Times: **A new study by Chinese researchers indicates the novel coronavirus may have begun human-to-human transmission in late November from a place other than the Huanan seafood market in Wuhan.**

The study published on ChinaXiv, a Chinese open repository for scientific researchers, reveals **the new coronavirus was introduced to the seafood market from another location(s), and then spread rapidly from the market due to the large number of close contacts.** The findings were the result of analyses of the genome data, sources of infection, and the route of spread of variations of the novel coronavirus collected throughout China.

The study believes that patient(s) zero transmitted the virus to workers or sellers at the Huanan seafood market, the crowded market easily facilitating further transmission of the virus to buyers, which caused a wider spread in early December 2019. (Global Times, February 22, 2020, emphasis added (2))

Chinese medical authorities – and “intelligence agencies” – then conducted a rapid and wide-ranging search for the origin of the virus, collecting nearly 100 samples of the genome from 12 different countries on 4 continents, identifying all the varieties and mutations. During this research, they determined the virus outbreak had begun much earlier, probably in November, shortly after the Wuhan Military Games.

They then came to the same independent conclusions as the Japanese researchers – which the virus did not begin in China but was introduced there from the outside.

China’s top respiratory specialist **Zhong Nanshan** said on January 27 *“Though the COVID-19 was first discovered in China, it does not mean that it originated from China”*

“But that is Chinese for “it originated someplace else, in another country”. (4) This of course raises questions as to the actual location of origin. If the authorities pursued their analysis through 100 genome samples from 12 countries, they must have had a compelling reason to be searching for the original source outside China. This would explain why there was such difficulty in locating and identifying a ‘patient zero’.

Japan’s Media: The Coronavirus May Have Originated in the US

In February of 2020, the Japanese **Asahi news report** (print and TV) [claimed the coronavirus originated in the US, not in China](#), and that some (or many) of the 14,000 American deaths attributed to influenza may have in fact have resulted from the coronavirus. (5)

A report from a Japanese TV station disclosing a suspicion that some of those Americans may have unknowingly contracted the coronavirus has gone viral on Chinese social media, stoking fears and speculations in China that the novel coronavirus may have originated in the US.

The report, by TV Asahi Corporation of Japan, suggested that **the US government may have failed to grasp how rampant the virus has gone on US soil.**

However, it is unknown whether Americans who have already died of the influenza had contracted the coronavirus, as reported by TV Asahi. ([People’s Daily](#), English, February 23, 2020).

On February 14, the US Centers for Disease Control and Prevention (CDC) said they will begin to test individuals with influenza-like-illness for the novel coronavirus at public health labs in Los Angeles, San Francisco, Seattle, Chicago, and New York City.

Japanese TV report sparks speculations in China that COVID-19 may have originated in US

The TV Asahi network presented scientific documentation for their claims, raising the issue that no one would know the cause of death because the US either neglected to test or failed to release the results. Japan avoided the questions of natural vs. man-made and accidental vs. deliberate, simply stating that the virus outbreak may first have occurred in the US. The Western Internet appears to have been scrubbed of this information, but the Chinese media still reference it.

These claims stirred up a hornet's nest not only in Japan but in China, immediately going viral on Chinese social media, especially since the Military World Games were held in Wuhan in October, and it had already been widely discussed that the virus could have been transmitted at that time – from a foreign source.

“Perhaps the US delegates brought the coronavirus to Wuhan, and some mutation occurred to the virus, making it more deadly and contagious, and causing a widespread outbreak this year.”
([People's Daily](#), February 23, 2020) (1)

Shen Yi, an international relations professor at Shanghai's Fudan University, stated that global virologists "including the intelligence agencies" were tracking the origin of the virus. Also of interest, the Chinese government did not shut the door on this. The news report stated:

Below is a rough translation, summary and analysis of selected content of that newscast. (see map below)

"Netizens are encouraged to actively partake in discussions, but preferably in a rational fashion."

In China, that is meaningful. If the reports were rubbish, the government would clearly state that, and tell people to not spread false rumors.

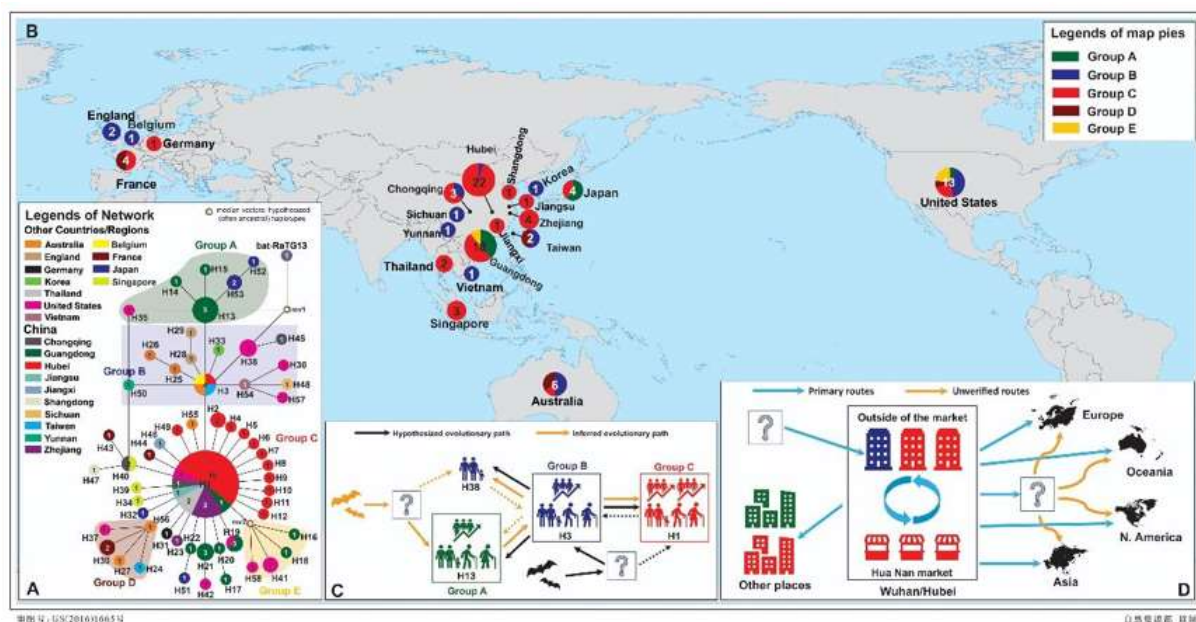

Taiwan Virologist Suggests the Coronavirus Originated in the US

Then, [Taiwan ran a TV news program on February 27, \(click here to access video \(Chinese\)\)](#), that presented diagrams and flow charts suggesting the coronavirus originated in the US. (6)

The man in the video is a top virologist and pharmacologist who performed a long and detailed search for the source of the virus. He spends the first part of the video explaining the various haplotypes (varieties, if you will), and explains how they are related to each other, how one must have come before another, and how one type derived from another. He explains this is merely elementary science and nothing to do with geopolitical issues, describing how, just as with numbers in order, 3 must always follow 2.

One of his main points is that the type infecting Taiwan exists only in Australia and the U.S. and, since Taiwan was not infected by Australians, the infection in Taiwan could have come only from the U.S.

The basic logic is that the **geographical location with the greatest diversity of virus strains must be the original source** because a single strain cannot emerge from nothing. He demonstrated that only the U.S. has all the five known strains of the virus (while Wuhan and most of China have only one, as do Taiwan and South Korea, Thailand and Vietnam, Singapore, and England, Belgium and Germany), constituting a thesis that the haplotypes in other nations may have originated in the U.S.

Korea and Taiwan have a different haplotype of the virus than China, perhaps more infective but much less deadly, which would account for a death rate only 1/3 that of China.

Neither Iran nor Italy were included in the above tests, but both countries have now deciphered the locally prevalent genome and have declared them of different varieties from those in China, which means they did not originate in China but were of necessity introduced from another source. It is worth noting that the variety in Italy has approximately the same fatality rate as

that of China, three times as great as other nations, while the haplotype in Iran appears to be the deadliest with a fatality rate of between 10% and 25%. (7) (8) (9)

Due to the enormous amount of Western media coverage focused on China, much of the world believes the coronavirus spread to all other nations from China, but this now appears to have been proven wrong. With about 50 nations scattered throughout the world having identified at least one case at the time of writing, it would be very interesting to examine virus samples from each of those nations to determine their location of origin and the worldwide sources and patterns of spread.

The Virologist further stated that the US has recently had more than 200 “pulmonary fibrosis” cases that resulted in death due to patients’ inability to breathe, but whose conditions and symptoms could not be explained by pulmonary fibrosis. He said he wrote articles informing the US health authorities to consider seriously those deaths as resulting from the coronavirus, but they responded by blaming the deaths on e-cigarettes, then silenced further discussion. ... The Taiwanese doctor then stated the virus outbreak began earlier than assumed, saying, “We must look to September of 2019”.

He stated the case in September of 2019 where some Japanese traveled to Hawaii and returned home infected, people who had never been to China. This was two months prior to the infections in China and just after the CDC suddenly and totally shut down the Fort Detrick bio-weapons lab claiming the facilities were insufficient to prevent loss of pathogens. (10) (11)

He said he personally investigated those cases very carefully (as did the Japanese virologists who came to the same conclusion).. This might indicate the coronavirus had already spread in the US but where the symptoms were being officially attributed to other diseases, and thus possibly masked.

The prominent [Chinese news website Huanqiu](#) related one case in the US where a woman’s relative was told by physicians he died of the flu, but where the death certificate listed the coronavirus as the cause of death. On February 26, ABC News affiliate KJCT8 News Network reported that a woman recently told the media that her sister died on from coronavirus infection. Montrose, Colorado resident Almeta Stone said, *“They (the medical staff) kept us informed that it was the flu, and when I got the death certificate, there was a coronavirus in the cause of death.”* (12)

We cannot ascertain the number of such cases in the US but since the CDC apparently has no reliable test kits and is conducting little or no testing for the virus, there may be others.

Just for information

In the past two years (during the trade war) China has suffered several pandemics:

- February 15, 2018: **H7N4 bird flu**. Sickened at least 1,600 people in China and killed more than 600. Many chickens killed. China needs to purchase US poultry products.

- June, 2018: **H7N9 bird flu**. Many chickens killed. China needs to purchase US poultry products.
- August, 2018: outbreak of **African swine flu**. Same strain as Russia, from Georgia. Millions of pigs killed. China needs to purchase US pork products.
- May 24, 2019: massive infestation of armyworms in 14 province-level regions in China, which destroy most food crops. Quickly spread to more than 8,500 hectares of China's grain production. They produce astonishing numbers of eggs. China needs to purchase US agricultural products – corn, soybeans.
- December, 2019: Coronavirus appearance puts China's economy on hold.
- January, 2020: **China is hit by a "highly pathogenic" strain of bird flu in Hunan province**. Many chickens died, many others killed. China needs to purchase US poultry products.

Beijing is the city where all the leaders of China live. Military-leaders live here, those who run the power of China live here and there is no lock-down in Beijing! It is open! Corona has no effect here, why ...?

Shanghai is the city that runs the Chinese economy, it is the economic capital of China, where all the rich people in China live! Those who keep the industry running, there is no lock-down here, corona has no effect here...! * Why ...? "

As we noticed last week the bioweapons' laboratory at the epicenter of this "coronavirus," is owned by the Soros Foundation, a Rothschild front. The Chinese were informed that the Coronavirus had been traced to their facility at "666 Gaoxin Road," in Wuhan, China.
<https://www.wuxiapptec.com/about/location>

The fact this information is not on the front pages of Chinese newspapers is telling. The reason, apparently, is there were secret communications last week between the Rothschild's and the Chinese, according to Asian Secret Society sources. The Rothschild's said they had devices in Russia aimed at China. The Chinese responded by saying if they were attacked again they would retaliate by obliterating Switzerland and Israel. Instead of war, they offered to sell the Rothschild's 1,000 tons of gold and are still awaiting a formal answer. The Asians have made it clear the current situation cannot be resolved by force, only by cooperation. Chinese Ambassador to the United States Cui Tiankai says:

"Let's work together to respond to this global crisis, to save people's lives, to save the future of the global economy, and to save the future of the global community. This is our paramount task." Cui calls for "a new and effective global governance system...based on mutual respect and...full recognition of diversity."

The UN will at the very least be radically restructured under an improved system of governance. Right now they are short of funds. *"We understand that there is money in the pipeline, though it has not been officially received,"* said Stéphane Dujarric, Spokesman for the Secretary-General of the UN last week. <https://www.un.org/press/en/2020/db200409.doc.htm>

The Corona virus would be just like any cold a person got in the past, it is basically nothing more than the common cold, which has been bio-engineered as a bio-weapon. When gene sequencing of the COVID-19 was done, the virologists found that it had been injected with four other strains of virus, 2 of SARS-2 and 2 of HIV or AIDS which breaks down the human immune system. You are not being told the truth by Dr. Anthony Fauci, Deborah Birx, Bill Gates, and President Trump cannot fire any of them.

This strain of the Coronavirus originated in China from samples provided by Harvard scientist Charles Lieber, incarcerated since early January by the U.S. Dept. of Justice and the perpetrators responsible for the creation of this virus, for the creation of worldwide hysteria about the threat it poses, are Jews whose allegiance is to the Rothschild's-led synagogue of Satan. Jews set up communism in China and control it today. It was President Nixon and Dr. Henry Kissinger who opened the door to the Rothschild's wealth. Every president since Nixon have facilitated the Rothschild' control of the Chinese economy, (They similarly set up communism in Russia in 1917.) The virus originated in China as a cover for the real perpetrators behind this worldwide psychological attack on humanity – Zionist Jews (not Biblical Jews).

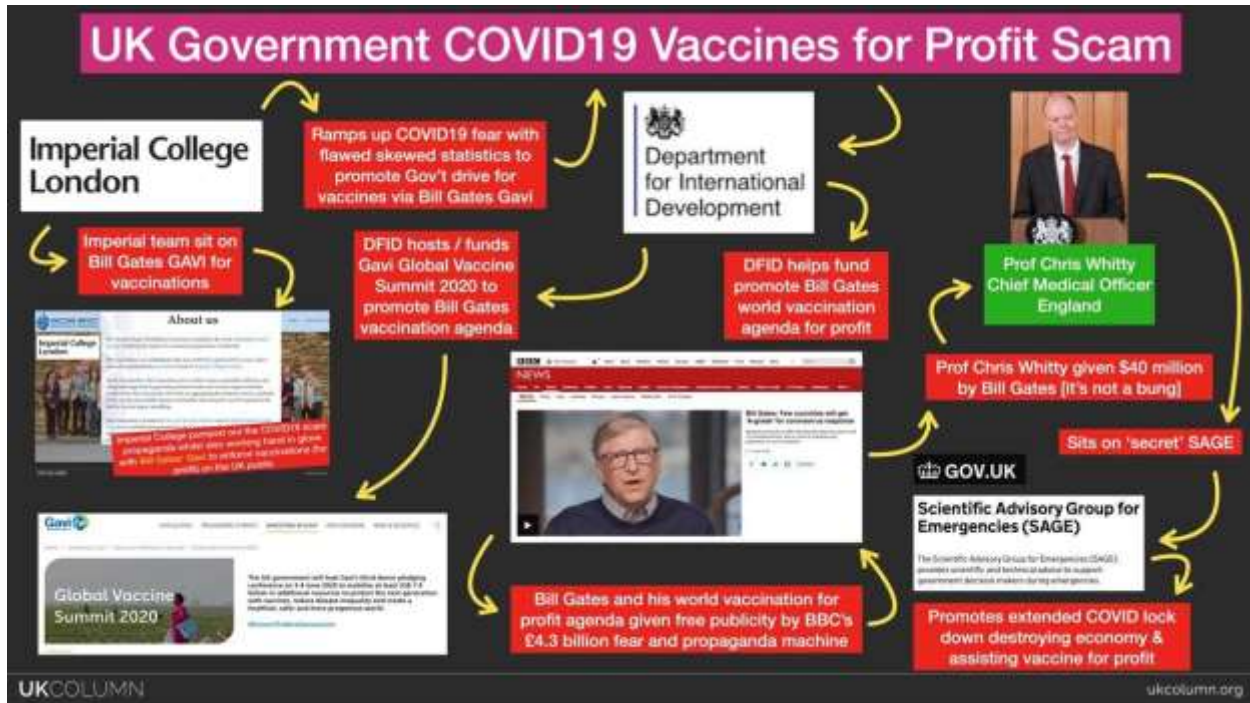

The reality is that viruses are undetectable by most people. Only a tiny fraction of the population has the equipment and expertise required to substantiate their existence. With trust in governments around the world already at an all-time low, citizens are unlikely to trust their governments to vouch for the existence of the Coronavirus and the severity of the threat it

poses. Even the stated cause-of-deaths have been corrupted by those faked cause of death certificates.

It is abundantly obvious that the small numbers of recorded infections and deaths resulting from the Coronavirus do not justify the draconian lockdowns of populations that have taken place all over the world in a hysterical manner.

Every day, there would have to be at least one in a hundred people who are physically ill with a cold virus or a flu virus. This translates to numbers of infections per day which far exceed the numbers of Coronavirus infections per day that have been recorded. Yet governments around the world don't respond to this normal rate of illness among their citizens by prohibiting them from leaving home without a valid reason. The prohibitions that have arisen as a result of the Coronavirus are highly paternalistic and highly offensive. Everybody knew that governments around the world and the army of public servants they command were drunk on power before the Coronavirus hysteria hit but few people ever expected anything like the current draconian prohibitions. Government neurosis has advanced to the next level.

The Coronavirus is being used to bring about a number of changes in the world. Primarily, it is being used to usher in an antichrist system of world government since it is claimed that the Coronavirus is a threat to the entire world. However, it was also introduced to provide a false explanation for the high number of deaths which will occur worldwide if the **5G** network is rolled out worldwide. The rollout of the **5G** network was the most significant thing happening worldwide before the Coronavirus hysteria hit. However, it was happening very quietly because a lot of people are opposed to it.

The telecommunications companies keep putting out the line that citizens are demanding faster download speeds on their smartphones which is the justification for the rollout of the **5G** network. However, this is simply a marketing strategy or public relations strategy whereby the telecommunications companies put words into the mouths of the citizens and outrageously claim that the rollout of **5G** is occurring because the citizenry is clamoring for it. Nothing could be further from the truth. The rollout of **5G** is occurring because the governments around the world and the telecommunications companies which are given "the keys to the city" by these governments are absolutely committed to this rollout.

People WILL die from the exposure to the **5G** network but their deaths will be blamed on the Coronavirus to conceal the **5G** network as the true cause of the deaths. Hundreds of millions of people around the world will die, probably billions. The **5G** network emits much more powerful microwave energy than the existing 4G network. This increased microwave energy causes oxidation of human cells and decreases production of reproductive fluid in the human body which contains the DNA of the body and is essential for the daily growth and regeneration of cells in the body, as well as the repair of cellular damage in the body.

Microwave emissions, particularly from Wi-Fi modems in dwellings and 'smart' electricity meters on dwellings, also reduce the quality of human sleep so that the cellular growth and regeneration that takes place in the human body during sleep is greatly diminished and impeded. The speed at which the human body ages is also greatly increased when it is exposed to microwave emissions from Wi-Fi modems and 'smart' electricity meters. The current 4G network, including Wi-Fi, causes these same problems in the human body but the **5G** network will make them much worse.

All of the mobile phone towers that have been operating over the past twenty years and longer in countries around the world use much more electrical power than is necessary to support mobile phone communications. They have been deliberately overpowered in order to blanket the citizenry with more intense microwave energy with the explicit objective of diminishing the health and well-being of the citizenry. Excessive microwave energy (also known as electromagnetic energy) interferes with the finely calibrated nervous system of the human body, which operates on the basis of electrical impulses in the human body. Exposure to excessive microwave energy causes apathy, fatigue and agitation. It places the human body under physiological stress, which is exactly what those responsible for the construction of the mobile phone towers intended.

Does anybody seriously believe that governments around the world and the telecommunications companies that they have empowered built mobile phone networks in countries around the world because they want citizens in these countries to communicate more freely with each other? Governments around the world don't want citizens communicating more freely with each other. If they did they would build as many public halls as possible, where citizens could meet in their hundreds and discuss issues that are of concern to them with each other in person.

The reason that mobile phone networks were constructed was not to facilitate freer communication amongst citizens. The real reason was to blanket the citizenry with microwave energy in order to diminish the health and well-being of the citizenry. After the mobile phone towers went up, people living next to them complained of the negative impacts on their health. The media invariably commented that the mobile phone towers have been deemed safe by health authorities. These people and their complaints were ignored by the media and by the government, which work together like hand in glove. The government and the media are both controlled by people with Jewish ancestry.

The current rollout of the **5G** network is the pinnacle of this agenda of using microwave energy to diminish the health and well-being of the citizenry. Exposure to microwave energy emitted by **5G** towers is going to kill people. I cannot say it anymore simple than that. I have written and posted nearly a dozen articles on the dangers of **5G**. I can't begin to count the documents that I have been blocked by censors attempting to prevent me from sharing the evidence.

J. T. KOWALSKI

Microwave ovens use microwave energy at a frequency of 2.4GHz (i.e., 2,400 MHz) in order to cook food by heating the water content in the food. (Microwave ovens also emit microwave energy when they are turned on but not in use. They were deliberately designed to blanket

people's homes with microwave energy many years before the advent of mobile phones and Wi-Fi.) The mobile phone towers that are part of the current 4G network also emit microwave energy at similar frequency of 2.4GHz, but they use much more electrical energy to generate this microwave energy so that it is much more intense than the microwave energy emitted by microwave ovens. Mobile phone towers blanket the citizenry with microwave energy everywhere they go.

There are another 300-350 GWEN towers across the entire U.S. which exists for military purposes. I'll discuss the role of GWEN towers in a subsequent segment of this diabolical plan to enslave humanity.

The frequency of microwave energy that **5G** towers emit is higher than 2.4GHz. It will start at around 3.5GHz and keep increasing to many multiples of that.

In the United Kingdom, citizens are setting mobile phone towers, including **5G** towers, on fire. In the United States of America, there is talk of going out at night with scoped rifles and shooting the emitters of microwave energy on the towers in order to damage them so that they no longer emit microwave energy.

The Coronavirus has already been used as an excuse to start to ban cash in Australia. Cash won't be part of the antichrist world system.

The Coronavirus has already been used to ban gatherings of Christians in churches in Australia and many church leaders in Australia enthusiastically support this ban and the government that has enacted it because they're tares with Jewish ancestry whose allegiance is to the Rothschild's-led synagogue of Satan. Examples are Glenn Davies, the Archbishop of the Anglican Diocese of Sydney, Brian Houston, Senior Minister of Hill song, and Phil Pringle, Senior Minister of C3 Church. The Uniting Church in Australia is also controlled by tares with Jewish ancestry, as is the Salvation Army Church.

Everybody who receives a welfare payment from the government, such as unemployment benefits, disability benefits and social security pension, will be required by law to be vaccinated for the Coronavirus in order to keep receiving the benefit. However the purpose of the vaccination will not be to make people healthier but to make them sick. Two of the most vocal medical experts, Dr. Rashid Butter, Dr. Shiva Ayyadurai, have put forth messages that have exposed the fraud of Dr. Anthony Fauci, Dr. Deborah Birx, and Bill Gates.

The government will probably try to make vaccinations compulsory for all citizens. There is abundant evidence from which to conclude that vaccination for the Coronavirus will be the means by which citizens around the world are implanted with a small microchip to enable all of their activities and affairs, including financial affairs, to be recorded and monitored – the Mark of the beast referred to in Revelation 13:16-18 and Revelation 14:9-11. The **5G** network will enable continuous recording and monitoring of the information on these microchips wherever

citizens go. Bill Gates, who has Jewish ancestry, is heavily involved in this intended program of vaccination and microchipping of the citizenry.

In the next segment, you will see the Patent for what most will call the “Mark” of the Beast!

Blessings in the Name of All Names, Jesus Christ
